Contribute to the community development maintaining high ethical standards, obey all laws, and respect local customs

ENVIRONMENT

Be an environmentally-responsible company working together with all stakeholders to reduce environmental impact by embedding the environment into our business and involving our employees, customers and the community

GOALS

General statements of what business intends to achieve

UCL's operations are governed not only by the Company's business concept, but also by the financial goals established with regard to growth, profitability and return. By achieving or exceeding these goals, UCL creates the necessary scope for its continued development, as well as generating increased value for its shareholders in the form of an annual dividend and by boosting the value of the Company.

Growth

Grow revenue faster than the market. Build on good performance in improving cash flow. Execute well and with predictability. The goal is to have an average annual investment growth rate of at least 30 percent that was established based on the company's growth over a period of three years and an assessment of its future prospects.

Profitability

The goal is to have an operating margin (EBIT) of 30 percent measured over a business cycle. The profitability goal was established based on historical margins and the company's growth ambitions.

Investments

The benchmark value states that as a provider of financial services, UCL should make significant investments in operating assets and human resource that will generate value by improving the operating performance and provide the best return.

Capital utilization

The goal is to have a return on capital employed of at least 10 percent. This level was set taking into account the relatively low level of capital tied up in non-operating assets.

Debt/equity ratio

In the long term, the debt/equity ratio, meaning the fund UCL borrows in relation to the carrying amount of shareholders' equity, is to be less than eight percent. Although the ratio may exceed this level in connection with aggressive investment activities, this should be viewed as merely temporary, since deposits, surplus of operating cash flow and earnings are expected to offset this effect.

Sustainability goals

In addition to its financial goals, UCL has a number of non-financial goals, including a reduction in paper consumption, increased energy efficiency, and a reduction in greenhouse gas emissions. We want to make a positive impact through partnership, initiatives and supporting the charitable efforts in our community.

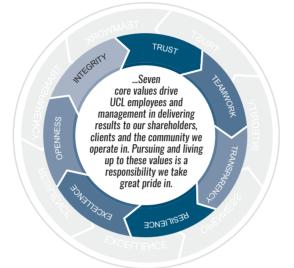

Cash flow from operating activities

Cash flow from operating activities is amounting to 30 percent of operational revenue. This value is lower than the goal for the operating margin, since organic growth normally requires an increase in borrowings. In addition, taxes are paid in an amount corresponding to approximately 40 percent of earnings before tax.

CORE VALUES

The basis of our success that sets out what we collectively believe in and guide our behaviours

Our values highlight what is important to us, what makes us distinctive and what it's like to work at UCL. They describe how we do things when we are at our best. We believe our strength is rooted in our seven core values. They determine the way in which we interpret and respond to business opportunities and challenges. They shape the culture and define the character of our company. They guide how we behave and make decisions.

INTEGRITY

We act with integrity. We act consistently based on a set of values, ethical standards and principles. We conduct all our activities with fairness, honesty and integrity.

TRUST

We work diligently to build a deeper level of trust with our clients and fund providers through appropriate investment ideas and value added services.

TEAMWORK

We create a caring, engaged and enabled work environment that recognizes both individual and team contributions in pursuit of high performance. We believe that a good team in an entrepreneurial environment results in achieving UCL's vision.

TRANSPARENCY

We are focused on the highest level of transparency providing timely and accurate information about company's performance and financial results to meet the stakeholders' expectation.

RESILIENCE

We welcome a challenge; we show strength of character, remain positive, even when things are tough; we see difficulty as an opportunity to demonstrate our ability.

EXCELLENCE

We aspire to achieve excellence in all that we do. We deliver what we promise and add value beyond expectations. We pursue continued growth and strive to achieve the highest levels of performance in all endeavors.

OPENNESS

We are open, honest and fair in what we say and do and accountable to all including the community for our actions and inactions.

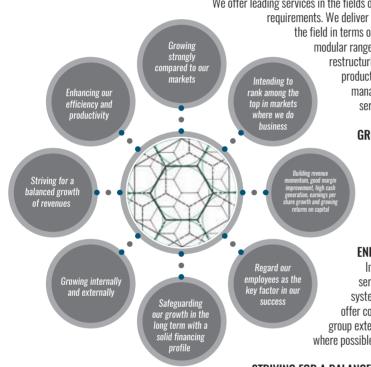

...Our values and standards are the basis of our success. They always have been. They always will be. They shape the culture and define the character of our company. They guide how we behave and make decisions.

STRATEGIC OBJECTIVES

More precise and detailed statements of the goals

Our strategic objectives are a medium term step in the journey towards the vision what we are doing over the next few years. We will build on our core regulated business based on financial discipline to deliver sustainable growth and superior financial performance. Based on our vision, we have chosen to give priority to the following overall strategic objectives that create the foundation for strong growth and focus on continuous value enhancement.

INTENDING TO RANK AMONG THE TOP IN MARKETS WHERE WE DO BUSINESS

We offer leading services in the fields of financial markets. Our products facilitate solving both short term and long-term funding requirements. We deliver innovative solutions to cater customers' diverse needs for our services. Our services lead the field in terms of quality and sophistication. In the area of capital market operations, we offer a broad, modular range of products – with well-engineered components like corporate re-engineering, capital restructuring, exploring diverse funding sources, etc. the constant, ongoing development of our products in our selected markets, leasing, term finance, SME finance, real estate finance and issue management, underwriting, portfolio management, share trading and corporate advisory services through subsidiaries helps us to rank among the leading financial institutions.

GROWING STRONGLY COMPARED TO OUR MARKETS

Our strength in innovation, our market expertise, our focus on the constantly rising level of quality portfolio and our gearing towards SME markets shall allow us to achieve targeted revenue in the coming years. Assuming no further crashes in capital market, we anticipate considerable growth in revenue in coming years, even with a relatively small rise in macro economic indicators. Our growth course will be buoyed by the rising demand among the customers for our products and services.

ENHANCING OUR EFFICIENCY AND PRODUCTIVITY

In recent times, we have made our presence even more efficient and productive providing services more in the areas that give better return. We will continue to pursue this policy systematically. the interaction of our growth, efficiency and productivity orientation allows us to offer competitive price always expected by our customers. Our cost discipline throughout the group extends across all stages of operations more particularly in the areas of fund mobilization and where possible, we utilize multi-sourcing and secure our volumes in the long term.

STRIVING FOR A BALANCED GROWTH OF REVENUES

In our two pillars – the financing operations and the capital market operations – we have a stable footing that should protect us from the cyclical fluctuations of the financial markets. this is why we are aiming to generate major revenue directly from financing activities and adequate amount from capital market operations in the medium term. Today, the share of revenue from financing activities is still higher than capital market. We are pursuing three strategic directions in this regard: Firstly, we are investing specifically in the SME sector and large industries having good repayment track record and strong cash flow management; Secondly, we are actively increasing our endeavors in managing our investment portfolio with the objective of minimizing the NPL at a threshold level; thirdly, we are boosting our business with customer-specific solutions. More importance will be attached to the growth of SME financing in this regard.

... We deliver innovative solutions to cater customers' diverse needs for our services. Our services lead the field in terms of quality and sophistication. In the area of capital market operations, we offer a broad, modular range of products – with well-engineered components like corporate reengineering, fund restructuring, exploring diverse funding sources, etc.

... As an integrated financial service provider, UCL Group operates in a dynamic market environment characterized by high pressure in terms of competition, innovation and costs. We counter this pressure foresightedly with our corporate strategy.

Satisfying customers

Rusiness

strategy is concerned

with deciding which markets

and activities UCL should be

involved in; where it wants to be;

and how it is going to get there.

Strategy is about making high-level

decisions and forms the

management game

plan for ...

Beating the competition (strategies and tactics

to gain competitive

advantage)

(meeting customer needs)

GROWING INTERNALLY AND EXTERNALLY

UCL has been growing organically and has also successfully integrated with its subsidiaries namely UniCap Securities Limited and UniCap Investments Limited. UCL operates as one family and pursues common goals with the help of a strong

objectives

(building on our corporate framework)

identity based on the values given on page 11 of this report, that creates the requirements for a competitive, high-performance culture. Our proven ability to achieve internal and external growth will aid our development in the future as well.

SAFEGUARDING OUR GROWTH IN THE LONG TERM WITH A SOLID FINANCING PROFILE

Our goal is to ensure that ongoing investment requirements are financed from the operating cash flow. Other investment projects should be financed from new and additional debt to achieve a constant stabilization or

improvement in the UCL's costs of capital. Owing in

particular to our current investment climate and the effects of the lingering liquidity problem on the financial markets as well, we are pursuing the target of maintaining the gearing ratio at a realistic level. If justified by special financing reasons or special market circumstances, we can rise above this level for an appropriate period.

REGARD OUR EMPLOYEES AS THE KEY FACTOR IN OUR SUCCESS

Running the

business

(organizing

the most

resources in

efficient and

effective way)

As an innovative company that plays a leading role in quality, the expertise of our employees is of enormous importance as it would not be possible to implement this strategy successfully without them. Utilizing comprehensive promotion

and training activities, we strive to be seen as an employer of choice at all levels on the job market.

> BUILDING REVENUE MOMENTUM, GOOD MARGIN IMPROVEMENT, HIGH CASH GENERATION, EARNINGS PER SHARE GROWTH AND GROWING RETURNS ON CAPITAL

We are well positioned in markets with attractive longterm growth prospects sustained by the continuing demand for financial services. We have a clear investment led growth strategy focused on building revenue momentum across all our businesses.

This, together with improvements in cost efficiency and organizational effectiveness, will flow through to operating profitability and cash flow.

We are well positioned in markets with attractive long-term growth prospects sustained by the continuing demand for financial services. We have a clear investment led growth strategy focused on building revenue momentum across all our businesses.

BUSINESS PRINCIPLES

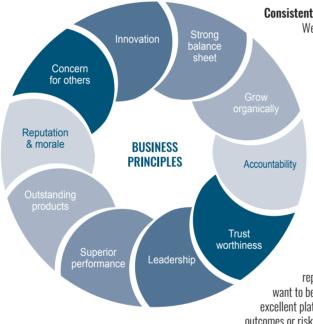

the roadmap on how UCL operates and why we make our decision

Certain principles are so fundamental to our success that we would like to follow in every business we operate. If we can adhere to these principles – and they are not in order of importance – we will reach our goal of becoming the best financial services provider in Bangladesh. We also hope those give us a roadmap on how and why we make our decisions. We would like to create a financial group that all can be proud of, and we are confident that, working together, we will build one of the best financial services companies in Bangladesh.

ASPIRE TO BE THE BEST

Grow organically providing superior services in every business we operate

To be a great Company must have the ability to deliver good returns and solid growth over time. To achieve these results, we must provide our customers with a broad, complete and quality products and services. We must also demonstrate our ability to grow organically (e.g., new products, gaining marketshare).

Consistently delivering the best products in a cost effective way

We must offer outstanding products and services and being helpful, courteous, quick and consistent follow up in the customer's best interest. We need to be keenly aware of the competitive landscape and quick to act. We must exceed customers' expectations and constantly make it easier for them to do business with us.

innovate in all actions we take

We need to build forward-looking ideas into every conversation, every analysis and every new product we look at for that we will take some calculated risks, knowing that some may fail.

Create strong brands that carry a commitment of quality and integrity

UCL Group is not only a promise to customers, but also a commitment we make to ourselves about who we are and just how good we want to be. This commitment goes well beyond creating a name. To be powerful and trusted, our brands must be brought to life by the people who represent them for which we need to deliver on the promise every day. We want to be one of the best financial services providers in Bangladesh. Because of our excellent platform, we believe this is within our reach. We cannot promise specific

outcomes or riskfree results. What we can and will promise is to share the truth, and offer

honest assessments of our businesses and our prospects; act with integrity and honor; do the right thing so that our shareholders, employees, customers and community can be proud.

EXECUTE MAGNIFICENTLY

Maintain strong financial discipline

Financial discipline is foundation of great companies, particularly financial companies. Financial discipline – including sound accounting standards, transparent public reporting and great management information systems – leads to high-quality earnings that are recurring and predictable in nature; yields high returns on capital; produces good margins; and provides reasonable risk relative to the capital deployed. Financial discipline must be matched with superior-risk management. If we properly manage risk, we should get a good return through the cycle, not just during the good times. It is a trade-off we will always be prepared to make.

... We cannot promise specific outcomes or risk-free results. What we can and will promise is to share the truth, and offer honest assessments of our businesses and our prospects; act with integrity and honor; do the right thing so that our shareholders, employees, customers and the community can be proud.

Create and maintain a strong financial condition

A strong balance sheet is critical to managing successful business. Having appropriate reserves, strong capital ratios and strong credit ratings allows us to withstand difficult events while giving us the flexibility to deploy our capital as we see fit – such as increasing our dividends, taking sectoral exposure, investing in subsidiaries, investing in our businesses, or simply doing nothing. We will deploy our capital wisely and in the shareholders' best interest. this is one of our most important goals.

To build a strong balance sheet, we must thoroughly understand all our assets and liabilities; make sure that we use sound, and appropriate accounting; and have strong controls in place.

Maintain the best systems and operations

Financially stong companies consistently build and develop the best infrastructure. The best systems and operations give them the ability to meet the needs of customers and exceed their expectations for service. Superior performance requires spending more and getting more from every amount we spend. We must relentlessly focus on integrating and upgrading technology, and on aggressively consolidating, streamlining and standardizing our operations, all of which help to push decision-making and authority to the field. We believe that efficient operations will be critical in the financial services business, and therefore we need to embrace and integrate them into everything we do. We need to continually strive to give our customers more, better and faster.

Eliminate bureaucracy

While appropriate rules and procedures are critical to the control and discipline of an entity, unnecessary rules translate into bureaucracy, which destroys initiative, neutralizes passion, stifles creativity, eliminates accountability, and makes it hard for people to do a good job and for managers to manage well.

Maintain good governance practices and internal controls

Good governance is vital for effective management. It ties together all our businesses we do with a common set of rules, expectations and oversight activities. these help safeguard our reputation, which we believe is one of our most important assets, and align the company's performance with the best interests of our shareholders.

Measure performance through a balanced scorecard

A mark of a winning company is its ability to outperform its competitors, regardless of economic conditions. A company may improve profitability in the short run by taking on additional risk and cutting back on investments but it may be the kind of growth one comes to regret. Our commitment is to build UCL Group that can thrive in any environment.

To reach that level of performance requires using a balanced

scorecard that goes beyond earnings to address many questions, such as:

- Are we recruiting and developing talented people?
- Are we innovating better products?
- · Are we relentlessly improving our core processes?
- Are we making good returns on capital?

As important as strategy is, we have got to execute to win. Execution involves every employee and every contact we have with customers. We must act quickly on problems; drive for results, not just activities; and ensure detailed follow-up so that we meet our commitments.

BUILD A GREAT AND WINNING CULTURE

Operate with the highest standards of integrity

Ethical behavior does not just happen rather it needs to be cultivated and repeatedly affirmed throughout the organization. Maintaining the highest standards of integrity involves being honest and doing the right thing for our customers, employees, shareholders and all other partners.

...Business principles are so fundamental to the success that we would like to follow in every business we operate. If we can adhere to those principles we will reach our goal of becoming one of the best financial services provider in Bangladesh.

Train and retain great people

We need to continually hire and train talents. they always drive for superior performance, building teamwork within and across our group business. they act quickly on tough issues, relentlessly strive to improve performance, demonstrate a passion to win and develop their colleagues.

Be open and honest with ourselves, our colleagues, our shareholders and our community.

We must build a culture based on truth, knowledge, constructive debate, a passion to win, and the courage to face and fix mistakes. Our responsibility is to create a company that promotes this kind of constructive exchange. We believe this is the hardest part of leadership – we must have the fortitude and courage to take action and do the right thing. Leadership is an honor and a privilege, and carries the responsibility to set the right example.

All our employees must be engaged in facing the challenges and solving problems. the key is to never stop learning, to share ideas and always acknowledge mistakes. Our commitment is to create a selfsustaining culture that strives for continual improvement, which will ensure the health of this company in the coming years.

Fair share of performance

We want employees to think and act like owners and partners. We want to offer them an appropriate share of financial performance.

A successful Company always provides people with competitive compensation, the opportunity to benefit as the company grows and a rewarding career path.

Foster an environment of respect and inclusiveness

We need to constantly remind ourselves that the most important thing we can do for employees is to build a healthy and vibrant company that treats people with respect and creates opportunity. We have to remember that we all support one another. Above all, it means doing what is right for the company and the customers.

We strive to create a more inclusive work environment that develops the best talent. Building a diverse and inclusive work environment requires effort and perseverance, which is why we will make inclusiveness and diversity an integral part of how we manage the Group.

Give back to our society

We believe that building a strong and vibrant company, will eventually benefit not only our shareholders, but everyone we touch. It is what enables us to give back to our community. In one sense, we view ourselves as a small business. But we are striving to be as supportive as we can. We are committed to adding value by focusing on issues that are universally important, including education and community development.

Our greatest source of pride, however, is our employees, who contribute a good amount of time and talent to worthwhile causes of the society. Our employees continue to volunteer their participation in community work.

Eventually, it all comes down to people. Creating a winning team and a self-sustaining culture takes hard work, and there is no substitute for it. Teams win because they are disciplined, they work well together, they execute consistently and they have a passion to win.

We follow our guiding principles to:

- Deliver legendary customer experiences;
- · Be and extraordinary place of work;
- · Operate with excellance;
- Understand our business;
- Take only risk we unerstand and can manage;
- Enhance our brand;
- Increase shareholders' value

...As important as strategy is, we have got to execute to win. Execution involves every employee and every contact we have with customers. We must act quickly on problems; drive for results, not just activities; and ensure detailed follow-up so that we meet our commitments.

ETHICAL PRINCIPLES

The qualities of virtue, truth and justice that guides our decision making

the Company is committed to conducting business on the basis of morality and to create added value to its shareholders and also to put unwavering efforts to ensure that all stakeholders are fairly treated. It is the duty and responsibility of all Directors, Executives and staffs presence to faithfully follow the Business Ethics and comply with the policies and practices stated in this Code of Conduct. the Company's ultimate goal is to achieve its business objectives for the benefit of all stakeholders.

ETHICAL RESPONSIBILITIES TO THE CUSTOMERS

- We always think from the customers' point of view.
 We treat our customers with care and courtesy, and
- accommodate customer complaints and suggestions with humility.
- · We safeguard customer assets.
- We avoid unfair dealing with customers.
- ${\boldsymbol \cdot}$ We do not accept gifts or entertainment from customers.
- Illicit monetary dealing with customers is not tolerated for whatever reason.
- Management of customer assets is, in principle, done only with customer consent.
- Customer assets must not be used for the benefit of the Company, directors or employees.
- We handle customers' personal and financial information as required by law.

ETHICAL RESPONSIBILITIES TO THE SHAREHOLDERS

- We provide long-term, stable return to shareholders through sensible investment and prudent management.
- We prepare and retain financial records in accordance with BFRS and applicable rules, and provide company information to shareholders accurately and fairly.

ETHICAL RESPONSIBILITIES TO THE SOCIETY

- We comply with all applicable laws, rules, and regulations, and uphold the highest standard of business ethics and business principles.
- We compete fairly, relying on the merits of our products and services.
- We refrain from unreasonable business practices and create new standards for competition, to promote healthy growth of the industry.

ETHICAL RESPONSIBILITIES TO THE COMPANY

- We respect the dignity and rights of each other.
- We are a family committed to common values.
- Supervisors, subordinates, and co-workers all must work to build mutual trust and respect.
- Supervisors must not take advantage of their position to give unjust orders or demand gifts from subordinates. Any kind of harassment in the workplace is not tolerated.
- We safeguard corporate property.
- We safeguard company's tangible and intangible assets.
- Company's assets must not be used for personal gain, and all reasonable measures must be taken to keep business information secure.

ETHICAL RESPONSIBILITIES TO THE PROFESSION

- We maintain professional competence and keep abreast of cutting edge information and knowledge, continually developing professional and financial expertise.
- We fulfill our fiduciary duty to customers, and faithfully do our part as members of UCL Group.

...Behaving in an ethical manner can create positive business results. A business environment that promotes and upholds strong values is usually a happier and more productive workplace, and customers receive good service so they keep coming back.

Statement from the Chairman

I am extending my heartfelt and gracious welcome to all our esteemed shareholders to the 19th Annual General Meeting of Union Capital Limited ("UCL") on behalf of the Board of Directors. I feel greatly honored and privileged in taking this opportunity to report to our valued shareholders and present before you the Annual Report for the financial year ending on 31st December, 2016 along with the Auditors' report for the year.

Despite the decrease in the country's private sector credit growth (in contrast to recent years) coupled with an overall rise of nonperforming loans in banking industry, UCL continued to make strong progress towards attaining sustainable business growth in 2016. Some of the highlights of UCL's financial performances are as follows:

- Net profit before tax for 2016 was BDT. 493.42 million, which is 1.83 percent higher than that of the previous year. The net profit after tax in 2016 was BDT. 258.42 million registering a growth of 10.36 percent over that of the previous year.
- The overall investment portfolio of the Company increased by 9.33 percent, which was made possible by the relentless efforts of the management. The Board and Management exercised highest level of diligence and scrutiny prior to approving any investment. Like before, I would like to assure in the strongest possible terms that investment growth has not come at the cost of compromising on our asset quality.
- Despite overall increase of bad loans in the banking industry, aggregate percentage of non-performing loans almost remained unchanged in comparison to the previous year.
- The Consolidated Earnings Per Share (EPS) stood at BDT. 1.44 in the FY 2016 registering 9.92 % growth over the last year's Earnings Per Share (EPS) of BDT. 1.31. Union Capital Limited is growing moderately keeping pace with the growth of NBFI sector in spite of stiff competition from local and foreign Banks.

The achievements for the year have been possible due to the hard work of all our employees led by UCL's Managing Director, Md. Mahmudul Alam. I would also like to acknowledge the valuable contributions of Mr. Wali UI Islam in the significant improvement in the performance of our brokerage subsidiary, Unicap Securities Limited. I have always believed that our employees are at the heart of UCL's sustainable growth. My appreciation goes to all employees of the UCL Group who in their own way, are shaping the UCL's future.

I am proud to announce that UCL was conferred a number of awards and recognitions in home and abroad, namely:

- Merit awards by South Asian Federation of Accountants (SAFA) in the Financial Services Sector category of SAFA countries for best Published Annual Reports 2015.
- Third prize by Institute of Chartered Accountants of Bangladesh (ICAB) for best Published Annual Reports 2015.
- 3. Silver award by Institute of Chartered Secretaries of Bangladesh (ICSB) for corporate governance excellence in the year 2015.

Such recognition(s) stand as a testament of UCL's continued commitment to excellence in financial and corporate disclosure and good governance. UCL's corporate reporting practices have continued to evolve keeping pace with the ever-increasing expectations of investors for greater transparency.

I would like to express my sincerest appreciation to our respected Board Members for their continued stewardship and strategic guidance. I thank them for their commitment towards UCL and for giving their time generously over and beyond scheduled Board discussions. I would like to welcome Mr. Md. Fayekuzzaman, who joined the board of directors on 28th December, 2016 as an Independent Director. Mr. Fayekuzzaman's wealth of experience in the financial and capital market of Bangladesh, will significantly add value to the Board's role in taking UCL forward in the coming days.

I take this opportunity to thank our regulators, Bangladesh Bank, Bangladesh Securities and Exchange Commission and the Stock Exchanges for their continued guidance and support extended to us.

I conclude by reiterating my appreciation to all the shareholders of the Company who have taken the time and effort to attend the Annual General Meeting in person. The suggestions, advice and constructive criticism offered by our shareholders at the general meeting have always proved to be immensely helpful. I eagerly look forward to receiving your thoughtful inputs at this 19th Annual General Meeting which will contribute towards UCL's continued growth in the coming days.

sd/-

Chowdhury Tanzim Karim Chairman

Letter from the Managing Director & CEO

It is indeed a great pleasure for me to present the Annual Report of UCL for the year 2016 before you all. Macro-economic perspective indicates that Bangladesh is making progress in various socioeconomic indices. Bangladesh has made a remarkable progress in GDP growth, harnessing the inflation, foreign exchange reserve, industrial growth, per capita GDP growth and so on. On a broader outlook, the year 2016 was another challenging period for the Nonbanking Financial Institutions (NBFI). The interest rate continued downward trend due to liquidity in the money market mainly due to easy flow of foreign loans to the Corporate Sector of Bangladesh. As a result, the Banks also started entering the market segment of NBFI sector. Due to lower cost of fund of the Banks, they offered lower interest rate to the Customers of NBFI sector. As a result . we had to face immense pressure from the customers for rate reduction which resulted stiff market competition and reduced margin for the sector.

Industry sector growth in FY2015-16 picked up11.09 percent from 9.67 percent in FY2014-15, mainly attributed by the increase in mining and quarrying sector, manufacturing sector, electricity, gas and water supply sector. The growth of mining and quarrying sector was recorded 12.84 percent in FY 2015-16, from 9.60 percent in FY 2014-15. The capital market ended 2016 with hope and aspiration, as the index recorded an almost 9 percent gain in the course of the year. A consistent rally, especially in the last two months of the year, enabled the key index of the premier bourse to stay above the 5,000 points level, yielding an 8.91 percent return for this year. Inspite of all odds we could maintain our growth by improving our fundamentals, focusing our main stream of business, strengthening our recovery efforts and acquisition of new business. UCL has business growth despite the challenges by concentrating its business efforts by acquiring new customers, improving services quality, concerted efforts of the management, support of the Board of Directors, regulators and other stakeholders.

The operational income of the company increased from BDT. 801.65 million to BDT. 996.04 million which is 24.24% higher than previous year. The net profit after tax increased to BDT. 258.42 million from BDT. 234.15 million of the previous year which shows an increase of 10.36 % over last year's net profit after tax . UCL is growing moderately keeping pace with the growth of NBFI industry. A glimpse of UCL's performance against the NBFI industry for the year 2016 is given below:

Particulars	NBFI industry growth	UCL's growth
Total assets growth Total deposit growth	10.10% 10.50%	13.75% 11.29%
Loan, lease and advance growth Asset quality (NPL ratio)	11.20% 9.05%	9.33% 8.48%

We have surpassed the industry parameters almost in all aspects of our business operations.

We value our customer satisfaction and continue our efforts to provide them the required services as per their need. We continued strengthening our operation system for better services delivery to the customers and maintain sustainable growth for the company. Since process development is a continuous process we shall continue the same to increase the productivity of the employees for increased profitability and maintain sustainable growth for the future.

Having the right people with the right skills and relentless efforts are critical to the successful implementation of our strategy. We always value the power of talented employee, train them for enhancement of their knowledge and improve the leadership quality to lead the company for maintaining sustainable growth and achievement of the goal of the company. We will continue our investment in technology and human capital to cope with the future challenges. We are maintaining a compliance culture to eliminate deviations in regards to regulations of Bangladesh bank, laws of the land and industry best practices to safeguard the interest of the Company and its shareholders. We are streamlining the work flow of the functional units in order to achieve planned growth and consolidation of business. In view of further strengthen our company and enhance its long term liquidity position, we have decided to issue subordinated bonds amounting to BDT 2.500 million for long term. To enhance profitability of the Company and higher returns on its assets we have given more emphasis on nonfunded business and increase fee based income. To ensure steady inflow of funds we have been consistently putting emphasis for increasing deposit Portfolio. In recognition of quality of annual report, transparency, ethical practices, true compliance, good corporate governance, fair disclosures and a great team work, Union Capital limited received awards from ICSB, ICAB and SAFA in the year 2016.

We have a good team of professionals who have been involved in the delivery of quality and value added services to our customers. Our challenge now is to inspire our people and enhance quality manpower with a vision to become the leader of financial sector of the Country by catering the needs of our market and provide the best services to our Stakeholders. We are consistently building the right culture and developing our people's capabilities to deliver superior value to our clients, shareholders, employees and other Stakeholders of the society.

Considering the current political and economic scenario, we expect that business conditions will remain stable, but NBFIs will face increased competition in the coming years. We will continue our best effort to maintain our growth. More emphasis will be given to enhance the efficiency of branch offices to capitalize the business opportunity in the area and provide the best services to the client.

As always, I would like to thank our customers, the Ministry of Finance, Policy Makers, BB, BSEC, DSE, CSE, RJSC, other regulatory authorities, the shareholders, print & electronics media, the Board of Directors and at last but not the least all fellow colleagues of Union Capital Limited as well the Subsidiaries for their valuable support, advice and guidance extended in achieving the company's goal

Our Strategy

Changes in the economic environment and their effects on our customers are ongoing. UCL focuses on helping its customers and giving them confidence that they are making the right financial choices. It also drives the employees to deliver their best in all endeavors. Recognizing that a company's first responsibility is to be well managed, we believe that the strength of our business model, balance sheet, risk management framework and leadership team will continue to generate sustainable growth. We remain steadfastly committed to our strategy, our customers, our shareholders, regulators, lenders and the society as a whole which we operate in.

Our Priorities in 2017

• Drive quality earnings growth across all of our businesses by focusing on industry leading customer experience and enhancing operating efficiency;

- Accelerate the growth of our businesses by helping our broad range of customers' needs, both corporate and SME segment, particularly the unexplored niche addressing environmental risk while making new business relationships;
- Build deeper customers' relationships to deliver growth in net income and strong ROE, while maintaining an appropriate

risk/return profile;

- Develop our businesses in selected markets to grow with our customers;
- Expand our capabilities and reach new customers, particularly environmentally sustainable projects;
- Sustain a culture that focuses on customers, high performance and our people;
- Become the employer of choice.

Caution regarding forward-looking statements

Our communications often include written or oral forwardlooking statements. Statements of this type are included in this Annual Report, or in other communications are regarded as forward-looking statements. Forward-looking statements may involve, but not limited to, comments with respect to our objectives and priorities for 2017 and beyond.

Forward-looking Statement

Such forward looking statements may include, without limitation, statements relating to the following:

- our strategies, objectives, goals or business plans;
- our future economic performance or prospects;
- the probable effect on our future performance of certain contingencies; and
- · assumptions underlying any such statements.

By their nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties. There is significant risk that predictions, forecasts, conclusions or projections will not prove to be accurate, that our assumptions may not be correct and that actual results may differ materially from such predictions, forecasts, conclusions or projections. We caution readers of this Annual Report not to place undue reliance on our forward-looking statements as a number of factors could cause actual future results, conditions, actions or events to differ materially from the targets, expectations, estimates or intentions expressed in the forward looking statements.

These factors include the followings but not limited to:

- general economic and market conditions of Bangladesh;
- strength of the regional and global economy;
- degree of competition in the business areas in which we operate;
- changes in laws or in supervisory regulations, guidelines including additional capital requirements, strict monitoring about interest rate and liquidity requirements and guidance;
- accuracy and completeness of the information we obtain with respect to our customers;
- · changes to our credit ratings;
- general political environment;
- performance of our capital market;
- ability to maintain sufficient liquidity;
- ability to repay the liabilities as and when they fall due;
- market and interest rate fluctuations and interest rate levels;
- the ability of customers to meet their obligations to us;
- the effects of, and changes in fiscal, monetary and tax policies;
- operational factors such as systems failure, human error, or the failure to implement procedures properly;
- · the effects of changes in accounting policies or practices;

- the ability to retain and recruit qualified personnel;
- the ability to maintain our reputation and promote our brand image;
- the ability to increase market share and control expenses;
- ability to adopt technological changes;
- · compliance with legal and regulatory requirements and
- our ability to anticipate and effectively manage risks associated with all of the foregoing factors.

We caution that the foregoing list is not exhaustive of all possible factors. Other factors could adversely affect our actual performance.

For more information, please see the discussion below, which outlines in detail certain key factors that may affect our future results. When relying on forward-looking statements to make decisions with respect to UCL, investors and others should carefully consider these factors, as well as other uncertainties and potential events, and the inherent uncertainty of forwardlooking statements. UCL does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by the Company or on its behalf, except as required by law. The forward-looking information contained in this document is presented for the purpose of assisting our shareholders in understanding our financial position as at and for the period ended on the dates presented, as well as our strategic priorities and objectives, and may not be appropriate for other purposes.

Factors That May Affect Future Results

As noted in the preceding caution regarding forward-looking statements, all forward- looking statements and information, by their nature, are subject to inherent risks and uncertainties, both general and specific, which may cause actual results to differ materially from the expectations expressed in any forwardlooking statement. The report on risk management starting on page 116 describes a number of risks, including credit, market, liquidity and funding, operational, legal and regulatory, business, strategic, reputation and environmental. Should our risk management framework prove ineffective, there could be a material adverse impact on our financial position. The followings outline some additional risks and uncertainties:

Company's business and earnings are affected by general business and political conditions

The performance of UCL is influenced by economic conditions prevailing in the country as well as global economy. Downturn in economies could result in a general reduction in business activity and a consequent fall in income of our Company. It could also cause a slow recovery of our investments. Political instability also affects our earnings.

The financial performance of the Company is affected by customers' credibility

Risks arising from changes in portfolio quality and the recoverability of loans/leases are inherent in a wide range of our business. Adverse change in portfolio quality of our customers or deterioration in economies of Bangladesh and even global economic conditions, or events arising from systematic risks could affect the recoverability and value of Company's investments. This would deteriorate the asset quality as well as reduce earnings and require an increase in the provision for doubtful losses resulting in lower profitability.

Changes in interest rates and other market factors may affect our business

Changes in interest rate levels, yield curves and spreads may affect our interest income. The performance of financial markets, monetary and fiscal policy may cause changes in the value of Company's investments and portfolios. UCL has implemented risk management systems to mitigate and control these risks and other market risks to which the Company is exposed. However, it is difficult to predict with accuracy the likely changes in economic and market conditions and to anticipate the effects that such changes could have on the company's financial performance and business operations.

Operational risks are inherent in Company's business

Our businesses are dependent on the ability to process a very large number of transactions efficiently and accurately. Operational losses can results from fraud, errors by employees, failure to document transaction properly, failure to comply with regulatory requirements and code of business conduct and inadequacy in design of policies, procedures including ineffective implementation of those policies and procedures. Although, UCL has implemented risk controls and loss mitigation actions and substantial resources are devoted to developing efficient procedures and to staff training. It is only possible to be reasonably, but not absolutely, certain that such procedures will be effective in controlling each of the operational risks faced by our company.

Each of the Company's business is subject to stringent regulations and regulatory overseeing

The Company is subject to laws, regulations and guidelines issued by Bangladesh Bank, Bangladesh Securities and Exchange Commission, the Companies Act 1994, the Financial Institution Act 1993, the Income Tax Ordinance 1984, other applicable laws and regulations. Our capital market activities are also monitored by Stock Exchanges. This supervision and regulation, if changed could materially affect Company's business, the products and services offered or the value of assets.

Future growth of Company's earnings and shareholders' value depend on strategic decisions

The Company devotes substantial management and planning resources to the development of strategic plans for organic growth. If these strategic plans do not meet with success, the Company's earnings could grow more slowly or decline.

The risk of litigation is inherent in Company's operation

In the ordinary course of the Company's business, legal actions, claims by and against the Company may arise. The outcome of such legal proceedings could materially affect the financial performance of the Company.

The Company is exposed to the risk of changes in tax legislation and its interpretation

The Company's activities are subject to tax at various rates. Actions by the Government to withdraw any tax benefit or impose additional taxes would affect the profitability of the Company. Revisions to tax legislation or its interpretation might also affect Company's results in future.

A description on specific risks that UCL may likely to face is given in the last part of this section.

Changes in Accounting Policies, Estimates and BAS/BFRS

We did not adopt any new significant accounting policies during the year 2016. The following standards, interpretations and amendments thereto will be relevant to UCL Group. The Group's initial view of the impact of these accounting changes is outlined below:

Pronouncement	Nature of change	Effective date	Impact
Amendment to IFRS 4: Insurance Contracts	IASB issued an amendment to IFRS 4 Insurance Contracts to address concerns about the different effective dates of IFRS 9 and the new insurance contracts Standard that will replace IFRS 4.	Financial periods beginning on or after 1 January 2021	The Group is assessing the impact of adopting the amended.
Amendments to IFRS 2: Share based Payment.	The amendment will provide change the classification and measurement of share based payment transactions.	Financial periods beginning on or after 1 January 2018	The Group is assessing the impact of adopting the amended
Amendments to IFRS 15: Revenue from Contracts with Customers.	The amendments add clarifications in identifying performance obligations; Principal versus agent considerations; and Licensing application guidance.	Financial periods beginning on or after 1 January 2018	The Group is assessing the impact of adopting the amended
Amendments to IAS 12: Recognition of Deferred Tax Assets for unrealized losses	The amendments clarify the recognition of deferred tax assets for unrealized losses related to debt instruments measured at fair value.	Financial periods beginning on or after 1 January 2017	The Group is assessing the impact of adopting the amended
Amendments to IAS 7: Statement of Cash Flows	The amendments require disclosure of information enabling users of financial statements to evaluate changes in liabilities arising from financing activities.	Financial periods beginning on or after 1 January 2017	The Group is assessing the impact of adopting the amended
New IFRS 16 : Leases	The new Standard provides a comprehensive model for the identification of lease arrangements and their treatment in the financial statements of both lessees and lessors. It supersedes IAS 17 Leases and its associated interpretative guidance.	Financial periods beginning on or after 1 January 2019	The Group is assessing the impact of adopting the amended

Disclosure on Control Procedures and Internal Control over Financial Reporting

Disclosure on Control Procedures

Disclosure on control procedures are designed to provide reasonable assurance that all relevant information is gathered and reported to senior management, including the Managing Director & CEO and the Chief Financial Officer (CFO), on a timely basis so that appropriate decisions can be made regarding public disclosure.

An evaluation of the effectiveness of the design and operation of our disclosure on control procedures was conducted as at 31 December 2016 by UCL Management under the supervision of the CEO and the CFO. Based on this evaluation, the CEO and the CFO have concluded that as at 31 December 2016, our disclosure on control procedures are adequate, appropriate and effective both in terms of design, implementation and monitoring.

Internal Control over Financial Reporting

Internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with BAS/BFRS and the requirements of Bangladesh Bank and Bangladesh Securities and Exchange Commission, the Company Act 1994 and other applicable laws and regulations.

Management is responsible for designing, establishing and maintaining adequate internal control systems over financial reporting for UCL Financial Group. UCL's internal control over financial reporting includes policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and disposal of the assets of UCL;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of the financial statements in accordance with BAS/BFRS and the requirements of Bangladesh Bank, Bangladesh Securities and Exchange Commission, Companies Act, as applicable, and that receipts and expenditures of UCL are being made only in accordance with authorization by management and Board of Directors of UCL; and
- provide reasonable assurance regarding prevention or timely detection of the unauthorized acquisition, use or disposal of UCL's assets that could have a material effect on the financial position as described in the financial statements.

Because of its inherent limitations, internal control over financial reporting can provide only reasonable assurance and may not prevent or detect all sorts of misstatements.

The Management, under the supervision of the CEO, the CFO and Head of ICC has evaluated the effectiveness of our internal control over financial reporting using the framework and criteria established in Internal Control. Based on this evaluation, management has concluded that internal control over financial reporting was appropriate and effective as at 31 December 2016.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting in 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. The ongoing preparation of financial statements in accordance with the amendments in BASs/BFRSs did not change the Company's internal control over financial

reporting.

Auditors services and fees

The external auditors of UCL, S. F. Ahmed & Co., Chartered Accountants were not engaged to perform any of the following services other than annual statutory audit of the company and the audit of its subsidiaries namely, UniCap Securities Limited and UniCap Investments Limited:

- Appraisal or valuation services or fairness opinions;
- Financial information systems design and implementation;
- Book-keeping or other services related to the accounting records or financial statements;
- Broker-dealer services;
- Actuarial services;
- · Internal audit services.
- Audit/certification services on compliance of corporate governance
- · Any other service that the Audit Committee determines.

The auditors are paid an amount of Tk. 1,65,000 net of VAT for their audit of Union Capital Limited.

2016 Financial performance and financial condition review

Challenges faced in 2016

Increased competition;

- · Reduction in interest rates environment;
- Volatile capital market;
- Low demand for industrial credit;
- Lack of confidence of investors;
- · Maintenance of asset quality;
- Take over of loan by other bank/FIs
- · Higher corporate tax rate.

Major Financial indicators of 2016

Major performance indicators in 2016 were as under:

- Investment of the Group increased to Tk. 18,713.12 million from Tk. 17,264.85 million registering a moderate growth of 8.38 percent;
- Consolidated net profit for the year was Tk. 258.42 million as against Tk. 234.15 million of 2015 with a moderate growth of 10.36 percent;
- Customers deposits registered a moderate growth of 11.29 percent to Tk. 13,131.22 million from Tk. 11,798.93 million of 2015;
- Shareholders' equity increased to Tk. 2,532.83 million from Tk. 2,493.93 million of 2015 with noteworthy growth of 1.56 percent;
- Total operating income increased to Tk. 996.04 million from Tk. 801.65 million with a noteworthy growth of 24.25 percent compared to previous year. This was mainly due to moderate increase in loan/lease portfolio, regularization of stuck up accounts and vigorous monitoring of regular customers and improvement in capital markets;
- Consolidated profit before tax increased to Tk. 493.42 million from 484.56 million registering a moderate growth of 1.83 percent compared to prior year.
- Consolidated earnings per share increased to Tk. 1.44 as against Tk. 1.31 of 2015.

Operating Expenses

For the year ended 31 December	2016	2015	% of increase/
			(decrease)
Financial expenses	1,292.77	1,343.95	(3.81)
Management expenses	248.59	211.45	17.56
Provision for doubtful losses	254.03	105.63	140.49
Total expenses	1,795.39	1,661.03	8.09

Financial expenses

In 2016 financial expenses have decreased by 3.81 percent mainly due to fall of interest rate on customer deposits. UCL pays interest on funds mobilized from different sources like deposits from individuals and institutions, loan from banks/Fls, call loan and security deposits from customers. Interest rates vary depending on the nature and tenure of sources of funds. Interest expenses consist of 72.00 percent of total expenses (2015: 80.91 percent). In 2016 financial expenses was 56.48 percent of total revenue (2015: 62.64 percent). The ratio of financial expenses decreased in 2016 mainly due to fall of interest rate on customer deposits.

Management expenses

Management expenses include salaries and allowances, office rent, promotional expenses, office maintenance expenses, depreciation on fixed assets, legal and professional fee etc. Details of the expenses are given in the Notes to the Financial Statements of this Annual Report. Management expenses increased by 17.56 percent to Tk. 248.59 million in 2016 (2015: Tk. 211.45 million) mainly due to increase in salary and allowances for new head count, office rent for branches and office maintenance expenses. During 2016, management expense was 10.86 percent of total revenue as against 9.86 percent in 2015.

Provision for doubtful losses

Provision for doubtful losses has been made as per guidelines of Bangladesh Bank and Bangladesh Securities and Exchange Commission. During the year total provision of Tk. 254.03 million has been provided compared to Tk. 105.63 million in 2015.

Financial Condition Review

	(Figures in million Taka except percentage

Loans, advances and leases

Total outstanding balance of loans, advances and leases as at 31 December 2016 was Tk. 17,103.76 million which is 9.33 percent higher than that of Tk.15,644.02 million in 2015.

Outstanding balance of loans, advances and leases as on 31 December 2016 and 2015 was as under:

(Figures in million Take event percentage

		(Figures in minion Taka except percentage				
	20	2016		2015		
	Amount	%	Amount	%		
Lease finance	1,962.72	11.48	2,392.84	15.30		
Term finance	9,168.91	53.61	7,474.50	47.78		
Margin loan	5,917.78	34.60	5,731.47	36.64		
Other finance	54.35	0.32	45.21	0.29		
Total	17,103.76	100.00	15,644.02	100.00		

In 2016, our total loans, advances and leases increased by 9.33 percent compared to 2015 mainly due to increase in term loans. In 2016 we focused more on acquisition of new quality loan/leases both in SME and corporate segments maintaining the quality of present portfolio with a special drive on recovery of slow moving and stuck up lone/leases. Management has always been trying to concentrate on adding quality investments in its portfolio rather than achieving high target of business volume, keeping in mind the importance of the same for the financial institution.

Liquidity Statement

Maturity of assets and liabilities has been determined as per agreements with our customers and fund providers. Management always maintains long-term and short-term strategy to address the probable liquidity gap properly.

The Company meets its funding requirements through its prudent assets and liability management. Liability structuring is made in such a way so that it matches with the tenure of asset structure. Liquidity is monitored continuously to ensure the company's ability to support investment growth, deposit encashment, meet contractual obligations, maintain reserve requirements and sustain operations. Union Capital maintains its liquidity in the form of readily encashable deposits with banks/Fls, collection of rentals/installments and investment in listed securities.

On the other hand, in order to meet company's urgent requirement UCL can, on the basis of its net assets, borrow significant amount in the form of call money, which is another point of liquidity support as far as fund management is concerned. Based on the equity as of 31 December 2016, UCL can borrow from call money market to the tune of Tk. 726.56 million. A statement of liquidity profile is sent to Bangladesh Bank on monthly basis. Management, however, believes that the company's present position is adequate to meet its current and future liquidity requirements. Maturity analysis indicates that the company maintains reasonable maturity gap between assets & liabilities in case of one year maturity buckets as well as above one year maturity buckets. Given below is the maturity table of investment activities:

· · ··· DDT

Investment in shares

Union Capital Limited invested in diversified listed securities with highest investment in manufacturing companies representing 86.13 percent of total investment followed by Fuel & power companies (7.11 percent) and Bank companies (3.61 percent). UCL is exposed to market risk since it has a significant amount of investment in capital market and the fluctuation in the share price is a regular phenomenon of this market. We minimize this risk through diversified investment mostly in fundamentally strong securities. The market value of the securities at 31 December 2016 was Tk. 436.46 million (2015:Tk. 534.46 million). The following table shows the concentration of investment in major sectors of listed securities as at 31 December 2016 and 2015:

(Figures in million Taka except percentage

Performance of Capital Market

We have performed better in 2016 than 2015 in our capital market activities though it was not as we expected at the beginning of the year. All areas of this segment was effected mostly due to sluggish market throughout the 3rd quarter of the year resulted from many factors including political instability, lack of investors' confidence, liquidity problem, lack of co-ordinations among the regulators etc.

In 2016, DSE Broad Index DSEX gained 8.91%. Over 2016, the DSEX gained 412.03 points, closed at 5,036.05. DSEX reached its highest at 5,036.05 on December 29, 2016. In comparison to other developed capital markets, our velocity ratio is lower, showing that the DSE has room to grow and has leveraged on the opportunities available as reflected by the improvements achieved in the last few years.

The DSE 30 Index (DS30) which comprises of the BLUE-Chip stocks clocked at its highest point at 1,810.91 on December 29, 2016 while the lowest level of DS30 was recorded at 1,599.23 on May 2, 2016 and the year end closing was 1,810.91

NBFI sector also followed the overall market as evidenced by its around 5.64 percent shared in total capitalization. In line with the overall market and NBFI sector, market price of Union Capital Limited started its journey on January 03, 2016 with the price of Tk. 14.30 in DSE and closed at Tk. 20.50 on 29 December 2016. The highest price was recorded at Tk. 20.50 on December 29, 2016 and the lowest was Tk. 10.50 on August 31, 2016.

Following table shows the capital market picture of DSE for the last four years:

	2013	2014	2015	2016	Change % (2015 Vs 2016)
Total Trading Days	238	238	244	241	(1.23)

Market Capitalization (BDT in Billion)	2,648	2,648	3,159.76	3,412.44	8.00
Total Number of Listed Securities	529	546	559	560	0.08
Total Newly Listed Securities	14	14	17	1	(58.82)

Non-performing loans, advances & leases (NPL)

Loans, advances & leases are classified as non-performing when it is marked as substandard category or worse. Bangladesh Bank's guidelines are strictly followed for determining the classification of loans, advances and leases. Interest accrued against overdue rental/installments of classified loans, advances and leases are not taken into profit and loss account rather kept in interest suspense account. Moreover, interest accrued against overdue rentals of loans, advances and leases falling under the category of 'Special Mention Account (SMA)' account are also transferred to interest suspense account instead of crediting the same to profit and loss account as per Bangladesh Bank's guidelines.

Non-performing loan/leases of Union Capital Limited as of 31 December 2016 and 2015 was as follows:

			(inguise in minist	runa onoopt po	(oontago)
	201	6		201	5
Outstanding	NPL	NPL %	Outstanding	NPL	NPL %

Rate of non-performing loans, advances and leases was 8.44 percent in 2016 as against 8.41 percent of 2015. Adequate provision has been made against the classified loan accounts as per Bangladesh Bank guidelines. UCL's recovery policy is in place and there has been a rigorous monitoring process to recover the classified loan/lease including litigation. The Management has been continuously following up the status of litigation and possible outcomes in liaison with external and internal lawyers on order to strengthen recovery.

(Figures in million Taka except percentage)

(Figure in million Take)

Coverage/reserve against non-performing loans, advances and leases

The following table summarizes the allocation of the provision and interest suspense against loans, advances and leases of Union Capital Limited as of 31 December 2016 and 2015:

% of verage 39.14	Provision for NPL	Interest suspense	2015 Total	NPL	% of
verage	for NPL		Total	NPL	
20.1/					Coverage
39.14	91.18	80	171.18	425.09	40.27
30.19	189.79	120.25	310.04	787.83	39.35
-	-	-	-	-	-
-	-	-	-	-	-
-	-	-	-	-	-
33.75	280.97	200.25	481.22	1,212.92	39.67
-	30.19 - - -	30.19 189.79 - - - - - - - -	30.19 189.79 120.25 - - - - - - - - - - - -	30.19 189.79 120.25 310.04	30.19 189.79 120.25 310.04 787.83 -

Union Capital has maintained total provision of Tk. 480.63 million against loans, advances and leases as of 31 December 2016 compared to Tk. 433.85 million of last year. Provision against classified loan has increased by 2.62 percent compared to 2015. Management's periodic evaluation of the adequacy of the provision is based on the companies past experience, known and inherent risk in the portfolio, adverse situations that may affect the clients' ability to repay and current economic conditions. Management has also taken the qualitative aspects while classifying an account.

We always adhere to the principle of classification as guided by Bangladesh Bank for making interest suspense and provisioning against loans, advances and leases. Interest amount is transferred to interest suspense account rather than showing as income in the profit & loss account when installments fall overdue for 3 months or more, in case of loan/lease with tenure of less or equal 5 years and 6 months or more, in case of loan/lease with maturity of more than 5 years. Base for provision is made after deducting interest suspense and value of eligible security (considered 50 percent of market value of the security in case of mortgage of land, building and 50 percent of face value or 50 percent of market value, whichever is lower, in case of shares and 100 percent against cash security) from outstanding amount of a particular loan, advance and lease. Rate of provision for loans, advances and leases classified as Sub-standard, Doubtful and Bad & Loss is 20 percent, 50 percent and 100 percent respectively.

Coverage ratio of loans, advances and leases decreased. As at 31 December 2016 coverage was 33.75 percent compared to 39.67 percent of 2015. We believe coverage is satisfactory as the company maintain adequate provision as per guidelines of Bangladesh Bank. Management has taken adequate measures to reduce the rate of classified loans, advances and leases by regular monitoring, examining, appraising, evaluating the position/status of the classified clients/customers. Appropriate legal action has been taken where necessary against the classified loan accounts where prospect of recovery from the customer through negotiation and amicable settlement is uncertain. Moreover, formation of internal monitoring and recovery committee for effective monitoring and follow-up of problem accounts are the initiatives for improving recovery situation.

Credit Monitoring Function

A continuous monitoring of loan/leases is one of the most important tools for ensuring the quality of advances assets for any lending institution. UCL too has a well-established system of monthly monitoring of its loans, advances and leases accounts at various levels to prevent asset quality slippages and to take timely corrective steps to improve the quality of its overall portfolio. At UCL, a separate department, Special Asset Management (SAM) under the direct supervision of the Managing Director & CEO for monitoring function at the corporate level, has been functional. UCL has placed special focus on sharpening of the credit monitoring process for improving the asset quality, identifying the areas of concern and the branches requiring special attention. It has also worked out strategies to ensure implementation in a time-bound manner. The primary objectives of UCL's Special Asset Management Department at the corporate level are fixed as under:

- Identification of weakness/potential default/ incipient sickness in the account at an early stage;
- Initiation of suitable and timely corrective actions for preventing impairment in credit quality, whenever signals are noticed in any account, e.g. decline in credit rating, delay in

servicing of rentals/installments etc;

- Prevention of slippage in the asset classification through a vigorous follow up;
- Identification of suitable cases for restructuring / rescheduling;
- Taking necessary steps/regular follow up, for review of accounts and compliance of terms and conditions, thereby improving the quality of UCL's portfolio;
- Regular monitoring progress of classified accounts.

Shareholders' Equity and Capital

Capital Management

Objective

UCL is committed to a disciplined approach to capital management that balances the interests and requirements of shareholders, regulators, depositors and rating agencies. Our objective is to maintain a strong capital position in a costeffective structure that:

• is appropriate subject to our target regulatory capital ratios and internal assessment of required capital;

- is consistent with our targeted credit ratings;
- underpins our business strategies;
- · is in line with our growth potentials; and
- · builds depositors' confidence and long-term shareholder value.

Capital Management Framework

The principal and key elements of UCL's capital management framework are outlined in our capital management policy which includes the results of the internal capital adequacy assessment process.

This process evaluates capital adequacy, and is used to establish capital targets and capital strategies that take into consideration the strategic direction of the Company. The internal capital adequacy assessment process and capital plan are developed in conjunction with UCL's annual business plan, promoting alignment between our business and risk strategies, regulatory capital requirements. Stress testing framework and scenario analysis are also used to assess the impact of various stress conditions on UCL's risk profile and capital requirements. The framework seeks to ensure that we are adequately capitalized given the risks we take, and supports the determination of limits, goals and performance measures that are used to manage balance sheet positions, risk levels and capital requirements. Assessments of actual and forecast capital adequacy are compared to the capital plan throughout the year.

UCL uses regulatory capital as the basis for strategic and transactional decision-making. This approach aims to protect our stakeholders from the risks inherent in our various businesses, while still allowing the flexibility to deploy resources to the highreturn, strategic growth activities of our operational areas.

Governance

The Board of Directors and the Risk Management Committee provide ultimate oversight and approval of capital management, including our capital management policy and capital plan. We regularly review our capital position, capital adequacy and key capital management activities. The Risk Management Committee provides senior management oversight and also reviews and discusses capital policies, issues and action items that arise in the execution of our strategy.

2016 Regulatory Capital Review

Regulatory capital requirements for UCL are currently determined on the basis of guidelines of 'Capital Adequacy and Market Disciplines (CAMD), commonly known as Basel II accord issued by Bangladesh Bank. UCL's capital adequacy is determined based on risk weighted assets (RWA) in our portfolio. UCL's total consolidated RWA were Tk. 22,963.90 million at 31 December 2016, whereas Tk. 20,029.98 million in 2015. The table below provides a breakdown of our RWA by risk type.

Risk-Weighted Assets (Consolidated)

Figure in million Taka

Basel II Regulatory Capital (Consolidated)

	Figure in million Taka		
As at 31 December	2016	2015	
Tier 1 Capital	2,065.86	1,891.90	
Tier 2 Capital	686.82	779.71	
Total regulatory capital	2,752.68	2,671.61	

The above table details the components of regulatory capital. Tier 1 capital is primarily comprised of paid up share capital, and reserves and surplus. Our shareholders' equity and Tier 1 capital were Tk.2,065.86 million as at 31 December 2016 compared to that of last year with a steady growth of 9.19 percent.

Total capital includes Tier 1 and Tier 2 capital, net of certain deductions. Tier 2 capital is primarily comprised of subordinated debt and a portion of the general provision for credit losses. UCL does not have any subordinated debt. Total regulatory capital as of 31 December 2016 was Tk. 2,752.68 million.

Our objective is to maintain strong capital ratios that exceed regulatory requirements. The Equity Ratio, Tier 1 Capital Ratio and Total Capital Ratio are key measures of capital adequacy, and all remained adequate in 2016.

The Equity Ratio and the Basel II Tier 1 Capital Ratio, Tier 2 Capital Ratio, Total Capital Ratio and Capital to Assets multiple are the primary capital measurements. The ratios are as under:

As at 31 December	2016	2015
Tier 1 Capital Ratio	9.00	9.45
Tier 2 Capital Ratio	2.99	3.89
Total Capital Ratio	11.99	13.34
Capital to Assets multiple	1.20	1.33

The Equity Ratio reflects shareholders' equity divided by RWA. The Tier 1 Capital Ratio reflects Tier 1 capital divided by RWA. The Total Capital Ratio reflects total capital divided by RWA. Total Capital Ratio of Union Capital Limited was 11.99 percent against the minimum capital adequacy ratio of 10 percent as per Bangladesh Bank guidelines. Therefore, the Company has surplus capital of 1.99 percent over the minimum rate of regulatory capital as per Basel II accord.

Borrowings from banks and financial institutions

Total outstanding loan from banks and other financial institutions as at 31 December 2016 was Tk. 3,419.36 million compared to

Tk. Tk. 2,815.30 million in 2015. Interest on bank loans is paid on monthly/quarterly basis as per terms of loan arrangements. During the year 2016, a total loan of Tk. 1,620.00 million was taken from the banks and financial institutions and Tk. 886.06 million was repaid.

Union Capital has been enjoying credit facility from Bangladesh Bank for SME financing, women entrepreneur finance and received JICA fund under the refinancing scheme. During 2016 UCL received loan of Tk. 213.37 million from Bangladesh Bank under re-finance scheme.

Treasury Operation

In order to minimize the asset-liability mismatch, UCL always strives for mobilizing funds for longer term perspective. In the current money market scenario it is difficult to mobilize deposit for a period of more than 12 months. For that reason, we need to borrow a large portion of our fund from banking sources which is of course a costlier source of fund. During the year 2016, an amount of Tk. 10,118.02 million has been received as term deposits from various sources which was Tk. 9,112.59 million in 2015. As at 31 December 2016, total outstanding amount of term deposit was Tk.12,314.84 million compared to Tk. 10,712.75 million in 2015. Interest amounting to TK. 1,213.98 million was paid during the year 2016 as against Tk. 1,299.58 million in 2015. The Company offers different deposit products which is available on page 18.

Cash Flows analysis

Union capital prepares its cash flow statement in line with the format prescribed by Bangladesh Bank. We manage our cash flow preparing statement for different maturity period i.e. within 7 days, 2 weeks, 1-12 months, between 1-3 years, 3-5 years, 5-10 years, 10-15 years, 15-20 years as per the situation demands.

A considerable portion of our total assets representing 15.70 percent is liquid in nature and consists mainly of cash and balance with various banks and financial institutions and investment in listed securities. The highly liquid nature of our assets provides us with flexibility in financing and managing our anticipated operating needs. The company's asset and liability management policy is intended to manage Balance Sheet Risk, especially for managing of liquidity risk and interest rate risk. We manage the risk of re-pricing the interest earning assets and interest-bearing liabilities though in some cases it is difficult to re-price the loans, advances and leases. The Company is always maintaining the CRR and SLR as prescribed by Bangladesh Bank.

Cash flow from operating activities

Union Capital maintained a positive net cash flow from its operating activities during the year 2016. Positive net cash flows from operating activities signify that UCL Group generates sufficient cash flow from its operating activities to meet its operating expenses. Net cash inflows from operating activities was Tk. 438.92 million due to a significant amount of deposit collected from banks and financial institutions as well as recovery from NPL portfolios.

Cash flow from investing activities

Net cash used in investing activities were Tk. 11.89 million mainly due to purchase of listed securities. During the year, a total amount of Tk. 788.37 million (2015:Tk. 4,836.93 million) has been invested for purchase of listed securities while total sale of securities was Tk. 796.16 million (2015:Tk. 4,603.44 million). Moreover, UCL invested Tk. 19.84 million in acquisition of fixed assets for its branches as well as newly recruited

employees.

Cash flow from financing activities

Net cash flow from financing activities shows a net cash inflow that means the money borrowed from banks and financial institutions was more than the money repaid to banks and financial institutions. During the year a total amount Tk. 2,253.37 million was borrowed as fresh loans from banks and financial institutions while an amount of Tk. 1,375.66 million was repaid to banks and financial institutions.

Specific Risk and its Management

Compliance risk

Regulatory risk

This is the risk whereby the procedures implemented by UCL to ensure compliance to relevant statutory, regulatory and supervisory requirements are not adhered to and/or are insufficient and ineffective.

Impact on business

Non-compliance with regulatory risk could result in significant financial loss, impairment of shareholders' funds and/ or outright closure of business occasioned by sanction/fine on UCL, or loss/ suspension of banking license by the regulatory bodies.

Mitigation measures

Proactive implementation of UCL's sound compliance programme that ensures compliance by all stakeholders with relevant laws and regulations. This includes continuous update of UCL's policy guidelines as well as training of employees to understand regulatory obligations and the consequence of non-compliance.

Reputational risk

This is the risk whereby UCL might be exposed to negative publicity due to the contravention of applicable statutory, regulatory and supervisory requirements and/ or providing a service that does not comply with fit and proper industry standards.

Impact on business

Non-compliance with reputational risk could result in loss of correspondent banking relationship, loss of investors' confidence, significant financial loss; occasioned by damage to UCL's image as a result of negative publicity and eventual loss of business.

Mitigation measures

UCL has put in place adequate measures to know our customers and implement processes for combating money laundering and terrorist financing. In this regard, UCL continuously reviews its Anti Money Laundering and Terrorist Financing policy, incorporating any new regulatory guidelines for Know Your Customer (KYC)/ Know Your Customer's Business (KYB).

Responsibility

The primary responsibility for complying with regulatory requirements lies with all employees conducting particular transactions, or activity to which regulation applies. However, the Board of Directors is ultimately accountable for compliance through the Chief Compliance Officer.

Credit risk

Credit risk

Default risk, performance risk, payment risk, diversion risk, managerial risk.

Impact on business

• Poor asset quality arising from high level of non-performing loan/leases and ultimately low yield on earning assets;

- Financial loss due to increased provisions and charges on impaired assets;
- Could lead to impairment of shareholders' funds.

Mitigation measures

- Strong credit analysis to identify the risk;
- Clear loan covenants and transaction dynamics;
- Effective credit control and monitoring processes;
- Prompt identification of early sign of deterioration;
- Adequacy and realizability of collateral;
- Adoption of risk-based pricing for earning assets;
- Risk management systems and processes have been strengthened to optimize portfolio quality and to ensure appropriate pricing of risk assets.

Portfolio Concentration risk

Impact on business

Breaches of portfolio limits and regulatory provisions could lead to sanctions and increased financial loss.

Mitigation measures

Adherence to portfolio limits as has been set by the Sectoral Investment Policy approved by the Board and regulatory requirements.

Responsibility

Business Units, Chief Risk Officer and Risk Management Committee.

Market and liquidity risk

Interest rate risk

Impact on business

Could result in significant financial loss, impairment of interest rate related instruments including fixed-rate instruments.

Mitigation measures

- Experienced Asset-liability Management Committee that meets regularly;
- Daily reporting to executive management;
- Strict adherence to UCL's internal policies such as the use of limits and management action triggers.

Investment risk

Impact on business

Could lead to diminution in the value of investments.

Mitigation measures

- Significant investments are approved by the Board and all other investments by the Board Executive Committee and the Credit Committee;
- Experienced executives in the respective business units;
- Supervision by the parent company's Directors nominated to act as Directors of the subsidiaries;
- Portfolio selection and diversification strategies.

Liquidity risk

Impact on business

Could lead to insolvency and eventual reputational risk.

Mitigation measures

- Efficient Asset and Liability Committee that oversees liquidity management;
- Diversified sources of funding;

- Contingent funding plan;
- Effective cash flow planning.

Responsibility

The primary responsibility for mitigating the above risks lies with the treasury department. However, the risk identification, measurement, monitoring, control and reporting lies with the ALCO and the Chief Risk Officer.

Operational risk

People risk

The risk of loss of financial, reputational or otherwise, arising from a failure to properly manage UCL's human capital. This could manifest in the form of staff fraud, high staff attrition, knowledge gaps and a demotivated and disgruntled workforce.

Impact on business

This would impact UCL by way of negative service experiences for our customers and the attendant loss in market share, financial loss and reputational damage and the cumulative effect of being unable to deliver strong business performance that meets or exceeds stakeholders' expectations.

Mitigation measures

- UCL has put in place comprehensive service rules to achieve a strong workplace;
- Effective background checks on new hires;
- Competitive remuneration package to attract and retain the best talent;
- Enforcement of strong supervisory control;
- Zero tolerance to staff integrity issues and fraud;
- A fully fledged HR Department to cater for the training and development needs of staff;
- A HR and Compensation Committee that deal with and resolve employee issues.
- Implementation of National Integrity Strategy as a part of uplifting the morale, ethics, integrity of the employees.

Operations risk

The risk for UCL to incur financial loss as a result of inadequacies or failures in operational processes, systems or staff. Operations risk additionally incorporates the risk arising from disruption of operations activities caused by external events. Examples are: failures in the customer intake and documentation process; failed mandatory reporting obligations; limit breach due to inadequate internal processes; inadequate reconciliation processes, failure of disaster recovery systems and manual intensive processes.

Impact on business

Impact on business ranges from negative customer impact and the attendant loss in market share, financial loss and reputational damage, and the cumulative effect of being unable to deliver strong business performance that meets or exceeds stakeholders' expectations.

Mitigation measures

- We have a operational guidelines that guide operational activities;
- There is a functional reporting structure for effective supervisory control on the operations of UCL:
- Automation of functional processes;
- Putting in place sound business continuity plan and disaster recovery programmes;
- Stepping up operational risk awareness training;

Monitoring and managing key risk indicators (KRIs) in products/activities.

Environmental risk

Environmental risk is the risk of loss to financial, operational or reputational value resulting from the impact of environmental issues. It arises from our business activities and our operations. For example, the environmental issues associated with our clients' purchase and sale of contaminated property or development of large-scale projects may give rise to credit and reputation risk. Operational and legal risks may arise from environmental issues at our different offices or data processing centers. Failure to adequately manage environmental risk could adversely impact our results and/or significantly impact our reputation.

Impact on business

This could result in financial loss to the UCL in the form of nonrepayment of loans by the borrowers due to discontinuation of business operations involving environmentally hazardous activities.

Mitigation measures

We have a robust risk assessment procedure at appraisal stage in case of any credit facility to any borrower involving any activities that is detrimental to the environment. We have adopted Environmental Risk Management (ERM) policy and implemented the same in the appraisal of all loan/lease, where applicable. We have also adopted green banking policy that we follow in all of our business activities.

System or technology risk

The risk of failing to develop, implement or operate UCL's technology platforms and solutions to meet stakeholders requirements.

Impact on business

This could manifest in the form of: system downtime resulting in irate customers and tarnished reputation; software failures; systems change process management failures; seizure of technical support; hardware failures; obsolete hardware; and no support from the system providers.

Mitigation measures

- UCL has a Disaster Recovery Plan;
- UCL execute Service Agreement with IT service providers;
- Regular IT supervision and control;
- Hardware management covering hardware purchase, use, replacement and disposal;
- Extensive software selection process is in place covering purchase or design, use, enhancement and replacement;
- Building resilience into UCL's network platform through the installation of a back-up link.

Regulatory and compliance risk

This could lead to financial and reputational losses to UCL as a result of failure to comply with the laws, regulations or codes applicable to the financial services industry.

Impact on business

The impact of this risk category on UCL ranges from financial loss arising from fines and penalties; loss of revenue due to temporary suspension or ban from certain market activities; possible loss in share price and negative investors perception and suspension of operations.

Mitigation measures

UCL has compliance team to drive and implement UCL's

compliance framework;

- Effective monitoring of compliance with laws and regulations, its code of conduct, and corporate governance practices;
- UCL has a process for ensuring new and changed legal and regulatory requirements;
- Ensuring that regulatory requirements are incorporated in the operation where appropriate;
- Prompt submission of regulatory reports;
- Sound corporate governance practices and the setting of the right tone from the top with respect to regulatory issues.

Responsibility

The primary responsibility for mitigating the above operational risks lies with the risk-taking units of UCL, which include all the business units and support functions.

Information security risk

Confidentiality, integrity and availability of UCL operations and information assets.

Impact on business

Information assets are critical to UCL's operation and the confidentiality, integrity and availability of these assets are crucial to the effective and efficient delivery of service by UCL to its customers.

Disruption or interruptions to these assets would have dire consequences on UCL operations.

Mitigation measures

- Documenting and standardizing the processes within UCL while building appropriate controls into these processes;
- Classifying all information assets with appropriate priorities and assigning ownership for those assets;
- Developing awareness programme and making information security the responsibility of all UCL staff.

Responsibility

The primary responsibility for security of UCL information assets and applicable legislations lies with all employees, while the Executive Management has the overall responsibility to ensure that all information assets within UCL are protected and thus adequately secure.

Legal risk

Impact on business

Increased costs, loss of revenue, abuse and/or loss of intellectual property, distraction, negative brand equity, strained relationships with customers, depositors, employees, service providers, investors, regulators and other stakeholders, and possible disruption of business activities.

Mitigation measures

Consistent application of professional standards, transparency and fairness while transacting to reduce areas of possible conflicts, availability of a dependable record retention system, engagement of external counsel with proven competence in the prosecution of UCL's claims against third parties and in the conduct of UCL's defense, and exploring alternative dispute resolution mechanisms, among others.

Asset security cover risk

Impact on business

Loss of revenues, weak legal position in recovery efforts, increase in litigations and lengthy process of recovering the loss.

Mitigation measures

Thorough and experienced credit proposal reviews, use of independent experts for asset valuations, conduct of due diligence on assets subject matter of the security arrangements, legally defensible documentation protective of UCL's security interest and effective and proactive monitoring of credits.

Responsibility

The Legal Services Department, Credit Appraisal Unit, Credit Risk Management, Risk Management Forum, Risk Analysis Unit and all Relationship Managers.

Regulations

UCL has been operating under the license from Bangladesh Bank. Our operations are subject to regulation, inspection, and supervision. This supervision and regulation is intended primarily to bring financial discipline in the functioning of NBFIs and for

Schedule of Bangladesh Bank Reporting

the protection of the depositors. We are required to provide reports to our regulators on our activities on certain intervals; some are regularly, some are weekly, monthly, quarterly, halfyearly, yearly and so on. Regulations applicable to UCL generally relate to lending and investment activities, maintenance of appropriate level of capital, maintenance of cash and liquidity reserve, appointment of Directors, Managing Director and auditors, loan to Directors and associates etc. Failure to comply with these regulations may be considered as an unsafe and unsound practice and may result in the imposition of penalties by Bangladesh Bank. The company is required to submit periodic reports/statements to Bangladesh Bank describing its activities and financial conditions. Our capital market operations are also monitored and supervised by BSEC and Stock Exchanges. The periodic reports are required to submit to Bangladesh Bank, BSEC and Stock Exchanges are given below:

Recent legislations

Annual report

During the year 2016, Bangladesh Bank has issued certain guidelines which inter alia include as under:

- Bangladesh Bank has issued a circular for all NBFIs to assess the actual scenario of different financial index of NBFIs and a reporting template named Diagnostic Review Report (DRR) has been issued to NBFIs for collecting the data from NBFIs.
- Bangladesh Bank has issued revised guidelines for Stress Testing Report quarterly.
- Bangladesh Bank has issued integrated Risk Management Guidelines for Financial Institution to involve FIs to adapt improved policies and procedures in line with international best practices for their risk management framework.
- Bangladesh Bank has issued guidelines for all NBFIs regarding Investment in Non-listed Special Purpose Funds registered with Bangladesh Securities and Exchange Commission.
- The "Guidelines on Commercial Paper for Financial Institutions" has been issued by the Bangladesh Bank to set some standards that will facilitate Financial Institutions to perform different roles regarding Commercial Papers in an organized way.
- Bangladesh Bank has issued a circular for all NBFIs regarding arrangement of Board of Directors Meeting, Audit committee Meetings through Video Conference in case of directors/chairman available outside country and this arrangement must be prior approved from Bangladesh bank.
- Bangladesh Bank has issued a circular regarding determination of Liquid Assets and inclusion of cash in hand, cash at Bangladesh Bank and other Banks/ Financial Institutions, Bangladesh Treasury Bills & Bonds, Assets approved by Bangladesh Bank circulated in Government Gazette.

Bangladesh Securities and Exchange Commission has also issued guidelines for listed companies, which inter alia include as under:

- BSEC has issued a directive in the interest of investors and securities markets and for the development of securities markets that a stock exchange shall submit its recommendation to the commission on any public issue within 90 days of receiving the application from the issuer concerned.
- BSEC has issued a directive that all the tax payer companies other than banks, insurances and financial institutions shall have to follow the uniform income year from January to December.

 BSEC has given an instruction that Merchant Bank can maintain provision for unrealized loss of their own portfolio and their clients' portfolio as on 31 December 2015 on the basis of 5 quarterly (20%) from December 2016 to December 2017. Cash dividend will not be permitted during financial year if this facility is taken by the company.

Annually

- BSEC has issued a directive that every person concerned to comply the guidelines pronounced by commission in respect of issue and operations of financial derivatives.
- BSEC imposes further condition to the issuer companies regarding IPO of shares that shares not allotted at the time according consent for IPO but allotted after listing through stock dividends in favor of sponsors, directors or shareholders having 5% or more shares shall be subject to a lock in period of 2 years from the date of issuance of the prospectus for IPO.
- BSEC has given an instruction that after liquidation of mutual fund scheme amount payable to unit holder will be refunded through a suitable means of payment i.e. EFTN.
- BSEC has determined the procedure of price sensitive information declaration that all the companies listed with stock exchanges will provide PSI to BSEC, concerned stock exchanges within 30 minutes of taking decision of PSI or same day of information coming into light duly sign by the Chairman or Managing Director & CEO or Company Secretary and this information will be provided through fax, messenger or courier service. That PSI will have to be published in two widely circulated daily newspaper-one is Bengali and the other is English immediately.

Competition

UCL faces intense competition in all the markets where it operates. Its principal competitors are the non-banking financial institutions. Because of involvement of banks in our core product i.e. leasing business, competitiveness in leasing has been intensified further. Some banks are also offering capital market related products like brokerage services, portfolio management etc.

COMMUNICATION WITH THE SHAREHOLDERS

The investor relation activities of the Company are designed to provide a balanced level of communication between the Company and its stakeholders. Established procedures are in place to ensure the timely release of price sensitive information. The Company also publishes its guarterly, half-yearly and annual results well within the time periods prescribed by the regulators.

The Company promotes the use of Company's website in all Company announcements. The website also contains corporate information which is updated on a regular basis and includes a corporate governance information which contains details of the Company's adherence to the guidelines and the full terms of reference of the Board and its Committees. All the Directors normally attend the Annual General Meeting and shareholders are invited to ask questions during the meeting and to meet with Directors after the formal proceedings have been concluded. The Nineteenth Annual General Meeting will be held on 15 June 2017. All shareholders of the Company are invited to attend the Company's Annual General Meeting. An invitation latter has been given to the shareholders available on page 251 of this Annual Report.

The Directors appreciate the importance of general shareholders of the Company and use the Company's Annual General Meeting as further opportunities to communicate with them. UCL provides copies of its annual report in order that these are made available to them well in advance for detail and constructive discussion. It is the company's policy to give the shareholders the opportunity at Annual General Meeting to ask questions about its activities and prospects. The Board also structures these meetings so that shareholders can vote separately on each matter, by proposing separate resolutions for each item to be considered.

In accordance with the provisions of the Companies Act, 1994 the notice of the Nineteenth Annual General Meeting was sent to shareholders more than 14 clear days before the meeting. Notice of AGM is also published in two widely circulated daily

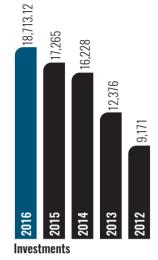

Graphical data of Business Performance

Shareholders' fund has increased by 1.54 percent due to increase in net profit after tax by 10.36 percent as well as repayment of cumulative redeemable preference share of Tk. 100 million in 2016.

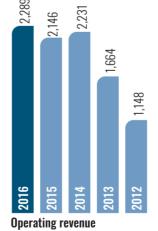

During the year 2016, deposit grew more than 11 percent to Tk. 13,131 million from Tk. 11,799 million of 2015 reflecting continued increase in investment and less dependency on bank borrowings.

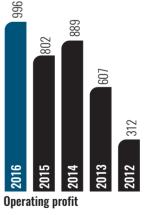

In 2016, investment registered a growth of more than 8 percent of Tk. 18,713 million as against Tk. 17,265 million of 2015. Despite continuous declining trend of lending rate and significant number of pre-settlement of loan/lease portfolio, we could maintain a moderate growth of investment by exploring new investment opprotunities.

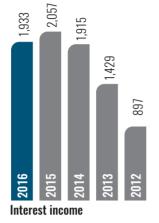

Shareholders' fund has increased by 1.54 percent due to increase in net profit after tax by 10.36 percent as well as repayment of cumulative redeemable preference share of Tk. 100 million in 2016.

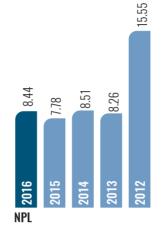

In 2016, operating revenue grew 6.67 percent to Tk. 2,289 million from Tk. 2,146 million of 2015. This is a result of significant increase in solid loan portfolio and notable recovery from default customers.

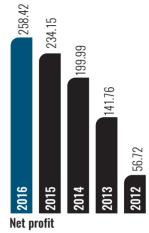

In 2016, operating income grew more than 24.25 percent to Tk. 996 million from Tk. 802 million of 2015. This singnificant growth in operating profit are the result of both continued growth of investment profolio and efficient fund management.

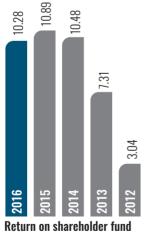

In 2016, interest income decreased by 6.03 percent to Tk. 1,933 million from 2,057 million of 2015 due to reduce the interest rate of porfolio clients and slightly increase in nonperforming loans.

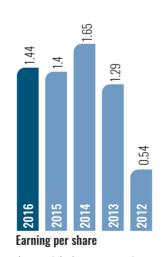

Despite slow recovery environment and low demand for credit, UCL could maintain the NPL rate at 8.44 percent slightly higher than 2015. The NPL rate of 2015 has been restated at 7.78 from 8.41 as a result of reclassification of loan of comparative year. Moreover, the down gradation of few loan/lease accounts on the basis of qualitative judgement has impected on such increase.

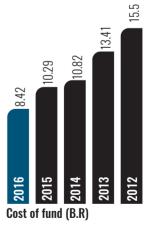

In 2016, net profit grew by a signifanct rate of 10.36 percent to Tk. 258.42 million from Tk. 234.15 million of 2015. Our net profits are the result of both continued and solid growth of investment portfolio and our vigorous drive to bolster the bottom line figure through harvesting the classified loans.

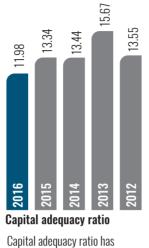

As a key measure of overall performance, our return on equity decreased by 5.56 percent due to maintain excess provision for increase strength of company on default loans.

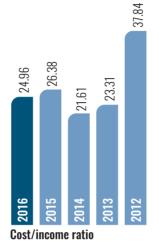

As one of the key measure of overall performance of UCL, our EPS has increased by more than 2.79 percent due to diversified earning streams and increased efficiency in different operational areas.

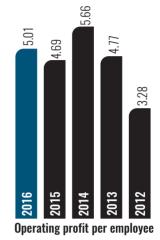

Cost of fund has decreaded by 1.87 percent mainly for efficient fund management and recovery of stuck up loans. Refinancing from Bangladesh Bank and borrowing low rate fund has also led to reduction of cost of fund

Capital adequacy ratio has decreased to 11.98 percent in 2016 from 13.34 percent of 2015 due to repayment of preference share of Tk. 100 Million as well as we maintain regulatory requirement of 10 percent. This is the result of increase in risk weighted from increase of investment portfolio.

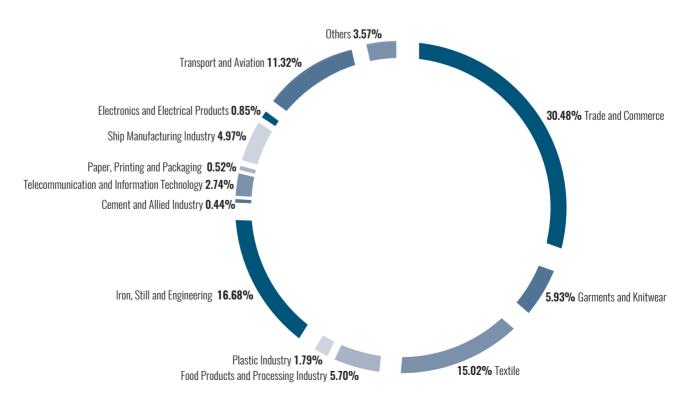

One of the key indicators of measuring efficiency, our cost /income ration has decreased to 24.97 percent in 2016 from 26.38 percent of 2015 that reflects management efficiency in managing UCL's assets and liabilities.

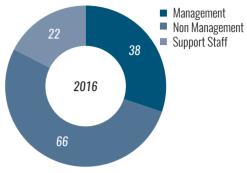

Operating profit per employee has increased by more than 6 percent compared to last year due to remarkable increase in new business acquisition during the year, regularisation and settlement of a quite good number of stuck up and slow moving loan accounts.

2017 KEY PRIORITIES

Outlines important actions for achieving strategic goals

At the beginning of year 2017, the Management of the Company deliberated and agreed on certain key priorities for UCL Group. These priorities will serve as the platform for driving the overall performance for the year 2017. They are:

Strengthening our Value Proposition

Strengthening our value proposition to our target customer segments including corporate, SME and retail customers with the objective of improving our share of businesses of financing operations and becoming an institution amongst the top performers in key areas.

Consolidating UCL and its Subsidiaries

Reinforcing our business in each of our operating segments in order to deepen our penetration, achieve positive contribution to the Group's profitability and deliver commensurate returns on working fund.

Driving for Low Cost term deposit

Augmenting our market share of low cost deposits by leveraging our superior reach and personalized to drive growth building a strong and dedicated team for deposit mobilization.

Aggressive Investment Growth

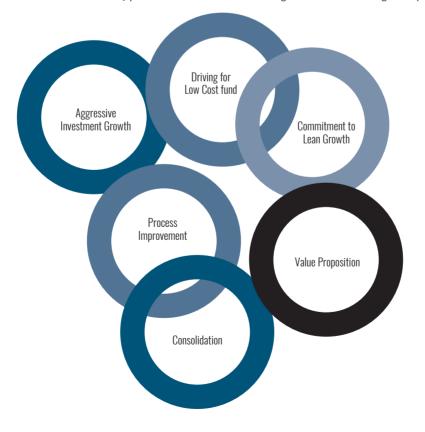

Improving our investment by creating quality investment portfolio with the customers having good repayment track record in key sectors of the economy as well as leveraging the opportunities linked to SME financing.

Commitment to Lean Growth

Focusing on achieving aggressive revenue growth with minimal cost growth by leveraging our existing operational platform to improve our cost-to-income ratio.

Process Improvement

Removal of process, organizational and policy bottlenecks affecting efficiency improvements within the Group. Stemming from the progress made on these key areas of priority in the last part of the year 2015, it is our belief that the Company has delivered a solid and steady performance in 2016 and laid a strong foundation for achieving better performance in 2017 and beyond.

Driving quality earnings across all of our business by focusing on industry leading customer experience and enhancing operating efficiency we shall strive for achieving our strategic goals.

BOARD STRUCTURE & ITS OPERATION

BOARD STRUCTURE OF UCL

Chaired by Chowdhury Tanzim Karim, the Board of Directors determines Company's objectives and supervises their implementation. The operating procedure of the Board is governed by the internal rules and regulations of the Board of Directors. The internal rules and regulations of Board of Directors also define the composition, duties and operating procedures of the Committees established by the Board, which have their own charter of functioning. The Board is assisted by three committees as under:

- Board Audit Committee;
- Executive Committee;
- Green Banking Committee

SIZE OF THE BOARD

The Board of UCL comprises of twelve members including three Independent Directors. As per DFIM Circular no. 9 dated 11 September,2002 of the Bangladesh Bank, the size of the Board of a Nonbanking Financial Institution shall be minimum of nine and maximum eleven excluding Independent Directors. As per BSEC's Notification, a listed company should have Independent Director of at least one-fifth of total Directors. As per Articles of Association of the Company the Managing Director is an Exofficio Director.

COMPOSITION OF THE BOARD

The Board of UCL comprises of the following:

Non-executive Directors

Nine (out of whom five are Nominated Directors)

Independent Directors

Three

Executive Director

One (The Managing Director)

NON-EXECUTIVE DIRECTOR

There are nine Non-executive Directors in the Board. None of the

Directors takes part in the day to day affairs of the Company. They attend only in the Board/Committee meetings to discuss the agenda reserved for the Board/Committees.

INDEPENDENT DIRECTOR ON THE BOARD

There are three Independent Directors on the Board. In order for a Director to qualify as an Independent Director, the Board affirmatively determines that the Director has no material relationship with UCL either as a partner, shareholder or officer of an organization that has a relationship with UCL that would preclude that nominee from being an Independent Director. For the purpose of such determination, the Directors consider that the Independent Director does not hold any share or holds less than one percent shares of the total paid up capital of the Company, who is not connected with the Company's Promoters or Directors or Shareholders who holds one percent or more than one percent shares of the total paid up shares of the Company, on the basis of family relationship; who does not have any other relationship, whether pecuniary or otherwise, with the company or its subsidiary/ associate companies, who is not a member, Director or Officer of any Stock Exchange and who is not a shareholder, director or officer of any stock exchange or an intermediary of the capital market. The

Independent Director is appointed for a period of three years which may be extended by one term only. A person cannot be appointed as Independent Director who has already been appointed as Independent Director of three listed company.

TENURE AND RETIREMENT

As per Companies Act, the office of Non-executive Directors is subject to retirement. At least one-third of the non-executive Directors shall retire by rotation in every Annual General Meeting. The Managing Director is appointed for a minimum period of three years subject to approval of the Central Bank. The office of the Managing Director being an Ex-officio Director is not subject to retirement. The tenure of an Independent Director is three years and may be extended by another three years.

DIRECTORS' COMPENSATION

Except the Managing Director & CEO, none of the Directors holds any position of profit and receives any remuneration other than the fees for attending the Board/Committee meetings. An amount of Tk. 8,000 is paid to each Director for attending each Board/Committee meeting.

MEMBERSHIP OF BOARD COMMITTEE

All the Board Committees are comprised entirely of Nonexecutive Directors. Membership of Directors in the Board Committees is given in their biographies on pages 49 to 55 of this Annual Report.

SUB-COMMITTEE

The Board has three sub-committees namely Board Audit Committee, Executive Committee and Green Banking Committee. The Board Audit Committee comprises of five nonexecutive Directors. The Executive Committee is also consisted of five nonexecutive Directors. The Green Banking Committee

The primary responsibility of the Board of Directors is to protect the shareholders' interest. The Board, elected by the shareholders, is the highest governing authority within the management structure.

consists of five non-executive Directors. All the Board Committees have a written Charter that describes the Committees' purposes, duties and responsibilities. The Committee Charters are available on page 58 to 59 of this Annual Report.

BOARD MEETING

The Board holds at least four regularly scheduled meetings in each year. In the year 2016, the Board met eighteen times to discuss scheduled businesses.

DIRECTORS' RESPONSIBILITY

Each Director uses his or her best efforts to attend in all the meetings of the Board and the Board Committees to which such Director is appointed. The Directors are responsible for developing and upgrading UCL's Governance Principles, Code of Business Conduct and the Charter of each Committee on which such Director serves. For review, working papers relating to business to be transacted in the meeting are provided well in advance to the members of Board/Committees.

COMMUNICATION TO DIRECTOR

Interested parties may communicate with any Director by sending letter to the attention of the Directors in care of the Company Secretary Union Capital Limited, 73 Noor Tower, Sonargoan Road, Dhaka-1205.

CHARTER OF THE BOARD AND ITS COMMITTEES

The Board of Directors is responsible for supervising the management of the business and affairs of the Company in a way which ensures that the interests of shareholders and stakeholders are promoted and protected. In discharging this duty, the Board has the following overall responsibilities:

Strategic planning process

- Supervising the formulation of the strategic direction, plans and priorities of the Company and approving the strategic Plan.
- Reviewing and approving the organizational structure of the Company.
- Monitoring implementation and effectiveness of the approved strategic and operating plans.
- Reviewing and approving the corporate financial objectives and operating plans and actions of the Company.
- · Approving major business decisions.

Identification and management of risks

- Ensuring that processes are in place to identify the principal risks of Company's business.
- Reviewing the systems that are implemented by management to manage those risks.
- Reviewing the processes that ensure compliance with applicable regulatory, corporate, securities and other legal requirements.

- Overseeing Company's control functions' having regard to their independence and effectiveness.

Oversight of communications and public disclosure

- Assessing the effectiveness of Company's communications, including measures for receiving feedback from stakeholders.
- Overseeing establishment of processes for accurate, timely and full public disclosure.
- Reviewing due diligence processes and controls in connection with certification of the Company's financial statements.

Internal controls

- Reviewing the effectiveness of Company's internal controls and management information systems.
- Reviewing and approving the Company's annual and quarterly financial statements and other public disclosure documents that require Board approval.
- Overseeing compliance with applicable audit, accounting and reporting requirements.
- Approving dividends, as well as capital expenditures and transactions which exceed threshold amounts set by the Board.

Culture of Integrity

- Establishing Company's values.
- To the extent feasible, satisfying itself as to the integrity of the Chief Executive Officer and other senior officers and that the Chief Executive Officer and other senior officers create a culture of integrity throughout the organization.

Governance

- Developing a set of corporate governance principles and guidelines.
- Appointing from its members a Chairman of the Board.
- Establishing appropriate structures and procedures to allow the Board to function independently of management.
- Establishing Board committees and defining their mandates to assist the Board in carrying out its roles and responsibilities.
- Setting expectations and responsibilities of directors, including attendance at, preparation for, and participation in meetings.
- Review the composition of the Board with a view to the effectiveness and independence of the Board and its members.

CHARTER OF THE AUDIT COMMITTEE

The Audit Committee, within the delegated authority and in fulfilling the regulatory requirements has the following terms of reference (TOR):

A. Internal Control

- Review the implementation of key accounting policies and financial reporting;
- Evaluate the implementation of the internal control systems and the risk management process.

B. Internal Audit

- Review the adequacy of internal audit function;
- Consider the scope of work and review approve and the annual audit plan and ensure no unjustified restrictions or limitations are made;
- Review and approve the annual audit report;
- Review the activities, resources and organizational structure of Internal Audit;
- Contribute to the selection process for the appointment of the Head of Internal Audit; and
- Ensure that findings and recommendations communicated by Internal Audit and Management's proposed responses are received, discussed and appropriately acted on.

C. Compliance

 Review the effectiveness of the company's system for monitoring compliance with relevant laws and regulations (including internal rules) and the measures taken by Management as a result of its investigation of material incidents of non- compliance.

D. Relationship with the external auditor

- Review the scope of work and audit plan;
- Review Management Letters issued by external Auditors;
- · Review the Report on the annual audit of the Company;
- · Consider the independence of the external auditor and any

potential conflicts of interest;

- Review the "Terms of Engagement" of the external auditor;
- Discuss with the external auditor any audit problems encountered in the course of audit work, including any restriction on audit scope or access to information;
- Discuss with the external auditor the appropriateness of the accounting policies applied in the company's financial reports;
- Ensure that significant findings and recommendations communicated by the external auditor and Management's proposed responses are received, discussed and appropriately acted on; and
- Review the performance of the external auditor and make recommendations to the Board of Directors for the appointment, reappointment or termination of appointment of the external auditor.

E. Reporting to the Board

- Report on the conflict of interests;
- Suspected or presumed fraud or irregularity or material defect in the internal control system;
- Suspected infringement of laws, rules and regulations;
- Any other matters that requires immediate reporting.

F. Others

- Oversee the financial reporting process;
- · Monitor choice of accounting policies and principles;
- Review the annual financial statements before submission to the Board for approval;
- · Review the quarterly and half yearly financial statements;
- Review the statement of significant related party transactions submitted by the management.

CHARTER OF THE EXECUTIVE COMMITTEE

The Executive Committee, in fulfilling its purpose, will:

- Guide the Management in achieving the organization's vision/mission;
- · Review implementation of the business policy;
- Approve credit proposals upto BDT 50 million for each customer;
- Review credit proposals prepared by the management and recommend to the Board where the amount exceeds BDT 50 million;
- Review the proposals relating to write off loan/leases and recommend to the Board for consideration.

CHARTER OF THE GREEN BANKING COMMITTEE

- Formulate a Green Banking policy;
- Guide and advise the green banking unit/cell to prepare an inhouse green banking guide;
- Ensure regular training on in-house green banking activities for creating green banking awareness within the company;
- Ensure incorporation of environmental risk in core risks management;

- Ensure environmental due diligence applied as part of environment risk management before making investment decision;
- Ensure allocation of fund in the annual budget for green banking investment and proper utilization of climate risk fund; and
- Find avenues for innovation of new green banking products and green marketing.

60 < Annual Report 2016

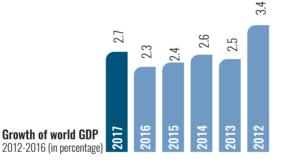

Directors' Report

Directors' Report

Dear Shareholders,

The Board of Directors of Union Capital Limited (UCL) takes the pleasure to present the Annual Report and the Audited Financial Statements of the Company for the year ended 31 December 2016 together with the Auditors' Report thereon, for consideration and approval of our respected Shareholders. The Board of Directors of the Company approved these in its meeting held on 7 May 2017.

This Directors' Report has been prepared in compliance with the Section 184 of the Companies Act 1994, BSEC's Notification of 2012, the Listing Regulations of DSE & CSE, Financial Institutions Act, 1993, Bangladesh Bank guidelines and other applicable rules and regulations. Relevant disclosures and explanations relating to certain issues have been given by the Directors, which they consider relevant and important to ensure compliance, transparency and good governance practices. We believe that this report will provide the insights of the Company's performance during the year under reporting.

GLOBAL ECONOMY 2016

Stagnant global trade, subdued investment, and heightened policy uncertainty marked another difficult year for the world economy. The overall weakness in economic activity, in particularly in investment, has been the primary restraint on trade growth, accounting for up to three-fourths of the slowdown. However, other factors are also weighing on trade and commerce. The waning pace of trade liberalization and the recent uptick in protectionism are holding back trade growth. The decline in the growth of global value chains has also played an important part in the observed slowdown. The global economy accelerated in the final quarter of 2016 due to a combination of improved conditions in emerging market countries and stronger growth in developed economies. It expanded 2.7 percent year-onyear in Q4, above the 2.5 percent rise in Q3 and the strongest print in the full year. Q4's strong reading brought total growth for 2016 to 2.6 percent, a notch above the 2.5 percent previously forecasted but well below 2015's 3.0 percent. Despite the deceleration in 2016, the global economy managed to navigate its way through troubled waters and performed at a still decent rate. Geopolitical risks remained high in 2016 as a result of the Brexit vote, a still-inflamed Middle East, and U.S. presidential elections, among others. Investors in stock markets around the world endured a volatile year in 2016.

USA

The United States is the world's largest national economy in nominal terms and second largest according to purchasing power parity (PPP), representing 22 percent of nominal global GDP and 17 percent of gross world product. Despite facing challenges at the domestic level along with a rapidly transforming global landscape, the U.S. economy is still the largest and most important in the world. The U.S. economy grew at an annual rate of 1.6 percent in 2016. It reflects how slow the recovery has been for USA since the Great Recession. Consumer optimism also reached a fifteen year high in December. A major problem infecting the economy is something called productivity. It's growing at a slower pace than it used to, and that holds down wages and overall growth. The U.S. economy has made significant progress since the recession, especially in the job market. The unemployment rate peaked at 10 percent in 2009. It's now 4.7 percent. Many measures of the job market have also significantly improved. Despite low growth, USA has in fact grown for seven straight years. The services sector is the main engine of the economy.

UNITED KINGDOM

UK economic growth held up better than expected immediate after the Brexit vote, particularly regarding consumer spending and services. For 2016 as a whole, growth looks likely to average around 2 percent. The main reason for the slowdown is the decline in business investment, driven in particular by uncertainty about the UK's future trading relationships with the EU in the longer term. The increase in GDP was mainly driven by the manufacturing and service sectors, particularly the consumerfocused industries such as retail sales and travel agency services. Loose monetary and fiscal policies, coupled with the depreciation of the pound sterling, supported the economy in the second half of 2016.

JAPAN

The economy ended 2016 on a strong footing. The weakening of the ven and a pickup in global trade are propelling exports, which, in December 2016, recorded their first positive reading in fifteen months. The real GDP growth rate for the July-September quarter of 2016 was 0.3 percent on a quarter-on-quarter basis and its annualized rate was 1.3 percent, representing an increase for three consecutive quarters. Private consumption maintained its improving trend. Exports have picked up, mainly led by automobile-related exports to advanced economies and IT-related exports to emerging economies in Asia. Industrial production has picked up, reflecting a moderate increase in demand at home and abroad. Transport equipment production has somewhat gained further momentum, with an increase in shipments to advanced economies. The unemployment rate has continued on a moderate declining trend, albeit with some fluctuations, and has been about 3 percent recently, which is around the structural unemployment rate.

China

China's economy grew by 6.7 percent in 2016, compared with 6.9 percent in earlier year. China is a key driver of the global economy and a growth slowdown is a major concern for the investors around the world. The world's second-largest economy faces nagging downward pressure due to slack global demand that has hurt its exports, as well as risks from painful reforms to cut industrial overcapacity and a growing pile of debt that some analysts fear could spark a financial crisis. Retail sales were up

by 10.2 percent in July compared with a year earlier - below forecasts and a fall from the 10.6 percent increase in June. Industrial output rose by 6 percent compared with the same period of the previous year. China is seeking to restructure its economy to make the spending power of its nearly 1,400 million people a key driver for growth, instead of massive government investment and cheap exports.

Russia

2016 was a year of mixed results for the Russian economy. The government tried hard to balance between addressing economic problems and reaching social development goals. Russia's macroeconomic indicators in 2016 leave one hopeful. Russian economy in 2016 grew by only 0.5 percent. The inflation was decreasing over the past years and reached to 5.8 percent, a record low in post Soviet history. The fall in foreign direct investment into the Russian economy that happened over the past three years is directly related to Western sanctions that left Russian banks and companies unable to request loans on global financial markets. Russia's GDP grows and the general uncertainty in the country's business climate decreases. Agriculture is one of the few sectors of the Russian economy that is developing rapidly and successfully. The level of consumption and overall living standard in the country remain low and continued to fall in 2016. Amidst external headwinds, the recession continues in Russia, although the pace of GDP decline has slowed down. However, supported by the government's policy response package, the pace of the recession has now declined substantially: real GDP shrank by just 0.9 percent year-on-year (v-o-v) in the first half of 2016 compared to -3.7 percent in 2015. The balance of payments remains stable. At 5.6 percent, unemployment is at near minimum levels. The fiscal deficit worsened in 2016.

Canada

The Canadian economy grew by 1.1 percent in 2016, down from the 1.3 percent forecast in its July Monetary Policy Report of Canadian Central Bank, largely due to weaker-than-expected U.S. activity in the first half of the year. Canada's monthly gross domestic product (GDP) continues its roller coaster ride of unpredictability. On a more positive note, the economy added a surprisingly high number of jobs in December and exports accelerated in November, allowing for the first trade surplus since January 2016. Similarly, the housing market defied expectations of a slowdown stemming from tighter mortgage rules. In December, housing sector starts grew at an impressive double-digit rate, while housing prices continued to rise, although at a more moderate pace.

EURO AREA

The Euro Zone achieved a 1.7 percent growth in the year 2016. The European economy has proven resilient to a number of challenges. It was a rollercoaster year for Euro area in terms of political developments. Rising populism, Brexit and terrorist attacks, on top of other political events, have been unable to dent the economy's momentum and economic sentiment in the bloc remains at a multi-year high. In the year 2016, it observed an unusual string of economic, political and security events that could have dented or even derailed the recovery: concerns about growth in emerging markets, exceptionally weak world trade, terrorist attacks in some Member States and neighboring countries, the UK's vote to leave the EU and the large policy uncertainty that has followed to mention just a few. The investment share of GDP is still two percentage points lower than in the early 2000s. Banks are struggling with low profitability which may limit their ability to finance investment once demand picks up more robustly. As savings largely exceed capital formation, the investment weakness is also reflected in the euro area's comparatively large current-account surplus of 3 percent of GDP. Unemployment stood at 9.6 percent in the euro area at the end of 2016. However, substantial slack remains in the labormarket as e.g. the average number of hours performed per worker remains low. Large uncertainties characterize the economic outlook globally and in the euro area. Dealing with the sources of low bank profitability, notably non-performing loans, remains high on the agenda of European economy.

ASIAN Economy

Growth of Asian economy for the whole year came in at 4.7 percent in 2016, a slight pick-up from 2015's 4.5 percent. 2016 was a tumultuous year for the Asian region as well as the world in terms of political events, and financial markets that experienced heightened volatility. Yet growth in the economy has remained on track, despite the backdrop of weak external demand, political events in Malaysia, Philippines and Thailand, as well as swings in financial markets. The result of weaker growth in Malaysia, Philippines and Thailand was compensated by a notable pick-up in activity in Singapore amid improving external demand and a better performance from the electronics industry. Vietnam's economy also accelerated as the agricultural sector continued to recover from the drought earlier in the year. East Asia as a whole is seen to expand by 5.8 percent in 2016. India's surprise demonetization of large banknotes will likely dampen growth this year, but South Asia remains the region's fastestgrowing sub-region. It is now expected to grow in 2016 by 6.6 percent. The continued rise in commodity prices has not sufficed to offset fiscal drag in the oil-producing economies of Central Asia. The slump in oil prices and ongoing conflicts continue to weigh on middle east and central Asia's economy. Uncertainties arising from conflicts in Iraq, Libya, Syria, and Yemen are weakening confidence and lower oil prices are taking a toll on exports and economic activity in oil exporters.

Brazil

Brazil's problems keep piling up. Amid its historic recession, things are getting worse for many Brazilians since an impeachment trial began last May against former President Dilma Rousseff, who was forced to step down in late August 2016. About 12 million Brazilians are now out of work, up from 8.8 million a year ago. Brazil's industrial production declined so much in August, it wiped out the gains from the past five months. Brazil is mired in its longest recession since the 1930s and the IMF estimates meager growth next year. Latin America's largest economy shrank 3.8 percent last year and the IMF now forecasts it will fall another 3.3 percent this year. Brazil's job market is in tatters. Wages in Brazil declined 3 percent in August and the unemployment rate rose to 11.8 percent, up from 8.7 percent a year ago.

India

The country overtook China as the world's fastest growing major economy this year, but may fall behind again as the withdrawal of big rupee notes hurts business activity. Analysts estimate India's shock decision to scrap its 500 rupee and 1,000 rupee notes accounting for about 86 percent of cash in circulation will shave at least one percentage point (and possibly much more) off India's current GDP growth rate of 7.1 percent. Gross domestic product grew by 7.3 percent in the quarter ended September, a slight increase from the previous quarter and much stronger than China's 6.7 percent. In February 2016, India overtook China as the fastest growing major economy in the world amid a failing global economy. In May, India's GDP grew 7.5 per cent year-onyear between January and March, faster than the previous quarter's 7.3 per cent. In June, India's GDP grew further to 7.6 per cent, retaining the fastest growing economy title. In the following months even as India's GDP dipped to 7.1 percent it still managed to stay ahead of China's 6.7 per cent growth.

France

In 2016, despite a strong first quarter (+0.7 percent) driven by exceptionally strong domestic demand excluding stock (+0.9 percent), GDP growth will peak at 1.4 percent on average over the year. The mid-year air pocket, which was marked by strikes, floods, terrorist attacks and the originally scheduled end of the investment tax reduction, partly explains the weak recovery in 2016. The creation of private sector jobs should be relatively dynamic (+149,000), due to support from the CICE competitiveness tax credit, the Responsibility Pact. In total, taking into account unwaged employees and the workforce in the public sector, 219,000 jobs were created in 2016. Meanwhile the public deficit has droped to 3.3 percent of GDP in 2016, after a level of 3.5 percent in 2015.

Germany

Germany is the largest national economy in Europe, the fourthlargest by nominal GDP in the world, and fifth by GDP (PPP). The country is a founding member of the European Union and the Eurozone. In 2016, Germany recorded the highest trade surplus in the world worth USD 31,000 million, making it the biggest capital exporter globally. Germany is the third largest exporter in the world with 1.21 trillion Euros (USD 1.27 trillion) in goods and services exported in 2016. Gross domestic product expanded about half a percent in the October-December period from the previous three months, when it grew 0.2 percent, GDP rose 1.9 percent in 2016, beating a 1.8 percent median estimate. Consumer spending rose 2 percent last year and public expenditure increased 4.2 percent. Investment was up 1.7 percent and construction gained 3.1 percent. Exports grew 2.5 percent, with imports 3.4 percent higher than in 2015. Household consumption benefited from a drop in the unemployment rate to the lowest level since the country's reunification more than a quarter of a century ago. At the same time, government spending was boosted by costs related to the provision of assistance and shelter for more than 1 million refugees that came to the country from war-torn nations including Syria and Iraq. Despite these increased outlays, the government posted a fiscal surplus of 0.6 percent of GDP last year, the third consecutive year that budget revenue exceeded spending.

Italy

Italy is the world's ninth biggest economy. Its economic structure relies mainly on services and manufacturing. The services sector accounts for almost three quarters of total GDP and employs around 65 percent of the country's total employed people. Within the service sector, the most important contributors are the wholesale, retail sales and transportation sectors. Italy is the fourth-largest economy in the European Union (EU), with a nominal 2016 estimated gross domestic product (GDP) of USD 1.85 trillion. The Italian economy is recovering gradually from a deep and protracted recession. Buoyed by exceptionally accommodative monetary policy, favorable commodity prices, supportive fiscal policy, and improved confidence on the back of the authorities' wide-ranging reform efforts, the economy grew by 0.8 percent in 2015 and continued to expand in the first quarter of 2016. Labor market conditions have been improving gradually, and non-performing loans (NPLs) appear to be stabilizing at around 18 percent of total loans.

Sub-Saharan Africa

The average growth for the Sub-Sahara Africa region is projected at a low 1.5 per cent, and it is the lowest in last 20 years. With lower commodity prices and a generally less supportive global economic environment, average growth in the region is foreseen to decelerate sharply to 1.5 percent this year, well below population growth, and in sharp contrast to the high growth rates of the past 15 years. Commodity exporters are under severe economic strains, including the region's three largest countries, Angola, Nigeria, and South Africa. The near-term prospects of oil exporters in particular have worsened, notwithstanding the modest uptick in oil prices, as the slowdown is becoming entrenched-activity among these countries is expected to contract by 1.25 per cent this year. Among other resourceintensive countries, growth in the Democratic Republic of Congo, Ghana, South Africa, Zambia, and Zimbabwe is decelerating sharply or stuck in low gear. There have been quite significant slowdown in some countries in sub-Saharan Africa, especially in resource-intensive countries, including Ghana, non-resourceintensive countries like Kenya and Senegal have been able to maintain growth.

Middle East and North Africa

Economic activities in the Middle East and North Africa (MENA) showed surprising resilience in 2016 despite mounting political and economic headwinds. The region's aggregate GDP expanded 2.7 percent in 2016, up from 2015's 2.6 percent growth. The region greatly benefited from Iran's reintegration into the global economy and its consequent surge in oil shipments. Positive note for 2016 was Iraq's economic rebound following 2015's dismal performance, when the Islamic State (ISIS) occupied large part of land in the country. Morocco was the major outlier as poor weather conditions hit the all-important agricultural sector. Economic dynamics in Jordan and Lebanon were limited by spillovers stemming from the ongoing war in Iraq and Svria. The low oil price environment since mid-2015 forced GCC countries to implement harsh austerity measures in order to rein in their soaring budget deficits. Lower subsidies and a sizeable reduction in government expenditures, particularly in infrastructures, took their toll on non-oil activities. As a result, growth in GCC countries fell from 3.8 percent in 2015 to 1.9 percent in 2016, the weakest performance since the global financial crisis in 2009.

GLOBAL ECONOMIC OUTLOOK IN 2017

The global economy has now entered its sixth year of stagnation and the growth outlook for 2017 shows a continuation of this trend. Global economic growth is forecasted to accelerate moderately to 2.7 percent in 2017 after a post-crisis low last year as obstacles to activity recede among emerging market and developing economy commodity exporters, while domestic demand remains solid among emerging and developing commodity importers. Growth in advanced economies is expected to edge up to 1.8 percent in 2017. Growth in emerging market and developing economies as a whole should pick up to 4.2 percent in the year 2017 from 3.4 percent in the year just ended amid modestly rising commodity prices. Amongest the advanced economies, growth in the United States is expected to pick up to 2.2 percent as manufacturing and investment growth gain traction after a weak 2016. Growth in the emerging world will also pick up as some key economies are slowly recovering from

last year's dismal performance.

The increase in uncertainty about economic growth in the United Kingdom is the major driver behind the immediate reaction in the financial markets. Brexit will inevitably increase the friction between the UK and its international trading partners. A disorderly Brexit scenario will result in an economic recession in the UK, with real GDP contracting by as much as 2.0 percent in 2017. In the event of a disorderly Brexit scenario, architectural services, advertising and legal services are expected to be hit the hardest in terms of revenue loss. Export-driven nations such as China, Japan and Mexico would be the worst hit by Trump's antitrade policies and this situation could exacerbate domestic imbalances. Moreover, political uncertainty is rising in the European Union. Looking at individual countries, this month's global outlook for 2017 will show an upward revision to growth prospects for major economies such as Japan and the United Kingdom. In India, the growth forecast for the current (2016–17) and next fiscal year will be trimmed by one percentage point and 0.4 percentage point, respectively, primarily due to the temporary negative consumption shock induced by cash shortages and payment disruptions associated with the recent currency note withdrawal and exchange initiative. In Latin America, the growth downgrade reflects to an important extent more muted expectations of short-term recovery in Argentina and Brazil following weaker-than-expected growth outturns in the second half of 2016, tighter financial conditions and increased headwinds from U.S.-related uncertainty in Mexico, and continued deterioration in Venezuela. In the Middle East, growth in Saudi Arabia is expected to be weaker as oil production is cut back in line with the recent OPEC agreement, while civil strife continues to take a heavy toll on a number of other countries.

OVERVIEW OF BANGLADESH ECONOMY IN 2016

2016 will be remembered as a chaotic year for Bangladesh, rocked by major security incidents involving deadly terrorist attacks that negatively affected the country's image, both at home and abroad. Despite this, Bangladesh still proved its resilience to such shocking events and continued on with its economic growth trajectory, recording an impressive GDP growth rate of 7.1 percent in 2016. Bangladesh is currently the secondlargest exporter of ready-made garments in the world after China.

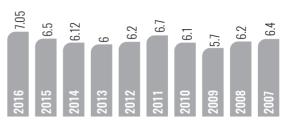

The Bangladesh economy has emerged as one of the resilient developing economies in the world. The economy grew at an average rate of 6.20 percent over the last decade. The per capita national income reached to USD 1,465 in FY2015-16, up by USD 149, from USD 1,316 of previous year. Likewise, per capita GDP reached USD 1,385 in FY2015-16, from USD 1,236 a year earlier. Year-on-year inflation decreased to 5.92 percent in FY2015-16 compared to 6.41 percent in FY2014-15. The revenue mobilization performance was broadly stable in FY2015-16 with a significant rise in revenue receipts.

Economic Growth

GDP Growth Rate in Bangladesh averaged 5.72 percent from 1994 until 2016, reaching an all time high of 7.1 percent in 2016. Despite the global financial crisis and its aftermath, along with the adverse effect emerged from domestic front, Bangladesh has been able to achieve GDP growth at more than 6 percent on an average during the last decade due to development of microcredit, foreign remittance and garment industry. Although three fifths of Bangladeshis are employed in the agriculture sector, three quarters of exports revenues come from

producing ready-made garments.

GDP Growth year wise (Bangladesh) (in percentage)

Agriculture Sector

Agriculture sector growth in FY2015-16 slowed to 2.79 percent from 3.33 percent in FY2014-15, caused by the decline in crops and horticulture growth from 1.83 percent to 0.88 percent during the period. The food-grain production (rice) in FY 2015-16 was 34.71 million Metric Tons (MT), remained flat (34.71 million MT) of previous fiscal year. BBS estimates for Boro production is 18.93 million MT, 1.33 percent lower than previous year production. Boro production declined because of switching to more profitable crops such as wheat, maize, potato, lentils and summer vegetables. Besides, wheat production in FY 2015-16 is 1.355 million MT, marginally higher than the production of 1.348 million MT of previous fiscal year. Maize production in FY 2015-16 is 2,636 million M.T. 2,95 percent higher than the production of previous fiscal year. Within agriculture sector, animal farming increased slightly to 3.19 percent in FY 2015-16 from 3.08 percent in the previous fiscal year. Forest and related services grew by 5.12 percent slightly higher than 5.08 percent in FY2014-15. The fishing sector growth slightly decelerated to 6.11 percent in FY2015-16 compared to that of 6.38 percent in FY2014-15.

Industry sector

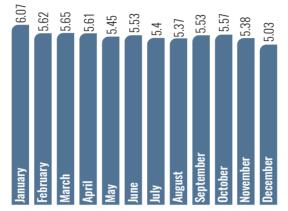

Industry sector growth in FY 2015-16 picked up 11.09 percent from 9.67 percent in FY 2014-15, mainly attributed by the increase in mining and quarrying sector, manufacturing sector and electricity, gas and water supply sector. The growth of mining and quarrying sector was recorded 12.84 percent in FY 2015-16, from 9.60 percent in FY 2014-15. Two sub-sectors of this sector-natural gas production and crude petroleum subsector grew by 11.77 percent and other mining and coal subsectors grew by 14.42 percent. Overall manufacturing sector (large and medium, and small scale) grew by 11.69 percent in FY2015-16, from 10.31 percent in FY2014-15. The growth rate of large and medium scale sub-sector and small scale sub-sector were 12.26 percent and 9.06 percent respectively in FY 2015-16, up from 10.70 percent and 8.54 percent respectively a year earlier. Indices that recorded increase during the period are: wearing apparel (11.14 percent), textile (13.11 percent), food products (13.28 percent), pharmaceuticals and medicinal chemical (1.95 percent), non-metallic mineral products (44.93 percent), chemicals and chemical products (19.66 percent), basic metals (8.40 percent) and fabricated metal products except machinery (0.19 percent).

Inflation

Inflationary trends experienced a consistent decline throughout FY2016. The annual average inflation in June 2016 stood at 5.9 per cent, which was below the target of 6.1 per cent. Lower global commodity prices and stable exchange rate of the BDT against USD contributed to the falling inflation. According to the BBS, the average general inflation rate in the last fiscal year was 5.92 percent, which was 6.41 percent in fiscal year 2014-15, 7.35 percent in fiscal year 2013-14, and 6.78 percent in fiscal year 2012-13. In the year 2016, the inflation rate came down to its lowest in a decade.

Inflation (point to point)

CPI inflation month wise (in percentage)

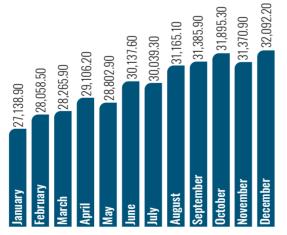

FDI

Foreign Direct Investment in Bangladesh increased by USD 2,003.53 Million in 2016. Foreign Direct Investment in Bangladesh averaged USD 1,001.57 Million from 2002 until 2016, reaching an all time high of USD 2,003.53 Million in 2016. Net inflow of Foreign Direct Investment (FDI) into Bangladesh appeared much smaller than what was estimated earlier. So, in FY 2016 the net inflow of FDI stood at USD 2,003 million which was derived by deducting disinvestment worth USD 499 million from the gross amount of USD 2,502 million.

Foreign Exchange Reserve

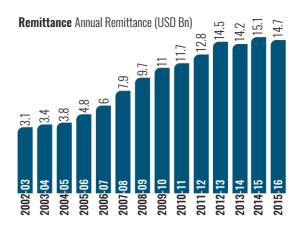

The best performing indicator has been the foreign currency reserve. As of 31 December 2016, it stood at USD 3,209 million, higher than at any other time in the history of Bangladesh. The reserve was at a little over USD 2.749 million on the same day in 2015.

Foreign reserve (In Million USD)

Remittance

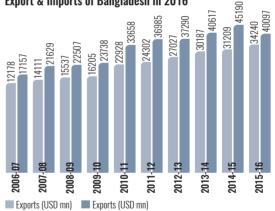

Remittance has become a major contributor to the Bangladeshi economy. The flow of remittance, on which Bangladesh's economic stability has continued amidst a global recession, has been declining. As of 31 December 2016, it stood at USD 959 million which is lower than previous year that was recorded USD 1,313 million.

Exports and Imports

Overall export earnings in 12 months (January-December, 2016) registered a modest 8.0 per cent growth over the previous year. Total export earnings stood at around USD 3,500 million in 2016 compared to USD 3,230 million in 2015. On the other hand, import registered around 6.9 per cent growth in 11 months (January-November) of 2016 over the same period of 2015. Import payments (C&F price) stood at USD 4,075 million in 11 months of 2016. Total value of merchandise trade may be estimated at USD 7.800 million in the last calendar year which was 7,440 million in 2015. Thus, the trend in external trade is moving upward and it is expected to do so in the near future provided that there is no serious disruption in external or internal situation. Export earnings in 2015-2016, the main items of cash exports during the year under review were readymade garments, leather and leather manufactures, jute manufactures, Fish, shrimps and prawns etc.

Export & Imports of Bangladesh in 2016

Bangladesh imports mostly petroleum and oil (11 percent of the total imports); textile (10 percent) and food items (9 percent). Others include: iron and steel (7 percent), edible oil (4 percent), chemicals (4 percent), yarn and plastic and rubber articles (4 percent).

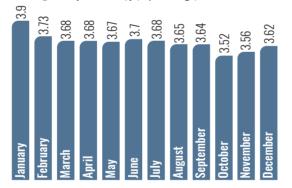

NBFI's PERFORMANCE IN 2016

Bangladesh's banking sector has been entrenched with uneven interest rate spreads, falling profitability, high non-performing loans (NPLs) and uneven competition in recent years. Non Bank Financial Institutions (NBFIs) have emerged as an important segment of financial system in Bangladesh. NBFIs offer diversified financial services mostly long-term in nature to cater the ever changing demands of customers. NBFIs showed strong performance in terms of growth in assets and deposits during FY16. NBFIs deploy funds for providing mainly term loan in different sectors of the economy with major concentration in

industrial sector. At the end of June 2016. NBFIs total investment in capital market stood at BDT 2,110 million. At the end of June 2016, total deposit of NBFIs increased to BDT 35,140 million. At the end of June 2016, aggregate liability and equity increased to BDT 57,200 million and BDT 10,080 million respectively. NBFIs play a significant role for the development of bond market through issuing Zero Coupon Bonds and Asset-backed Securitised Bonds. By taking NOC from the Department of Financial Institutions and Markets (DFIM), BDT 250 million "IDLC Infrastructure and SME Zero Coupon Bond" were issued by IDLC Finance Limited, BDT 300 million non-convertible zero coupon bonds by LankaBangla Finance Limited and BDT 100 million Fixed Rate Nonconvertible Subordinated Bond was issued by Reliance Finance Limited as of June 2016. The ratio of gross nonperforming loan /lease to total loan/lease is used to judge the asset quality of NBFIs. At the end of June 2016, the NPL ratio for NBFIs was 9.0 percent. In the total asset composition of all NBFIs, the concentration of loans, lease and advances was 74.2 percent. Earnings and profitability of an NBFI reflects its efficiency in managing resources and its long term sustainability. BBs prudential policy measures resulted in a stable weighted average interest rate in the call money market ranging from 3.67 percent to 5.71 percent with a minor fluctuations during FY16. During FY16 the monthly average volume of transaction in the call money market increased by BDT 4,358 million which was 3.74 percent higher than that of FY15.

Although the volume of transaction in the call money market was relatively low in the initial months but it steadily increased and weighted average interest rate showed a declining trend amid little fluctuations in FY16.

Lending Rate (Call Money) (in percentage)

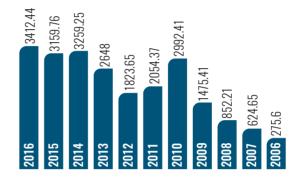

CAPITAL MARKET IN 2016

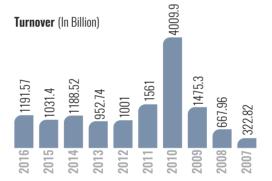

The capital market ended 2016 with hope and aspiration, as the index recorded an almost 9 percent gain in the course of the year. A consistent rally, especially in the last two months of the year, enabled the key index of the premier bourse to stay above the 5,000 points level, yielding an 8.91 percent return for this year. DSEX, the key index of the Dhaka Stock Exchange, closed the year with 5.036 points at 29 December 2016, the last trading of 2016, up from 4,624 points on the first trading day of the year. Active participation of local and foreign investors and the psychological confidence were the main drivers of the market. The market was consolidating round the year but the momentum picked up in the last three months and crossed the psychological barrier of 5,000 points. During the year, 9 new securities were listed on the DSE, which raised about Tk 4,947 million. With the inclusion of the new securities, the total number of listed securities on the DSE stood at 560. The foreign investors have higher exposure now than ever before. Due to the sharp rise in turnover in November and December, the daily average

turnover at the bourse increased to Tk 4,944.20 million in the outgoing year compared with that of Tk 4,227 million in 2015. Although the secondary market finished higher, the primary market was comparatively dull during the year as the amount of fund raised by the issuer companies hit a six-year low in the year 2016. In 2016, eight companies raised Tk 6,593 million from the capital market against that of Tk 6,757.2 million in the previous year.

HIGHLIGHTS ON FINANCIAL PERFORMANCE

Key operating and financial data of last preceding 5 (five) years is shown under the heading of Operational Highlights and Financial Highlights in the page no 42 of this Annual Report.

OPERATIONAL PERFORMANCE OF UCL GROUP

In 2016 the financial sector including Union Capital passed another year of challenge. National economy faced a difficult time because of security instability and high NPL rate. Global economic recession had a spillover impact on the Bangladesh economy. The capital market remained stable throughout the year. UCL met the challenges through focused marketing plan, diversified products and services, initiative towards a fully automated and modern system, improving the assets quality by strengthening the recovery of non-performing assets, emphasis on human resources development programs to upgrade the skill and knowledge of our personnel.

FINANCING AND INVESTMENT OPERATION

Union Capital always tried to be innovative while making any investment decision with a focus to identify and select emerging sectors for financing and maintaining quality portfolio. As a reflection of its corporate vision, the company always prefers the segmented business proposition which includes corporate, institutional clients and SMEs. SME financing is making a significant contribution to the country's economy but still there is an enormous gap between the sectors need and admittance to

funds within reasonable cost. Keeping this in mind, UCL is offering tailored financial products for the growth of SME sectors. Overall investment was slow due to political uncertainly and lack of confidence of entrepreneur throughout the year. On the top of everything, highest priority was given and relentless effort was made to recover loans/lease at utmost level and in which the company performed well.

Diversified portfolio

Major financing activities of the company include Term Finance that represents 54.20 percent of total investment portfolio followed by lease finance (11.64 percent) and SME finance (11.15 percent).

Lease Finance

Lease financing is one of the major fund based activity of Union Capital Limited. The Company offers full payout financial lease for financing capital machinery, equipment and vehicles. UCL provides services to customers of different segments include growing companies, blue-chip companies and SMEs. Though as prudent business model the company has diversified its investment in other business segments in the year 2016. In 2016, total lease finance added was BDT 380.87 million. The investment under lease finance of the Company stood at BDT 1,948.22 million at the end of 2016.

Term Finance

Term finance continued to be a core product of UCL. It is both long term and short term in nature. Long-term finance is available for commercial, industrial, SME sectors for a period ranging from 12 to 60 months depending on the business nature and need. To provide liquidity comfort to corporate houses in emergency situation, the short-term finance is made under the different categories i.e. direct finance for working capital, work order finance, finance against term deposits etc. As pointed out by the Central Bank term finance by NBFIs are the alternate source of capital financing for the industrial growth in this Country. The Company's investment under term finance stood at BDT 8,405.48 million at the end of 2016.

Bridge / Equity Finance

Union Capital expanded its service range of bridge finance beyond the concept of investment banking. The Company provides bridge finance in anticipation of all types of immediate financing requirement ranging from term loan to IPO or equity investment.

SME Finance

UCL provides a wide range of SME products to the potential clients under Bangladesh Bank Re-finance scheme. SME based financial products include, Women entrepreneur Ioan, Supplier Ioan, Medical Ioan, Education Ioan, Business expansion Ioan, Secured Ioan etc.

House Building Finance

The Company offers House Building loan to corporate customer as well as Individuals at different tenure considering the age of the applicant. It is against purchase of Flat, Construction and Renovation of House Building.

Fund Arrangement/Syndication

Sometimes financial requirement of customer become so huge that cannot be arranged from internal sources and also due to regulatory restrictions. In such situation required funds are being raised through syndication arrangements with other financial institutions and banks.

CAPITAL MARKET OPERATION

In 2016, the Capital market of Bangladesh, was more stable than 2015. DSE broad index DSEX started at 4,624.019 point and closed at 5,036.050 point on December 29, 2016. DSEX increased by almost 8.91 percent throughout the year. DSEX's the lowest point was 4,171 and the highest point was 5,036 which indicates that there was fluctuation of almost 865 points. The daily average market turnover was BDT 4,949.61 million in 2016. The market price of share of Union Capital Limited was quite stable. The highest price was recorded at BDT 20.50 on December 29, 2016 and lowest one was BDT 10.50.

Union Capital Limited always works hard to cope up and manage the risk prudently as it holds decades of experience in capital market operations. UCL offers services in the area of merchant banking, portfolio management and stock brokerage through its subsidiaries namely UniCap Investments Limited and UniCap Securities Limited.

IPO Management

UCL Group performs public issue management along with financial engineering and designing of capital structuring services for customers desiring to raise fund from capital market for BMRE and repayment of debt. During the year 2016, the Company signed Rhymer Chemical Industries Ltd. of issue size BDT 320 million Initial Public Offering and Petrochem (Bangladesh) Ltd. of issue size BDT 110 million for Capital Raising.

Underwriting

It is one of the core activities of merchant banking operation. As one of the major underwriter, during the year 2016, the Unicap Investments Limited, one of the fully owned Subsidiaries underwrites Initial Public Offer of Bashundhara Paper Mills Ltd. for BDT 50 million as well as underwrites Right Offer of IFIC Bank Limited for BDT 300 million.

Private Placement

UCL Group arranges the private placement of the debt and equity securities for companies seeking a wide range of corporate finance alternatives. During the period under reporting, the company worked for a number of projects either in the capacity of an arranger or a subscriber of pre-IPO placement.

Corporate Financial and Advisory Services

UCL Group offers professional corporate financial services including customized, value added solutions for better corporate performance in terms of prolonged existence and steady growth. Project advisory services include systemic development of an idea into a plan, development of financial structure preparing feasibility report.

Portfolio Management

UCL Group provides portfolio management services with a margin loan facility to its clients. The transaction of portfolio accounts was made both at the discretion of the customer and the company.

Margin Loan

UCL Group provides margin loan facilities through its Subsidiaries namely UniCap Investments Limited and Unicap Securities Limited to its portfolio customer for purchase of shares and securities. The amount of portfolio loan outstanding as on December 2016 was BDT 5,685.35 million. The above amount represents the aggregate investor's portfolio loan extended to different portfolio customers for purchasing shares listed in the stock exchanges against their deposit. Loans are fully secured by way of lien on share purchased under margin loan account. UCL always maintained its loan ratio in very just and reasonable way adjusting with the market situation without taking any excessive risk for both the company and its customers.

Stock Brokerage

UCL Group also offers stock brokerage services to local and foreign investors through its fully owned subsidiary, UniCap Securities Limited-which has corporate memberships at the Dhaka & Chittagong stock exchanges and full service depository participant of CDBL. The market stability, investor's confidence, participant of institutional investors & foreign investors and availability of liquidity resulted significant increase in the market turnover during 2016.

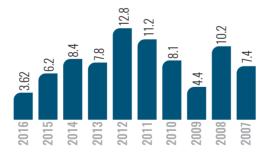

Investment in Share and Securities

UCL maintains its own portfolio for investment in listed companies shares and securities. These are fully diversified with different sector of securities. The investment risk is being minimized through diversification and investing mostly in fundamentally strong securities. In 2016 the company earned BDT 8.07 million in the form of capital gain and dividend.

MONEY MARKET OPERATION

The liquidity position of all banks (except SPBs as they are exempted from the compliance of SLR by Government rule) improved at the end of June 2016 and stood at BDT 262,226 million compared to BDT 71,661 million in June 2015 showing an easing of the money market. At the retail level deposit rates have decreased gradually in FY 2014-15 reflecting a liquidity surplus in the market however lending rates have behaved downward stickier with slight downward shift. Central Bank continued its reform activities this year with a core focus on ensuring financial stability of the Banks, Non-bank Financial Institutions (NBFIs) and Micro Finance Institution (MFIs) operating in the market.

Annual call money interest rate (In percentage)

Banking Arrangements

The Company maintains sufficient facilities to meet its normal funding requirements. These facilities are primarily in the form of bank facilities arranged on a bilateral basis with a number of commercial banks. In 2016 the Company obtained BDT 1,833.37 million from banks against different form of borrowings to finance its operations and repaid BDT 1,460.18 million as per terms and conditions of contracts. UCL also obtained BDT 213.37 million from Bangladesh Bank under the SME Refinancing Schemes.

Deposit Mobilization

UCL mobilizes term deposits from corporate and individuals through its wide range of deposit schemes with different maturity options, monthly/quarterly/half-yearly/yearly income options, double/triple money options, monthly saving options etc. The deposits base of the Company continued to register a steady growth and stood at BDT 13,131.22 million as on 31 December 2016 compared to BDT 11,798.79 million of the previous year, registering growth of 11.29 percent. The growth was made due to high standard products and services along with competitive interest rate offered to customers.

Call Money Transactions

As a financial Institution UCL actively participates in money market on a regular basis and has been dealing both borrowing and lending activities with different banks/financial institutions to manage its liquidity position in an effective way. UCL also maintains very high standard in money market operation and build up a strong reputation for itself.

OPERATIONAL HUB

UCL provides services through its eight offices geographically diversified in the areas namely Dhaka, Chittagong and Sylhet, Tongi, Bogra and Norsingdi.

OPERATING RESULTS (Consolidated)

During 2016, the Company generated revenue of BDT 2,348.81 million, which concluded profit from operation of BDT 996.04 million. Net profit has increased by 10.36 percent to BDT 258.42 million. An amount of BDT 234.99 million has been provided as provision for taxation in 2016. Earnings per share was BDT 1.44 as against BDT1.31 of last year. The weighted average number of ordinary shares outstanding during the year was 142.29 million (2015: 132.99 million). The financial results of the Company for the year 2016 with a comparison of 2015 are summarized below:

	in million except per share dat	ta
--	---------------------------------	----

2016	2015
996.04	801.65
248.59	211.45
493.42	484.56
234.99	250.42
258.42	234.18
1.44	1.31
	996.04 248.59 493.42 234.99 258.42

SUBSIDIARY COMPANIES

UCL has two fully owned subsidiary companies, namely, UniCap Securities Limited – a corporate member of both Dhaka and Chittagong Stock Exchange: and UniCap Investments Limited – a full fledged merchant bank. UniCap Investments Limited was incorporated on 24 May 2011. During the year 2016, UCL did not receive any dividend from the Subsidiary Companies. Separate audited financial statements of the subsidiary companies are given on pages 226 to 249 of this Annual Report.

IPO OF THE COMPANY

UCL floated its ordinary shares through IPO in the year 2007 and raised BDT 75,000,000 at par. The net proceeds of IPO was used for Company's operational activities i.e. for investment in lease finance and term finance.

EVENTS OCCURRING AFTER THE REPORTING DATE

As at the date of this report, the Directors are not aware of any matter or circumstance that has arisen since the end of the year 2015 that has significantly affected or may significantly affect the operations of the Company, the results of its operations or its state of affairs, which is not already reflected in this report other than the following:

DECLARATION OF DIVIDEND

The Board of Directors in its 237th meeting held on 7 May 2017, recommended 10 percent stock dividend for the year ended on 31 December 2016 subject to approval of the shareholders at 19th Annual General Meeting scheduled to be held on 15 June 2017. Special Business Nil

OBSERVANCE OF BAS, BFRS & APPLICABLE LAWS

The Directors have the responsibility for ensuring that the Company keeps accounting records which disclose with reasonable accuracy the financial position of the Company and which enable us to ensure that the financial statements comply with the Companies Act, 1994, the Financial Institutions Act, 1993, and the Bangladesh Securities and Exchange Rules, 1987. The Directors also confirm that the financial statements have been prepared in accordance with the Bangladesh Accounting Standards and other applicable rules and regulations. A separate report on Directors' Responsibilities as to the preparation of financial statement is set out on page no. 84 in this Annual Report.

ACCOUNTING POLICIES AND MAINTENANCE OF BOOKS OF ACCOUNTS

The Directors consider that in preparing the Financial Statements, the Company has used appropriate accounting policies, consistently applied and supported by reasonable and prudent judgments and estimates and that all International Accounting Standards as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB) have been followed. In preparing financial statements, information has been obtained from the books of accounts, which have been maintained properly as required by the applicable rules and regulations.

FAIRNESS OF THE ACCOUNTS

As per Companies Act, 1994, it is the responsibility of the Directors to prepare financial statements for each year to be presented before the shareholders in the Annual General Meeting. The financial statements and other financial information included in this report fairly present in all material respects, the financial conditions, results of operations, cash flows and changes in equity of the Company as of, and for the year ended 31 December, 2016.

RISK MANAGEMENT

Risk is an exposure to a transaction that may result in a loss with some probability. In financial institutions, risk results from variations and fluctuations in assets, liabilities, incomes and outflows & inflows of cash etc. While the types and degree of risks an organization may be exposed to, depend upon a number of factors, it is assumed that generally FIs face Credit, Market, Liquidity, Operational, Compliance, Legal, Regulatory, Environment and Reputation risks as summarized below:

Credit risk

Credit risk is the risk of loss associated with an obligor's potential inability or unwillingness to fulfill their contractual obligations. Credit risk may arise from the risk of default of our customers.

Mitigation Measures

- Ensuring credit quality;
- Diversifying credit risks in transactions and portfolios;
- Using our credit risk rating and scoring systems;
- Pricing appropriately for the credit risk taken;
- · Applying consistent credit risk exposure measurements;
- Mitigating credit risk through preventive controls;
- Ongoing credit risk monitoring and administration;
- Strong credit analysis to identify the risk;
- · Clear loan/lease covenants;
- Effective credit control and monitoring processes;
- Prompt identification of early sign of deterioration;
- Adequacy and realizability of collateral.

Market risk

Market risk is defined as the potential loss in value of the firm due to changes in market prices and rates including interest rates, foreign exchange, commodity price and equity prices. Market risk has a direct impact on earnings and impacts the economic value of the company.

Mitigation measures

- A Risk Management Committee that meets on a regular interval;
- · Daily reporting of valuation results to executive management;
- Strict adherence to UCL's internal policies such as the use of limits and management action triggers.

Liquidity risk

Liquidity risk is the risk that we may be unable to generate or obtain sufficient cash or its equivalent in a timely and costeffective manner to meet our commitments as they come due. The nature of financing services inherently exposes us to various types of liquidity risk. The most common sources of liquidity risk arise from mismatches in the timing and value of cash inflows and outflows.

Mitigation measures

- Efficient Asset and Liability Committee that oversees liquidity management;
- · Diversified sources of funding;
- Contingent funding plan;
- · Effective cash flow planning.

Operational risk

Operational risk is the risk of loss or harm resulting from inadequate or failed internal processes, people and systems or from external events. Operational risk is embedded in all our activities, including the practices and controls used to manage other risks. Failure to manage operational risk can result in direct or indirect financial loss, reputational impact, regulatory censure, or failure in the management of other risks such as credit or market risk.

Mitigation measures

- Effective background checks and thorough confirmation process on new hires;
- Competitive remuneration package and other hygiene factors to attract and retain the best talent;
- · Enforcement of strong supervisory control;
- Zero tolerance to staff integrity issues and fraud;
- A fully fledged HR Department to cater for the training and development needs of staff;
- The introduction of a functional reporting structure to the departmental head for effective supervisory control of the operations of UCL;
- Automation of our processes;
- Putting in place sound business continuity planning and disaster recovery programmes;
- Stepping up operational risk awareness training and programmes;
- Monitor and manage key risk indicators in processes/products/activities.

Regulatory risk

This is the risk whereby the procedures implemented by UCL to ensure compliance to relevant statutory, regulatory and supervisory requirements are not adhered to and/or are inefficient and ineffective.

Mitigation measures

Proactive implementation of UCL's sound compliance programme that ensures compliance by all stakeholders to relevant laws and regulations. This includes continuous updates of UCL's rule books as well as training of all concerned to understand regulatory obligations and the consequence of non-compliance.

Reputation risk

Reputation risk can arise from a number of events and primarily occurs in connection with credit risk, regulatory, legal and operational risks. Operational failures and non-compliance with laws and regulations can have a significant reputational impact on us.

Mitigation measures

- we operate with integrity at all times in order to sustain a strong and positive reputation;
- protecting our reputation is the responsibility of all our employees, including senior management and extends to all

members of the Board.

Overview of other risks

In addition to the risks described in the Risk Management section, there are other risk factors, described below, which may adversely affect our businesses and financial results. The following discussion is not exhaustive as other factors could also adversely affect our results.

Government fiscal, monetary and other policies

Our businesses and earnings are affected by the fiscal, monetary or other policies that are adopted by the Government and Bangladesh Bank and various regulatory authorities. As well, such policies can adversely affect our clients which may increase the risk of default by such clients.

Level of competition

The competition for clients among financial services companies in the markets in which we operate is intense. Client loyalty and retention can be influenced by a number of factors, including services offered by our competitors, relative service levels, the prices and attributes of our products or services, our reputation and actions taken by our competitors. Banks are also offering similar services like leasing, capital market operations etc. Such competition could also reduce net interest income, fee revenue and adversely affect our earnings.

Ability to attract and to retain employees

Competition for qualified employees is intense within the financial services industry and from non-financial industries looking to recruit. Although our goal is to retain and attract qualified employees, there is no assurance that we will be able to do so.

Accuracy and completeness of information on clients and counterparties

When deciding to extend credit or enter into other transactions with clients, we may rely on information provided by or on behalf of clients including audited financial statements and other financial information. Our financial results could be adversely impacted if the financial statements and other financial information relating to clients on whom we rely are materially misleading.

Environmental and Social risk

Environmental risk is the risk of loss to financial, operational or reputational value resulting from the impact of environmental issues which may suffer the society. It arises from our business activities and our operations. For example, the environmental issues associated with our clients' purchase and sale of contaminated property or development of large-scale projects may give rise to credit and reputation risk. Operational and legal risks may arise from environmental issues at our different offices. Failure to adequately manage those environmental risk could adversely impact our reputation.

Other factors

Other factors that may affect actual results include changes in government trade policy, changes in accounting standards, the timely and successful development of new products and services, technological changes and our reliance on third parties to provide components of our business infrastructure, the failure of third parties to comply with their obligations to us, fraud by internal or external parties, the possible impact on our business from national or global economies, disruptions to public infrastructure, including transportation, communication, gas and power, conflicts and political instability and our success in anticipating and managing the associated risks. A detailed report on risk management is given on page 116 to 130 of this Annual Report.

CREDIT RATING

A credit rating is an assessment of the solvency or creditworthiness of a company according to established credit review procedures. These ratings help investors analyze the risks associated with the company by providing detailed information of the ability of a company to meet their obligations. A rating is being continuously monitored. It enables investors to measure their investment risk. The company is rated by one of the leading independent rating agencies.

UCL has been rated by National Credit Ratings Ltd. and adjudged "AA" in the long term and ST -1 in the Short term. The validity of the rating will expire on 24 May 2018. AA rating in the long term signifies UCL's strong capacity for timely servicing of financial obligations offering adequate safety. Institutions rated under this scale carry low credit risk.

INTERNAL CONTROL

The Board acknowledges its responsibilities for UCL's system of internal control and for reviewing its adequacy and effectiveness. The system of internal control covers, inter alia, financial, operational, management information systems, organizational and compliance controls. All internal control systems, no matter how well designed, have inherent limitations, including the possibility of human error and the circumvention or overriding of controls. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to the reliability of financial reporting and financial statement preparation and presentation.

Further, because of changes in conditions, the effectiveness may vary over time. Our management, with the participation of the Chief Executive Officer, Chief Financial Officer and Chief of Internal Control & Compliance evaluated the effectiveness of our Internal Control. Detailed implementation of the system of internal control throughout the company has been delegated by the Board to the Executive Management and the department of ICC. These controls include financial controls that assist the Board in meeting its responsibilities for the integrity and accuracy of the company's accounting records. The Company's financial statements, prepared from these records, comply with the required laws and standards. A separate report on Internal Control is given on page 81 of this Annual Report.

INFORMATION TECHNOLOGY

The emergence of a global economy, transformation of industrial economies, transformation of the business enterprise, and the emergence of digital firm make information systems essential in business today. In many businesses, survival and the ability to achieve strategic business goals is difficult without extensive use of information technology. Keeping pace with the developed world, the financial sector of Bangladesh is becoming increasingly inclined towards digitization. Now a days, Information & Communication Technology (ICT) has become essential for financial institutions in ensuring smooth operation and providing efficient services. UCL has recognized this fact and adopted a comprehensive ICT Policy for its various aspects of operations. The Company's operation has grown significantly in terms of business volume, number of customers as well as diversified its client and product range. In line with this business growth, the challenges and risks of doing business have also grown manifold. Information Technology (IT) being one of the key facilitators of sound business growth and risk management, is

very important to have a robust, scalable and flexible IT platform. UCL holds a fully automated IT structure to support its operation which also produces better MIS for decision making, improve risk management and most importantly, delight its customers at every opportunity. Recently UCL automated its loan appraisal process through a workflow driven system to ensure optimum control and paperless operation in line with Bangladesh Bank's green banking initiatives. Additionally, UCL installed a robust online Human Resource Management Software for efficient management of payroll, PF, gratuity, leave and other relevant information of the employees of the Company.

DIRECTORS' MEETING, ATTENDANCE & REMUNERATION

During the year ended 31 December 2016 a total eighteen meetings were held. All of the Directors serving on the Board attended more than 80.17 percent of the aggregate of the total number of meetings of the Board of Directors. The attendance in the Board meetings by each Director is given in Annexure-I on page 76 of this Annual Report. The Directors including the Independent Directors are not entitled to any remuneration other than fees for attending in the Board/Committee meetings. An amount of BDT 8,000 is paid to each director for attending each Board/Committee meeting. The details on remuneration paid to Directors in 2016 is presented on page 97 of this Annual Report.

DIRECTORS' STATEMENT PURSUANT TO THE DISCLOSURE AND TRANSPARENCY

The Directors confirm that to the best of each Director's knowledge and belief the financial statements, prepared in accordance with BFRS, give a true and fair view of the assets, liabilities, financial position and results of the Company, and the management report contained in the operational and financial review includes a fair review of the development and performance of the business and the position of the company, together with a description of principal risks and uncertainties that may face.

DIRECTORS' RESPONSIBILITIES OF PREPARATION OF FINANCIAL STATEMENTS

As per Companies Act 1994, the Directors are responsible for preparing the Annual Report and Company's financial statements in accordance with applicable laws and regulations. The Board confirms that the Financial Statements have been prepared according to BFRS and other applicable laws and regulations. A statement of the Directors' responsibility in relation to financial statements has been given on page 84 of this Annual Report.

CORPORATE AND FINANCIAL REPORTING FRAMEWORK

The Directors in accordance with BSEC Notification dated 07 August 2012 confirm that:

- The financial statements prepared by the management of UCL present fairly its state of affairs, the result of its operations, cash flows and changes in equity: Proper books of accounts of the Company have been maintained; Appropriate accounting policies have been consistently applied except for the changes disclosed in the financial statements in preparation of the financial statements and accounting estimates are based on reasonable and prudent judgment;
- Bangladesh Accounting Standards (BAS)/ Bangladesh Financial Reporting Standards (BFRS), as applicable in Bangladesh have been followed in preparation of the financial statements and any departure there from has been adequately disclosed;
- The system of internal control is sound in design and has been effectively implemented and monitored; and

• There are no significant doubts upon the Company's ability to continue as a going concern.

KEY OPERATING AND FINANCIAL DATA

Key operating and financial data of last five years as required by BSEC is presented on page 105 to 110 of this Annual Report.

Regulatory COMPLIANCE

UCL is well known for its regulatory compliance and has always followed applicable regulations rigorously. UCL has a dedicated compliance team for ensuring regulatory compliance across all the businesses and operations. They are responsible for identification and assessment and compliance related matters from a regulatory compliance perspective and monitoring and reporting. We ensure that these are periodically reviewed in line with the changing scenario and taking into account modifications if any in the regulatory guidelines.

EVALUATION OF QUARTERLY REPORTS

In order to improve disclosure relating to the functioning of Board Audit Committee and to enhance the reliability and credibility of financial statements of listed companies the Bangladesh Securities and Exchange Commission (BSEC) requires the Audit Committee along with the Management of the Company to review the quarterly and half-yearly financial statements prior to placing the same before the Board for approval. The Audit Committee of UCL reviews the interim financial statements along with the Management before placing the same to the Board. The Charter of the Audit Committee clearly includes among others the function of reviewing the quarterly and half-yearly financial statements of the Company.

REPORT ON THE COMPLIANCE OF THE CONDITIONS OF BSEC'S NOTIFICATION OF 2012

As per BSEC Notification dated 07 August 2012, the Directors are required to report on the compliance on certain conditions in the Notification of August 2012. The Notification was issued for the purpose of establishing a framework for ensuring good governance practices in the listed companies for the interest of the investors and the capital market. The Directors confirm that we have complied with all the conditions stipulated in the Notification. A statement on the compliance with the conditions is given on page 105 of this Annual Report.

REPORT ON THE COMPLIANCE ON THE GUIDELINES OF BANGLADESH BANK

Bangladesh Bank has issued guidelines on certain issues for the NBFIs to be complied with. The Board of UCL confirms that we have complied with all the conditions of the guidelines. A statement on the compliance with the conditions is given on page 111 to 112 of this Annual Report.

CERTIFICATE FROM THE PRACTICING PROFESSIONAL ON THE COMPLIANCE OF CONDITIONS ON CORPORATE GOVERNANCE

As a measure of good corporate governance practice, and as required by BSEC, the Company has appointed Ahmed Zakir & Co., Chartered Accountants, 45. Shaheed Syed Nazrul Islam, Bijoynagar, Dhaka to conduct Audit on the compliance status of Union Capital Limited as to the conditions on the corporate governance as stipulated in BSEC Notification dated 7 August 2012. The professional firm is required to give a certificate after review on the practices by Union Capital Limited. Ahmed Zakir & Co., Chartered Accountants, 45 Shaheed Syed Nazrul Islam, Bijoynagar, Dhaka has given a compliance certificate for the year ended December 31, 2016 which is available on page 115 in the Annual Report. The Report confirms that the Company has complied with all the conditions stipulated in the BSEC Notification on Corporate Governance.

GOING CONCERN

Companies and other entities are experiencing the impact of difficult or uncertain economic conditions in varying degrees. The effects of such economic conditions may be significant in the area of financial reporting, in particular, the Directors' assessment of the Company's ability to continue as a going concern. Going concern is a fundamental principle underlying the preparation of the financial statements of a listed company. Bangladesh Accounting Standards require Directors to consider whether there are material uncertainties that would lead to significant doubt about a company's ability to continue for foreseeable period. BSEC requires the listed companies to make adequate disclosures in the financial report about the going concern of a listed company. The financial statements of the Group and UCL have been prepared on a going concern basis. In making this assessment, the Directors have considered a wide range of information relating to present and future conditions covering principal activities, strategic directions and challenges and uncertainties together with a review of the income statement, financial position and risk profile. In addition the Directors have considered the future projections of profitability, cash flows, asset quality, the outcome of various stress tests and capital resources in making their assessment. After assessment, the Directors are satisfied that the Company has adequate resources to continue its operation for the foreseeable future and therefore continue to adopt the going concern basis in preparing the financial statements. A separate report on going concern has been set out on page 113 of this Annual Report.

SUBSTANTIAL SHAREHOLDINGS

BSEC's Notification dated 7 August 2012 requires a listed company to disclose in the Directors' Report, the list of shareholders holding ten percent or more voting interest in the Company. None of the shareholders hold ten percent or above shares in UCL. The shareholding status of all sponsor shareholders as on 31 December 2016 is given in Annexure-II, page 76 of this Report.

THE PATTERN OF SHAREHOLDINGS

The Authorized Capital of Union Capital Ltd. is BDT 2,000,000,000 divided into 200,000,000 ordinary shares of BDT10 each. The paid-up Capital of the Company is BDT 1,422,996,030 divided into 142,299,603 ordinary shares of BDT10 each. The shareholding pattern of the Company as at December 31, 2016 is shown in Annexure-III, on page 77 of this report as per BSEC Notification of dated 7 August 2012. As per requirement of listing regulations, the distribution schedule of shareholdings of the Company as on 31 December 2016 is given under Annexure-IV on page 77 of this Annual Report.

DIRECTORS TO RETIRE AND RE-APPOINTMENT

As per Article 93 of the Articles of Association of the Company, the following Directors will retire in the Nineteenth Annual General Meeting and being eligible offered themselves for reappointment:

- Chowdhury Tanzim Karim, Director
- Waqar A. Choudhury, Director
- Mrs. Meherunnesa Haque, Director
- Mr. Nadeem A. Chaudhury, Director

The Companies Act, 1994 requires that any Director appointed by the Board since last Annual General Meeting shall retire in the next Annual General Meeting. Accordingly, Ms. Sabita Rezwana Rahman, Director and Mr. Md. Fayekuzzaman, Independent Director will retire in the Nineteen Annual General Meeting and eligible for re-appointment.

Full biographical details of the Company's Directors at the date of this report are given on pages 49 to 55 of this report.

Communication, public disclosure obligations and stakeholder relations

The Board recognizes that effective communication is integral in building stakeholder value and is committed to providing meaningful, transparent, timely and accurate financial and nonfinancial information to primary stakeholders, as defined below. The purpose is to help these stakeholders make meaningful assessments and informed investment decisions about the group.

We endeavor to present a balanced and understandable assessment of our position by addressing material matters of significant interest and concern. We seek to highlight the key risks to which we consider ourselves exposed and our responses to minimize the impact of these risks. Another objective is to show a balance between the positive and negative aspects of our activities in order to achieve a comprehensive and fair account of our performance.

Our primary stakeholders include employees, shareholders, government, regulatory bodies, clients, depositors, suppliers, rating agencies, the media, and the community. The Board appreciates the importance of ensuring an appropriate balance in meeting the diverse needs and expectations of all our stakeholders and building lasting relationships with them. As a requirement of our corporate structure, we comply with the disclosure obligations contained in the applicable listing rules of exchanges on which our shares are listed and with any public disclosure obligations as required by BFRS, BSEC and BB. We also recognize that from time to time we are required to adhere to public disclosure requirements by SAFA.

The Investor Relations division has day-to-day responsibility for ensuring appropriate communication with stakeholders and, together with the Company Secretarial and ICC Department, ensures that we meet our public disclosure obligations.

The processes we have adopted to ensure that we comply with all public disclosure obligations are set out below:

- significant announcements are released directly to BSEC. Announcements are released almost simultaneously to stock exchanges, where our shares are listed thereby ensuring fair treatment of all stakeholders. Copies of these announcements are placed on our website www.unicap-bd.com as soon as possible following confirmation of release on the relevant authorities.
- we maintain a comprehensive investor relations website, which ensures that all stakeholders readily have access to historical and current information
- all shareholders are encouraged to attend the annual general meeting and to raise issues and participate in discussions on items included in the notice of the meeting. The meeting enables the Board to communicate with shareholders and for shareholders to ask questions in person. The chairmen of the Board, Directors and the Managing Director attend the meeting to respond to relevant questions. All valid proxy appointments are recorded and counted and, at general meetings, a schedule of the proxy votes cast is available to all shareholders. We propose a separate resolution on each

substantially separate issue and do not bundle resolutions together inappropriately. All resolutions are determined on a voting. Shareholders are requested to approve our report and accounts and our business.

STAKEHOLDERS ENGAGEMENT

Stakeholders trust is of particular importance in the financial services industry. To cultivate trusting relationships with our broad spectrum of stakeholders, we are committed to engaging them in a variety of ways. We believe engagement is fundamental to creating value for all our stakeholders: it assists in identifying issues that are material and may otherwise have an impact (negative or positive) on their wellbeing. We also believe that engaging with our stakeholders promotes the principles of balance, comparability, reliability, accuracy and transparency of our reporting, both internally and externally. UCL has a wide range of stakeholders that include any person or organisation that may interact with, or have an interest in, UCL and include customers, employees, lenders, suppliers, shareholders, communities, governments, etc.

We aim to provide meaningful and transparent communications to meet the needs of all stakeholder groups and present information to them in the most appropriate format. These formats include annual report. Following the launch of our corporate website, we have continued to develop and update the contents and make those available to our stakeholders. We communicate with our stakeholders throughout the year and engagement is integrated into our business decision-making processes. This 360-degree dialogue is essential in providing all parties with a rounded view of all material issues and helps all to shape their actions and strategies to move forward on these matters.

CORPORATE SOCIAL RESPONSIBILITY

UCL's Corporate Social Responsibility efforts continue to grow along with our business, creating positive change in our communities and deepening those connections among our employees, customers, neighbors, and other partners. Being a responsible business is integral to our success and that of the customers, clients, shareholders and communities we serve around the country. Corporate social responsibility is embedded in our values and informs how we conduct business, develop products and services and deliver on our goals and commitments.

Our CSR report demonstrates how our business practices and operations impact our local communities. We're working with our stakeholders to strengthen Bangladesh's sustainable future by supporting economic growth, giving back to our communities and being responsible to our environment. UCL Group supports a number of charities in the community where our employees and customers live and work. A separate report on CSR activities is given in the page 144 of this report.

CORPORATE GOVERNANCE

The Board of Directors and the Management of the Company are committed to strong corporate governance and believe it is a vital component for the effective and efficient operation and future success of the Company. Good corporate governance demonstrates the Board's ability to independently direct and evaluate the performance of the Company's management, as well as that of the Board members themselves. This is achieved through a well-qualified Board, a strong relationship between the Board and senior management, and strong governance practices and procedures. Strong corporate governance is about companies having clear and systematic decision-making processes, thus providing clarity about responsibilities, avoiding conflicts of interest and ensuring satisfactory transparency. Commitment to UCL's mission and vision requires the integration of sound corporate governance practices into regular business activities in order to, attain – as far as possible – a company that is well governed and well managed.

The main emphasis is on the Board of Directors in its role as the main decision-making body in UCL's corporate governance structure, and the interaction with the other bodies to ensure sound corporate governance. The Corporate Governance section in this Annual Report provides detailed information relating to the UCL's Corporate Governance practices.

HUMAN RESOURCE

In today's businesses, the right approach and management of the company's employees can greatly affect the company's overall performance. Starting from right staffing to maintaining performing employees, HR management is key in developing not only the employees, but the whole organization itself. Developing not only management but also its employees is significant. To keep up with competition, employees are given with a number of reasons to stay with the company, and do their jobs exemplary well. Their continuous growth, the right compensation and benefits, and work-life balance are ensured that motivate employees to perform better, producing better results for the customers and ultimately, the company.

Union Capital persistently reviews the existing human resource policies and implements effective management policies and practices to enrich its employees. We believe that our human resources are our competitive advantage in terms of their sincerity, experience and professional expertise. Considering this, we uncompromisingly take appropriate policy to recruit the bestsuited persons for the right places, provide them adequate training facilities and implement programs to develop and retain high quality human resources. UCL carefully look into the motivational aspects, health and safety of its employees. A separate report on HR is given in page No. 155 of this report.

BUSINESS CONDUCT POLICY

We have built a strong company that is well regarded around the country. Everyday, our actions, promises, ethics and attitudes reflect on UCL as a whole and each of the other employees with whom we work. At all times, we will strive to operate in a manner that protects employee safety and health.

We offer sustainable solutions to environmental problems in the fields of energy and waste management, and our businesses are heavily regulated and scrutinized. We are committed to fostering an ethos of environmental responsibility that goes beyond compliance, and our environmental policies rest on the core principles i.e. compliance, conservation, qualification and commitment.

We are an equal opportunity employer. We have and will continue to recruit, select, train, promote, compensate, transfer, discipline and take all other personnel actions without regard to race, color, religion, gender, age, marital status, or any other characteristic protected by applicable law.

As a publicly traded company, we disclose a great deal of information publicly and are responsible to ensure that this information is accurate and complete. It is essential that our books, records and accounts accurately, fairly and in reasonable detail reflect the transactions related to our business so that our financial statements are fairly presented in all material respects, and all other information we publicly disclose, and the reports we file with the Bangladesh Securities and Exchange Commission, do not contain any material misstatement or omission.

ENVIRONMENTAL & SOCIAL INITIATIVES

As financial service provider, our impact on the environment is relatively less and indirect. We're working to reduce our environmental impact by embedding the environment into our business – and by involving our employees, our customers, and ourcommunities. UCL has a commitment to long-term environmental sustainability. We are also committed to taking environmental & social issues into account when conducting its business activities. This includes operational measures to reduce our consumption of resources, as well as our contribution to climate protection. We also develop products and services that address our clients' financial needs, as well as environmental and social themes. It considers the clearance certificate from the regulators in time of providing financing facilities.

We're concentrating our efforts on issues where we can be most effective. Based on input from our customers, employees, and community we have selected 3 areas of focus for operations: responsible paper use, energy and emissions, engaging our employees and communities. Our environmental initiatives have been reported on page 149 of this Annual Report.

CODE OF CONDUCT AND BUSINESS ETHICS

UCL's code of conduct applies to everyone who is employed by our company. Each of us is accountable for upholding the highest ethical standards as we execute our responsibilities. Managers and leaders are also responsible for establishing and nurturing a culture in which employees feel fully empowered, supported and obligated to do the right thing.

The Code is based on our company's Core Values. The Code of Ethics provides the guidance we need to translate our values into action as we compete in the marketplace and engage with customers, clients, shareholders, and each other.

As we work together to achieve our goals, it is equally important that we commit to one another that we will always do business and grow the right way - with the honesty, integrity and fair dealing that our Code of Ethics and our Core Values require.

CONTRIBUTION TO NATIONAL ECONOMY

We recognize that Union Capital Limited has the corporate responsibilities to the development of the community and the country as a whole. We aspire to be known as an institution that builds enduring relationship with and delivers value for our customers, shareholders, employees and the community where we do business.

As a financial service provider, UCL contributes to the economic prosperity by providing financial products and services to the industrial undertakings including SMEs. UCL contributes to the economy paying out fair share of taxes to Government. Union Capital deposits taxes regularly to the National Exchequer by way of collection of income taxes and VAT at sources from payments and also deposits of corporate income taxes. During the reporting period, the deposited amount was BDT 118.07 million.

We make an economic impact by creating employment and a well-trained workforce. Sustainable economic growth and a healthy environment are inter linked. In this backdrop, we take supportive role in terms of providing financial services by restricting and discouraging those projects that cause pollution for environment and health hazard. UCL invests in sustainable economic development, and we are committed to contributing to the success of people and businesses in the community in which we operate. We support stimulate economic growth by investing in programs that enable economic development with a social purpose.

We also encourage our employees to participate in social and charitable programs. A detailed report on the contribution to national economy has been given on page 152 of the Annual Report.

AUDIT INFORMATION

The Directors who held office at the date of this Director's Report confirm that:

- So far as the Directors are aware, there is no relevant audit information of which the company's auditors are unaware; and
- The Directors have taken all the steps that they themselves ought to have taken as Directors in order to make themselves aware of any relevant information and to establish that the company's Auditors are aware of that information.

RELATED PARTY TRANSACTION

In the ordinary course of business a number of transactions with other entities that fall within the definition of related party contained in Bangladesh Accounting Standard 24: Related Party Disclosures. The Company extends loans/leases and takes deposits to/from related parties including its Directors and related companies. A statement on related party transactions along-with their basis has been disclosed on page 217 of this Annual Report.

APPOINTMENT OF AUDITORS

The Company's Auditors M/S. S. F. Ahmed & Co., Chartered Accountants, House-51, Road- 9, Block-F, Banani, Dhaka will retire in the Nineteenth Annual General Meeting. Being eligible under Section 212 of the Company's Act, 1993, the Auditors have expressed their willingness to continue their office for the financial year 2017. The Auditors have completed their second year of audit and hence eligible for re-appointment. In this regard the Audit Committee scrutinized and reviewed their proposals and recommended to the Board to re-appoint M/S. S. F. Ahmed & Co., Chartered Accountants as the external auditor of the Company for the year 2017 with an audit fee of BDT 200,000 net all taxes. The Broad in its meeting held on 7 May 2017 recommended the shareholders to re-appoint M/S. S. F. Ahmed & Co., Chartered Accountants at a remuneration of BDT 200,000 net all taxes for the year 2017 subject to approval of Bangladesh Bank.

FUTURE OUTLOOK

2017 is expected to be another challenging year for our economy and UCL group as well. The GDP growth forecast for FY2017 is revised somewhat higher still with the expectation that exports will grow with continued economic recovery in the US and the euro area, strong expansion in remittances will boost consumption demand, private and public investment will pick up as the business climate improves under a stabilizing political situation, and spending will increase under the annual development program. Export growth in FY-2017 is projected to improve to 7.0 percent as economic growth in the euro area and the US strengthens. Imports are projected to 9.0 percent, mainly for capital goods, industrial raw materials, and food grains. We are carefully monitoring economic conditions in Bangladesh where we are getting mixed signals from the various economic indicators. On an underlying basis, the business is still growing of course at a slower rate. While the

business of capital market is uncertain and volatile in nature, at this stage we are hopping to make progress in 2017. In addition, we recognize a number of more challenges, which includes increased competition, and slow recovery due to adverse investment climate. Because of involvement of banks in leasing business, competitiveness in leasing has been intensified further. Some banks are also offering capital market related products like brokerage services, portfolio management etc. Moreover, banks are charging higher interest for NBFIs comparing to their other corporate clients. Another big challenge for NBFIs is payment of tax on interest suspense account. High corporate tax on NBFIs is another challenge for us. NBFIs are taxed at the rate of 40 percent (in case of listed companies) and at the rate of 42.5 percent (in case of non listed companies). While financial products and capital market expected to remain dominant in the long run, we expect to see continued growth in demand for our products and services in the short-run as well, which will require further strengthening our existing services, specially as our clients move into more comfortable operating environment. We have adequate capital and we are quite large in terms of providing a full range of financial services. Our presence in the market is growing steadily and we have improved our presence in all areas of operations. We have professionals with profound managerial talents and perhaps most importantly, we have a hard earned reputation as one of the top service providers in our industry. We are confident that we have the right team and the strategy in place to achieve our goal. While there has certainly been a challenging few years for UCL, we feel good about where we are going.

ACKNOWLEDGEMENT

The Directors wish to place on record their appreciation for the co-operation and support received from Bangladesh Bank, Bangladesh Securities and Exchange Commission and Stock Exchanges.

We would like to express our sincere gratitude to all the shareholders for their confidence in the Company. The Board also places on record its appreciation for continued support provided by the esteemed customers, bankers, financial institutions, regulators and depositors. The Directors also acknowledge the hard work, dedication and commitment of the employees. Their enthusiasm and unstinting efforts have enabled the Company to grow better than before. We hope similar support from all of you that will underpin our continuous growth.

On behalf of the Board of Directors,

sd/-

Audit Committee Report

Audit Committee Report

The Board Audit Committee was formed in compliance with Bangladesh Bank guidelines and Bangladesh Securities and Exchange Commission (BSEC) notification on Corporate Governance with a view to provide independent oversight of the Company's financial reporting, non-financial corporate disclosure, effectiveness of internal control system etc. as set out in the Committee Charter.

An audit committee is consisted of a selected number of members of a company's board of directors whose responsibilities include helping auditors remain independent of management. The Board Audit Committee was formed in compliance with Bangladesh Bank guidelines and Bangladesh Securities and Exchange Commission (BSEC) notification on Corporate Governance with a view to provide independent oversight of the Company's financial reporting, non-financial corporate disclosure, effectiveness of internal control system etc. as set out in the Committee Charter.

COMPOSITION OF THE BOARD AUDIT COMMITTEE

The Audit Committee consists of five non-executive Directors of the Company with the exception of the Chairman of the Board appointed by the Board of Directors. In order to fulfill a quorum, at least three members of the committee must be present in the meeting. The appointment of an Independent Director is ratified by the shareholders in the AGM. An Independent Director is in the Chair of the Audit Committee.

In compliance with Section 3.2 (i) of the latest Corporate Governance Notification issued by the BSEC on 07 August 2012, the Board Audit Committee was reformed on 31 December 2012. The Committee comprises the following members as of the date of this report:

Mohammad Nurun Nabi FCA

(appointed on 31 December 2014)

Mr. M. Faizur Rahman (appointed on 31 December 2012)

Mr. Nadeem A. Chaudhury (appointed on 31 December 2012)

Mrs. Tajrina Sikder (appointed on 31 December 2012)

Ms. Sabita Rezwana Rahman (appointed on 29 September 2016)

Biographical details of the current members of the Committee are set out on page 49 to 55; Members' fees are included in the table of remuneration of the audit committee members on page 97 of the report.

The Chief Executive Officer (CEO), Chief Financial Officer (CFO), Head of Internal Control and Compliance (ICC) and the representatives of the external auditors are invited to attend the Committee Meetings.

OBJECTIVE OF THE COMMITTEE

By effectively carrying out its functions and responsibilities, the audit committee helps to ensure that management properly develops and adheres to a sound system of internal controls, that procedures are in place to objectively assess management's

practices and internal controls, and that the outside auditors, through their own review, objectively assess the company's financial reporting practices. The objective of the committee is to assist the Board in fulfilling its corporate governance responsibilities, particularly:

- the reliability and integrity of information for inclusion in Company's financial statements;
- compliance with legal and regulatory obligations, including audit, accounting, tax and financial reporting obligations;
- the integrity of company's internal control framework;
- safeguarding the independence of the external and internal auditors;
- ensuring that the management has selected accounting policies that are in line with applicable accounting standards; and
- Review interim financial releases i.e., quarterly and half yearly unaudited financial statements and recommend the same to the Board of Directors for approval.

The engagement partner of the external audit firm is invited to attend each Annual General Meeting and to be available to answer shareholders questions about the conduct of the audit and the preparation and content of the auditor's report.

CHAIRMAN OF THE AUDIT COMMITTEE

The committee is chaired by a non-executive Independent Director Mr. Mohammad Nurun Nabi FCA who is considered to be best qualified to serve in this role and has knowledge of finance. Mr. Mohammad Nurun Nabi FCA is a Bachelor of Science from Karachi University and a fellow Member of the Institute of Chartered Accountants of Bangladesh (ICAB). He has more than 40 years of experience in his exchequer in local and foreign organizations at different responsible capacity. The biography of Mr. Nurun Nabi FCA is given on page 55 of this Annual Report.

AUDIT COMMITTEE CHARTER

Purpose

To assist the Board of Directors in fulfilling its oversight responsibilities for (1) the integrity of the UCL's financial statements, (2) UCL's compliance with legal and regulatory requirements, (3) the External Auditor's qualifications and independence, (4) evaluate the operating effectiveness of internal control system and (5) the performance of UCL's internal audit function and independent auditors. The audit committee will also conduct the functions that regulatory rules require to be done.

Authority

The audit committee has authority to conduct or authorize investigations into any matters within its scope of responsibility. It is empowered to:

- Recommend to the Board regarding appointment, compensation and oversee the work of the external auditors appointed by UCL to conduct the annual audit. The Auditors will report to the audit committee.
- Resolve any disagreements between management and the auditor regarding financial reporting.
- Pre-approve all auditing and permitted non- audit services performed by the company's external audit firm.
- Retain independent counsel, accountants or others to advise the committee or assist in the conduct of an investigation.
- Seek any information it requires from employees all of whom are directed to cooperate with the committee's requests - or external parties.
- Meet with company officers, external auditors, or outside counsel, as necessary.
- Delegate authority to subcommittees, including the authority to pre-approve all auditing and permitted non-audit services, providing that such decisions are presented to the full committee at its next Committee meeting.

Internal Control

- review the implementation of key accounting policies and financial reporting;
- evaluate the implementation of the internal control systems and the risk management process.

Internal Audit

- review the adequacy of internal audit function;
- consider the scope of work and review and approve the annual audit plan and ensure no unjustified restrictions or limitations are made;
- review and approve the annual audit report;
- review the activities, resources and organizational structure of Internal audit;
- contribute to the selection process for the appointment of the Head of Internal audit; and
- ensure that findings and recommendations communicated by Internal audit and Management's proposed responses are received, discussed and appropriately acted on.

Compliance

Review the effectiveness of the company's system for monitoring compliance with relevant laws and regulations (including internal rules) and the measures taken by Management as a result of its investigation of material incidents of non- compliance.

Relationship with External Auditor

- discuss with the external auditor any audit problems encountered in the course of audit work, including any restriction on audit scope or access to information;
- discuss with the external auditor the appropriateness of the accounting policies applied in the company's financial reports;
- ensure that significant findings and recommendations communicated by the external auditor and Management's proposed responses are received, discussed and appropriately acted on;
- review the performance of the external auditor and make recommendations to the Board of Directors for the appointment, reappointment or termination of the external auditor.

ACTIVITIES OF THE COMMITTEE CARRIED OUT IN THE YEAR 2016:

- The audit Committee carried out among others the following activities in the year 2016:
- reviewed both the consolidated and separate audited financial statements for the year ended 31 December 2015 along with the auditors' report thereon;
- reviewed the proposal of auditors for re-appointment and recommended the same to the Board;
- reviewed the inspection reports of Bangladesh Bank on head office of UCL and its branch offices and management responses thereon;
- reviewed the departmental activities of the company;
- reviewed and discussed on the management structure of the company and its subsidiaries along with the weaknesses of the company;
- reviewed the report on the non-performing / default clients;
- reviewed the report on business operations;
- reviewed the revised and annual budget of the company;
- reviewed the quarterly financial statement of the group;
- reviewed the overdue status of company's portfolio;
- reviewed the affairs of subsidiary companies.

The Committee concurs with and accepts the audit report on the financial statements and has recommended for approval thereof to the Board. The Board has subsequently approved the financial statements, which will be open for discussion at the forthcoming Annual General Meeting.

Mohammad Nurun Nabi FCA Chairman, Audit Committee 07 May 2017

Report on Internal Control

Whilst the Board acknowledges that total elimination of risks is not possible, the system of internal controls that is in place is designed to manage risks in meeting the Group's business objectives. The system can only provide reasonable and not absolute assurance against material misstatement, loss or fraud.

INTRODUCTION

A sound internal control system has always been one of the most important matters for any organization. The better the internal control system better the performance of the Company. The Board of Directors recognizes the importance of a sound internal control system with a view to ensuring good corporate governance practice thereby safeguard the shareholders' investments and the Company's assets.

The system of internal control that we have in place enables us to drive our business operations in a more efficient and effective manner ensures sound financial reporting and control procedures, as well as compliance with the relevant laws and regulations.

As a listed issuer, we have an obligation, to ensure that a statement on the state of the company's internal control is included in this annual report. The following statement on internal control has been prepared in accordance with the regulatory requirements not only to comply with the regulatory requirements but also to articulate the practical internal control effectiveness to the existing and potential stakeholders.

RESPONSIBILITY

The Board of Directors acknowledges the importance of maintaining a sound system of internal control to safeguard shareholders' investments and the Company's assets. Guidance for Directors of Public Listed Companies, the Board is pleased to present the Statement on Internal Control of the Group.

The Board affirms its overall responsibility for the Group's system of internal control and risk management, and for reviewing the adequacy and integrity of these systems. However, in view of the inherent limitations in any system, such system of internal control is designed to manage rather than to eliminate risks that may impede the achievement of the Company's objectives. The system can therefore only provide reasonable and not absolute assurance against material misstatements, frauds or losses. The system of internal control covers risk management and financial, organisational, operational and compliance controls. The Board confirms that there is an on-going process of identifying, evaluating and managing significant risks by the management. This process has been put in place for the year and is reviewed periodically by the Board through its Audit Committee which is supported by the Internal Auditors.

While the 'tone at the top' is set by the Board, it is the role of the management to implement the policies adopted by the Board. In fulfilling its responsibilities, management identify and evaluate the risks faced by the Company - for consideration by the Board - and design, implement and monitor an appropriate system of internal control.

DESCRIPTION ON THE INTERNAL CONTROL SYSTEM

Control Environment:

The control environment sets the tone of an organisation, influencing the control consciousness of its people. It is the foundation for all other components of internal control, providing discipline and structure. Control environment factors include the integrity, ethical values and competence of the Company's people; management's philosophy and operating style; the way management assigns authority and responsibility, and organises and develops its people; and the attention and direction provided by the Board of directors.

Identification and Evaluation of Risks and Control Objectives:

Naturally the Company faces a variety of risks from various sources that are assessed. A precondition to risk assessment is establishment of objectives, linked at different levels and internally consistent. Risk assessment is the identification and analysis of relevant risks to achievement of objectives, forming a basis for determining how the risks should be managed. Because economic, industry, regulatory and operating conditions will continue to change. Mechanisms are needed to identify and deal with the special risks associated with change.

Control Activities

Control activities are the policies and procedures that help ensure that management directives are carried out. They help ensure that necessary actions have been taken to address risks to achievement of the entity's objectives. Control activities occur throughout the organisation, at all levels and in all functions. They include a range of activities as diverse as approvals, authorisations, verifications, reconciliations, reviews of operating performance, security of assets and segregation of duties.

Information and Communication Processes

Pertinent information must be identified, captured and communicated in a form and time frame that enables people to carry out their responsibilities. Information systems produce reports, containing operational, financial and compliance-related information, that make it possible to run and control the business. They deal not only with internally generated data, but also information about external events, activities and conditions necessary to informed business decision-making and external reporting. Effective communication must also occur in a broader sense, flowing down, across and up the organisation. All personnel must receive a clear message from top management that control responsibilities must be taken seriously. They must understand their own role in the internal control system, as well as how individual activities relate to the work of others. They must have a means of communicating significant information upstream. There also needs to be effective communication with external parties, such as customers, suppliers, regulators and shareholders.

Processes for Monitoring the Effectiveness of Internal Control System

Internal control systems need to be monitored - a process that assesses the quality of the system's performance over time. This is accomplished through ongoing monitoring activities, separate evaluations or a combination of the two. Ongoing monitoring occurs in the course of operations. It includes regular management and supervisory activities, and other actions personnel take in performing their duties. The scope and frequency of separate evaluations will depend primarily on an assessment of risks and the effectiveness of ongoing monitoring procedures. Internal control deficiencies should be reported upstream, with serious matters reported to top management and the Board.

KEY INTERNAL CONTROL PROCESSES

The key processes that the Board has established in reviewing the adequacy and integrity of the Group's system of internal controls include the following:

Risk Management Framework

The risk management process seeks to identify, measure, monitor and control risk. It also seeks to ensure that risk exposures are adequately managed and that the expected returns compensate the risks taken.

This process is regularly reviewed through its Risk Management Committee (RMC) which ensures the proper management of risks and takes the appropriate measures to mitigate any identified weaknesses in the control environment.

The RMC provides oversight of the Group's overall risk management. In discharging its overall duties and responsibilities, the RMC is supported by the risk management function which monitors and evaluates the effectiveness of the risk management system and operations on an ongoing basis.

Amongest the other committees set up in the Group to manage specific areas of risk are the Assets & Liabilities Management Committee (ALCO), Management Credit Committee and Basel II Implementation Committee.

In line with regulatory requirements and industry best practices, the Group has instilled the principle that risk management is a core responsibility of the respective business and operating units. This is enriched in the risk management framework of the Group.

Internal Audit Function

The internal audit performs regular review of the Company's operational processes and system of internal controls. Internal audit adopts a risk-based approach in determining the auditable units and frequency of audits.

Audit plans are reviewed regularly.

The results of the audits conducted by internal auditor are reported to the Board Audit Committee. The follow-up actions and the review of the status of actions taken as per the auditors' recommendations are carried out by the management via various management committees.

The Audit Committee holds regular meetings to deliberate on the findings and recommendations for improvement highlighted by both the internal and external auditors as well as the regulatory authorities. The minutes of the meetings of the Audit Committee are subsequently tabled to the respective Boards for notation. The copy of the minutes of the meetings of the Audit Committee is also sent to Bangladesh Bank regularly within the stipulated time.

Further details of the activities undertaken by the audit Committee of the Company are set out in the Audit Committee Report.

Group Compliance Framework

Compliance risk in UCL is defined as the risk of impairment to the Group's reputation and financial condition from failure to meet laws and regulations, internal policies and expectations of stakeholders.

The Group's state of compliance with laws, regulations and internal policies and procedures are reported to RMC. In addition the Group has in place a reporting process wherein any incident affecting the reputation of the Group is escalated to the senior management immediate after the occurrence of the incident. The escalation process ensures the adequate oversight and guidance is provided by the Board in managing reputational risk.

Compliance in collaboration with the business operating units continuously assesses and recommends improvements to control by carrying out root cause analysis on common incidences of non-compliance, negligence and fraud.

To mitigate compliance risk, briefings as well as various awareness and learning initiatives are conducted to ensure continuous compliance with existing controls and to embed a compliance culture within the Group.

Board Committees

Specific responsibilities have been delegated to the relevant Board Committees, all of which have written terms of references. These committees have the authority to examine and/or consider all matters within their scope of responsibilities and make recommendations to the Board for approval, if such is required. The Board Committees are as follows:

- Audit Committee;
- Executive Committee; and
- Green Banking Committee

Management Committee (MC)

The Management Committee, comprising key management personnel of UCL and chaired by the Managing Director, manages the strategic direction and provides strategic guidance to the functional units. Being a forum where all strategic and operational matters are discussed, the MC meets regularly and special meetings are convened to discuss urgent issues.

Authority Limits

Delegation of authority including authorization limits at various levels of Management in the Group are documented and designed to ensure accountability and responsibility.

Internal Policies and Procedures

Policies, procedures and processes governing the Group's businesses and operations are documented and are made available to employees across the Group. These policies, procedures and processes are reviewed and updated to cater to changes in laws and regulations as well as changes to the business and operational environment. Furthermore, a review of the policies, procedures and processes are also carried out to ensure that appropriate controls are in place to manage operational risks.

There is clear procedure for investment appraisals including

equity investment and capital expenditure.

Budgeting Process

A detailed budgeting process is established requiring all key operating companies in the Group to prepare budgets and business plans annually for approval by the Boards. The budget and business plans as well as strategic initiatives are discussed by the senior management and the Board at an annual business planning and budgetary session.

A reporting system on actual performance against approved budgets is in place and significant variances are followed up by the Management and reported to the Board.

Performance Review

Regular and comprehensive information is shared by the Management for monitoring of their performance against the strategic business plan approved by the Board, covering all key financial and operational indicators as well as key strategic initiatives undertaken by the Group during the year.

The Management Committee and the Board receive and review the monthly accounts and financial information reports at their monthly or regular meetings.

Human Capital Management

The Group acknowledges that one of the key constituents of any internal control system is its people and that our system of internal controls is dependent on the responsibility, integrity and judgment that people apply to their work.

Hence, the Group has in place policies and procedures that govern recruitment and appointment, performance management, talent management, succession planning, compensation and reward, learning Statement on Internal Control and human capital development as well as policies and procedures that govern discipline, termination and dismissal.

Code of Ethics and Conduct

The Code of ethics and Conduct sets out the standards of good and ethical business practices, and aims to maintain confidence in the security and integrity of the business practices. It is a requirement that all employees of the Group understand and observe the Code.

Directors' Responsibility

in respect of the Financial Statements

The Directors are responsible for preparing the Directors' Report and the Financial Statements in accordance with BFRS and applicable laws and regulations.

The Companies Act, 1994 requires the Directors to prepare financial statements for each financial year. The Directors have prepared these financial statements in accordance with International Financial Reporting Standards (IFRS) and International Accounting Standards (IAS) as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB), Bangladesh Securities and Exchange Rules 1987 and the Listing Regulations of the Stock Exchanges. The financial statements are, as required by laws, to give a true and fair view of the state of affairs of the group and of the profit or loss of the group for the year under review.

In preparing these financial statements, the Directors are required to:

- Select suitable accounting policies and apply them consistently;
- Make judgments and estimate that are reasonable and prudent;
- State that these financial statements comply with IFRSs as adopted by the ICAB; and
- Prepare the consolidated financial statements on the going concern basis, unless it is inappropriate to presume that the group will continue in business in which case there should be supporting assumptions or qualifications as necessary.

The Directors confirm that they have complies with the above requirement in preparing these financial statements.

The Directors are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the group. They are also responsible for safeguarding the assets of the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In addition, the Companies Act, 1994 requires the Directors to provide the auditors with every opportunity to take whatever steps and undertake whatever inspections the auditors consider to be appropriate for the purpose of enabling them to give their audit report. The Directors, having made appropriate inquiries, confirm that:

- so far as the Directors are aware, there is no relevant audit information of which the auditors are unaware; and
- The Directors have taken all the steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

The Directors have reviewed the budget and cash flow forecasts.

On the basis of this review, and in the light of the current financial position and existing borrowing facilities including cash flows, the Directors are satisfied that UCL is a going concern and have continued to adopt the going concern basis in preparing the financial statements.

In compliance with the requirements of the BSEC's Notification dated 7 August 2012, the Directors are also required to disclose certain matters in their report. In compliance with these requirements, the Directors confirm that:

- The financial statements present fairly its state of affairs, result of its operations, cash flows and changes in equity;
- Proper books of account have been maintained;
- Appropriate accounting policies have been consistently applied in the preparation of financial statements and accounting estimates are based on reasonable and prudent judgment;
- BFRSs have been followed in preparing the financial statements and any departure has been adequately disclosed;
- The system of internal control is sound in design and effectively implemented and monitored;
- Statement on Company's ability to continue as a going concern has been disclosed;
- Significant deviations from last year in operating results have been highlighted along with the reasons thereon has been disclosed;
- Key operating and financial data of preceding five years have been summarized;
- The number of Board meetings held during the year and attendance by each Director has been disclosed;
- · The pattern of shareholdings etc. has been disclosed;
- Industry outlook and possible future developments has been disclosed;
- · Segment-wise performance has been disclosed;
- · Risks and concerns have been disclosed;
- · Continuity of any extra-ordinary gain or loss has been disclosed;
- Statement of all related party transactions has been disclosed.
- Significant variance, while occurred between quarterly financial performance and annual financial statements, has been disclosed;
- Remuneration to Directors including Independent Director has been disclosed;
- A brief resume, nature of Director's expertise in specific areas, other directorship and the membership of committees of the Board of other companies given on pages 49 to 55 of this Annual Report.

The Directors have reviewed the budget and cash flow forecasts. On the basis of this review, and in the light of the current financial position and existing borrowing facilities, the Directors are satisfied that UCL is a going concern and have continued to adopt the going concern basis in preparing the financial statements.

Responsibility of the CEO and CFO in respect of Financial Reporting

We, the following signatories, certify that we have reviewed the accompanying consolidated financial statements of Union Capital Limited and to the best of our knowledge and belief:

- the financial statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading; and
- the financial statements together present a true and fair view of the Company's affairs and are prepared in accordance with the Financial Institutions Act, 1993 and Bangladesh Financial Reporting Standards (BFRS) and other applicable laws and regulations.

We further certify that, to the best of our knowledge and belief, there were no transactions entered into by the Company during the year, which are fraudulent, illegal, or violation of the Company's code of conduct.

Report on Internal Control Over Financial Reporting

Sets out the responsibility of the management in establishing adequate internal Control over financial reporting

Management of UCL is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is a process designed by or under the supervision of the Managing Director & CEO and the Chief Financial Officer and effected by the Board of Directors, the Management and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with IFRS as adopted by ICAB and other applicable rules and regulations. It includes those policies and procedures that:

- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions related to operations;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with IFRS as adopted by ICAB and our receipts and expenditures are made only in accordance with authorizations of our management and directors; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on our financial statements.

Due to its inherent limitations, internal control over financial

reporting may not prevent or detect misstatements on a timely basis. Also, projections of any evaluation of the effectiveness of internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management evaluated, under the supervision of and with the participation of the Managing Director & CEO, the Chief Financial Officer and the Head of Internal Control & Compliance, the effectiveness of our internal control over financial reporting as of 31 December 2016.

Based on that evaluation, management concluded that, as of December 31, 2016, internal control over financial reporting was effective. Also, based on the results of our evaluation, management concluded that there were no material weaknesses that have been identified in internal control over financial reporting as of 31 December 2016.

Our internal control over financial reporting as of 31 December 2016 has been audited by S. F. Ahmed & Co., Chartered Accountants, who also audited our Consolidated Financial Statements for the year ended 31 December 2016. The Auditor also assess the effectiveness of our internal control and determines the degree and extent of reliance on internal control system.

CHAIRMAN'S STATEMENT ON CORPORATE GOVERNANCE

 $\label{eq:constraint} \text{Describes UCL's approach to good governance practices}$

How we govern ourselves as a Group is as important as anything else we do. Being an ethical company is about much more than simply adhering to the letter of the law. But it's an important step. We aim to achieve and maintain the highest standards of business integrity, ethics and professionalism across all of our activities.

The Board is accountable to the Company's shareholders for the good conduct of the Group's affairs. This report explains how the Group applies the Corporate Governance issued by the BSEC and Bangladesh Bank.

The Directors are committed to maintaining the highest standards of corporate governance, which they believe are fundamental in discharging their stewardship responsibilities.

The Board confirms that the Company has, throughout the period under review, complied with all provisions set out in corporate governance guidelines.

As part of its commitment to sustainable operations at every level, UCL Group operates within a clearly defined governance framework that defines all governance and compliance aspects of the Company.

The Board of Directors strongly believes in the importance of good Corporate Governance in maintaining Company's reputation and solid foundation. The Board will continue to ensure good Corporate Governance to provide the requisite leadership, policy, strategy and internal controls in order to continue to deliver and sustain company's value propositions. This benefits our stakeholders while at the same time ensuring continuing momentum towards reaching UCL's aspirations to be a leading financial institution.

UCL is committed to the principles of excellence in corporate governance and ethics. This commitment is evidenced by the following practices that are in place at UCL Group:

- A Board with all non-executive members being independent of Management;
- Clear separation of the role of the Chairman of the Board and the Managing Director & CEO;
- The Audit Committee, Executive Committee and Green Banking Committee comprises solely of Non-executive Directors;
- Inclusion of the independent Directors in the Board Audit Committee;
- An Independent Director is in the Chair of the Audit Committee;
- A code of ethics and business conduct;

- Maintaining the basic principles of Corporate Governance;
- Published Charter for the Board and all of its Committees;
- Certification from an independent professional on the compliance of the conditions of BSEC's Notification of 7 August 2012;
- A set of corporate values integrity, trust, teamwork, openness, transparency, excellence and resilience - communicated to all employees;
- The members of the Board Audit Committee possesses knowledge on internal control, financial and administrative matters;
- The Audit Committee meets regularly with / without the presence of the Executive Management;
- An established system of internal control with appropriate check and balance;
- Ensure transparency in financial reporting and adequate disclosures.

For UCL, Corporate Governance is not a mere statement of compliance. We aim to achieve and maintain the highest standards of business integrity, ethics and professionalism across the Group.

We believe that good governance, in its broadest sense, is a competitive advantage. To maximize shareholders' value on a sustainable basis, principles of good governance must extend beyond the Board of Directors into every segment of business activities. Indeed, a foundation of ethics, integrity and good governance guides all of our activities across our diverse operations.

Thank you,

Chowdhury Tanzim Karim Chairman

In today's marketplace of continually evolving regulatory and investor expectations, your Board has focused on corporate objectives and performance in the context of doing what is right and ethical. My fellow Directors have demonstrated a strong sense of integrity, corporate responsibility and a willingness to work hard on all issues.

CORPORATE GOVERNANCE

Corporate governance describes how rights and responsibilities are distributed among corporate bodies according to applicable laws, rules and internal processes. Corporate governance also defines the decision-making systems and structure through which owners directly or indirectly control a company.

CORPORATE GOVERNANCE

This statement outlines the key aspects of UCL's corporate governance framework. The Board has consistently placed great importance on good corporate governance practices, which it believes is vital to the Company's well-being. The Board has adopted a comprehensive framework of Corporate Governance Guidelines, designed to properly balance performance and conformance. This enables UCL to undertake, in an effective manner, the prudent risk-taking activities which are the basis of its business. The Guidelines and practices of the Company comply with the "Corporate Governance Principles and Recommendations", dated 07 August 2012, and as amended dated 21 July 2013 by the Bangladesh Securities and Exchange Commission as well as with the "Guideline on Corporate Governance" issued by Bangladesh Bank vide DFIM Circular no. 7 dated 25 September 2007.

Overview

- Our core values guide the Board's oversight, its relationship with management and its accountability to shareholders;
- Our governance responsibilities are integral to our performance and long-term sustainability;
- Our corporate governance standards reflect emerging best practices and meet or exceed legal and regulatory requirements; and
- Proper governance is important to our shareholders, our customers, our employees, our communities – to UCL.

Foundation for Corporate Governance

UCL sees good corporate governance, risk management and internal control as key elements in a successful business and to maintain confidence among customers, shareholders, authorities and other stakeholders.

UCL defines corporate governance as the relationship between shareholders, executive management, employees, the various companies within the Group and other stakeholders. In a broader sense, it also means:

- how the vision, purpose and strategy are designed and communicated
- how the values are followed
- · how goals are set and followed up
- how risks are managed
- how a corporate culture that supports company's commitment to customers and builds shareholder value is created.

Good corporate governance benefits both our customers and our shareholders, and is essential to our long-term business success. For this reason, we devote considerable time and resources to make sure that:

- our policies reflect our values and business goals;
- we have an effective corporate governance structure; and
- we are operating in a way that is open, honest and transparent.

As part of our long-standing commitment to ethics and good corporate citizenship, our first step is always to comply with the laws and regulations that govern the way we market our products and services. We have a sound compliance practices that: • are consistent with recommendations set forth by the BSEC;

- seek to prevent, detect and resolve potential violations of law or company policy; and
- undergo regular assessment to make sure we are being responsive to our evolving business and associated compliance risks.

Our compliance practices are just one part of our overall commitment to operate ethically, openly and transparently. But we believe it's the right place to start.

Corporate Governance Structure

Our corporate governance policies and procedures form the basis of a sound corporate governance framework and refer to other documents that regulate certain aspects of corporate governance in greater detail.

Articles of Association (AoA): Define the purpose of the business, the powers and duties of the Directors and the basic organizational framework.

Code of Conduct:Defines the UCL's ethical values and professional standards that the Board and all employees are required to follow, including an emphasis that employees must adhere to all relevant laws, regulations, and policies in order to maintain and strengthen our reputation for integrity, fair dealing and measured risk taking.

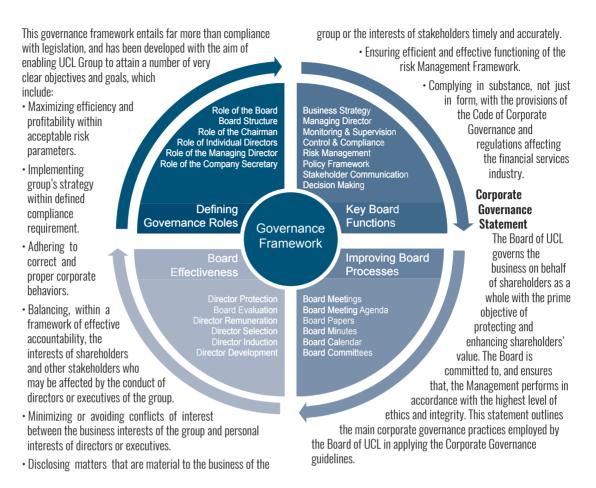

Organizational Guidelines and Regulations: Define the responsibilities and sphere of authority of the various bodies within the company, as well as the relevant reporting procedures.

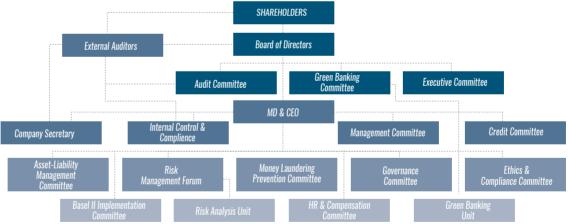

Corporate Governance Guidelines: Summarize certain principles promoting the function of the Board and its committees and the effective governance of the company.

Board of Directors Charter: Outlines the organization and responsibilities of the Board.

Board Committee Charters: Define the organization and responsibilities of the Committees. As part of its commitment to sustainable operations at every level, UCL group operates within a governance framework that defines all governance and compliance aspects of the organization.

As part of our long-standing commitment to ethics and good corporate citizenship, our first step is always to comply with the laws and regulations that govern the way we market our products and services.

Corporate governance is the framework of rules, relationships, systems and processes within which and by which the operations of the group is exercised and controlled. It influences the setting and achievement of objectives of the Company, the monitoring and assessment of risk and the optimization of performance. There is no single model of good corporate governance. For UCL, best practice corporate governance has been adapted to the changing circumstances and will continue to evolve as those circumstances change.

Corporate Governance Model

UCL's Governance Model conforms to the relevant regulatory requirements as well as best market practices. The Governance Model is in place to ensure it remains relevant and is able to meet future challenges.

Basic Principles Forming a Good Board

The Board is collectively responsible to the Company's shareholders for the long-term success of the Company and for its overall strategic direction, its values and its governance. It provides the leadership necessary for the Company to meet its business objectives whilst ensuring that a sound system of internal control and risk management is in place.

The Board is responsible for governing the business and affairs of the Company and for exercising all such powers pursuant to the articles of association of the Company. While carrying out their duties and responsibilities, the Board is committed to ensuring that the highest corporate governance standards are adhered to. The overall principal responsibilities of the Board are as follows: • providing strategic leadership to the Company;

- reviewing, approving and monitoring the implementation of the strategic business plans and policies of the company;
- ensuring the Company and Group maintain an effective system of internal contorts and are able to identify and manage principal risks resulting in efficiency in operations and a stable financial environment;
- monitoring as well as evaluating the performance of the Management to ensure that the performance criteria remains dynamic; and
- ensuring the formulation of a succession plan for long-term business continuity.

Complying With Rules and Regulations

We are committed to safeguarding the interests of our stakeholders and recognize the importance of good corporate governance. We know that transparent disclosure of our governance helps stakeholders assess the quality of the Group and our management and assists investors in their investment decisions.

We fully adhere to the principles set out in the BSEC and Bangladesh Bank Corporate Governance guidelines.

POLICY ON APPOINTMENT OF DIRECTORS

The Directors are appointed as per the rules and regulations set forth in the Companies Act, 1994, the Financial Institutions Act, 1993 and Bangladesh Securities and Exchange Commission's (BSEC) guidelines on Corporate Governance.

To be a member of the Board of a listed company, a Director other than nominated and alternate Director must hold at least 2 percent of the outstanding shares of the company. The Independent Directors are exempted from such requirement.

As per the Companies Act, 1994, the office of non-executive Directors is subject to retirement. At least one-third of the nonexecutive Directors shall retire by rotation in every Annual General Meeting. As per the Central Bank's guideline, a Director may be appointed for a period of three years and the term may be extended by another term of three years. The Managing Director is appointed for a minimum period of three years subject to approval of the Central Bank. The office of the Managing Director being an ex-officio Director is not subject to retirement. The tenure of an Independent Director is three years and may be extended by another three years.

Size of the Board

The Board of UCL comprises of nine members excluding the three Independent Directors and the Managing Director. As per FID Circular no. 9 dated 11 September, 2002 of the Bangladesh Bank, the size of the Board of a non-banking Financial Institution shall be minimum of nine and maximum eleven. As per BSEC's notification, a listed company should have Independent Director of at least one-fifth of the Directors. As per articles of association of the Company the Managing Director is an exofficio Director.

Composition of the Board

The Directors determine the composition and size of the Board in accordance with Bangladesh Bank and BSEC's regulations. The regulators set upper and lower limits with the number of Directors not permitted to be less than five and more than twenty as per BSEC corporate governance guidelines while the minimum number is nine with a maximum limit of eleven as per Bangladesh Bank regulations. The Board has determined that there shall be eleven Directors excluding the Independent Directors and the Managing Director. The skills and experience of each Director and their period of office at the date of this report are set out on pages 49 to 55 of the annual report.

The Board of UCL comprises of the following:

Non-executive Directors

Nine out of whom five are nominated Directors

Independent Directors

Three

Executive Director

One (The Managing Director & CEO)

Chairman of the Company is a non-executive Director therefore independent of CEO

NON EXECUTIVE DIRECTOR

All the Directors except the CEO are the non-executive Directors in the Board. None of the Directors takes part in the day to day affairs of the Company. They attend only in the Board/Committee meetings to discuss the agenda reserved for the Board/Committees.

INDEPENDENT DIRECTOR AND BOARD'S CONSENT THEREOF

There are three Independent Directors in the Board representing one-fifth of the total Directors. As per the BSEC guideline on Corporate Governance at least one fifth of the total Directors should be Independent Directors. In order to qualify as an Independent Director, the Board affirmatively determines that the Director has no material relationship with UCL either as a partner, shareholder or officer of an organization that has a relationship with UCL that would preclude that nominee from being an Independent Director. For the purpose of such determination, the Directors consider that the Independent Director does not hold any share or holds less than one percent shares of the total paid up capital of the Company, who is not connected with the Company's Promoters or Directors or Shareholders who holds one percent or more than one percent shares of the total paid up shares of the Company, on the basis of family relationship; who does not have any other relationship, whether pecuniary or otherwise, with the company or its subsidiary/associate companies, who is not a member, Director or officer of any Stock exchange and who is not a shareholder, Director or officer of any stock exchange or an intermediary of the capital market. The Independent Director is appointed for a period of three years which may be extended by one term only. A person cannot be appointed as Independent Director who have already been appointed as Independent Director of three listed companies.

DIVISION OF POWERS AND RESPONSIBILITIES

The management and control of UCL is divided among the shareholders (at the General Meeting), the Board of Directors and the Managing Director & CEO, pursuant to the provisions of the external framework, regulatory authorities, the Articles of Association and the internal instructions set forth by the Board of Directors.

THE CHAIRMAN

Responsible for leading the Board

There is a clear and effective division of accountability and responsibility between the roles of the Chairman and the Managing Director & CEO.

RESPONSIBILITY OF THE CHAIRMAN

The Chairman is responsible for leading the Board and ensuring it performs in an effective manner.

The Chairman presides over Board and General Meetings of the Company. He ensures that the Board is well informed and effective: that Members, individually and as a group, have the opportunity to air differences, explore ideas and generate the collective views and wisdom necessary for the proper decision making of the Board and the Company. Additionally, the Chairman has to ensure that General Meetings are conducted efficiently and in accordance with the requirement of the Companies act 1994, and that shareholders have adequate opportunity to air their views and obtain answers to their queries.

The Chairman also has following responsibilities:

- to provide effective leadership in the determination of Company's strategy and in the achievement of the Company's objectives;
- to work with the Company Secretary to schedule Board and Committee meetings and ensure that Directors receive accurate, timely and clear information, in particular on the Company's and Group's performance and issues arising, to enable the Board to make sound decisions, conduct effective monitoring and provide sound advice in achieving the Company's objectives;
- to ensure that Board Committees are properly established and composed, with appropriate terms of reference;
- to ensure that all important agenda are appropriately discussed by the Board;
- to ensure the independence of the Board in discharging its duties;
- to ensure that the Board and individual Directors fully exercise their responsibilities and adhere to applicable laws, regulations, rules, directives, policies and guidelines;
- to promote effective relationships and open communication between the Board and the Senior Management in relation to corporate governance and corporate performance;
- to ensure effective relationships are maintained with all major stakeholders.

SCHEME FOR ANNUAL APPRAISAL OF THE BOARD'S PERFORMANCE

Being the representative of the shareholders, the Board is responsible to the shareholders for the overall performance of the company along with the management. However, there is no such annual appraisal scheme for the performance of the nonexecutive members of the Board. The non-executive Directors of the Board will only get fees for attending Board and Committee Meetings as prescribed by the central bank.

POLICY ON TRAINING OF DIRECTORS

The Board of Directors of UCL is well-balanced having professional and industry knowledge to put forward the Company to the desired level of success. During the year under review no such training program has been organized for the Directors. We recognize the importance of the program of such training for the overall development of the Company to ensure best corporate governance practices.

REPORT ON COMPLIANCE WITH THE BEST PRACTICES ON CORPORATE GOVERNANCE

The Chairman of the Company on behalf of the Board of Directors issues a report on compliance with the best practices on Corporate Governance. The report is reviewed by the External Auditors. The certificate of the External Auditors is given on page 104 of this Annual report. The report of the Chairman is also given on page 87 of this report.

Membership and Qualification of the Directors

The Board currently consists of thirteen members which is within the regulatory limit. We believe that the size of the Board must be such that the committees can be staffed with qualified members. At the same time, the Board must be adequate enough to ensure an effective decision-making process.

DIRECTORS KNOWLEDGE AND EXPERIENCE

As a major financial services provider, the Board recognizes that its Members must have the appropriate mix of skills as well as the necessary knowledge, experience and commitment to effectively contribute towards the growth and expansion of the company as a whole. Furthermore, being on the Board of a parent company, the Board Members are required to be responsive to the constantly changing financial landscape.

DIRECTORS KNOWLEDGE AND EXPERTISE IN FIANANCE AND ACCOUNTING

Our Directors bring on Board a wealth of knowledge and experience in business development, finance, legal, accounting, general management skills and the regulatory environment. A brief profile of each Member of the Board outlining their quantifications, experience and skills is presented on pages 49 to 55 of this annual report.

DIRECTORS INDEPENDENCE

All the Directors except the Managing Director are non-executive Directors and independent of the management. All Directors bring independent judgments to bear on their decisions.

The materiality thresholds used to assess Directors independence are set out in the BSEC notification on Corporate Governance dated 7 August 2012. The Managing Director & CEO is an exofficio member of the Board having no voting rights. The Board believes that the interests of the shareholders are best served by:

- the current composition of the Board which is regarded as balanced with a complementary range of skills and experience detailed in the Directors' profile on pages 49 to 55 of this report; and
- the Independent Directors providing an element of balance as well as making a considerable contribution in their respective fields of expertise.
- The following measures are in place to ensure the decision making process of the Board is subject to independent judgments:
- a standard item on each Board Meeting agenda requires Directors to focus on and declare any conflicts of interest in addition to those already declared;
- Directors may seek the advice of independent experts, subject to the approval of the Board;
- all Directors must act at all times in the interests of the Company; and
- Directors meet as required independently of executive management.

Adoption of these measures ensures that the interests of shareholders, as a whole, are pursued and not jeopardized by a lack of independence.

DIRECTORS' RETIREMENT AND REAPPOINTMENT

As per The Companies Act 1994, the office of non-executive

Directors is subject to retirement. At least one-third of the nonexecutive Directors shall retire by rotation in every Annual General Meeting. The Managing Director is appointed for a minimum period of three years subject to approval of the Central Bank. The office of the Managing Director being an ex-officio Director is not subject to retirement. The tenure of an Independent Director is three years and may be extended by another three years.

NUMBER OF MEETINGS OF THE BOARD AND THE PARTICIPATION OF EACH DIRECTOR

In 2016, the Board held 18 meetings in person. The Board may also take certain decisions via circular resolution, unless a member asks that the matter be discussed in a meeting and not decided upon by way of written consent. The details of the attendance of the Directors is given on page no. 97 of this annual report.

All members of the Board are expected to spend the necessary time outside these meetings needed to discharge their responsibilities appropriately. The Chairman calls the meeting with sufficient notice and prepares an agenda for each meeting. However, any other Board member has the right to call an extraordinary meeting, if deemed necessary. The Chairman has the discretion to invite members of management or others to attend the meetings. Generally, the members of the Management Committee attend the meetings to ensure effective interaction with the Board. Minutes are kept of the proceedings and resolutions of the Board are sent to the Bangladesh Bank including the minutes of Board Committees.

Board Meetings Procedure

- The Board convene according to an agreed schedule to discuss business and other issues whenever considered necessary;
- The Chairman decides on the agenda based on proposals by the other members of the Board, the Managing Director & CEO, and the secretary to the Board;
- The Chairman convene a meeting to deal with a specific item, if requested by a member of the Board or the Managing Director & CEO;
- The Board deals with the reports of the Board committees, Credit committees and the Managing Director & CEO;
- Working papers are delivered to the members seven days before meetings.

Business of the Board Meetings

The Board's agenda is managed to ensure that shareholder value and governance all play an appropriate part in its deliberations and judgments.

The Board delegates to management the day-to-day operation of the business, in accordance with appropriate risk parameters. The Board monitors compliance with policy and achievement against objectives, by holding management accountable for its activities through regular updates.

During the year ended 31 December 2016, the Board considered a wide range of issues, including:

- receiving proposal on financing business;
- receiving regular reports on the financial position of the company and the various businesses;
- receiving reports on the outstanding issues arises from earlier board meetings;
- receiving reports on financing proposals approved by the management credit committee;

- approving the budget and long-term plan;
- approving interim and full-year results;
- discussing and approving corporate strategy; receiving reports from the Audit Committee and Executive Committee; and
- receiving reports on governance issues affecting the company;

Access to Information

Directors may access all relevant information required to discharge their duties in addition to information provided in Board papers and regular presentations delivered by executive Management on business performance and issues.

Responsibilities of the CEO

While the Chairman leads the Board, the CEO has executive responsibility for the day to day operations and performance of the company.

The Managing Director & CEO who has extensive financial experience and knowledge (including corporate finance and business development), drives the Group's overall strategic growth towards achieving UCL's strategic vision and direction. He leads the Management in the execution of strategic initiatives. The distinct and separate duties and responsibilities of the Managing Director and the Chairman ensure the balance of power and authority in relation to the establishment of a fully effective Board.

The Managing Director's integral role is to implement the policies and decisions of the Board, oversee the entity's operations as well as coordinate the development and execution of the corporate strategies. In addition thereto, he is also responsible for the following tasks:to put in place initiatives that will shape the corporate direction and values of the company towards the achievement of a "customer-centric" corporate culture and underpinned by the company's values;

POLICY ON ANNUAL EVALUATION OF THE CEO BY THE BOARD

Since the CEO is responsible for daily operation of the Company, the annual performance of the CEO is measured through following key performance indicators:

- Meet the annual budgetary targets of the Company as approved by the Board;
- Maximize the shareholders' value through achieving desired Return on Asset (ROA), Return on Investments (ROI) and Return on Equity (ROE) as set by the Board;
- Enhance the Earnings Per Share (EPS) to a competitive level in the industry;
- Sustainable growth of investment and revenue for the Company as set by the Board;
- Gradual reduction of cost to income ratio of the Company;
- Gradual reduction of the non-performing asset (NPA);
- Improvement of the overall CAMELS Rating.

THE COMPANY SECRETARY

The Company Secretary serves the Board on matters relating to the affairs of the Board and ensures that Board meetings are properly convened and an accurate and proper record of the proceedings and minutes of the meetings are kept. The Company Secretary assists the Chairman and Directors in the conduct of meetings and their governance obligations and responsibilities as Directors of the Company. The Company Secretary also facilitates the communication of key decisions and policies between the Board, Board Committees, the Senior Management and the regulators. Apart from performing the duties and responsibilities of a Secretary to the Board, the Company Secretary also undertakes the following roles:

- ensures that the Board is kept well informed/ updated on legal/regulatory requirements that affects the duties and responsibilities of Directors;
- ensures that the relevant companies within the Group comply with its statutory obligations under relevant laws and regulations;
- provides guidance to Directors and Senior Management on various corporate affairs matters;
- assists in managing shareholder relations and resolving their enquires;
- manages relationship with the office of RJSC;
- submits all statutory return to RJSC within stipulated time period; and
- acts as a custodian of the Group's statutory records.

AUDIT COMMITTEE

OBJECTIVE OF THE COMMITTEE

The objective of the committee is to assisting the Board in fulfilling its corporate governance responsibilities, particularly:

- the reliability and integrity of information for inclusion in Company's financial statements;
- compliance with legal and regulatory obligations, including audit, accounting, tax and financial reporting obligations;
- · the integrity of company's internal control framework; and
- safeguarding the independence of the external and internal auditors.
- ensuring that the management has selected accounting policies that are in line will applicable accounting standards.
- Review interim financial releases i.e., quarterly and half yearly unaudited financial statements and recommend the same to the Board of Directors for approval.

The engagement partner of the external audit firm is invited to attend each Annual General Meeting and to be available to answer shareholders questions about the conduct of the audit and the preparation and content of the auditor's report.

APPOINTMENT AND COMPOSITION

The Audit Committee is a sub-committee of the Board of Directors. The committee assists the Board of Directors in ensuring that the financial statements reflect true and fair view of the state of affairs of the company as well as ensures that the operating effectiveness of the internal control system is adequate. The committee is directly responsible to the Board of Directors.

The Audit Committee comprises of five non-executive Directors out of whom Mr. Mohammad Nurun Nabi FCA is an Independent Director.

CHAIRMAN OF THE AUDIT COMMITTEE

The committee is chaired by a non-executive Independent Director Mr. Mohammad Nurun Nabi FCA who is considered to be best qualified to serve in this role and has knowledge of finance. The biography of Mr. Mohammad Nurun Nabi FCA is given on page 55 of this annual report.

QUALIFICATION AD EXPERTISE OF THE MEMBERS OF THE COMMITTEE

The Committee is chaired by an Independent Director Mr.

Mohammad Nurun Nabi FCA who is considered best qualified to serve in this role and has expert knowledge of finance and accounts. Mr. Mohammad Nurun Nabi FCA is a Bachelor of Science from Karachi University and a fellow Member of the Institute of Chartered Accountants of Bangladesh (ICAB). He has more than forty years of experience in his exchequer in local and foreign organizations at different responsible capacity. Overall all the members of the Audit Committee are diversified and knowledgeable in different areas of business and administration. Biography of the audit committee members is given on page 49 to 55 of this annual report.

CHARTER OF THE AUDIT COMMITTEE

The audit Committee, within the delegated authority and in fulfilling the regulatory requirements will:

A. Internal Control

- review the implementation of key accounting policies and financial reporting;
- evaluate the implementation of the internal control systems and the risk management process.

B. Internal Audit

- review the adequacy of internal audit function;
- consider the scope of work and review and approve the annual audit plan and ensure no unjustified restrictions or limitations are made;
- · review and approve the annual audit report;
- review the activities, resources and organizational structure of Internal audit;
- contribute to the selection process for the appointment of the Head of Internal audit; and
- ensure that findings and recommendations communicated by Internal audit and Management's proposed responses are received, discussed and appropriately acted on.

C. Compliance

Review the effectiveness of the company's system for monitoring compliance with relevant laws and regulations (including internal rules) and the measures taken by Management as a result of its investigation of material incidents of non- compliance.

D. Relationship with External Auditor

- discuss with the external auditor any audit problems encountered in the course of audit work, including any restriction on audit scope or access to information;
- discuss with the external auditor the appropriateness of the accounting policies applied in the company's financial reports;
- ensure that significant findings and recommendations communicated by the external auditor and Management's proposed responses are received, discussed and appropriately acted on;
- review the performance of the external auditor and make recommendations to the Board of Directors for the appointment, reappointment or termination of appointment of the external auditor.

AUDIT COMMITTEE INVOLVEMENT IN SELECTION OF APPROPRIATE ACCOUNTING POLICIES

As per the BSEC guideline on Corporate Governance, the Audit Committee shall assist the Board of Directors in ensuring that the financial statements reflect true and fair view of the state of affairs of the company and in ensuring a good monitoring system within the business.

The Board delegates the responsibility to the Audit Committee to select the appropriate accounting policies that are in line with applicable accounting standards as applicable and adopted by the ICAB, Bangladesh Securities and Exchange rules 1987 and the Listing Regulations of the Stock exchanges. After selecting the appropriate accounting policies, the Audit Committee recommends the Board regarding adoption of the selected accounting policies for adoption to ensure the true and fair view of the state of the affairs of the company.

AUDIT COMMITTEE INVOLVEMENT IN REVIEW OF EXTERNAL AUDIT FUNCTION

The audit committee reviews the following audit functions of the external audit:

- · review the scope of work and audit plan;
- review Management Letters issued by external auditors;
- review the report on the annual audit of UCL;
- consider the independence of the external auditor and any potential conflicts of interest;
- review the "Terms of engagement" of the external auditor;

AUDIT COMMITTEE INVOLVEMENT IN THE REVIEW OF ANNUAL AND INTERIM FINANCIAL RELEASES

As per the Corporate Governance guideline of the BSEC, the Audit Committee is required to review along with the management, the quarterly and half yearly and annual financial statements before submission to the board for approval. In compliance with the BSEC's guideline on Corporate Governance, the Audit Committee reviews the interim and annual financial releases whether audited and/or unaudited and places the same before the Board for approval.

AUDIT COMMITTEE INVOLVEMENT IN COMPLIANCE WITH LAWS AND REGULATIONS

UCL being a part of the financial industry in Bangladesh required complying with applicable laws and regulations. There are several regulatory authorities including the central bank who are the related parties of the company's operation and performance. The Audit Committee monitors and ensures the Board that the company complies with all the applicable laws, rules and regulations of various regulatory authorities.

ACCESS OF THE HEAD OF INTERNAL AUDIT TO THE COMMITTEE

Then head of internal control and compliance have direct access to the Audit Committee.

NUMBER OF MEETINGS AND ATTENDANCE BY MEMBERS OF AUDIT COMMITTEE

In 2016, the Audit Committee held 4 meetings in person. Details of audit committee meetings and attendance of audit committee members is given on page 97 of this annual report.

ACTIVITIES OF THE AUDIT COMMITTEE

The committee discussed the following business matters during the year under review:

- Reviewed the draft consolidated financial statements for the year ended 31 December 2015 along with auditor's report thereon and recommended it to the Board of Directors for consideration;
- Reviewed the internal control functions and recommended before the Board for enhancement of the activities streamlining operational risk;

- Reviewed with the senior management of the Company's policies and procedures to prevent illegal or unethical activities, key accounting policies and procedures, internal controls, significant areas of risk, legal or regulatory matters that may have an impact on the financial statements, and any other matters that may affect financial reporting;
- Reviewed the reports submitted by the Internal Control and Compliance Department and advised management for timely implementation and follow up;
- Recommended to the Board for appointment of auditors for the year 2016 and fixation of their remuneration;
- Reviewed the management letter of external auditors submitted for the year ended on 31 December 2015;
- Reviewed the quarterly, half yearly financial statements for the year 2016;
- Reviewed the inspection report of Bangladesh Bank for the year 2015 and management response thereon; and
- Reviewed quarterly operation report of the Company for the year 2016.

INTERNAL CONTROL AND RISK MANAGEMENT

Internal Control

The guidelines on internal control & compliance given by Bangladesh Bank recommend internal control practices for NBFIs to assist them in assessing the application of the principles and compliance with the provisions with regard to internal control.

The systems of internal control of the company are designed and operated to support the identification, evaluation and management of risks affecting the company. These include controls in relation to the financial reporting process and the preparation of consolidated accounts, but extend across all areas of operations. They are subject to continuous review as circumstances change and new risks emerge.

Key features of the systems of internal control are:

- the risk management system described in the section of risk management report;
- written policies and procedures within our businesses, which are detailed in policy manuals;
- clearly defined lines of accountability and delegation of authority;
- minimization of operating risk by using appropriate infrastructure, controls, systems and people throughout the businesses;
- business continuity planning, including preventive and contingency measures, back-up capabilities;
- key policies employed in managing operating risk involve segregation of duties, transaction authorization, monitoring, financial and managerial review and comprehensive reporting and analysis against approved standards and budgets; and
- a treasury operating framework which establishes policies and manages liquidity and financial risks. ALCO that monitor these activities and compliance with the policies. Treasury policies, risk limits and monitoring procedures are reviewed regularly by the Management Committee;

Assurance on compliance with systems of internal control and on their effectiveness is obtained through regular management reviews, reviews of key financial controls, internal audit reviews and quality assurance, testing of certain aspects of the internal financial control systems by the external auditors during the course of their statutory examinations and reports to the audit Committee by the external auditors.

Internal and External Auditors

Auditing forms an integral part of corporate governance at the Group. Both internal and external auditors have a key role to play by providing an independent assessment of our operations and internal controls.

Internal Audit

Our Internal audit department comprises of a team of independent professionals headed by Mr. Abdul Bareque reports directly to the Audit Committee.

Internal audit performs an independent and objective assurance and consulting function that is designed to add value to our operations. Using a systematic and disciplined approach, the Internal Audit team evaluates and enhances the effectiveness of our risk management, control and governance processes.

Internal audit is responsible for carrying out periodic audits. Its function also include independent assessment risk exposure of our various business activities, taking into account industry trends, strategic and organizational decisions, best practice and regulatory matters. Based on the results of its assessment, Internal Audit develops detailed annual audit objectives, defining areas of audit concentration and specifying resource requirements for approval by the audit Committee.

Internal audit coordinates its operations with the activities of the external auditor for maximum effect.

External Audit

Our statutory auditor is S. F. Ahmed & Co., Chartered Accountants. They are also the auditor of our subsidiary Companies UniCap Securities Ltd. and UniCap Investments Ltd.

DIRECTORS RESPONSIBILITY TO ESTABLISH APPROPRIATE SYSTEM OF INTERNAL CONTROL

The Board of Directors acknowledges the importance of maintaining a sound system of internal control to safeguard shareholders' investments and the Company's assets. Guidance for Directors of Public Listed Companies, the Board is pleased to present the Statement on Internal Control of the Group.

The Board affirms its overall responsibility for the Group's system of internal control and risk management, and for reviewing the adequacy and integrity of these systems. However, in view of the inherent limitations in any system, such system of internal control is designed to manage rather than to eliminate risks that may impede the achievement of the Company's objectives. The system can therefore only provide reasonable and not absolute assurance against material misstatements, frauds or losses.

REVIEW THE ADEQUACY OF THE SYSTEM OF INTERNAL CONTROL

The system of internal control covers risk management and financial, organizational, operational and compliance controls. The Board confirms that there is an on-going process of identifying, evaluating and managing significant risks by the management. This process has been put in place for the year and is reviewed periodically by the Board through its Audit Committee which is supported by the Internal Auditors.

MANAGEMENT AND MITIGATION OF THE RISKS

Disclosure on risk management is covered in details in the risk management section of this report from page 116 to 130. This risk management disclosure has been made in line with best

practices and premised on the commitment of the Board of Directors to adhere to sound corporate governance standards within the UCL Group. The report is aimed to provide relevant information to all stakeholders in an orderly and timely manner and thereby continue to boost the confidence of the market in UCL and its subsidiaries. Year on year, we have continued to strive at improving on the quality and scope of our risk management practice and transparent disclosures.

ETHICS AND COMPLIANCE

We believe that a Code of Conduct and Business ethics provides a foundation for the stability and sustainable growth of UCL, and supports the Company's efforts in achieving its goals. UCL, therefore, encourages all Directors, Management team and all employees to conduct business and perform their duties in accordance with the Code of Conduct and ethical principles. UCL has its own code of conduct and ethical principles which is communicated to all the employees This annual report contains the ethical principles that we follow while discharging our duties.

As governance and regulatory requirements in the financial industry continues unabated, financial institutions are coming under intense pressure to implement good governance practices and manage compliance risk while pushing for improvements to the bottom-line. Compliance risk within the UCL Financial Group is defined as the risk of impairment to the organization's business model, reputation and financial condition from failure to meet laws and regulations, internal policies and the expectations of stakeholders.

The Group upholds the adoption and infusion of good corporate governance principles and best practices as a basic tenet of running and growing its business. The compliance principles remain an important guide for the Group as it continuously evolves to meet the growing demands of compliance best practices.

A. Integrity

- The UCL Financial group along with its Directors and employees: • act in good faith in order to win the trust of customers.
- value the maintenance of long-term relationships of trust with customers, local communities, and shareholders.
- · fair in dealings and with competition.

B. Conflict of Interest

UCL does not condone any form of conflict of interest be it personal, financial or family interest that could in any way keep the individual from acting in the best interests of the company and which may compromise the interest of company, its shareholders and clients. To this end, all employees are required to refrain from any activity which may result in any conflict or potential conflict of interest. Any actual or potential conflict of interest must be reported to the Management as soon as it is recognized.

The Company has comprehensive procedures in place to deal with any situation where a Director has an actual or potential conflict of interest. Under these procedures members of the Board are required to:

- consider each conflict situation separately on its particular facts;
- consider the conflict situation in conjunction with the rest of their duties under the applicable rules and regulations; and
- keep appropriate records and Board minutes demonstrating any authorization granted by the Board for such conflict and the scope of any approvals given.

DISCLOSURE OF STATEMENT OF ETHICAL PRINCIPLES AND VALUES

The Code of ethics enhances the standard of corporate governance and promotes ethical conduct with a view to achieving the following objectives:

- to establish a uniform ethical standard emphasizing conduct free from conflicts of interest; and
- to uphold the spirit of corporate responsibility and accountability in line with the governing laws, regulations and guidelines.

The code of ethics and business conduct deal with among others the following issues:

- Compliance with laws and regulations
- unacceptable payments giving or receiving gifts protection of UCL assets proper accounting dealing with auditors
- unauthorized public statements conflict of Interest
- use of inside information
- UCL employee share trading policy

COMMUNICATION OF ETHICS AND BUSINESS PRACTICE TO THE EMPLOYEES

UCL has in place a Code of ethics and Business Conduct applicable for all employees. The code of ethics and business conduct is communicated to every employee in the induction training after joining UCL. The Board and the Management confirms that the ethics and business principles are communicated to employees to ensure the best ethical practice within the company.

BOARDS COMMITMENT TO ESTABLISHING HIGH LEVEL OF ETHICS AND COMPLIANCE

The Board believes that a Code of Conduct and Business ethics provides a foundation for the stability and sustainable growth of UCL, and supports the Company's efforts in achieving its goals. Therefore, UCL's Board is committed to establish high level of ethics and compliance in the organization to ensure safe and ethical business practice in the financial industry.

COMPLIANCE WITH RULES, REGULATIONS AND LAWS

The financial industry of Bangladesh is very competitive and highly regulated by several regulatory authorities such as the central bank of Bangladesh, BSEC, RJSC, Stock Exchanges and the National Board of Revenue etc. UCL Financial Group is in complaint to all the rules and regulations as promulgated by the appropriate regulatory authorities from time to time. Detailed disclosure on Ethics and Compliance has been covered in page 101 to 103 of this report.

REMUNERATION COMMITTEE

As per the guideline of the central bank the Board can have the following committees:

- Audit Committee;
- Executive Committee; and
- Green Banking Comittee

Therefore UCL have no remuneration committee comprised of the Board Members. However, there is a HR and Compensation Committee for employees of the Company.

POLICY WITH REGARD TO REMUNERATION OF DIRECTORS

Except the Managing Director & CEO, none of the Director

holds any position of profit and does not receive any remuneration other than the fees for attending the Board/Committee meetings. As per the central bank's guideline, maximum amount of Tk. 8,000 can be paid to each Director for attending each Board/Committee meeting.

POLICY WITH REGARD TO REMUNERATION OF THE CEO

The Board will appoint the CEO of the company. As per guidelines of the central bank, approval of the central bank to be obtained for the appointment of the CEO along with the remuneration and other benefits.

REMUNERATION POLICY OF THE CEO AND SENIOR MANAGEMENT

As per guidelines of the central bank, appointment of the CEO along with the remuneration package is subject to approval of the central bank.

The Board reserves the right to recruit and decide the remuneration benefit of the senior management employees. The CEO has been given with the authority to recruit and decide remuneration benefit of the mid and lower level management in line with the industry best practice.

COMPOSITION OF THE HR & COMPENSATION COMMITTEE AND MEETINGS HELD

The compensation committee comprises of 3 members headed by the CEO. Other members of the committee are Mr. Tauhidul Ashraf FCS, Executive Vice President, Company Secretary & Head of Marketing and Mr. A.N.M. Golam Shabbir, Senior Vice President and Head of Admin and HR. The committee sits once in every three months. In 2016, the committee held 2 meetings in person.

The total remuneration of the CEO was BDT 6,428,710 for the year under review that includes all benefits as approved by the central bank of Bangladesh.

REMUNERATION OF THE SENIOR MANAGEMENT

Employees in the rank of Assistant Vice President and above are considered as the senior management. In 2016, total senior management employees were 13 in number with a total remuneration of BDT 23,592,693.

HUMAN CAPITAL

The talented and highly motivated people who make up our workforce are key to our blueprint for building a sustainable and successful future. UCL strives to strengthen our reputation as a quality employer in the markets we do business.

Recruitment

A great part of success in the financial services industry depends more than anything else, on the know-how, experience, talent, and commitment of human capital. For UCL to continue to succeed, the company must be able to attract, develop and retain qualified people. UCL's employees should be able to benefit from its strong business principles, its fast-moving and entrepreneurial spirit, and the broad opportunity for individual and team success.

Competitive Compensation and Total Rewards

At the heart of an engaged workforce is a flexible, competitive and meaningful rewards program. Our program is based on an understanding of what employees' value. It recognizes that flexibility and choice are the best response to meet our employees' diverse needs. Our comprehensive approach rewards employees for their skills and contributions by offering employees competitive compensation, benefits and a positive work environment.

Growth Through Training and Development

We aim to create a learning culture and provide opportunities for our employees to fully apply their knowledge and skills in the service of the company. We will help our employees to continue their development in the interests of the company and its objectives.

Employees expect ongoing career and learning opportunities to be a part of their total rewards program and our commitment to continuous employee growth and development helps ensure we meet the current and future needs of both our people and our clients. Employees also have access to the training resources they need to learn and grow through our in house learning opportunities.

Careers and Developments

The people of UCL are part of a culture of integrity and leadership, which they have an active role in creating. They form a community in which people's potential and talents are cultivated with the aim of establishing lifelong careers. Highquality employees are trained and fostered, with the goal of developing tomorrow's leaders.

Leadership is certainly among the strongest elements fostered by UCL seeking to demonstrate leadership both in the industry and in the society where it operates. In order to sustain this element of leadership, strong emphasis is placed on developing employees through in-house training programmes as well as by supporting and organizing educational opportunities outside UCL.

As a forward-looking enterprise, UCL strives to continually stimulate its employees to uphold the state of the art in their respective fields. In order to inspire trust and create added customer value, great emphasis is placed on maintaining employees' knowledge and skills through training, development and informative feedback. As in previous years, UCL placed great emphasis on training its managers and developing their leadership qualities. Moreover, the annual meeting with employees, play a central role in making sure that the strategy and objectives for each year are clearly communicated and executed. It is vitally important that those who drive company's success are fully informed of its vision, strategy, and focus for the year and know what kind of contribution is expected of them as individuals in order to achieve these.

Salaries and Benefits

In addition to a monthly salary, bonuses are paid to those key employees and management who directly affect company's performance. Bonus payments are subject to the individual's performance as well as company's profits.

Communication

UCL places great emphasis on keeping employees informed about UCL's vision, strategy and focus. Moreover, the company provides regular communication to its employees with information regarding current news, events and achievements.

The open flow of information within UCL is important in order to maintain efficient operations.

Furthermore, the CEO and senior executives visits different offices of UCL which opens face-to-face dialogue between employees and senior management. Through these channels UCL supports a flat organizational structure and encourages collaboration throughout UCL.

ESTABLISHING AN EFFECTIVE ANTI FRAUD PROGRAM

Anti-fraud Program

Our anti-fraud program outlines UCL's attitude to, and position on, fraud and sets out responsibilities for its detection and prevention. It establishes guidelines for preventing, detecting and dealing with fraud. It gives a clear message to employees and stakeholders about conduct that will not be tolerated by UCL.

Fundamental Elements of an Effective Anti-fraud Program

- Creating and maintaining a culture of honesty;
- Evaluating the risk of fraud and implementing the processes, procedures and controls necessary to mitigate those risks; and
- · Developing and appropriate oversight process.

Common example of Fraud and Fraudulent Behavior

- Rank personal gain over corporate interests;
- Misappropriation of assets, embezzlement and theft;
- Payment or receipt of bribes, kickbacks or other inappropriate payments;
- · Participation in fraudulent transactions;
- Deceptive, misleading or false statements about corporate transactions;
- Forgery or alteration of accounting record or vouchers;
- Failing to keep confidential trade secrets of the Company;
- Non-disclosure of material information needed for an informed investment decision; and
- Other fraud behaviors causing loss to the Company interests.

Providing ethical leadership

UCL is committed to creating a culture of honesty and high ethics inside out of the company to clearly communicate acceptable behavior and expectations of each employee. Such a culture is rooted in a strong set of core values that provides the foundation for employees as to how UCL conducts its business. It also allows the company to develop an ethical framework that covers 1. Fraudulent financial reporting, 2. Misappropriation of assets, and 3.corruption as well as other issues.

Directors and officers set the "tone at the top" for ethical behavior within the company. Management shows its employees through words and actions that dishonest or unethical behavior will not be tolerated, even if the result of the

 - Introduce and maintain necessary procedures to detect fraud;

• Encourage employees to report any suspicions

action;

Investigate all instances of suspected fraud;

 Take appropriate disciplinary, civil or criminal proceedings;

· Report all suspected fraud to the appropriate authorities.

Employees Code of Conduct

All the employees of ULC have been given with the code of conduct during his induction to the company. The employees are instructed to follow the ethical principles to add value to the ethical practice of the company.

Prevention and Control of Fraud

All Head of the Departments of UCL advocates to the

subordinates of the respective department to develop a corporate culture of honesty and integrity. Besides it is the duty of each departmental head to assess the risk of fraud arising in the normal course of operations of his department and establishes controls and procedures designed to eliminate the likelihood of fraud. The senior management of UCL receives, investigates, reports and recommends a remedial course of action in respect to suspected or voiced concerns of fraud or fraudulent behavior.

UCL promotes a regular corporate culture of honesty and integrity through the following actions and activities: • Top Management lead by example in complying with this Anti-

- Fraud Program;
- Regularly communicate the Company's message of honesty and integrity with employees of the Company through the Employees Code of Conduct and other written and verbal presentations of the principles underlying this Anti-Fraud Program;
- Conduct periodic meetings to ensure employees attend trainings regarding business ethics and the related laws and regulations;
- Notify all direct or indirect interest parties, including external parties (customers, suppliers, supervision authorities and shareholders) regarding this Anti-Fraud Program and the obligation of the employees to comply therewith;
- Notify employees and external parties of the opportunity and procedures for reporting wrong doings and dishonest behavior;
- In connection with the Company's risk management assessment process, UCL Management identify and assess the importance and possibility of fraud risk at entity level, in each business operational level and at all significant accounts levels. The assessment should include a report disclosing any irregularities in the Company's financial reports, incidents involving misappropriation of company assets, improper income or expenditures and a fraud risk assessment in respect of senior management of the Company;
- Periodic reports issued by the Head of each Department to the ICC Department. ICC Department then issue to the Audit Committee regarding the operations of this Anti-Fraud Program within each Department;
- Management establishes control procedures to reduce the potential occurrence of fraud through protective approval, authorization and audit checks, segregation of duties, periodic compliance reviews; and
- Management performs customary background checks (education, work experience and criminal records) for individuals being considered for employment or for promotion to positions of trust. Formal written documents for background checks shall be retained and filed in employee's record.

Creating Positive Work Environment

Importance of positive work environment is beyond explanation. In absence of a positive work environment, there are ample opportunities for employee morale, which can affect an employee's attitude about committing fraudulent activities against the company's interest. UCL recognizes the importance of a positive work environment. The Board delegated the authority to the top management of the company to ensuring a positive work environment with a view to minimizing the risk of probable fraud. The CEO conducts a regular monthly meeting with all the employees where the floor is open for all to speak out and report any irregularities directly to the CEO. The management also discuss on different issues regarding company's working environment in the meeting.

Oversight and Responsibilities of Establishing Anti Fraud Measures

The Internal Control and Compliance (ICC) Department is

primarily responsible for preventing, monitoring and rectifying fraud and potentially fraudulent behavior. The Head of ICC is independent of the management with direct reporting to the Audit Committee. The Internal Audit Department gradually establishing and regularly monitoring procedures and controls designed to assess, prevent and remediate fraud and fraudulent behavior. If necessary, all the departmental heads will report regarding the implementation of this Anti-Fraud Policy to the ICC Department, which will then be reviewed and summary of findings will be reported to the Audit Committee depending the nature of the fraud.

Mitigating Fraud Risks

Once risk areas are identified by management, UCL Management evaluates the adequacy of existing internal control activities and determines if further controls or changes to existing controls are required to reduce or eliminate the risk. Although there may be high risk fraud indicators in certain instances, other compensating measures may exist to mitigate the weakness in controls. It may be possible to reduce or eliminate certain fraud risks by making changes to the entity's activities and processes.

Hot Line Reporting of Fraudulent Behavior and/or Suspicious Activities

The Internal Control and Compliance (ICC) Department is the focal point to report any type of fraudulent behavior or suspicious activity within the organization. The ICC Department maintains reliable communications channels (Direct telephone and e-mail) allowing for the anonymous reporting of actual or suspected instances of fraud or fraudulent behavior committed by any employees. Complaints and concerns relating to instances of actual or suspected instances of fraud or fraudulent behavior or questionable accounting, internal control or auditing matters shall be reportable through the established channels of communications and may be reported on an anonymous basis.

For the people external to the company has also been given with the opportunity to report any type of fraudulent/suspicious activities through the company's website. In this case the focal contact person is the Company Secretary. Email address of the Company Secretary along with direct telephone number has been published in the company's website.

Whistleblower System

Employees are usually the first to notice if Company's procedures are not followed. All our employees have an obligation to report any suspicion or knowledge of breaches of the Company's policies to the head of Internal Control & Compliance Department. The reports are then passed on to the Audit Committee and the Board of Directors. UCL values a free flow of information. To ensure that critical information is not withheld, all reports and questions received through the whistleblower system are treated confidentially.

UCL recognizes that the decision to report a concern about suspected fraud or fraudulent behavior could be a difficult. Employees are often the first to realize that there is something seriously wrong within the Company. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the Company. They may also fear revenges, harassment or victimization. In these circumstances, it may be easier to ignore the concern rather than report what may just be a suspicion. UCL encourages and enables employees, staff and external parties to raise serious concerns within the Company rather than overlooking a problem or blowing the whistle to the authorities including the Central Bank.

UCL will protect employees and ensure that they are treated with respect, and we do not accept reprisals against such employees. Individuals are encouraged to put their names to allegations. Concerns expressed anonymously are much less powerful, but they will be considered and investigated at the discretion of UCL.

COMMUNICATION TO SHAREHOLDERS AND STAKEHOLDERS

The Company reports including quarterly, half-yearly and annual reports and accounts were sent to shareholders in a timely and accurate manner, and meet with shareholders in the AGM where they are encouraged to ask questions about the performance, strategy and future prospect of the Company. The Stakeholders have access to company information through the company's website and postal correspondence.UCL complied with the requirements for reporting and disclosure of information to the Shareholders and Stakeholders during the year under review. The Board reports included the nature and extent of its social, ethical, safety, health and environmental policies and practices. The outcome of every general meeting is announced to Shareholders and adopted by the Board of Directors.

Annual General Meeting

Under Companies Act, the AGM must be held within nine months from the end of the financial year. Notice of an AGM, including agenda items and proposals submitted by the Board must be published at least 14 days prior to the meeting.

Shares only qualify for voting at an AGM if they are entered into the depository register with voting rights on record date fixed no later than 14 days prior to theAGM.

Convocation of Shareholder Meetings

An AGM is convened by the Board with 14 days' clear notice for ordinary/extra-ordinary resolutions. Twenty one days notice is required for passing special resolution.

Request to Convene a Meeting by the shareholders

Shareholders holding shares not less than one-tenth of the issued share capital of the company have the right to call an extraordinary general meeting and request for a specific item be placed on the agenda and voted upon at the meeting. The Director shall, within 21 days from the date of deposit of the requisition for meeting by the shareholders, proceed duly to call a shareholders' meeting.

Statutory Quorums

The AGM may, in principle, pass resolutions without regard to the number of shareholders present at the meeting or represented by proxy. Resolutions and elections generally require the approval of a majority of the votes represented at the meeting, except as otherwise provided by mandatory provisions of law or by the AoA.

Shareholders' resolutions that require a vote by a majority of the votes represented include:

- transaction of ordinary business done in an AGM;
- increase of paid up capital; consolidation or subdivision of shares; cancellation of unissued shares;
- a consensus of at least two thirds of the votes represented is required for resolutions include:
- · change provisions of the object clause;
- change the name of the company alter or add to its AoA;
- reduce share capital;
- make reserved capital;
- make director's liability unlimited; remove auditor before expiry of term; on court winding up;
- on voluntary winding up;

Notices of Shareholders Meeting

Notices to shareholders are made by publication in the daily newspapers. The Board may designate further means of communication for publishing notices to shareholders. Notices required under the listing rules is published in two widely circulated newspapers in English and Bangla and sent to the stock exchanges and BSEC.

Timely and Balanced Disclosure

The Board has an established process to ensure accountability at a senior executive level for compliance with the continuous disclosure obligations of Bangladesh Bank, BSEC and listing rules. Executive management is required to communicate all matters of a material nature and which may require disclosure to regulators, to the Chairman, CEO or the Company Secretary.

The Rights of Shareholders

UCL promotes effective communication with the Company's shareholders and encourages shareholder participation at Annual General Meetings. UCL communicants with the shareholders through AGM, EGM, the annual report and Company's website. All of the Company's announcements to the market may be accessed through the Company's website.

Shareholders are provided with the opportunity to question the Board concerning the operation of the Company at the Annual General Meeting. They are also afforded the opportunity to question the Company's auditors concerning matters related to the audit of the Company's financial statements at that meeting.

CONTRIBUTION TO ENVIRONMENT AND SOCIETY

A natural and clean environment, economical use of resources and respect for people's health and safety all these are getting increasing importance. In accordance with this, UCL is continuously working towards reducing consumption of energy, elimination of use of hazardous substances from its processes and minimizing waste generation. The emphasis is on minimizing paper transactions to the extent possible. One of the key targets for financing manufacturing companies is to reduce their carbon footprint.

The focus is on developing environmental portfolio. UCL is financing as demonstrated its responsibility as a socially responsible corporate.

The central bank has taken rigorous steps to encourage green banking in Bangladesh through the issuance of guidelines on green banking and Environmental Risk Management (ERM). It is encouraging banks and financial institutions in minimizing paper transactions and installing solar power system, opening up refinance line for solar energy, bio-gas and effluent treatment plant (ETP) at reduced interest rates. The central bank introduced refinancing scheme for financing solar energy, biogas and effluent treatment plant (ETP) at only 5 percent interest rate.

UCL is committed to doing better for our clients, our investors, our employees and our communities through a focused approach to corporate responsibility. UCL's goals are to demonstrate integrity in business practices and provide leadership in the workplace and the marketplace. UCL is committed to be a strong supporter of the communities in which we do business and to transparency in sustainability reporting practices.

THE DISCLOSURE COMMITTEE

The disclosure committee consists of the Chief Executive Officer, the CFO and Company Secretary and the Head of ICC. The function of the disclosure committee is to meet as and when required in order to assure compliance with the Disclosure and Transparency requirements and the Listing Rules, and to ensure that the routes of communication between UCL members, the disclosure committee, the company secretarial office and investor relations are clear so that the company is able to comply fully with its continuing obligations under the Disclosure requirements.

ETHICAL & COMPLIANCE STATEMENT

OVERVIEW

As governance and regulatory requirements in the financial industry continues unabated, financial institutions are coming under intense pressure to implement good governance practices and manage compliance risk while pushing for improvements to the bottom-line. Compliance risk within the UCL Financial Group is defined as the risk of impairment to the organization's business model, reputation and financial condition from failure to meet laws and regulations, internal policies and the expectations of stakeholders.

The Group upholds the adoption and infusion of good corporate governance principles and best practices as a basic tenet of running and growing its business. The compliance principles remain an important guide for the Group as it continuously evolves to meet the growing demands of compliance best practices.

COMPLIANCE RISK MANAGEMENT

The main aim of compliance risk management is to preserve the Group's reputation so that our competitive standing, reputation, brand and share value are not only maintained, but also enhanced. With a vision to be a financial group with industry leading compliance culture, the following are the Group's compliance objectives:

- to be the most compliant financial group;
- to enable business growth and compliance;
- to ensure zero-tolerance for regulatory breaches; and
- to minimise operational losses.

To achieve these objectives, the Group's underlying mission is to effectively measure and manage the compliance risk of the Group to meet the expectations of all stakeholders. Providing the foundation for this aspiration is the Group Compliance Framework, from which the building blocks of the compliance functions are shaped.

VISION	MISSION	VALUE ADD	KEY FUNCTIONS
Be an integrated Financial Group with industry leading compliance culture.	Effectively measure and manage the compliance risk of the UCL Financial Group to meet the expectations of all stakeholders.	Infusing Best Practices Compliance Risk Mitigation Compliance Assurance Enabling Compliance Education & Awareness	 Brabling and ensuring compliance with the relevant laws and regulations; Bnabling and ensuring compliance with internal policies, procedures and controls; Bnsuring reputational risk is being managed effectively through adequate escalation and update process; Working with business and functional units to identify, address and resolve regulatory and internal control failures; Collaborating with business and functional units to enhance compliance awareness and competencies; Working with business and functional units to enhance culture within the Group; Anticipating and planning for changes in regulations.

COMPLIANCE GOVERNANCE

At the apex of Compliance is the Board, which oversees and provides strategic direction for compliance in the Group. The Risk Management Committee ("RMC") is the management committee wherein the Group's state of compliance with laws, regulations, internal policies and procedures is reported.

The Compliance Division is responsible for developing and maintaining the Group Compliance Framework. This forms the foundation from which policies and procedures are designed to manage compliance risk.

Board
÷
Risk Management Forum
↓
Compliance Divisions

SCOPE OF COMPLIANCE

The scope of compliance covers the areas of credit, operations, anti-money laundering and terrorist financing (AML/TF), treasury, insurance, financing operations and investment management, including subsidiaries. The Internal Control team was set-up to assist in managing internal control compliance and risk issues. The team also assists in the identification of issues at ground level that may affect compliance and the escalation of the same. This also creates expertise at operational level for compliance processes.

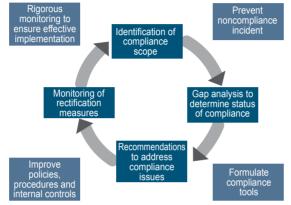

Division and Department Heads are continuously engaged to ensure they continue to inculcate compliance awareness and discharge their duties effectively to ensure their respective units comply with regulatory and internal requirements.

COMPLIANCE LIFE CYCLE

Compliance activities are closely intertwined with compliance

developments on the global front, existing legal & regulatory requirements as well as the Group's policies and procedures. The following diagram illustrates the compliance lifestyle and general approach taken by the Group in managing compliance risk.

The approach is derived from various compliance sources such as new regulations, sound practices, reports from relevant stakeholders as well as internal reviews conducted by the Compliance Division itself.

COMPLIANCE SOURCES

- Laws and regulations
- · Group's policies and procedures
- Sound industry practices
- Internal compliance review
- Internal audit reports
- · Group risk assessment
- Regulators' reports or dialogues

COMPLIANCE CHALLENGES

Against the backdrop of increasing regulatory requirements and pervasive threat of financial crime and fraud, traditional approaches to oversight are no longer adequate. Compliance initiatives are thus anchored upon providing a value proposition to our stakeholders.

CHALLENGES

- Recalibrate functions to focus on compliance;
- Focus resources on value-adding initiatives;
- Re-validate best practices periodically;

• Use expertise to enhance knowledge and awareness in the Group;

• Continue to build good and valuable controls to avoid operational losses;

- Provide meaningful compliance assurance;
- Continuous surveillance on key risk areas;
- Strive to improve processes to enable compliance.

KEY INITIATIVES

The year 2016 saw the Group introducing innovative services and new business models to meet the ever growing demands of customers and pressure to grow business. The strategies adopted to provide a value proposition to our stakeholders are as below:

COMPLIANCE VALUE

- Enabling Compliance
- Infusing Best Pratices
- Compliance Assurance
- Education and Awareness
- Compliance Risk Mitigation

Infusing Best Practices

A comprehensive set of policies and procedures that

institutionalize right from wrong is integral in promoting a sound compliance culture. It is imperative that the Group develop overarching compliance policies along with procedures on how to comply with specific regulations. Among the key Compliance Policies emplaced are:

- Compliance Framework
- AML & TF Programme
- · Incident Reporting, Management and Escalation Process
- Core Values
- Code of Ethics and Conduct
- Whistleblower Policy
- Insider Trading Policy

Continuous revisions are made to the Compliance Policies to ensure the Group keeps abreast of regulations, industry best practices and the changes evolving within the Group.

Compliance Assurance

The Group's state of compliance is provided for, through surveillance programmes. The respective Boards and Senior Management are apprised of the state of compliance through the submission of the Compliance Report. The Compliance Report encompasses compliance with statutory or regulatory requirements, compliance with internal policies and procedures, operational losses incurred, AML/TF measures, as well as root cause and trend analyses.

In addition, any incident affecting the reputation of the Group is escalated to the respective authority. This escalation process ensures adequate oversight and guidance is provided by the Board in managing reputational risk.

Compliance Risk Mitigation

Compliance risk mitigation is a key process in the entire Incident Reporting and Management Process. Incidence reports are duly reviewed to detect trends or commonalities so that losses and incidences of non-compliance, negligence or fraud can be managed proactively and minimized accordingly. Where applicable, preventive or corrective actions to be taken by staff are disseminated.

The Compliance Division continues to play an active role in integrating sound compliance risk management into the overall risk management strategy. Particular attention is paid to new business models or new processes that are introduced for the first time, either to the Group or to industry, to ensure that good internal controls and processes are inbuilt to avoid operational losses.

Enabling Compliance

Apart from working with respective business and operating units to ensure compliance with relevant laws and regulations, enabling compliance is another key function of Compliance. This is done by carrying out root cause analyses as well as preventive and corrective action recommendations. The analyses and recommendations include process or procedural changes that not only support compliance objectives but also enhance productivity and efficiency.

The Compliance Division embarked on issuing regulatory alerts on an as-and-when basis to enable and assist business and operating units to respond to regulatory requirements in a speedy manner. Where issues are related to regulatory compliance reminders are issued to relevant business or operating units to ensure that the Group provides necessary data and accurate information to them.

Education and Awareness

Effective knowledge management is a key challenge in ensuring that staff of the Group are aware of the risk issues surrounding their activities and are able to manage them accordingly in the course of carrying out their duties. To this end, Compliance Division has a plan to organize fraud awareness programs with an aim to increase awareness amongst staff on the various modus operandi of frauds and scams. Senior representatives from Bangladesh Bank will be invited to speak at our program and expected that they will share interesting anecdotes and provided insightful perspectives on fraud.

With the ultimate aim of embedding a compliance culture throughout the Group, the Compliance Division works with Internal Audit and Risk Management Department to carry out overall briefings. These briefings involve sharing common findings and experiences as well as advising on how to improve compliance and contain operational risk within the branches.

Continuous improvements would be made through training to ensure compliance policies are understood and practised by all staff.

Mindful that regulatory requirements and sound practices continue to increase and grow in complexity, education and creation of awareness remain a primary focus for the Group.

VALUE OF COMPLIANCE

The five-pronged strategy as detailed in the previous pages ultimately aims to protect the UCL brand value by achieving compliance excellence. Fundamental to achieving compliance excellence is the process of "making compliance smart" that is attained as follows:

As business models change, new technologies emerge and regulatory requirements increase amidst the intense focus on operational efficiencies and the consolidation of the financial sector, the Group has never been more exposed to such a myriad of risks, not to mention larger sets of rules and regulations. Thus, "making compliance smart" becomes a critical determining factor in our journey towards compliance excellence.

In this regard, the Board and senior management within each respective entity have extended their fullest support and cooperation in moving compliance to the front-line. They have done this by establishing the tone from the top, which is quite simply, to comply with all laws and regulations and employ ethical behavior. All staff are aware that the Board and Management takes an uncompromising stance if such trust is breached.

The Group's focus on root cause analysis and preventive & corrective action to generate a positive presence has yielded greater compliance understanding. Growing in tandem with the understanding is the cooperation between the business and operating units and the Compliance Division with regard to managing compliance risk. The Compliance department is increasingly becoming a point-of reference and advisor for key strategic initiatives that the Group embarks on.

The effective penetration of a proper compliance culture into all business and operating units has enhanced our public domain presence and facilitated early detection of compliance risk. This has resulted in quicker compliance risk mitigation actions being undertaken which in turn translate into a reduction of operational losses and a higher level of operational efficiency.

The Group recognizes that the strengthening of a compliance

culture is the foundation for good compliance practices and it is imperative that this becomes an intrinsic trait of the Group. Not only it preserves the Group's integrity and reputation, it will also enhance our corporate image as a respectable organization and ultimately, increase brand and shareholder value.

ANTI-MONEY LAUNDERING AND TERRORIST FINANCING (AML/TF)

As one of the forerunners of the Government and Bangladesh Bank initiatives to prevent the financial system from being used for illicit and laundering activities, the Group has established the following processes and infrastructure:

- accountability of each level of employee for anti-money laundering detection and prevention;
- education and training in preventing and detecting money laundering; and
- extensive procedures covering customer identification, account opening, record keeping and recognition and reporting of suspicious transactions.

The AML/TF measures continue to focus on ensuring the effectiveness of reporting by all business and operating units to Compliance Division.

AML/TF self-compliance assessments continue to provide an avenue for the Compliance Division to gauge the understanding of business and operating units on AML/TF and act as tools to enhance future measures. In addition, various learning initiatives are offing to raise awareness among employees on the important role that they play in ensuring the Group does not become a conduit for money laundering.

V.	The Managing Director may re-schedule job responsibilities of employees.	Complied
Ι.	The Managing Director may take disciplinary actions against the employees except the DMD and GM or equivalent position.	Complied
vi.	The Managing Director shall sign all the letters/statements relating to compliance of polices and guidelines. However, departmental/Unit heads may sign daily letters/statements as set out in DFIM circular no. 2 dated 06 January 2009 if so authorized by Managing Director.	Complied

Report on Going Concern

Reflects company's continuance for the foreseeable future

A company is a going concern when it is considered to be able to pay its debts as and when they are due, and continue in operation without any intention or necessity to liquidate or otherwise wind up its operations for at least the next 12 months from the end of the reporting period i.e. financial year end.

Going concern assumption is a fundamental principle in the preparation of financial statements and hence it is the responsibility of the Directors to assess company's ability to continue as going concern that involves making appropriate inquiries of certain financial and operating matters.

Overview

Bangladesh Accounting Standard (BAS) 1: Presentation of Financial Statements requires management to make an assessment of an entity's ability to continue as a going concern each time the financial report is approved for issuance. In other Financial Reporting Frameworks, there may be no explicit requirement for the management to make a specific assessment of an entity's ability to continue as a going concern. Nevertheless, since the going concern assumption is a fundamental principle in the preparation of financial statements, as per BAS 1, the preparation of the financial statements requires management to assess Company's ability to continue as a going concern even if the financial reporting framework does not include an explicit requirement to do so.

Bangladesh Securities and Exchange Commission's Notification dated 7 August 2012 requires the Directors of all the listed companies to report on its ability to continue as a going concern. The Board of Directors of UCL makes annual assessment as to whether there exists any material uncertainty that may cast significant doubt about UCL's ability to continue as a going concern and to make adequate disclosures in the financial reporting if such uncertainties are identified.

The time period that the Directors have considered in assessing the appropriateness of the use of going concern basis in preparing the financial statements for the year ended 31 December 2016 is a period of twelve months from the date of approval of the issuance of these financial statements (the period of assessment).

A detailed analysis supporting a company's going concern status may not be required if the company has a history of profitable operations; there is little concern about it continuing to be profitable and it has ready access to required financial resources.

However, in a difficult or uncertain economic environment it may become harder to support the going concern assumption without performing such a detailed analysis.

Our assessment regarding UCL's ability to continue as a going concern involves making a judgment, about inherently uncertain future outcomes of events or conditions. In judgment, Management has considered following factors that appeared to be relevant:

 The degree of uncertainty: Management confirms that during the period of assessment there was no such event or condition the outcome of which may increase any uncertainty about the continuance of UCL's business;

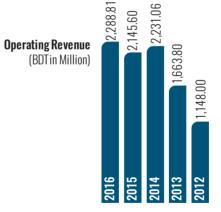

- Nature and size of business: UCL is engaged in financing and capital market operations. Considering the nature, size and extent of business, Management is of the opinion that there was no such external factors that might affect management assessment while making judgment as to the continuance of UCL's business;
- Consistency of assessment: UCL is well aware that the assessment that was made in the last going concern assessment may not remain valid for the current assessment.
- Subsequent events: Subsequent events that were readily available at the time of judgment have been taken into account while making assessment as to the continuance UCL as a going concern.

Moreover, in making this assessment, the Directors considered the Group's business, profitability forecasts, cash flows, terms and conditions of borrowing facilities, governance and risk management practices, funding and capital plans including stress scenarios, together with a range of factors such as the outlook for the Bangladesh economy taking account of the impact of fiscal realignment measures, monetary policy, regulatory compliance and in particular the Directors have focused on the matters set out below:

Financial Matters

Net Assets or net current assets positions

As at 31 December 2016, UCL has positive net current assets of Tk. 347.05 million as against Tk. 149.34 million of 2015 which signifies that the Company has sufficient liquid resources to meet its short-term obligations from its short-term assets.

Debts with excellent repayment records

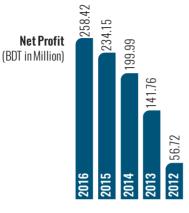

At the end of 2016, the total fixed term borrowings of the Company were Tk. 2,162.33 million compared to Tk. 1,428.40 million of prior year. During the year we availed new credit facilities of Tk. 1,620 million and repaid Tk. 886.06 million to the lenders on due date thereby enhancing lenders confidence in UCL.

Term borrowings grew by 51.38 percent in 2016 due to increase in investment portfolio which grew by more than 4.32 percent.

Dependency on short term borrowings

At the end of 2016, total short term borrowings of the Company were Tk. 1,129.81 million compared to Tk. 1,155.30 of prior year

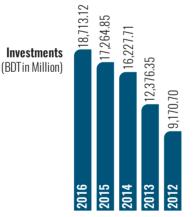

representing only 6.09 percent of total liabilities that indicates UCL has less dependency on short term borrowings. UCL utilizes short term borrowings to meet only short term contingency requirements in order to avoid maturity mismatch.

The management was able to manage the fund efficiently and thus the dependency on short term borrowings was at acceptable level.

Consistent support by the lenders and depositors

UCL has been enjoying unparallel supports from banks, other lenders and depositors. We have a very good track record in repayment of our loan that gives a comfort to our lenders. We have also been enjoying a very good and competitive terms of borrowings from our lenders. Moreover, our depositors, both institutions and individuals, have showed their trust and confidence in UCL while placing deposits to us. In 2016 we have mobilized deposits of Tk. 10,118.02 million and encashed Tk. 8,515.93 million with a remarkable net growth of 14.95% compared to 2015.

Positive operating cash flows

Cash flow statement of the Company for the year ended 31 December 2016 shows positive operating cash flows of Tk. 422.22 million that signifies UCL's ability to generate adequate cash flow from operating activities to meet its operating expenses.

> Net Current Assets (BDT in Million)

Positive key financial ratios

The financial ratios are the testimony of the financial health of a Company. UCL's positive financial ratios as evident from financial summary given on page 42 of this Annual Report show that ratios are improving gradually as well as such positive financial ratios indicate Company's sound financial health and growth prospects.

Consistent payment of dividends

The Company has been paying dividend consistently to its shareholders over many years. For the last five years the Company has paid an average dividend of Tk. 0.94 per share of Tk. 10 each that reflects company's commitment to its shareholders for sustainable growth.

Credibility in payment of obligations

The Company has an excellent track record in repayment of its loan liabilities. There was no such instance that UCL has requested its lenders for rescheduling or extension of term of loans.

Operating performance growth

UCL has a satisfactory growth in its operating performance. The Company's total investment has increased from Tk. 17,264.85 million to Tk. 18,713.12 million registering a steady growth of 8.39 percent over last year. Total consolidated operating revenue is Tk. 996.04 million and total profit after tax is 258.42 million. All those indicators reaffirm the Company's continuance in foreseeable periods.

Timely disclosure of financial results

As required by the regulations, UCL is committed to and has been publishing its financial results timely and making transparent disclosure to its shareholders. We have been publishing our financial statements on quarterly, half yearly and yearly basis in the national dailies as well as in the Company's website as a part of regulatory compliance which helps the investors, depositors, customers, shareholders and other stakeholders in making economic decision.

Operating matters

410.00

298.39

149.34

2016

Expansion of business

UCL has been continually expanding its operations through diversification to cater the manifold needs of its customers as well as for enhancing its earnings stream. The market share of UCL, in terms of industry loans/leases, is 3.77 which is a evidence of its business expansion, customer satisfaction resulting in value addition to the stakeholders.

Corporate culture and employee satisfaction

UCL's aspiration is to be the employer of choice. A good working environment is of paramount importance to any company's continuance, sustainability and the wellbeing of its employees. At UCL we strive to create a flexible and challenging framework that always attracts qualified aspirant and encourages existing employees to continuously hone their skills and excel in their fields. There exists a very good corporate environment in the Company.

Communication among the employees is very excellent. The company endeavors to be honest and practices fair treatment to all employees which ensures good corporate environment. The Company pays a very competitive compensation package and there exist a good number of employee benefits like home loan benefit, car loan benefit, performance related bonus, gratuity, provident fund etc., which are considered to be instrumental for employee satisfaction.

Other matters

Maintenance of adequate capital

As at 31 December 2016, the Company's total consolidated equity stands at Tk. 2,532.83 million. While the minimum paidup capital as required by Bangladesh Bank is Tk. 1,000.00 million, Company's paid-up as on 31 December 2016 was Tk. 1,423.00 million. UCL would like to enhance its equity gradually following prudent dividend policy and issuance of preference shares based on its profitability growth for long term sustainability of the company.

CAMELS Rating

CAMELS rating is used by Bangladesh Bank as a tool for evaluating the strength and performance of a non-banking financial institution. The composite rating adjudged by Bangladesh Bank signifies satisfactory performance of UCL. In that report, there was no adverse material observation of Bangladesh Bank on the activities of UCL instead the some of the parameters are improving gradually as evidenced by Bangladesh Bank's CAMELS rating.

Stress Test

As required by Bangladesh Bank, non-bank financial institutions have been performing a stress testing exercise as per the prescribed framework to proactively manage risks, particularly credit risks, interest rate risk, market risk, concentration risk etc. which focuses on sensitivity and scenario analysis. UCL has rigorously implemented the stress testing framework of Bangladesh Bank and as at 31 December 2016, the position of the Company has improved as a result of the initiative to enhance the collateral security as well as persuading the customers to get credit rating. The Directors believe this satisfactorily addresses the capital risk of the Company.

Credit Rating

UCL has improved its credit rating to AA+ from AA in the long run and ST-1 for short term rated by National Credit Rating Company Ltd. that reflects very strong capacity for timely serving of financial obligations and offering high level of financial safety. As such UCL is exposed to very lower risk. ST-1 reflects strong capacity for timely payment of financial commitments and carry lowest credit risk.

Changes in Government policy

Management anticipates no significant changes in the legislation or government policy, which may materially affect the business of the Company.

Regulatory compliance

UCL has established an independent compliance function in line with the best practices to ensure strict compliance with laws, rules, regulations issued by the regulators and policies, processes, procedures approved by the Board of Directors.

Product innovation and sustainability

UCL always strives for tailor made product innovation, customer satisfaction, value addition to the shareholders, carrying out environmental initiatives, conducting our work through conversation with our customers to address environmental issue which altogether ensure the sustainability.

Conclusion

The above matters may individually or collectively cast significant doubt about the going concern assumption for an entity. This listing is not all-inclusive nor does the existence of one or more of the items always signify that a material uncertainty exists.

The Directors' assessment of whether the Company is a going concern entity involves making appropriate inquiries of all the above matters including review of budget and future outcome of inherent uncertainties in existence. The Directors are convinced from the above indications, which give reasonable assurance as to the Company's continuance as a going concern for the foreseeable future.

In this backdrop, the Directors consider it appropriate to prepare the financial statements on a going concern basis having concluded that there are no material uncertainties related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern for the foreseeable future.

RISK MANAGEMENT

Describe how we manage our risks

UCL assumes risks as an integral part of the business activities that its business model entails. The Company's risk profile reflects several types of risk, the most important being credit risk; market risk; liquidity risk; operational risk and insurance risk. UCL intends to meet the highest and latest standards and recommendations for NBFI's risk management in order to support its business model. The Company, therefore, devotes considerable resources to developing and maintaining procedures and tools to fulfill this ambition.

UCL's risk management is based on guidelines, policies and instructions set forth by the Board of Directors. On the basis of the Board of Directors' general instructions, the Company has prepared specific instructions on risk management for the individual business units. These instructions are used as the basis for business and control procedures, among other things, at the units.

RISK MANAGEMENT FRAMEWORK

RISK MANAGEMENT PHILOSOPHY

The key elements of UCL's risk management philosophy are the following:

- UCL recognizes sound risk management to be the foundation of a long-lasting financial institution;
- UCL continues to adopt an integrated approach to risk management and, therefore, brings all risks together under one or a limited number of oversight functions;
- UCL follows the conservative approach to measure the risk;
- risk officers are empowered to perform their duties professionally and independently without undue interference;
- risk management is governed by a set of policies that are clearly communicated;
- risk management is a shared responsibility. Therefore, UCL aims to build a shared perspective on risks that is grounded in consensus;
- there is a clear segregation of duties between operations and risk management functions; and
- risk-related issues are taken into consideration in all business decisions. UCL shall continue to strive to maintain a conservative balance between risk and revenue considerations.

RISK CULTURE

- The Board and Management consciously promote a responsible approach to risk and ensure that the long-term survival and reputation of UCL are not jeopardised while expanding UCL's market share.
- The responsibility of risk management in UCL is vested in the Board of Directors, which is implemented through the Executive Management.
- · UCL pays attention to both quantifiable and unquantifiable

risks.

- UCL management promotes awareness of risk and risk management across UCL.
- UCL avoids products, markets and businesses where it cannot objectively assess and manage the associated risks.

RISK APPETITE

UCL's risk appetite is set at a level that minimizes erosion of earnings or capital due to avoidable losses and trading books, or from frauds or operational inefficiencies. UCL's appetite for risk is governed by the following:

- high-quality risk assets measured by five Key Performance Indicators:
- i. ratio of non-performing loans to total loans;
- ii. ratio of loan loss expenses to interest revenue;
- iii. ratio of loan loss provision to gross nonperforming loans;
- $\operatorname{iv.}$ ratios of large loan to total exposure; and
- v. percentage of concentration risk.
- · Diversification targets are set for the credit
- portfolio and limits are also set for aggregate large exposures.
- Financial and prudential ratio targets are pegged at a level more conservative than regulatory requirements and better than the industry average.
- UCL aims at minimising the following independent indicators of excessive appetite for risk:
- i. exception reporting by ICC officers, auditors, regulators and external rating agencies;
- ii. adverse publicity in press;
- iii. frequent litigations;
- iv. payment of fines and other regulatory penalties;
- v. above average level of staff and customer attrition;
- vi. Internal and external frauds; and
- vii. Suspicious transaction of the customers.

UCL will not compromise its reputation through unethical, illegal and unprofessional conduct. UCL also maintains zero appetite for association with disreputable individuals and entities.

The importance of risk management cannot be overstated. This is a fundamental part of doing business that must be addressed appropriately for the company to be successful. Risk management provides a clear and structured approach to identifying risks. Having a clear understanding of all risks allows an organization to measure and prioritize them and take the appropriate actions to reduce losses.

RISK MANAGEMENT OVERSIGHT

UCL's Risk Management Department provides central oversight of risk management across UCL to ensure that the full spectrum of risks facing UCL and the Group are properly identified, measured, monitored and controlled to minimize adverse outcomes. The department is, however, complemented by other departments in the management of certain important risks as illustrated below.

The Risk Management Department coordinates the monitoring and reporting of all risks across UCL. The department is headed by a skilled and competent Executive.

The Internal Control & Compliance department is responsible for continuous independent verification of control measures to manage all risks across the Group.

Internal audit has the responsibility of auditing the risk management function to ensure that all units charged with risk management perform their roles effectively on a continuous basis. Internal audit also tests the adequacy of internal controls and makes appropriate recommendations where weaknesses are identified with the view of strengthening the Group's risk management framework. Its functions are as under:

- · Sets policies and defines limits for other units in UCL;
- Performs risk monitoring and reporting, and provides framework for management of risk;
- Coordinates activities with internal audit to provide a holistic view of risks; and
- Collaborates with information technology department to provide relevant automated credit information.

RISK MANAGEMENT PRINCIPLES

The following principles guide our management risk:

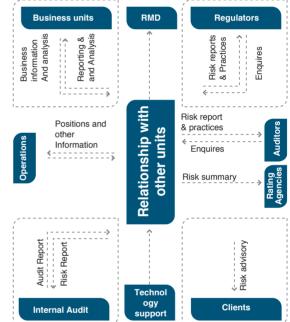

- Effective balancing of risk and reward by aligning risk appetite with business strategy, diversifying risk, pricing appropriately for risk, mitigating risk through preventive controls and transferring risk to third parties;
- Shared responsibility in risk management as business segments are responsible for active management of their risks, with direction and oversight provided by risk management department and other business units;
- Business decisions are based on an understanding of risk as we perform rigorous assessment of risks in relationships,

products, transactions and other business activities;

- Avoid activities those are not consistent with our Values, Code of Conduct or Policies, which contributes to the protection of our reputation;
- Proper focus on clients reduces our risks by knowing our clients and ensuring that all products and transactions are suitable for, and understood by our clients; and
- Use of clear communication line for risk reporting with maximum cooperation from the Chief Risk Officer and effective monitoring of every department helps manage risks throughout the organization.

RELATIONSHIP OF RISK MANAGEMENT WITH OTHER UNITS

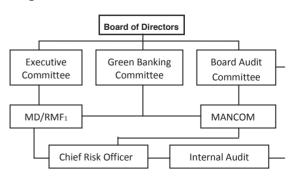

The relationships between the Risk Management Department (RMD) and other sections of the Group are highlighted below:

GOVERNANCE

Risk management governance framework

UCL's risk management governance framework is outlined in the diagram below:

1 Managing Director/Risk Management Forum

ROLES AND RESPONSIBILITIES

Board of Directors

• Approve risk strategy and policies.

- Ensure that executive management takes necessary steps to monitor and control risks.
- Ensure that management maintains an appropriate system of internal control and reviews its effectiveness.
- Ensure that risk strategy reflects the Group's tolerance for risk.
- Ensure the Group's overall credit risk exposure is maintained at prudent levels and consistent with the available capital.
- Review and approve changes/amendments to the risk management framework.
- Review and approve risk management procedures and control for new products and activities.
- Ensure that the Management as well as individuals responsible for credit risk management possesses the requisite expertise and knowledge to accomplish the risk management function.
- Ensure that the Group implements a sound methodology that facilitates the identification, measurement, monitoring and control of risk.
- Ensure that detailed policies and procedures for risk exposure creation, management and recovery are in place.

Board committees

The above responsibilities of the Board of Directors are discharged primarily by its two Committees namely:

- Audit Committee
- Executive Committee and
- Green Banking Comittee

Without prejudice to the roles of these committees, the Board retains ultimate responsibility for risk management and ensures through RMF.

Risk Management Forum (RMF)

For all categories of risk, the Risk Management Forum is responsible for formulating policies, monitoring, implementation and reviewing risk reports for presentation to the Board/Board committees as well as implementing Board decisions across UCL. The Forum comprises of Heads of Business, SME, Accounts, HR & ICT, ICC and Treasury and is headed by the Chief Risk Officer. To be more specific, the Forum is responsible for the following: • Designing overall risk management strategy of UCL.

- Communicating views of the Board and management regarding risk management culture and risk appetite all over UCL.
- Developing policies and procedures for identifying, measuring and controlling risk;
- Reviewing market conditions, identifying external threats and providing recommendations on course of actions
- · Allocating appropriate resources to evaluate and control risk;
- Implementation of risk strategy approved by the Board of Directors;
- Appointing credit officers and delegate approval authorities to individuals and committees.
- Reviewing risk reports on a regular and timely basis;
- Monitoring the prescribed threshold limits of risk appetite set by the regulators and UCL itself and report on compliance.
- Developing, testing, and observing the use of models to measure and monitor risk as well as MIS to support risk management function of UCL.
- Highlighting the key portfolios and deficiencies on timely manner and reporting these analyses to the Managing Director as well as the Board of Directors with specific

recommendations and suggestions.

- Providing all reports required by the Board and its committees for the effective performance of risk management oversight functions.
- Holding monthly meetings of the Forum to discuss findings on Risk Management Paper (RMP) submitted by RAU and plan necessary precautionary measures to mitigate risks.

Risk Analysis Unit (RAU)

The Risk Analysis Unit acts as secretariat of the Risk Management Forum (RMF). The Unit is independent of rating transactions, or setting/working to achieve any target imposed by UCL. In more details the responsibilities of this Unit includes:

Identifying and analysing all sorts of risks appropriately, timely and quantifying those risks and their exposure to material loss.

- Maintaining and monitoring an effective risk management environment in the Group and collecting all relevant data of risk indicators from different models and MIS and assessing the quality, completeness, and correctness of those data.
- Reviewing proposals in respect of credit policies and standards and endorsing them to the Risk Management Forum for approval by the Board.
- Monitoring on an ongoing basis the Group's risk quality and performance by reviewing periodic credit portfolio reports and assessing portfolio performance.
- Defining credit approval framework and assigning credit approval limits in line with UCL policy.
- Reporting to RMF on compliance of UCL's credit policies with statutory requirements prescribed by the regulatory/supervisory authorities.
- · Conducting periodic Stress Testing.
- Collecting data/information from different departments and preparing Risk Management Paper (RMP) on a monthly basis for submission to the Bangladesh Bank where the risks associated in conducting business are highlighted, analyzed, and recommendations put forward for discussion and approval by the RMF.
- Preparing the report on the "Product/Service Risk Management" for submission to the Bangladesh Bank as per instruction given in the guidelines on Product & Services of Financial Institutions in Bangladesh.

INTERNAL CONTROL

Overview

Internal control in UCL refers to the overall operating framework of practices, systems, organizational structures, management philosophy, code of conduct, policies, procedures and actions, which exists in the Group and is designed to ensure:

- that essential business objectives are met, including the effectiveness and efficiency of operations and the safeguarding of assets against losses;
- the reliability of financial reporting and compliance;
- compliance with applicable laws and regulations including internal policies;
- systematic and orderly recording of transactions; and
- provision of reasonable assurance that undesired events will be prevented or detected and corrected.

UCL is committed to creating and maintaining a unique internal control environment that is capable of sustaining its current

leadership position in the financial services industry.

Strategy and policy

UCL operates in an environment that is continuously exposed to uncertainties and change. Such risks may prevent the institution from achieving its strategic business objectives. To manage these risks effectively, UCL Group has put in place internal control measures that cover the company and its subsidiaries.

Effective IT control and revenue assurance

UCL has developed a framework for effective information technology (IT) controls. This essentially revolves around ensuring the integrity, security, efficiency and reliability, and compliance of UCL information systems and resources, including:

- management and administration of users /access control on UCL's various application software to ensure proper user access rights are attached to each job role and to ensure reliability of access control mechanisms on the applications;
- monitoring and reviewing UCL's processes, practices and procedures through a systematic and automated approach, crossing all departmental and functional boundaries, guaranteeing validity, completeness, accuracy and timeliness of financial data relating to UCL revenue. This includes interest income, interest expense, commissions, fees and management fees etc.;
- monitoring IT operations, databases, server hardware and server operating systems, network infrastructure and applications systems monitoring;
- reviewing all new systems end-to-end and coming up with technology-related risk and vulnerabilities in the product, processor system being developed and advising mitigating controls.

Fraud management objectives

- Prevention of fraud occurrence or losses. Where prevention is not possible they should be promptly detected and mitigated.
- Prevent repetition of operational lapses and system defects that facilitate occurrence of fraud.
- Minimize other operational losses associated with fraud.
- Automation of fraud preventive measures.
- Fraud management strategies
- Building fraud prevention and detection controls in processes and systems.
- Strict compliance with internal policy, regulatory and statutory requirements.
- Implementation of anti-fraud operational, supervisory and independent controls.
- · Proactive management of financial and non financial risks.
- Holding operators and supervisors personally responsible for fraud occurrence.
- · Conducting root cause analysis of fraud occurrence.
- Automation of reconciliation activities.
- Risk-based departmental and independent control checklist for supervisors.
- · Continuous awareness campaign on fraud learning points.
- · Continuous control improvement measures.
- Improve anti-fraud operational control capacities among operations staff.
- Effective fraud escalation mechanism to all levels of

management.

• Implementation of whistle-blowing policy.

Priorities for 2017

- Full implementation of the Bangladesh Bank Guidelines on ICC.
- Strengthening of internal controls consciousness in UCL through effective support and training to operators in their role as the first line of defense in risk management.
- Strengthening IT supervision and monitoring to ensure adequate control over UCL's software.

RISK MANAGEMENT REPORTING

In compliance with the issue of Bangladesh Bank DFIM Circular no. 1, dated 7 April 2013, UCL have started submitting its Risk Management Paper (RMP) every month from the month of April 2013 to the Department of Financial Institutions & Markets (DFIM) of Bangladesh Bank. According to the circular UCL have formed the Risk Analysis Unit (RAU) which is responsible for constructing the Risk Management Paper in every month and submission to the Risk Management Forum (RMF).

The Forum is comprised of the Departmental Heads of Business, Accounts, SME, HR & ICT, ICC, Treasury and headed by the Chief Risk Officer meets every month to discuss on the Risk Management Paper in hand and formulate policies to mitigate the risks affecting the organization. The meeting minutes are attached with the RMP of the month and submitted to DFIM of Bangladesh Bank. The Risk Management Paper emphasize on the following risks affecting UCL:

- Credit Risk
- Market Risk
- Liquidity Risk
- Operational Risk
- Information Security Risk
- Compliance Risk
- Legal Risk
- Reputational Risk
- Money Laundering Risk
- Environmental Risk

The report identifies, analyses, and measures how each of the above categories of risks affect UCL and quantifies the risk of material loss as a result. The Paper also goes on to provide recommendations on how UCL can draw precautionary measures and mitigate the risks facing the business.

The Risk Analysis Unit (RAU) responsible for formulating the report draws on operational information from all departments of UCL based on which risks affecting the organisation are identified, analysed and measured. The RAU uses various analytical tools and mathematical models to measure risks and incorporate them into the Risk Management Paper (RMP). The recommendations are drawn from discussions with the relevant departments and analysis of the market, economy and financial and operational strength of the company.

The Risk Management Forum (RMF) headed by the Chief Risk Officer of UCL meets by the 20th of every month with the Risk Management Paper of the past month in hand and discusses and develops policies on risk management for the times ahead. The Forum believes that it is imperative to address all the matters of risks that face the organization and the use of management expertise and a proactive approach with regards to risk management as a defense mechanism to ensure that UCL's growing portfolio is strengthened from the core and compliment its values to create a sustainable future for all the stakeholders.

RISK MANAGEMENT DISCLOSURE

CREDIT RISK

Overview

Credit risk management verifies and manages the credit process from origination to collection. In designing credit policies, due consideration is given to our commitment to:

- create, monitor and manage credit risk in a manner that complies with all applicable laws and regulations;
- identify credit risk in each investment, loan or other activity of UCL;
- utilise appropriate tools to measure credit risk;
- adopt a risk-based approach for determining appropriate pricing for lending products and services;
- set acceptable risk parameters;
- maintain acceptable levels of credit risk for existing individual credit exposures;
- maintain acceptable levels of overall credit risk for our portfolio;
- coordinate credit risk management and other risks inherent in UCL business activities; and
- set remedial and recovery actions.

Philosophy

The following principles guide credit risk management across UCL. UCL shall:

- manage its risk asset portfolio to ensure that the risk of excessive concentration to any industry, sector or individual customer is minimized, as well as ensure portfolio flexibility and liquidity;
- ensure that exposures to any industry or customer are within the regulatory guidelines and internal policies;
- extend credit to only suitable and proven customers and never where there is any doubt as to their ethical standards and record;
- never extend credit where the source of repayment is unknown or speculative nor where the purpose of funds is undisclosed;
- never take a credit risk where ability of the customer to meet obligations is based on the events;
- ensure that the primary source of repayment for each credit is from an identifiable cash flow of customers' normal business operations or other financial arrangements; the realisation of security remains a fall-back option;
- adopt a pricing model to ensure that higher risks are compensated by higher returns;
- ensure that the quantum of exposure and quality and value of collateral required are determined based on the risk profile of the customers;
- avoid all conflict of interest situations and report all insiderrelated credits to appropriate bodies; and
- ensure that there are consequences for noncompliance with UCL credit policies.

Responsibilities and functions of key stakeholders in the credit process In line with company's philosophy to entrench sound corporate governance in its operations, the functions of the Credit Group are handled at different levels by the following departments, namely:

- Marketing Department;
- · Operations Department;
- Credit Risk Management (CRM);
- Credit Administration Department (CAD);
- · Legal Department;
- Internal Control and Compliance (ICC) Department
- · Recovery & Monitoring Department; and
- Special Assets Management (SAM) Department

Marketing Department is responsible for procurement of business and acts as a relationship manager.

Operations Department is responsible for the appraisal of credit requests and processing to obtain requisite approvals in line with UCL's policy.

Credit Risk Management (CRM) Department is responsible for identifying and analysing the various risk factors of loan/lease and recommend their assessment to the Credit Committee / Executive Committee / Board of Directors. The department serves as the credit secretariat and manages other credit process initiatives for the Company.

CREDIT ADMINISTRATION DEPARTMENT (CAD) is mainly responsible for ensuring the documentation formalities before disbursement of any sanctioned loan/lease facility. After disbursement the files and documents are preserved by CAD which is the core responsibility as custodian.

Recovery and Monitoring Department (RMD) is responsible independently following up on customers with delinquent assets before the level of delinquency falls in the category of special assets that is till installments past due for less than 6 months.

Special Assets Management (SAM) is responsible for the recovery of loans that are past due for 6 months or more and accounts written off from on-balance sheet. SAM will continue to liaise with recovery agents, legal department and outsourcing legal services to ensure effective recovery of bad loans. ICC oversees the overall compliance issues before disbursement of any facility.

Internal ratings scale

In measuring credit risk of loan and advances to customers, UCL reflects the following components:

- Character and capacity of the client;
- Current exposures to the counterparty and its likely future development; and
- Credit history of the counterparty and likely recovery ratio in case of default obligations - value of collateral and other ways out.

Customers Risk Rating system

In order to manage our credit risk, the management has developed a risk rating grade system. The risk rating grades have nine risk buckets to provide a preset, objective basis for making credit decisions, with one additional bucket specifically included to categorise customers in default. Each risk bucket may be denoted alphabetically and by range of scores as follows:

Description	Rating bucket	Range of scores	Prob.of default	Grade
Extremely low risk	AAA 1 1.00 – 1.99	90–100%	1%	ent
Very low risk	AA 2 2.00 – 2.99	80–89%	1%	stm
Low risk	A 3 3.00 – 3.99	70–79%	1.5%	nvestment
Low risk	BBB 4 4.00 – 4.99	60–69%	2%	_
Acceptable – moderately high risk	BB 5 5.00 – 5.99	50–59%	4%	ant
High risk	B 6 6.00 – 6.99	40–49%	6%	Non-investment
Very high risk	CCC 7 7.00 – 7.99	30–39%	9%	Ives
Extremely high risk	CC 8 8.00 – 8.99	10–29%	13%	n-ir
High likelihood of default	C 9 9.00 – 9.99	0–9%	15%	Ž
Default risk	D 10			
SMA	D		5%	nlt
Sub-standard	D		20%	Default
Doubtful	D		50%	
Bad loss	D		100%	

Collateral Risk Rating (CRR)

UCL shall not lend to non-investment grade customers without any form of collateral. Collaterals are rated from best to worst in order of liquidity, controllability and realizable value. The more liquid a collateral is, the lower the estimated portion of the exposure that may not be covered in the event of default. Therefore, for highly illiquid collaterals, a higher loss given default is assumed.

Risk limit control and mitigation policies

The industry and portfolio limits are set by the Board of Directors on the recommendation of the Management. Credit Risk Management monitors compliance with approved limits.

Portfolio limits

The process of setting the limits is as follows:

- UCL engages in a detailed portfolio plan. In drawing up the plan, UCL reviews the macroeconomic factors, identifies the growth sectors of the economy and conducts a risk rating of the sectors to determine its acceptable target market industries and exception. UCL target loan portfolio is then distributed across acceptable target market industries.
- Aggregate single/group exposure limit of not more than 30 percent of company's equity. It may go beyond the limit with the permission of Bangladesh Bank.
- Sector exposure limit of not more than 20% of UCL loan portfolio.

Geographic limits

• Presently, UCL does not have any exposure to counter parties domiciled outside Bangladesh.

Single party limits

• Limits are imposed on loans to individual borrowers. UCL as a matter of policy does not lend above its regulatory lending limit, which is 30 percent of its shareholders' funds. The internal guidance limit is, however, set at 25 percent to create a prudent buffer.

UCL also sets internal credit approval limits for various levels in the credit process and these are shown in the table below (amount in Taka):

Approval levels

Board of Directors Executive Committee Credit Committee

Investment grade

Over 50,000,000 Upto 50,000,000 Upto 5,000,000 Approval limits are set by the Board of Directors and reviewed from time to time as the circumstances of the UCL demand. Exposure to credit risk is also managed through regular analysis of borrowers and potential borrowers to meet interest and capital repayment obligations and by changing these lending limits where appropriate.

Classification and provisioning policy

Provision is made in accordance with the Prudential Guidelines issued by Bangladesh Bank for each account that is not performing in accordance with the terms of the related facility as follows:

Classification	Past due obligation	Provision (%)
Performing	2 months	1
SMA	>3-6 months	5
Sub-standard	>6-12 months	20
Doubtful	>12-18 months	50
Bad & Loss	>18 months	100

Write-off and recoveries

After full evaluation of a non-performing exposure, in the event that either one or all of the following conditions apply, such exposure shall be recommended for write-off:

- · continued contact with customer is impossible;
- recovery cost is expected to be higher than the outstanding debt;
- amount obtained from realization of collateral security leaves a balance of the debt; or
- it is apparent that no further recovery on the facility is possible;
- legal actions have been taken against customers for recovery.

All credit facility write-offs shall require endorsement at the Board level. Credit write-off approval shall be documented in writing.

Whenever amounts are recovered on previously written-off credit exposures, such amount recovered is recognized as income on a cash basis only.

Portfolio ratios

Asset quality ratios

Non-performing accounts have been recognized, classified and provisions made as appropriate in line with the Bangladesh Bank Guidelines. Rate of nonperforming loans/lease for the period was 8.51 percent mainly due to the recognition and classification of weak and impaired assets in the portfolio.

Non-performing exposures are defined as exposures with past due obligations >3 months. Loans move from performing status to SMA, sub-standard, doubtful and bad & loss, depending on objective criteria based on the number of months past due as shown in the previous table.

Credit Risk Management outlook

The Group will continue to pursue a moderate and sustainable loan growth strategy by optimally exploiting the economic development goals of the government vis-a-vis achieving its own strategic imperatives. It is expected that there would be increased demand for credit, while loan selection criteria will remain rigorous with pricing reflecting the risks being taken on such exposures for asset creation to make business sense.

In spite of the growth projections in 2016, asset quality will not be compromised and this would be ensured through the constant review of UCL's risk acceptance criteria. Therefore, credits will only be extended to suitable and proven customers. UCL will also continue to focus on the growth sectors of the economy through strategic portfolio planning, supported by sound risk identification, measurement, control, monitoring and reporting. There will also be an aggressive focus on recovery of delinquent assets.

The credit process will be enhanced to address prevailing challenges, while credit models will be subjected to periodic validation for the purpose of obtaining necessary assurances. Portfolio stress tests will be adopted as appropriate, to consider implications of scenarios that may seem relatively unlikely but could pose serious risks to the company if they crystallize.

We will continue to strengthen SME lending, credit analysis and credit monitoring through both internal and external trainings.

MARKET RISK

Overview

Market risk is the risk that the value of investment portfolio will decrease due to changes in market risk factors such as share prices, interest rates, etc.

It represents the potential for a negative impact on the balance sheet and income statement resulting from adverse changes in the value of investments and interest rates as a result of movements in market variables.

During the financial year, UCL was exposed to market risk in its trading and investing activities mainly as a result of:

- interest rate movements in response to market forces or as directly indicated by monetary policy pronouncements;
- share price movements in response to market forces.

Philosophy

The market risk management process in the UCL Group allows disciplined risk taking within a framework of risk appetite that enables UCL to enhance shareholder value while maintaining competitive advantage through effective utilization of risk capital.

Our objective is to manage market risk exposures for optimal returns while maintaining a market profile consistent with our status in the financial services industry. Thus, UCL's market risk management policy ensures:

- management is responsible for the establishment of appropriate procedures and processes in implementing market risk policy and strategy;
- a group wide market risk management process to which all risk-taking units are subjected;
- alignment of market risk management standards with best practices. Risk measurements are progressively based on modern techniques such as sensitivity, stress testing and equity market risk analysis;
- risk officers are empowered to perform their duties professionally without undue interference;
- UCL does not undertake any risk that cannot be managed, or risks that are not fully understood; and
- where UCL takes on any risk, full consideration is given to pronouncement, guidelines or policies.

Structure and framework

UCL ensures that all the market risk exposures are consistent with its business strategy and within the defined risk tolerance. UCL therefore manages market risk within:

- an overall market risk exposure maintained at levels consistent with the available capital; and
- a reliable methodology for identifying, measuring, controlling, monitoring and reporting market risk.

Governance

The Board of Directors provides oversight for the market risk management function through its Management Committee.

Management oversight is provided by the Assets & Liabilities Management Committee (ALCO).

The Board of Directors is responsible for:

- approval of market risk management framework, policies, strategies, guidelines and philosophy;
- approval of market risk-related limits for UCL.
- The ALCO, made up of relevant department heads, is responsible for:
- reviewing policies relating to market risk management;
- recommending market risk policies to the Board;
- providing management oversight for the implementation of policies relating to interest rates and share prices' risks;
- reviewing market risk strategy;
- developing policies, procedures and systems for identifying, measuring, controlling and reporting market risks;
- evaluating market risk inherent in new products;
- ensuring compliance with statutory and regulatory requirements relating to market risks;
- recommending policies and guidelines for market risk measurement, management and reporting;
- ensuring that market risk management processes (including people, systems, operations, limits and controls) are in line with market risk framework;
- recommending policies for identifying, measuring, monitoring, controlling and reporting market risk; and
- recommending steps to protect UCL capital ratios from the

effects of changes in market risk factors.

UCL also provides oversight for its subsidiaries that engage in trading in quoted equities. UCL does not trade in commodity and therefore is not exposed to commodity risk.

Policy and strategy

UCL has put in place a market risk management framework that provides the Board and Management with guidance on market risk management processes.

Stress testing

Stress testing is an integral part of the market risk management framework and considers both historical market events and forward-looking scenarios. Stress scenarios are regularly updated to reflect changes in risk profile and economic events.

The ALCO is responsible for reviewing stress exposures and where necessary, enforcing reductions in overall market risk exposure. The stress-testing methodology assumes that scope for management action would be limited during a stress event, reflecting the decrease in market liquidity that often occurs. Regular stress-test scenarios are applied to interest rates and share prices.

In recognition of the volatile market environment and the regulations that have had significant effect on market rates and prices, UCL augments other risk measures with stress testing to evaluate the potential impact of possible extreme movements in financial variables on portfolio values.

Outlook

We anticipate that fighting inflation will be a great challenge in 2017, taking into account the removal of fuel subsidies as well as the monetary policy. Small investors are showing preference for risk-free investment avenues over the highly volatile and risky shares due to the incessant rising of interest rate and partly as a result of the uncertainty in the economic environment engendered by the political confrontation which negatively affected the capital market. We are positive that the gains from the ongoing reforms in our capital market will be visible and lead to the growth and development of the market.

Bangladesh financial system is now relatively stable and well positioned to stimulate growth and development of the economy. The year 2017 is expected to be better as we are witnessing some positive signs since the beginning of the year.

LIQUIDITY RISK

Overview

Liquidity risk is the risk that the Group does not have sufficient financial resources to meet its obligations as they fall due, or will have to meet the obligations at excessive cost. This risk arises from mismatches in the timing of cash flows.

Funding risk (a form of liquidity risk) arises when the liquidity needed to fund illiquid asset positions cannot be obtained at the expected terms and when required.

The objective of the Group's liquidity risk management is to ensure that all anticipated funding commitments can be met when due and that access to funding sources is coordinated and cost effective.

Philosophy

UCL Group maintains an optimal level of liquidity through the active management of both assets and liabilities while complying with regulatory requirements and optimizing returns.

The following principles guide liquidity risk management across

UCL Group:

- a sound liquidity risk management framework that ensures maintenance of sufficient liquidity to withstand a range of stress events;
- a sound process for identifying, measuring, monitoring and controlling liquidity risk, including a sound framework for projecting cash flows arising from assets and liabilities;
- a clear funding strategy that provides effective diversification in the sources and tenor of funding;
- ranking and prioritization of funding sources by stability;
- a comprehensive contingency funding plan that clearly sets out the strategies for addressing liquidity shortfalls in emergency situations.

Governance

The Board is primarily responsible for approval of liquidity risk management framework, policies, strategies, guidelines and philosophy.

The Assets & Liabilities Management Committee (ALCO), made up of the Managing Director & CEO, the Chief Financial Officer and other relevant divisional heads, is responsible for the following:

- review policies relating to liquidity risk management;
- recommendation of liquidity risk policies to the MANCOM;
- review liquidity risk strategy and recommendation of the same for Board approval;
- provision of management oversight on the implementation of policies relating to liquidity risk;
- ensure proper matching the liquidity profile;
- monitor liquidity risk inherent in the maturities mismatch of the assets and liabilities;
- development of policies, procedures and systems for identifying, measuring, controlling and reporting liquidity risks;
- ensure compliance with statutory and regulatory requirements relating to liquidity risks;
- review and recommendations on liquidity risk related limits for approvals; and
- approval of stress scenarios and contingency funding plan assumption.

Implementation of UCL market and liquidity risk management policies, procedures and systems is delegated to the Head of Treasury who reports to the ALCO/Chief Risk Officer. UCL maintains a liquidity risk policy, which drives the level of liquidity risk exposures and determines business size and maturities.

Policies and procedures

The principal mechanism for implementing UCL's liquidity policy is the maintenance of the liquid assets over and above the defined regulatory minimum.

The liquidity ratio is interpreted in conjunction with cash flow projection and liability concentration ratios to measure UCL's exposure to liquidity risk. The cash flow technique used is the maturity ladder, which assesses all UCL's cash inflows against its outflows to identify the potential for net shortfalls or net funding requirements.

UCL use of concentration ratios helps preventing it from relying on a limited number of depositors or funding sources.

Capital management

UCL's capital management approach is driven by its strategy and

organizational requirements, taking into account the regulatory and business environment in which it operates. It is company policy to maintain a strong capital base to support the development of its business and to meet regulatory capital requirements at all times.

Through its corporate governance processes, UCL maintains discipline over its investment decisions and where it allocates its capital, seeking to ensure that returns on investment are appropriate after taking account of capital costs.

UCL's capital is divided into two Tiers: Tier 1 capital comprises core equity including ordinary shares, statutory reserves, general reserves and retained earnings. Under provisions are deducted in arriving at Tier 1 capital.

Tier 2 capital comprises general provisions, minority and other interests in Tier 2 capital and unrealized gains arising from the fair valuation of equity instruments held as available-for-sale. Tier 2 capital also includes reserves arising from the revaluation of properties, if any.

Bangladesh Bank prescribed a minimum limit of 10 percent of total risk weighted assets as a measure of capital adequacy for NBFIs. Total risk weighted assets reflects only credit, market and operational risk.

UCL achieved a capital adequacy ratio of 12.86 percent at the end of the year 2016. Current position is closely monitored by the Assets and Liabilities Management Committee.

(Figure in million)

Dec 2016	Dec 2015	
12.86	13.34	Capital adequacy ratio(%)
Capital composition:		
Tier 1		
1,423.00	1,329.90	Paid-up capital
421.20	364.82	Statutory reserves
-	-	Non-controlling interest (insignificant)
221.70	197.18	Retained earnings
2,065.90	1,891.90	Total
Tier 2		
235.80	228.70	General provision
51.01	51.01	Asset revaluation reserves
400.00	500.00	All other preference shares
686.81	779.71	Total
Capital utilisation:		
22,963.90	20,029.99	Qualifying risk

In June 2006, the Basel Committee on Banking Supervision published International convergence of Capital Measurement and Capital Standards, known as Basel II. Basel II is structured around three 'Pillars': minimum capital requirements, supervisory review process and market discipline. Thereafter there have been several press releases by the committee aimed at increasing capital requirements and improving measurement of capital. Though there has been a regulatory requirement for NBFIs to comply Basel II requirements, UCL has made substantial progress in its Basel II compliance project. The successful conclusion will allow UCL's capital measurement to reflect

weighted assets

credit, market and operational risk exposures on the assets of UCL.

Outlook

We have strengthened the Group's funding and liquidity risk management framework to boost our ability to closely watch liquidity requirements, enhance timely responses to liquidity events (changes in the mix of business we operate and the market environment), make best use of funding sources and minimize borrowing costs.

UCL expects to continue building on the goodwill in the coming years by maintaining a strong liquidity position that ensures financial obligations are met as and when due at minimal cost. Penetration of all customer segments will continue as a means of providing a stable, low-cost deposit base for UCL from welldiversified funding sources.

OPERATIONAL RISK

Overview

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people, systems and external events. This definition includes legal risk but excludes reputational risk. Therefore, in line with the Basel II risk management framework and best practices, operational risk in UCL is composed of the following risk types: operations risk, legal risk, and regulatory compliance risk, and technological risk, financial and environmental risk. UCL recognizes the significance of operational risk, which is inherent in all areas of our business. Operational risk is managed within acceptable levels through an appropriate level of management focus and resources.

Objectives

UCL is committed to the management of operational risks. UCL's operational risk management framework aims to:

- reduce losses arising from operational risk a key role of operational risk management in UCL is to reduce losses from operational failure;
- improve performance measurement improved understanding of its operational risk profile shall enable appropriate allocation of risk which would allow improved performance measurement and evaluation of activities;
- ensure better control of operations UCL expects that increased understanding of risk activities within various business units will lead to improvements in the control of operations and the emergence of a more proactive operational risk management culture;
- provide early warning signals of deterioration in UCL internal control system;
- raise awareness of operational risk in UCL from top to bottom through the implementation of an operational risk approach.
- improve the information system and take necessary action to mitigate the system failure and security;
- ensure employment practices and work place safety;
- ensure prevention of damaging physical assets.

Philosophy and principles

The following philosophy and principles govern the management of operational risk in UCL:

• The Board of Directors has the responsibility for setting the operational risk strategy for UCL and its implementation.

- Operational risk in UCL is coordinated through a centralized operational risk management function
- Ownership, management and accountability for operational risk is decentralized with business and functional units.
- UCL's operational risk management practices are in line with Basel II.
- UCL's operational risk management practices are subject to independent review by internal auditors.
- Operational risk management is governed by policies and procedures.
- Operational risk-related issues are taken into consideration in business decisions.
- Operational risk and loss events are reported to the appropriate levels once they are identified
- Adequate processes and systems for identifying, measuring, monitoring, reporting and controlling operational risks are being implemented by UCL.

Methodologies

In order to meet its operational risk management objectives, each business function within UCL is required to identify, assess, measure and control its operational risk in line with the policy.

Key operational risks

Major operational risks are financial crimes (internal fraud, external fraud and money laundering). Each incident is analyzed and acted upon. Analysis revealed that the quality of people and their integrity is a critical panacea to mitigating these key operational risks. As a result, UCL has adopted a competencybased recruitment policy in which attitude: skills and knowledge are considered before engaging any employee. Other key countermeasures put in place include:

- enhanced employee training;
- enhanced Know Your Customer (KYC) drive;
- job segregation; and
- imposition of stiff disciplinary measures for fraudulent staff.

Strategy

Failure to manage operational risk effectively often results in significant financial losses, regulatory fines, reputational damage, brand erosion or even the loss of license, all of which directly impact shareholders' value. Accordingly, UCL's operational risk strategy aims to minimize the impact of operational risk on its shareholders' value. In more specific terms, our strategy is to:

- reduce the likelihood of occurrence of unexpected events and related cost by managing the risk factors and implementing loss prevention or reduction techniques to reduce variation in earnings;
- minimize the impact of unexpected events including related costs that support UCL's long term growth, cash flow management and balance sheet protection; and
- make all managers responsible for the management of operational risk and thus minimize actual or potential losses. UCL recognizes that some losses, such as operational errors, are inevitable and are normal business costs; but will ensure these costs are kept within acceptable levels and potential losses are minimized.

Governance

While the overall responsibility for operational risk management in UCL resides with the Board, the Management is responsible for the day-to-day management of such risks.

To ensure consistency and prudent management of operational risks, the responsibility for managing operational risk has been split as follows:

- the overall governance owned by the Board through MANCOM.
- the approval of operational risk policies and standards for risk identification, measurement, assessment, monitoring and reporting is the responsibility of the Board and the MANCOM;

The Board and Management Committees

The Board of Directors and the Management Committee have overall oversight function for

operational risk management. It shall be their responsibility to ensure effective management of operational risk and adherence to the approved operational risk policies.

Board of Directors

- The Board of Directors:
- sets operational risk strategy and direction in line with UCL's corporate strategy;
- gives approval for operational risk management framework, policies and procedures; and
- ensures that senior management is performing its risk management responsibilities.

Management Committee (MANCOM)

UCL's MANCOM:

- ensures policies and procedures are developed for managing operational risk in products, activities, systems and processes;
- ensures that all level of staffs understand their responsibilities with respect to operational risk management;
- reviews risk profile and assesses potential impact on the activities of the company or business units;
- ensures that staffs are adequately trained and have access to the necessary resources; and
- ensures that UCL's operational policies and procedures promote the desired risk culture.

Risk Management Forum (RMF)

UCL's RMF:

- carries out the first-level review of operational risk policies and procedures;
- manages significant operational risks where they originate within the business/function;
- ensures compliance with operational risk policies and procedures;
- ensures implementation of the real-time incident reporting process;
- continually promotes risk awareness throughout the company so that complacency does not set in;
- assists the Management Committee in managing ongoing corporate governance issues.

Chief Risk Officer

- Leads the development and implementation of operational risk management.
- Develops operational risk management strategy, principles, framework and policy.
- · Implements appropriate operational risk management

processes and methodologies

- · Advises management and business units on risk management.
- Exercises supervisory responsibilities over operational risk management in addition to responsibility over market risk, credit risk and other key risk types.

Risk Management Function

The core responsibility of the Operational Risk Management function is the development and implementation of operational risk management across the Group.

This entails:

- Drafting operational risk management policies, standards, processes and procedures;
- Developing and driving implementation and maintenance of the operational risk management framework;
- Developing tools, techniques, methodologies, risk frameworks, analysis, reports, communication and training;
- Escalating high-priority issues to senior management and the Board; and
- Liaising with external parties, e.g., regulators and external auditors, etc. on company's operational risk management practices.

The Business Units and support functions

The Business Units and support functions are the first line of defense in our operational risk management process. They own, manage and are accountable for the operational risks and controls in their respective areas. They have the following responsibilities:

- Comply with Group operational risk-related policies, procedures, processes and tools in their areas.
- Assess risks and the effectiveness of controls in line with risk policies.
- · Operate and monitor a suitable system of control.
- · Manage and review risk as part of day-to-day business activity.
- Identify, review and assess the inherent operational risks in the context of the existing control environment.
- · Create awareness of operational risk.
- Maintain the operational risk framework for the division/control and support unit, ensuring that the data and analyses are timely, relevant and complete for reporting.
- Ensure potential operational risks in new businesses, products and services, and processes within their business units are identified and mitigated.

Outlook

UCL is on a journey to embed sound operational risk management practices, culture and environment beyond complying with regulatory requirements, but as a value driver that enhances and contributes to stakeholders' value, long-term existence and survival of the institution. To this end, a number of initiatives are currently ongoing that will enhance the risk management culture and practices within the organisation and by extension, significantly reduce UCL's operational risk exposures and incidences. Some of these key initiatives are as follows:

- embed the culture of self assessment in all activities and across all levels in the group; and
- capacity building and increase employees' risk awareness level and competence in managing risks.

INFORMATION SECURITY RISK

Overview

UCL, as part of its risk management strategy, aims to continuously implement best practices that would in turn ensure strong risk governance. Business and security environments are constantly evolving and hence new threats and vulnerabilities are emerging. Addressing these threats and ensuring no business disruption occurs becomes a challenge that organizations have to live with. It is now widely established that the best way to address information security concerns is through a combination of continuous monitoring, well defined risk measurement metrics/indices and an effective awareness programme.

Philosophy

The key elements of UCL's information security management philosophy are the following:

The Board

The Board and Management have the overall responsibility to ensure that all information assets within UCL are protected and adequately secured. These responsibilities include preserving the confidentiality, integrity and availability of all the physical and electronic information to ensure all customer information receives adequate protection. In addition, it assures that UCL complies with all legal, regulatory, contractual and commercial requirements of information security.

Culture

- UCL is committed to ensuring the confidentiality, integrity and availability of its customers' information through:
- identification of the value of information through appropriate risk assessments;
- understanding vulnerabilities and threats that the information assets may be exposed to; and
- appropriate management of information security risks for compliance with contractual and legal requirements.

Oversight

The Management Committee performs an oversight function spanning the entire information security base in UCL. Its function also includes ensuring that detailed policies, procedures and standards are created, updated regularly and effectively communicated to stakeholders.

GOVERNANCE

Board of Directors

The Board as well as the Management Committee and Chief Risk Officer are responsible for safeguarding UCL's information assets. Key responsibilities of the Board with respect to information security are:

- approving UCL overall information security framework and policy; and
- ensuring that UCL information security posture is maintained in line with its risk appetite and commensurate with the risks associated with information assets.

Management Committee (MANCOM)

Key responsibilities of the MANCOM with respect to information security are detailed below:

- Ensure UCL implements an effective methodology for managing information security.
- Ensure detailed policies, standards and procedures are created and effectively communicated within the organization.
- · Assess the effectiveness of UCL's information security process.

- Provide the resources (human capital, financial, systems, etc.) required to implement security initiatives.
- Ensure risk assessments (procedural and technical) are performed and used to determine the level of protection accorded to information assets.

Chief Risk Officer

Key responsibilities of the Chief Risk Officer with respect to information security are detailed below:

- Promote the effectiveness of information security within the organization.
- Ensure security initiatives and activities are aligned with business objectives.
- Provide appropriate resources to control information-related risks.
- Escalate information security incidents to the MANCOM where necessary

Internal Audit

To support the monitoring process without losing independence, the Internal Audit function and IT department's key responsibilities are:

- harmonize approaches used to evaluate information risk from a security perspective;
- harmonize checklists used to evaluate security vulnerabilities and threats;
- Help shape the development of the monitoring process to ensure that all key issues are addressed;
- have access to the current situation of UCL as prepared by the IT Department; and

• audit the information security functions to ensure effectiveness.

Compliance

The Compliance function is to protect business growth and sustainability by ensuring compliance to regulation

Internal Control

- Helps shape the development of the monitoring process to ensure all key issues are addressed; and
- monitors the transactions to ensure accuracy, integrity and completeness.

Information Technology Department

IT department is accountable for the secure storage and use of major information assets. Key responsibilities are as follows:

- Ensure that information assets are properly labeled.
- ${\boldsymbol \cdot}$ Monitor the security condition of information assets.
- Review staff logical access rights to systems and application.
- · Review the department/branch operating procedure.
- Ensure implementation of information security controls.
- Ensure all staffs receive information security awareness training before granting them access to information assets.

All UCL employees

All UCL employees are responsible for complying with the principles and policies of the information security policy where relevant to their jobs. They are responsible for maintaining the security of all information entrusted to them. Any employee failing to comply with the policies could be subject to disciplinary action, potentially including termination of employment

COMPLIANCE RISK

Overview

The establishment of an independent compliance function in UCL is in line with best practices. The compliance function operates from head office to ensure compliance with established rules and regulations. Highlights of the scope of coverage of the compliance function include:

- Regulatory compliance;
- Anti Money Laundering and terrorist financing compliance (including Know Your Customer (KYC), Know Your Customers' Business (KYB) principles); and
- Corporate governance compliance monitoring. The objectives of the compliance function, as a part of an effective risk management, include the followings:
- assist and support line management to ensure that business is conducted in accordance with Applicable statutory, regulatory and supervisory requirements.
- enable UCL to demonstrate that it is proper to undertake its business.
- · maintain fairness in all UCL dealings.
- facilitate the management of compliance risks.
- prevent disciplinary action by regulators.

Philosophy

The Board approves the compliance framework and strategies and delegated to the management for compliance performance. UCL compliance risks are centrally managed by an independent compliance function. The Compliance Risk Management practices in UCL are subject to periodic reviews by the internal audit.

Strategy and priority

UCL remains committed to complying fully with applicable laws and regulations and to always act with care and due diligence. The risk of noncompliance with legal and regulatory requirements ranges from potential financial loss arising from regulatory sanctions, loss of business as well as damage to the Group's reputation. In ensuring compliance with laws and regulations, UCL has in place a compliance framework. The compliance function, under the leadership of the Chief Compliance Officer, ensures that statutory and regulatory requirements are adhered to and ensures that breaches are promptly reported.

While the primary responsibility for complying with regulatory requirements lies with all employees conducting particular transactions or activities to which regulation applies, the Management is accountable for compliance performance. The current regulatory regime places much pressure on financial institutions to know their customers and implement processes for combating money laundering, as well as putting in place measures aimed at understanding regulations as they affect the financial services industry and the implication for noncompliance.

In this regard, UCL has reviewed its guidelines relating to anti money laundering and terrorist

Financing, incorporating new guidelines for KYC/KYB.

Governance structure

The management of regulatory risk encompasses ensuring compliance with all the statutory and Regulatory requirements. In line with best practice, the compliance function is responsible for ensuring that UCL continuously manages its regulatory risk. Regulatory risk is the risk that occurs when financial institutions do not comply with the applicable laws and regulations or supervisory requirements. Responsibility for managing compliance with internal rules created by UCL itself lies with the Internal Control and Compliance functions. These are monitored as part of their normal duty of ensuring that an effective system of internal controls is maintained in UCL. Certain internal rules are of such importance that the Management Committee (MANCOM) may require the involvement of the compliance function for effective implementation. The compliance function is also, to that extent, responsible for monitoring compliance with internal rules, as determined by MANCOM from time to time. The compliance function operates independently from the Internal Control. However, the department leverages on the Internal Control & Compliance infrastructure by administering compliance checklists on business units and branches through the independent control and normal audit procedures

Roles and responsibilities

Roles and responsibilities for compliance are assigned to various functions as follows:

Authority	Role	
Board of Directors	Assumes overall accountability for compliance performance.	
Managing Director & CEO	Provides demonstrable support to the Compliance officer with the development of a compliance culture.	
MANCOM	Assume overall accountability for compliance within their Business Units.	
MANCOM	Assume overall accountability for compliance within their Business Units.	
RMF	Designing overall risk management strategy of the Company and responsible for communicating views of the board and senior management regarding the risk management culture and risk appetite all over the Company.	
Subsidiaries and their management teams	Assume overall accountability for compliance within their companies and their respective management is responsible for day-to-day compliance with regulations applicable to their business	
Department Heads and RMs	Responsible for day-to-day compliance with regulations applicable to area business	
Branch Managers	Branch Managers assume overall responsibility for compliance in their branches and are responsible for conducting periodic compliance reviews.	
All employees	Responsible for familiarizing themselves with the regulatory requirements applicable to their business and ensuring that all transactions and activities in which they are involved Are carried out in accordance with those regulations.	
Internal Control	Assists the Compliance function in the conduct of independent monitoring	
Internal Audit	Provides quality assurance for the Compliance function	
Chief Compliance Officer	Responsible for the development, communication, leadership and implementation of the compliance strategy, policy, structure and process.	
External Audit	Reviews the compliance risk management process	

Responsibilities of the Chief Compliance Officer (CCO)

The CCO takes responsibility for compliance issues including its Business Unit. The CCO works closely with the Chief Risk Officer (CRO) in the performance of the following specific responsibilities:

- Assigns a sound compliance structure, process and advisory service in order to ensure line management's compliance with current laws, regulations and supervisory requirements.
- Reports non-compliance with laws, regulations and supervisory requirements to the Chief Executive Officer and the Board of Directors.
- Ensures, as far as possible, that no conflict of interest exists between the compliance function and other internal control functions.
- Establishes a compliance culture in UCL Group that contributes to the overall objective of prudent risk management.
- Establishes effective communication with line management in order to continuously monitor compliance with laws, regulations and supervisory requirements.

- Ensures that regulatory requirements are incorporated into operational procedures and manuals where appropriate.
- Makes recommendations whenever necessary to ensure that laws, regulations and regulatory requirements are being complied with.
- Establishes effective mechanisms for reporting and resolving non-compliance with laws, regulations or regulatory requirements
- Ensures required training of compliance staffs on technical knowledge of regulatory framework and associated risks.
- Compiles and maintains a comprehensive compliance manual for the Group.

Outlook

The regulatory environment has become even more dynamic in recent times. The policy on deposit collections comes with enormous challenges on the part of NBFIs. The challenge is in putting in place appropriate compliance risk management processes and procedures in knowing our customers and leveraging on our technology infrastructure to understand and manage the risk of transactions. Current measures aimed at understanding regulations as they affect the industry and the implications for non-compliance are being continuously improved through process rejuvenation and revalidation, which is then communicated to all employees.

LEGAL RISK

Overview

Legal risk management is an integral part of UCL's Risk Management Framework. UCL recognises that all aspects of its business activities are fraught with legal risks, the growth of which may not only outstrip its business growth. To this end, there is a dedicated Legal Services Department with responsibility for the effective management of this portion of UCL's overall risk profile.

Approach

At UCL, our approach to legal risk management is to:

• identify where and how things can and/or might go wrong from the legal perspective;

 determine the extent of any negative impact in the event of its crystallization;

- · identify and grade the risks and impact of the current controls;
- · establish controls to reduce or eliminate the legal risks; and

 monitor the controls to ensure effectiveness. In doing this, we continue to ensure that our policies and operational guidelines do not only provide the structure for the effective management and control of identifiable legal risks, but also bring UCL and its employees to a true appreciation of the legal constraints impacting on UCL business activities.

Governance

The Legal Department oversees UCL's legal risk function and reports directly to the Managing Director and Chief Risk Officer. The department handles all the legal issues of UCL's claims against third parties and/or UCL's defense of claims against it. The unit monitors and manages UCL's litigation portfolio, including the evaluation, recommendation with external counsel interface. This department is also responsible for the documentation and perfection of the various securities used to secure credit facilities extended to UCL customers

Outlook

During the year, we have deepened the skills of our people in the areas of documentation, execution of court decisions and the capacity of our branch offices and give it the needed impetus for its growing roles. Across all our operations, we will strive to optimize our operational efficiencies through the effective use of technology for reliable data and performance evaluation. We will seek to streamline our legal structure for greater efficiency.

REPUTATIONAL RISK

Overview

It is a threat or danger to the good name or standing of a business or entity; Reputational risk can occur through a number of ways: directly as the result of the actions of the company itself; indirectly due to the actions of an employee or employees; or tangentially through other peripheral parties, such as joint venture partners or suppliers. In addition to having good governance practices and transparency, companies also need to be socially responsible and environmentally conscious to avoid reputational risk.

Reputational Risk factors

There are different factors affecting the reputation of the

company which is given below:

- Penalty imposed by Bangladesh Bank;
- · Penalty imposed by BSEC and other regulators;
- Negative media coverage Complainants;
- Cheque dishonor etc.

Governance

Protecting reputation is clearly a top issue for companies. Traditional risk management is challenged to address reputational risk in two fundamental ways. First, traditional risk management has historically been focused inward, on the workings of the organization, where the main risks involve producing a product in a reasonable fashion, such as using the right materials and producing the product with sufficient qualityall things that tend to happen either within an organization or within an organization's control.

Reputation, however, is shaped outside the organization. Being able to measure and monitor that risk is critical, which is another reason traditional approaches often won't work because the tools and analyses are so different. When organization has a reputational risk problem, it usually involves the media and what its customers, employees and other stakeholders are staying in the public domain. So this kind of risk is at an event level these days, not the company level. And traditional risk management doesn't focus on that nor does it offer the tools to address it.

Outlook

- Our Risk Management Committee is responsible for:
- Ensure the compliances of regulators;
- Focus more on the role that plays in the strategy compliance;
- Treat the reputational risk as Strategic risk;
- More emphasis given on media coverage.

MONEY LAUNDERING RISK

Overview

Money Laundering is the process by which proceed from a illegal or criminal activity are disguised to conceal their illicit origins. It has a major impact on a country's economy as a whole. Both money laundering and terrorist financing can weaken individual financial institution, and they are also a threat to the overall financial sectors' reputation. Business of Financial Institutions regulated by the Money Laundering Rules & Regulations must assess the risk which could be used for money laundering including terrorist financing.

Philosophy

- Identify the money laundering risks that are relevant to the business;
- Carry out a detailed risk assessment of the business, focusing on customer behavior, delivery channels and so on;
- Design and put in place controls to manage and combat the impact of these risks;
- Monitor & control to improve the business efficiency;
- Keep records of what we did and why we did it.

Strategy

- Strengthening the legal framework;
- Structural improvement and capacity building in tracing out methods, techniques and channels of money laundering and terrorist financing;
- Enhancing compliance status to the controlling authorities;
- · Stemming the illicit outflows and inflows of fund;

- More focus will be given on KYC/KYB;
- Improving transparency in financial reporting on AML/CFT issues;
- Arranging awareness program for the customers;
- Conducting employees training program;

Compliance

- Maintain complete and correct information with regard to the identity of the customers during the operation of the customers;
- Preserve previous records of transactions of any customer's account for at least 5(five) years from the date of closure;
- Provide information to Bangladesh Bank from time to time on its demand; and
- Report suspicious transaction or attempt of such transaction to Bangladesh Bank

ENVIRONMENT RISK

Overview

Environmental risk is an actual or potential threat or adverse effects on living species through effluents, emissions, wastes, resource depletion, pollutions, natural hazards etc. of an organization's activities. Now-a-days, environmental risk is a big factor for labour intensive industries. Presently compliance with environmental regulations is one of the big conditions of buyers. Environmental risk can have serious negative effect on an organization's financial well being and its ability to achieve its business objectives. Existing and forthcoming legislation and regulations as well as governance and accounting trends of environmental risk and liability can influence an organization's financial performance, reputation and brand, cash flow and shareholders' value.

Philosophy

The following philosophy governs the management of environmental risk in UCL:

- management has the responsibility for setting the environmental risk strategy for UCL and its implementation;
- awareness has developed among the field officers and operations to identify the risk;
- risk officers are empowered to perform their duties without undue interference;
- environmental risk-related issues are taken into consideration in business decisions;
- it is complied as a regulatory compliance; and
- this risk is focused on managing risks and not on avoiding risks.

Strategy

- integration of Environmental Risk Management in the credit policies and procedures;
- building awareness and providing constant training and capacity building of the staff relevant to Environmental Risk Management;
- examine the environmental issues and concerns associated with potential business activities proposed for financing;
- identify, evaluate and manage the environmental risks and the associated financial implications arising from these issues and concerns,
- · enhance the credit risk appraisal process;
- identify high, moderate and low environment risk before sanctioning the finance facilities.

Governance

Board/Management ensures compliance of environmental risk at the time of sanctioning finance Facility. UCL introduced the environmental risk rating system to ascertain High, Moderate and Low risk. Select industrial manufacturing sector through identifying the environmental risk.

Outlook

The regulatory environment has become even more dynamic in recent times. To make comply with regulatory requirements and also minimize the risk we follow the principles:

- Integration of Environmental Risk Management in the credit policies and procedures
- Review the completed due-diligence checklist and the EnvRR;
- Building awareness and providing constant training and capacity building to environmental risk management to the relevant officers; and
- Adoption of a value adding approach to Environmental Risk Management with the potential borrower and aim to facilitate the borrower in addressing environmental issues that could lead to risks.

FRAMEWORK FOR RESPONSIBLE BUSINESS

Outlines how UCL achieves vision managing its business in a responsible way

We believe that our success is directly linked to the sustainability of our communities and the environment. We also believe that actions speak louder than words, by establishing green initiatives within our organization we hope to do our part to create an even brighter future for our organization and the communities we serve. When we think about Green, we think about three R's: Reduce, Reuse and Recycle. This is the first step of living green.

Our Framework for Responsible Business defines the principles by which we manage the business, sets the context for corporate governance, and helps us take account of economic, environmental and social factors in our decisions. Our Framework is based on three business goals, which comprise a number of underlying values.

SUSTAINABLE GROWTH

We are constantly looking to expand and grow our business by transferring our skills to new markets. Growth needs to be sustainable if we are to bring long-term value both to our shareholders and to others. So we must:

- Contribute to the economic growth of our country through the way in which we manage and invest in our business.
- Act with honesty and integrity as we undertake and develop our business.
- Protect the future of our business by proactively managing existing and future non-financial and environmental risks.
- · Value our employees through inclusion.
- Employ the right number of people with the right skills for the work we have to do.
- Treat our employees fairly.
- Act in accordance with all laws and regulations.
- · Respect human rights.

PROFITS WITH RESPONSIBILITY

For our business to be sustainable, we must be profitable. However, increasing our profitability at any cost is neither sustainable nor acceptable. We therefore have to be responsible in the way in which we generate our profits. So we must:

• Improve our efficiency without compromising the reliability and integrity of our operations.

- · Maintain a sound system of internal financial control.
- Be efficient in our use of natural resources.
- Keep our waste to a minimum and increase the economic value of any waste we produce.
- Help protect the environment for future generations, including making our contribution to minimizing climate change.
- Safeguard each other and those who work with us by operating an healthy workplace and protect the safety of the public through the integrity of our operations.
- Help our employees balanceing work with their other commitments.
- Respect our customers by conducting our business in a professional manner.
- Be open and constructive in the dialogue we have with our stakeholders.

INVESTING IN THE FUTURE

As a responsible business, our commercial success enables us to invest in the future in a way that benefits our shareholders, our employees, the environment and society. This investment is a reflection of our desire to be a long-term business. So we:

- Seek to deliver progressively increasing returns for our shareholders.
- Enable others to contribute to economic growth by providing high-quality dependable services.
- Improve, where we can, the environmental status of the land on which we operate.
- Contribute to the development of new initiatives aimed at improving the environment and the quality of life.
- Develop our employees so that they can add value to the

SUSTAINABLE GROWTH

Weare Responsible to do business with honesty and integrity for overall growth of our business and the community were we work.

PROFITS WITH RESPONSIBILITY

We do business with the responsibility that we must respect rules, keep truth as a value, maintain harmony and conduct ourselves with diligence and thrift.

INVESTING IN THE FUTURE

We are responsible to do business in such a way that benefits our shareholders, employess, environment and the community where we do business.

We have a duty to deliver value to our shareholders and they too are essential to our long- term commercial success. This allows us to invest in the future to further benefit our customers, shareholders, employees, the environment and society as a whole, ensuring we have a successful and sustainable future.

company, to themselves and to society.

- Recognize and reward our employees for the contribution they make.
- Encourage and support investment in the community through both the activities of our employees and our financial contributions, with an emphasis on developing partnerships.

Our Framework for Responsible Business developed in 2012 applies to all of our operations with a view of achieving our aims as detailed below :

- We, at UCL, will be the foremost financial institution, delivering unparalleled safety, reliability and efficiency, vital to the wellbeing of our customers and communities.
- We are committed to be an innovative leader in financial sector and in safeguarding our environment for future generations.
- Our Framework for Responsible Business outlines how we will achieve these aims by managing our business in a responsible way. It explains how we take account of environmental, economic and societal issues when we make our business decisions. Our Standards of Ethical Business Conduct, policies and public position statements support the framework.
- We intend to play a central role in tackling the challenges of energy security, climate change, and making energy affordable.

- We want UCL to be a company where people want to work and where they can develop their full potential. We will support our employees with the right training, knowledge and resources.
 We will trust them to use their skills and expertise to do their jobs well. We will always make sure the safety and wellbeing of our employees, contract partners and the public are at the centre of everything we do.
- We are in long-term business and these are long-term commitments. We have a duty to deliver value to our shareholders and they too are essential to our long-term commercial success. This allows us to invest in the future to further benefit our customers, shareholders, employees, the environment and society as a whole, ensuring we have a successful and sustainable future.
- We believe it is not acceptable to make a profit regardless of the effects this may have on the environment, society, our customers or our employees. Our reputation depends on our stakeholders being able to trust us and be confident in us. We will only retain our right to operate by working to the highest standards, by trusting our employees to do the right thing and by running our company responsibly and sustainably.
- We continually look to improve our performance and reputation as a responsible and sustainable company. To do this, we must make sure that we are open and honest with all our stakeholders.

We must act keeping the environment in mind meaning to be conscious of all the things we do on a daily basis. All of our actions affect others lives on the Earth, including other human beings. It's important to think before we act.

CORPORATE SOCIAL RESPONSIBILITY

Serving as a responsible corporate citizen

VISION

UCL is committed to doing better for our clients, our investors, our employees and our communities through a focused approach to corporate responsibility. Our goals are to demonstrate integrity in our business practices and provide leadership in the workplace and the marketplace. We are committed to be a strong supporter of the communities in which we do business and to transparency in sustainability reporting practices.

STRUCTURE

At UCL, our whole company, every employee, is responsible for behaving responsibly, as outlined in our Code of Conduct. It is our duty as a corporate citizen to add value to the society while earning a profit for our shareholders. UCL group takes responsibility for the effects of their actions, both social and economic.

REPORTING

UCL has adopted a multi-pronged approach to reporting our corporate responsibility practices, sometimes called nonfinancial or sustainability reporting. We undertake a range of reporting activities geared to various stakeholder groups, with our website being our primary reporting medium.

OUR APPROACH

The corporate responsibility priorities are relatively new, yet they reflect aspects of this company that have been around for many years. Our journey to build the priorities considered:

- The Guiding Principles that provide a foundation for UCL's corporate values;
- The Leadership Profile as a standard of behavior expected from our leaders;
- The multitude of stakeholder interactions keeping us connected to the needs and concerns of those we affect;
- An understanding of materiality to help us navigate and assess immediate and emerging social and environmental issues; and
- Finally, UCL's business strategy, which articulates the direction of UCL.

PRIORITIES

Taking all the above components, we crafted the following Corporate Responsibility priorities:

Be customer focused

Treat customers fairly, and provide support in tough times;
Be the financial institution of choice.

Build an extraordinary workplace

- Build a fair, diverse and inclusive workplace that reflects the communities we serve;
- Attract and retain talents and create opportunities for continued development.

Be an environmental leader

- Continuously improve our environmental footprint;
- · Protect and enrich the natural environment;
- Manage the social and environmental risks of our lending and investment products.

Make an impact

· Contribute to the economic and social development of the

community we serve;

• Be transparent about the way we conduct our business.

UCL AND ITS CUSTOMERS

Taking responsibility – to be customer-driven approach

We want to deliver legendary experiences that will inspire our customers to trust us with more of their business and recommend us to their friends and family. Every part of our business, and every employee, are measured on the contribution they make to our customers' experience with us. Our approach is to treat customers fairly, support them when they go through difficult times and consistently deliver on our goal to be a leading financial institution.

2017 Challenge

- Continuing economic uncertainty created financial difficulties for many customers.
- Maintaining our standard of customer service as we diversify our business.
- Balancing needs-based financing with targets for revenue growth.

Customer experience

We evaluate our performance based on our customer satisfaction. This helps us to set targets and drive improvement. We exchange our views with customers to evaluate our performance in a number of areas, such as:

- showing we value our customers;
- listening carefully to understand our customers' concerns and questions;
- providing prompt responses to requests; and
- · showing genuine interest in helping our customers.

A safe and secure business experience

Our customers tell us that it makes a big difference in their lives when they can have confidence in our system, the safety of their deposits. We are committed to managing our business in a way that reinforces their confidence and protects their fund and information. We do this through compliance with external regulations, as well as through a range of internal policies, including those that cover:

- our Code of Conduct and Ethics;
- anti-money laundering and terrorist financing; and
- information security and fraud protection.

Our Code of Conduct and Ethics

The Code provides a framework for how we interact with one another, our shareholders, customers and community. The Code addresses issues such as how to handle potential conflicts of interest and ensure confidentiality of information. Employees understand clearly that any irregular business conduct, including bribery, corruption or insider trading, will not be tolerated. Any breach is considered a serious offence, and employees must report any possible violations they witness. As a responsible financial institution and corporate citizen, UCL, together with its subsidiaries, is committed to conducting its affairs to the highest standards of ethics, integrity, honesty, fairness and professionalism – in every respect, without exception, and at all times. While reaching our business goals is critical to our success, equally important is the way we achieve them.

Anti-money laundering and terrorist financing

UCL is strongly committed to prevent the use of our financial services for money laundering and terrorist financing purposes.

Our Anti-Money Laundering Compliance develops and maintains policies, guidelines, training and risk assessment tools and other controls to help our employees protect UCL and our clients and to ensure we are managing ever-evolving money laundering and terrorist financing risks. Our controls in this area incorporated know your Customers rules as required by Bangladesh Bank to ensure we properly identify our customers and protect against the illegal use of our products and services.

Information security and fraud protection

UCL has a dedicated team of security and fraud management professionals who oversee security standards to protect our systems and our customer information against unauthorized access and use. They continually assess our security programs to ensure our customers can place complete confidence in our facilities. UCL has a sound technology risk-management and information security program in place to help keep confidential and private information secure and protected. This program helps protect UCL's internal systems from unauthorized access.

Transparent product information

We want to help our customers understand the financial products and services they avail. Our employees are trained to take sufficient time to explain issues and answer questions. We make product information readily available in our different offices, as well as on our website.

Responsible marketing

UCL meets or exceeds the laws and regulations requiring us to disclose basic information about the financial products and services we offer. We ensure that our products and services meet genuine needs and that customers do not feel any undue pressure to avail unwanted products or services. Promoting our products and services responsibly is also a fundamental obligation. UCL has programs and processes in place, to ensure adherence to laws and regulations related to marketing communications, which include advertising, promotion and sponsorship.

Inclusive investment

As a financial services provider we have a role to play in supporting access to financial services to help our customers. We provide a variety of special products for senior citizen, students/youth and low income customers. We offer a number of deposit options:

• For seniors, we offer monthly deposit scheme which features special profit rate.

- For student/young people, we offer monthly and periodical deposit schemes that features special and flexible rate of profit.
- We offer personal deposit scheme for unemployed and housewives that features deposits of small amount.

Helping small businesses contribute to our economy

In our economy, small businesses are the lifeblood for sustainable economic development and that's why UCL consistently stands besides these vital enterprises. Our support for small business includes access to financing, specialized services and advice and education. Small business credit products are available at all UCL branches. To better assist small business customers who have complex credit needs, UCL seeks to understand the unique needs of each business, offers proactive and innovative solutions, Provide expert advice and helps customers obtain the right products and services.

UCL AND ITS EMPLOYEES

Taking responsibility – to build an extraordinary workplace

Approach

We want our employees to feel engaged in what they do, empowered to make a difference, excited by opportunities to develop and grow to their full potential, and recognized for their unique contributions. We aspire to be increasingly inclusive by identifying

and eliminating barriers or biases. We celebrate and welcome difference and work to constantly improve our employees' experience. the UCL culture has many elements: our drive to deliver exceptional customer service; our passion for the environment and for giving back to the communities we serve; and our determination to create a unique, diverse, respectful and safe workplace for our employees to grow and develop. It doesn't happen overnight, and there are many steps along the way to building the workplace we want to see across UCL.

2017 Challenges

- We face a continuing challenge in recruiting people with requisite skill and knowledge.
- Managers are looking for tools, training and increased cultural awareness to prepare them for the challenges of managing adverse workforce.

Employee Feedback

We track employee engagement through internal survey and are open to every employee. Entry and exit surveys are used to better understand how employees rate their experience of joining UCL or choosing to leave. Newly hired employees are asked to rate UCL on the hiring and recruiting process and if they felt supported during the first few months on the job. Questions that are in the list given below:

We strive to take active responsibility for our daily choices that UCL faces: How should we best structure and govern our Company? How should we best serve our clients in terms of ethics, privacy and services? How should we attract the best talents and motivate our employees? How should we contribute to our communities in which we operate our business? How can we minimize the impact of our business activities on the environment? and How can we grow our company in a sustainable way

 I feel comfortable bringing work-related concerns to my manager. 	Yes No
• My manager provides ongoing feedback that helps me to improve my performance.	Yes No
 In the last 12 months, I have had opportunities to develop my skills and abilities. 	Yes No
 I am able to achieve the balance I need between my personal life and my work life at UCL. 	Yes No
• UCL is genuinely committed to the well-being of its employees.	Yes No
 UCL treats employees fairly regardless of their age, family/ marital status, gender or religion. 	Yes No
 UCL takes a genuine interest in the well-being of community in which it does business. 	Yes No

Recruitment

Our recruitment activities are designed to make sure we're well positioned to meet our future business needs. Welcome to UCL is an orientation course for new employees. It introduces them to UCL culture through interviews with employees and executives about who we are, what we stand for and what makes UCL an extraordinary place to work. We believe in open access to all internal career opportunities. Although UCL has a strong commitment to developing leaders from within, due to rapid growth and the increasing complexity of our business, we have hired external executive candidates with the specific skills we need.

Retention

Employee	Voluntary Retirement				ent	
Turnover (%)	2016	2015	2014	2016	2015	2014
Sr. Management	0.79	1.55	0	0	0.77	0
Mid. Management	5.56	2.32	3.87	0	0	0

Total:	15.08	17.04	12.39	0	2.32	0

UCL has a unique culture of working environment that would be reflected from the following table:

Transitions

As part of our commitment to be a best run company, we look for ways to streamline our operations and simplify our processes so that we can improve the value and service we provide our customers. Sometimes these changes result in the consolidation or reassignment of work. To minimize the impact of these decisions on our employees, our practices are to:

- keep employees informed;
- offer employees the opportunity to apply for other internal positions;
- make every effort to minimize the overall impact through natural attrition; and
- provide appropriate support, including employee training.

Compensation and Benefits

The objective of our compensation strategy is to attract, retain and motivate high-performing employees to produce long-term profitable growth. To achieve this, UCL's compensation includes base salary and performance incentives that are aligned with the company's strategy and business objectives and are competitive within our industry. We work to ensure a consistent approach to compensation across UCL that fosters a pay-for-performance culture. In 2016, we spent tk. 134.73 million in employee compensation and benefits. Compensation is designed to be fair and without discrimination and we ensure that it is competitive in the markets in which we compete.

Performance and Development

At the core of employee development at UCL is our Personal Performance & Development process. We encourage employees to take ownership of their careers and personal development and help managers prepare for personal development and career planning discussions. All managers and employees participate in year-end reviews.

Leadership Development

Building talent at UCL for today and tomorrow is critical to our future growth and is a key accountability for UCL executives and leaders at all levels. Business leaders complete an

...UCL culture has many elements: our drive to deliver exceptional customer service; our determination to create a unique, diverse, respectful and safe workplace for our employees to grow and develop.

annual review to identify future leaders who are capable of taking on executive responsibilities. Our CEO, the Senior Executive team and other leaders participate in and help facilitate UCL's leadership development programs.

Communication and recognition

Open and direct communication is an evolving part of UCL's employee experience. We've learned, especially through organizational changes, that employees value getting the straight story from their managers and being able to talk openly about issues that concern them.

Recognition

To acknowledge and celebrate individual and team success we have a number of programs that include informal recognition and celebration events. We launched to celebrate Employee Appreciation Week to acknowledge the outstanding contributions UCL employees make every day through events and activities.

Employment equity policy

Our Employment Equity Policy states: UCL Group is committed to maintaining a workplace where the terms and conditions of employment are fair and non-discriminatory. It is the right of every employee to be treated with dignity and respect, within a work environment conducive to productivity, self-development and career advancement, regardless of race, colour, religion, age, sex, marital status etc.

Inclusive workplace

We are committed to fostering an inclusive, accessible environment where all employees and customers feel valued, respected and supported. this means building a workforce that reflects the many different human facets of the communities we live in and serve, including cultures, languages, genders, ages, abilities and disabilities. We strive to create an environment where every employee has the opportunity to reach his or her potential. While our key areas of focus continue to be important, over time employee feedback has identified four priorities that are common to all groups. These priorities shaped our thinking on diversity and inclusion in 2016. they are:

- Recruitment: focus on reaching the broadest possible talent pools. We do this by building awareness and relationships amongst all employees;
- Mentoring and networking: support all employees as they build knowledge, skills and capabilities that will help them succeed;
- Talent management: ensure diversity and inclusion that are integrated into all aspects of resource planning, performance and development and personal career management; and
- Training and development: embed diversity and inclusion principles into both formal and informal learning so that employees can understand and discuss key topics.

Whistleblower program

UCL has implemented a whistleblower program for employees. Employees can anonymously report any concerns regarding the integrity of UCL accounting, internal accounting controls or auditing matters, as well as any concerns relating to ethical or legal matters or any allegations of retaliation.

UCL AND ITS COMMUNITY

Taking responsibility - to make an impact approach

We strive to make a positive impact where we do business and where our customers and employees live and work. For us, that means contributing to the social and economic development of our communities in meaningful, long-lasting and innovative ways.

2017 Challenges

- Responding to local needs while maintaining a focus on our giving priorities.
- Multiple demands involving issues: in the area of education, for instance, UCL receives funding requests to support scholarships, contribution for helping distressed people, assistance for education of underprivileged and disabled children.

Our strategy:

- Create opportunities for young people so they can fulfill their potential;
- Work with communities in need, to build a more prosperous and inclusive future;
- · Protect and enhance the environment; and
- Engage our employees, customers and partners to make a difference together in our communities Our Priorities

Our community giving priorities are:

- Education;
- · Creating opportunities for young people;
- Responding to Disasters;
- Volunteerism; and
- · Civic Contributions.

We invest in community programs that support and promote each of these areas. In addition, we look for opportunities to invest in initiatives that support diversity across our giving priorities (e.g., financial assistance for disabled and underprivileged children).

Education

Education is important to UCL. To make an impact in these areas, we work in partnership with community organizations to raise literacy levels with a focus on underserved community people.

Creating opportunities for young people

UCL strives to create opportunities for youth so they can develop educationally, socially and artistically in order to fulfill their potential. These are difficult economic times for many young people in our society, as well as the organizations that run or support youth services. We believe that makes it even more imperative for companies like UCL to play a role by creating opportunities for graduates through internships and employment.

Responding to disasters

In the wake of devastating natural disasters in the past, UCL provided corporate funding and our employees raised money to support recovery efforts as well as provided support and comfort for those forced out of their homes. We pulled together to make a difference life for:

- · flood affected people;
- victim of natural disasters like SIDOR, AILA etc.
- those affected by cold waves/havoc.

Volunteerism. Philanthropy. Sound business practices and ethics. And a conservation-minded approach to protecting the environment. All are integral to UCL's culture of caring and form the foundation of our corporate social responsibility (CSR). Our commitment to a culture of caring means that by turning money into good works, we extend a helping hand to those who may be unable to care for themselves.

Volunteerism

UCL employees care and want to make a difference, so we look for programs in which our employees can also engage. We connect community organizations – which often consider human support as valuable an asset as financial support – with interested UCL employees. By volunteering, UCL employees are taking responsibility to help enrich the well-being of local communities. Volunteering also gives employees opportunities to build their skills, network and learn more about their communities.

Civic Contributions

UCL is a member of different associations that track and advocate on issues of interest to their membership, including the Dhaka Chamber of Commerce and Industry, Bangladesh Association of Publicly Listed Companies, the Institute of Bankers, Bangladesh.

UCL is also a member of Bangladesh Leasing and Finance Companies Association (BLFCA), an apex body of financial institutions that serves common interest of member companies.

UCL & Its Environment

Taking responsibility – to be an environmental leader

our approach

We equate a healthy environment with a healthy economy. The combined pressures of population growth and urbanization place growing demands on basic resources – such as energy, water, and land. These resources are becoming increasingly constrained, and costs are rising. Just like our customers, employees, and community we are concerned about reducing our environmental impacts. How to manage the growth of a business, while reducing demands on scarce resources, is at the heart of responsible development. Whether through our financing activities, our products and services, or how we operate our facilities, this is top of mind for UCL.

2017 Challenges

- Achieving targets on paper reduction
- Increasing environmental awareness and building employee engagement.
- Continuing to manage the environmental and social risks associated with financing activities.

Environmental Pillars

Our goal is to be an environmental sensitive. We have been building an environmental strategy that will be embedded within UCL's vision and mission. Our environmental strategy will reach across all aspects of our business and will be managed through:

- Reducing the environmental footprint of our business operations;
- Responsible financing;
- Engaging our environmental stakeholders in dialogue to promote understanding and solutions. While there are many environmental issues that need attention, we concentrate our efforts on issues where we can be most effective. In response to feedback from customers, employees and other environmental stakeholders, we selected two areas to focus on: energy and paper.

Reducing UCL's operational footprint

We're committed to continuous improvement to lower UCL's operational footprint through:

- reducing energy use across UCL's business operations and fleet;
- · reducing non-paper waste and e-waste; and
- reducing paper usage;

Responsible financing

Our financing activities include loans, lease, project financing etc. Our goal is to make balanced, informed and transparent financing decisions. We work with our clients and stakeholders to proactively mitigate environmental and related social risks in our financing activities. UCL Group is an investment bank and a nominal percentage of total investment involves clients operating in environmentally and socially sensitive industries such as power generation, automotive and chemicals. UCL has developed the following policies that support responsible financing:

Protecting Biodiversity:

UCL does not lend money for transactions that would result in the degradation of protected critical natural habitats.

Illegal and restricted business:

We do not lend money for transactions that are directly related to the trade in or manufacturing of material for chemical or biological weapons or cluster bombs, tobacco etc.

Anti-Corruption

UCL applies anti-corruption and anti-fraud controls to activities that are known to be susceptible to criminal activity or have been designated as being at high risk for money laundering or terrorist financing.

Renewable Financing

UCL promotes energy diversity as a means of meeting the growing energy demand and supply gap. Financing of renewable projects is in the priority list of our investment.

We firmly believe that being a responsible business directly contributes to our financial success, creates value for our global stakeholders, serves as a primary business strategy and strengthens our position as a market leader. We are dedicated not only to meeting the needs of our clients and shareholders, but also serving as a responsible corporate citizen through support for the diverse communities and environments in which we live and work.

ENVIRONMENT INITIATIVE

Reducing our environmental footprint for better Bangladesh

UCL's approach to the environment is based on four pillars that embed the environment across our business:

- Reducing the environmental footprint of our business operations;
- Responsible financing that includes proactive engagement of environmental and related social risks;
- Developing green products and service options for our customers; and
- Engaging employees and communities to raise environmental awareness and make an impact.

Bangladesh Bank has taken rigorous steps to encourage green banking in Bangladesh through the issuance of Guidelines on Green Banking and Environmental Risk Management (ERM). It is encouraging banks and financial institutions in minimizing paper transactions and installing solar power system, opening up refinance line for solar energy, bio-gas and effluent treatment plant (ETP) at reduced interest rates. The central bank introduced refinancing line for financing solar energy, biogas and effluent treatment plant (ETP) at only 5 percent interest rate.

OUR POLICY

- Provide a safe and healthy workplace and ensure that personnel are properly trained and have appropriate safety and emergency equipment.
- Be an environmentally responsible neighbor in the communities where we operate, and act promptly and responsibly to correct incidents or conditions that endanger health, safety, or the environment.
- Conserve natural resources by reusing and recycling materials, purchasing recycled materials, and using recyclable packaging and other materials.
- Finance those customers producing products that are safe for their intended use, efficient in their use of energy, protective of the environment, and that can be reused, recycled or disposed of safely.
- Ensure the responsible use of energy throughout our business, including conserving energy, improving energy efficiency, and giving preference to renewable over non-renewable energy sources when feasible.
- Participate in efforts to improve environmental protection and share appropriate pollution prevention technology, knowledge and methods.

- Meet or exceed all applicable government requirements and voluntary requirements to which UCL operates.
- Strive to continually improve UCL's Environmental management system and performance, and annually issue progress reports to the stakeholders.
- Conduct rigorous audits and self-assessments of UCL's compliance with this policy, measure progress of UCL's environmental affairs performance, and report periodically to the Board of Directors.

Every employee is expected to follow this policy and to report any environmental, health, or safety concern to the management. Managers are expected to take prompt action.

OUR PRACTICES

On a more practical level, UCL interacts with the environment in a number of ways:

- As investor providing investment needed to achieve sustainable development.
- As innovator developing products to encourage sustainable development - e.g. in energy efficiency.
- As powerful stakeholders shareholders and lenders can exercise considerable influence over the management of UCL.
- As victim of environmental change e.g. from climate change.

ACTIVITIES UNDERTAKEN

There is growing interest from UCL in environmentally responsible investment, and this has led to the development of some progressive environmental investment initiatives as under:

Sustainable operations: From minimizing paper transactions to energy conservation in our offices, we are working to reduce our operational footprints on the environment.

Sustainable lending: We take environmental protection into account when making lending decisions. In corporate financing this means incorporating environmental due diligence into the lending process, which may include site visits, verification of client's environmental papers.

Green products and services: We will explore developing new products and services that respond to customers demand for sustainable choices like paperless statements.

Community activities: We are planning to generously support environmental organizations and projects initially in Dhaka city.

New avenues and technologies are being pursued continuously for protection of the environment. Customers are encouraged to use environmental friendly machinery and equipments to minimize the impact on environment. Concessionary interest rate is offered to clients having certificates from department of environment, Government of Bangladesh.

CORPORATE CULTURE

Putting partnership in action

Corporate culture is considered to be a significant source of value in companies, as what distinguishes them among their interest groups. Employees are always at the base of this culture. At UCL, over 130 employees are one of the great leverages for creating a culture that enables us to build sustainable relations with clients, employees, shareholders and investors, communities and strategic partners.

Corporate culture has an immense impact on UCL's human resources, through knowledge acquisition, job development, training, communication and leading to job satisfaction. In this environment important is placed on effective management, a clear definition of responsibility, straightforward work processes with minimum bureaucracy. In this way UCL is able to serve its customer at its best helping them to achieve their goals.

BUSINESS PRINCIPLES

In order to ensure that our customers are getting the best possible service, we have organized the tenets of its culture into following business principles and these principles are undertaken by all UCL's operations.

Passion for

building

businesses

Long-term relationships

UCL's main objective is to develop and maintain long-term relationships with its clients.

Their needs and interests are made a priority, since their success consequently fuels our success, thus establishing a common goal.

Teamwork

The best results are achieved only when the employees of UCL and its customers work together as a team. Effective cooperation and proper communication ensure quick and professional service and provides the basis for efficient teamwork.

Fun & flair

Business becomes a pleasure when an organization takes part in celebrating its clients' successes. Providing professional advice and achieving excellent results leads to shared enjoyment. underscoring company's commitment to its clients.

Trumping bureaucracy

Cutting bureaucracy enables employees to respond quick to its clients' needs. Short and straight lines of communication, a clear definition of responsibility and the delegation of power provide the customers with sharp, quick and effective service.

Efficient decisions

Effective service to the customers is based on effective and efficient decision-making. This is achieved through the devolution of power and open communication. This also makes for an exciting and highly motivating work environment that attracts talents and qualified candidates.

Welcoming change

The business environment is constantly undergoing changes. bringing the company up against new challenges. In order to assist clients in gaining a competitive advantage, we need to keep ourselves abreast of changing business practices and seeks to implement changes ahead of the competition.

Identifying opportunities

Teamwork

Eleven

Business

Principles

denti

By identifying opportunities where others see business as usual, UCL is able to advise its clients effectively and provide them with exceptional choices. We are confident that our employees are able to perform this task by building customers confidence and encouraging their initiative.

Embracing competition

Both UCL and its customers face intense competition in a rapidly changing business environment. However, we view competition as a powerful motivator, as a spur to keep our business ahead of the times and providing its customers with the best possible service in the industry.

Intelligent risk taking

Efficient

decisions

UCL uses its expertise to advise its clients on the risks they face and enable them to make informed decisions. Up to date information and qualified personnel ensure intelligent risk assessment and decision-making.

Passion for building businesses

UCL is determined to build its customers businesses for the benefit of the Company and its customers. The best possible business results can be achieved through a strong and committed team of UCL through personnel and customers working in unison, focusing on the task at hand.

Rewarding talent

To ensure that our clients receive superior services, we reward

UCL's corporate culture is based on simplicity, openness and caring. Maintaining the commitment, focus and motivation of UCL's employees requires their understanding of the Company's purpose and values.

those employees who perform most successfully. Our greatest resource is our employees and it places great emphasis on retaining good employees, that is, those who provide the greatest benefits to our customers.

POLICIES FOR EMPLOYEE BEHAVIOUR

Discipline

- We will always put laws and social conventions before profits.
- We will act as ethical individuals and dignified citizens.
- We will not conceal damaging information about our company or ourselves, and will quickly make such information available to concerned parties.
- We will take a firm stand against antisocial forces, and refuse to have dealings with them.

Integrity

- We will act in good faith in order to win the trust of our customers.
- We value the maintenance of long-term relationships of trust with our customers, local communities, and our shareholders.
- We will be fair in our dealings and with our competition.

Harmony

- We will act through the cooperation of all our employees, who are united in their efforts to assess what is best for society.
- We value our connections with local communities as we aim to become a good corporate citizen.
- We will seek to achieve harmony between the natural environment and our work.

Diligence

- We will approach our work with an attitude of fortitude and austerity.
- We will continuously apply our originality and ingenuity to develop our productivity.
- We will immediately put good ideas into action.

Technical Improvement

- We will seek to hone our creativity, believing that innovation is the source of our competitiveness.
- We will aim to attain the sound technological level as we continuously improve our technology.
- •We will actively seek to acquire new knowledge and skills without the fear of making mistakes.

CONTRIBUTION TO NATIONAL ECONOMY

UCL is one of the major employer, taxpayer and financial services provider amongst the non-banking financial institutions in Bangladesh. Our role in the economy is extensive in terms of employment generation, tax payment, contribution to the underprivileged people, protection of environment and serving the society. Our everyday business activities touch the lives of millions of people and businesses.

We recognize that Union Capital Limited has the corporate responsibilities to the development of the community and the country as a whole. We aspire to be known as an institution that builds enduring relationship with and delivers value for our customers, shareholders, employees, government and the community where we do businesses.

OUR PRIORITIES

- · Providing strong returns to shareholders
- · Paying fair share of taxes
- Supporting small businesses and community economic development
- Fostering innovation and entrepreneurship
- · Empowering Small and Medium Entrepreneurs
- Empowering Women Entrepreneurs
- Financing to untapped people
- · Purchasing goods and services responsibly
- Creating employment
- · Protecting the environment
- Enhancing the market share
- Helping build nation

Companies both large and small can help shape the economies of a community and country in which they do business, simply through their day-to-day business decisions and actions. Our ongoing objective is to make sure that UCL businesses are taking on only risks they understand and that are manageable within an acceptable level. Our most direct contribution comes through maintaining a strong business with solid earnings and profits. This allows us to pay to our employees and lenders and depositors, contribute taxes and revenues to government and provide dividends to our shareholders.

Our contribution to national economy is thus:

Providing financial products and services:

As a financial services provider, UCL contributes to the economic prosperity by providing financial products and services to the industrial undertakings including SMEs which have become keys to economic growth of the country and without opening up of the financial sector to semi urban and rural areas, the projected growth of the economy will not be achievable. UCL has given strong focus in green financing in order to ensure its commitment to be a part of the sustainable development of the economy. Based on the financials as on 31 December 2016, UCL has a total credit exposure with around 4,077 customers of Tk. 17,103.76 million. Such credit facilities were extended mostly for capacity building of the borrowers, importation of capital machineries, business expansion and working capital. Through its subsidiary companies, UCL group also manages IPOs of different companies to raise capital from the capital market. This is how UCL contributes to the industrialization and capital market development of Bangladesh and thus helping employment generation. Also the Company has mobilized term deposits of Tk. 13,131.22 million from 1,138 numbers of depositors helping them build up savings for investment in national economy.

DIRECT ECONOMIC VALUE GENERATED IN 2016

(in millions Taka)

UCL's total revenue	Distributed value	 	Economic value retained
	Operating cost:	Tk. 1,659.69	
	Salaries and benefits:	Tk. 134.73	
Tk. 2,288.81	Taxes:	Tk. 234.10	Tk. 98.83
	Dividends:	Tk. 159.59	
	Community giving:	 Tk. 0.97	

Operating costs include interest expenses, provision and management expenses excluding salaries and benefits

Paying fair share of taxes to Government:

UCL contributes to the national economy by paying out fair share of taxes to Government exchequer in collection of revenues. The Company deducts withholding taxes, VAT and excise duty at source from payment of interest on term deposits, cash security, products and services, salary & allowances to employees and deposits the same to the government exchequer within prescribed time. Besides this the Company pays tax on its various earnings i.e. income tax on its income as well as VAT on its fee based income. During the year 2016 the Company collected, withheld and deposited tax, VAT and excise duty at source and paid advance tax to government exchequer in the following manner:

Taka in million

Particulars	Amount
Advance tax	271.20
Withholding taxes	115.00
Withholding VAT	3.62
VAT collected and paid	4.48
Excise duty collected and paid	4.07
Total	398.37

Creating employment:

We make an economic impact by creating employment and a well-trained human resources. UCL and its subsidiary companies employed as many as 199 employees as on 31 December 2016. We believe that the human resources act as the catalyst behind the development, success and future sustainability. The Human Resources of the Company is guided by a robust HR Policy, attractive work place, competitive pay band and rewarding career opportunities transforming human resources in to human capital. During the year 2016, UCL spent total Tk. 0.41 million for training and HR development (2015: Tk. 0.20 million) and paid a total amount of Tk. 134.73 million as salaries and allowances to its employees (2015: Tk. 112.97 million).

Maximizing shareholders' value:

We recognize our fiduciary duty to our shareholders and seek to establish constructive relationships. We are focused on maximizing long-term shareholders' value through building solid foundation of earning drives, strong financial performance and returns, disciplined and profitable investments. Over the past many years, UCL has been paying a satisfactory dividend to its shareholders placing it among the top ranking non-banking financial institutions in the country. For the last five years UCL paid dividend on an average 9.40 percent to its shareholders i.e. Tk. 0.94 per share of Tk. 10.00 each.

Taking environmental initiatives:

Sustainable development, economic growth and a healthy environment is inter-linked to the long-term performance of the Company. In this backdrop, we play a contributory role in terms of providing financial services by restricting and discouraging those projects that cause pollution for environment and health hazard. In this regard, we have adopted Green Banking Policy and formed a Committee for its implementation in all of our operational activities. Moreover, we have been performing 'Environment Risk Management (ERM)' in all loan/lease proposals where ERM is to be performed particularly finance proposal to such businesses houses where environmental issue is very critical such as leather, textile, chemical, manufacturing sectors, etc.

Supporting Community:

We are always agree in building prosperity by supporting a broad range of causes through donation and sponsorship. We encourage our employees to participate in social and charitable programs. As a part of its social responsibility, the Company contributes to various funds in the form of cash, warm cloth distribution, gives support to flood affected people, underprivileged people and to the people who were affected by the natural calamities.

UCL invests in sustainable economic development, and we are committed to contributing to the success of people and businesses in the community in which we operate. We support to stimulate economic growth by investing in programs that enable economic development with a social purpose.

For instance, we support:

Society For Assistance to Hearing Impaired Children (SAHIC):

SAHIC is a Non-Governmental Voluntary organization serving the unfortunate victims of hearing impaired children in Bangladesh. They provide pre-school education facility to the hearing impaired children of low income group. Union Capital Limited extends its financial support for this education program on regular basis. Union Capital Limited, under its CSR activities, has become the "Foster-partnership" to sponsor the annual education expenses to the tune of Tk. 480,000/- (Taka four lac eighty thousand) only for the 20 (twenty) hearing impaired children of the "Rosi_Flower

Integrated Pre-School for Hearing Impaired Children".

Pre-School Education Program:

Retired Police Officers' Welfare Association of Bangladesh has undertaken different social activities among which they set up a school and conduct education program for the poor, underprivileged children working at the Mess/Barrack of Rajarbagh Police Lines. Union Capital Limited widens its financial assistance for the purchase of class books, school bags, uniforms etc. for the students under this education program. In 2016 the Company has given BDT 310,000 for the purchase of school bags, books, uniforms etc. for the students.

Blanket distribution:

Because of the cold spell and dense fog, the normal life of poor people had been disrupted throughout the country in 2016. As a part of the Corporate Social Responsibility, UCL extended its hand to protect a little of them from the cold havoc by distributing 600 pcs blankets in Gaibandha district of Bangladesh.

Promoting growth of Small Business:

Small business is an important engine driving the economic growth of the country. Financing is essential for many small businesses to start, operate or grow, and UCL offers a host of credit solutions tailored to meet the needs of diverse businesses at various stages, particularly promising but unexplored

segments and women entrepreneurs. We also strive to provide the best possible products, financial services, advice and expertise to help this sector prosper to its fullest possibility.

Inclusive growth:

We believe we create best value for our shareholders by also bringing value to the community wherein we operate. Because our business is not isolated from society but embedded within it, the success of UCL is inextricably linked to the wellbeing of the wider community. So along with creating jobs and paying taxes, we seek to stimulate local enterprise, to support economic development, to collaborate with governments and others on shared challenges and to help tackle the possible effects of our investment activities - all essential underpinnings of our ongoing success aimed at increasing productivity and income of the poor in several low income occupations which will continue as important sources of employment. This way we, UCL group, grow with our shareholders, customers, lenders, employees, other stakeholders and the society as a whole around the globe.

REPORT ON HUMAN RESOURCE

The strength for sustainable future

We are accountable to our clients and it is essential that the employee we employ recognize the importance of this. Employee that are motivated, reliable, well trained and committed deliver superior service levels and we look for these characteristics during the recruitment process. Our employee engagement levels are the highest we have ever experienced.

Our Priorities

- Foster a culture of employee engagement
- Provide competitive compensation and total rewards
- · Enable growth through training and development opportunities
- Respect diversity and promote inclusion

A Culture of employee Engagement

As our business and workforce grow and become more diverse. it's important that we continue fostering a strong sense of how we succeed together. We do this by making it easy for employees to understand the roles they play in fulfilling UCL's strategies. helping employees grow personally and professionally, and being committed to employee engagement. We recognize that wellinformed employees are more likely to align their actions with company goals. Employees have many opportunities to learn and ask questions about company goals, strategies and progress through meetings with senior management, regular formal communications and our extensive intranet. We have a long history of listening and responding to our employees, and we regularly seek feedback and comments. We gather employee input on our progress in key areas including career development, performance enablement, employee engagement and workplace culture. By understanding employees' views, UCL can take action to address their needs and the company's priorities. this results in high levels of employee engagement and a strong commitment to clients.

Diversity and inclusion

UCL is a leader in valuing diversity. Our strength comes from a combination of what we have in common, like shared values and purpose, and what makes us different, like experiences and perspectives. By bringing together those similarities and differences, we are able to break new ground and better serve our clients and communities. We believe in creating an inclusive environment for our employees, where they can feel valued, respected and supported - a place where employees can develop their own unique abilities and realize their aspirations.

Competitive Compensation and total rewards

At the heart of an engaged workforce is a flexible, competitive and meaningful rewards program. Our program is based on an understanding of what employees value. It recognizes that flexibility and choice are the best response to meet our employees' diverse needs. Our comprehensive approach rewards employees for their skills and contributions by offering employees competitive compensation, benefits and a positivework environment.

Growth through training and development

We aim to create a learning culture and provide opportunities for our employees to fully apply their knowledge and skills in the service of the company. We will help our employees to continue their development in the interests of the company and its objectives. Employees expect ongoing career and learning opportunities to be a part of their total rewards program and our commitment to continuous employee growth and development helps ensure we meet the current and future needs of both our people and our clients. Employees also have access to the training resources they need to learn and grow through our in house learning opportunities.

Recruitment

A great part of success in the financial services industry depends, more than anything else, on the know-how, experience, talent, and commitment of human capital. For UCL to continue to succeed, the company must be able to attract, develop and retain qualified people. UCL's employees should be able to benefit from its strong business principles, its fast moving and entrepreneurial spirit, and the broad opportunity for individual and team success.

Careers and development

The people of UCL are part of a culture of integrity and leadership, which they have an active role in creating. They form a community in which people's potential and talents are cultivated with the aim of establishing lifelong careers. High quality employees are trained and fostered, with the goal of developing tomorrow's leaders. As a forward-looking enterprise, UCL strives to continuously Stimulate its employees to uphold the state of the art in their respective fields. In order to inspire trust and create added customer value, great emphasis is placed on maintaining employees' knowledge and skills through training, development and informative feedback. As in previous vears. UCL placed great emphasis on training its managers and developing their leadership qualities. Moreover, the monthly meeting with employees, play a central role in making sure that the strategy and objectives for each year are clearly communicated and executed. It is vitally important that those who drive company's success are fully informed of its vision. strategy, and focus for the year and know what kind of contribution is expected of them as individuals in order to achieve these.

We aim to retain our employees through constantly nurturing them and develop their skills by acknowledging their strengths & weaknesses. We maintain an effective management through ongoing, two-way discussion between a manager and employee about performance, priorities and challenges. At UCL, employee self-evaluation process is a preliminary step for employee development. It is a vital activity that can be essential in assessing their need for development through training, counseling etc.

At UCL, rather than simply being the "recipient" of feedback from their reporting supervisors, the employee is given a voice, and can inform or shape their own career paths. this active participation helps them to be more engaged with both their performance and the assessment process overall. Even for managers who work closely with their employees, it's not always possible to see the full picture and understand all the factors that affect employee performance. Having the employee complete a self-assessment allows the manager to spot their employee's strengths and weaknesses from the employee's perspective, as well as training needs/desires. A development program that includes employee self-appraisals, formalizes a two-way dialogue, avoiding top down assessment that often serve to discourage or disengage employees. It can also help to entrench this vital two-way dialogue in the organization's management culture. At UCL we greatly value employee point of view and do our best to shape up their career. Such a practice of employee development through self-evaluation process is shown below:

Job satisfaction and retention

A good workplace environment leads to greater job satisfaction, which works to everyone's benefit. General job satisfaction and commitment proved to be high compared to other companies. Morale at UCL is high and new employees feel they are well received. Furthermore, employees feel their opinions count at work and are encouraged to express new ideas for improvements. Moreover, information flow is effective and company's objectives and visions are considered clear.

Salaries and benefits

In addition to a monthly salary, bonuses are paid to those key employees and management who directly affect company's performance. Bonus payments are subject to the individual's performance as well as company's profits.

Communication

UCL places great emphasis on keeping employees informed about UCL's vision, strategy and focus. Moreover, the company provides regular communication to its employees with information regarding current news, events and achievements. The open flow of information at UCL is important in order to maintain efficient operations. Employee engagement is facilitated through corporate intranet. Furthermore, the CEO and senior executives visits different offices of UCL which opens face-toface dialogue between employees and senior management. through these channels UCL supports a flat organizational structure and encourages collaboration throughout UCL.

Employee morals

.

- At UCL, employees stand for excellence in everything they do.
- They help our customers become the best in class.
- They foster creativity and innovation.
- They strive to constantly improve our professional skills.

			Satis-		Very

Friendly (Pleasant, warm, outgoing, good-natured)					
Helpful (Working for the welfare of others)					
Honest (Sincere, truthful)					
Imaginative (Daring, creative, original)					
Independent (Self-reliant, self-sufficient)					
Intellectual (Intelligent, reflective, knowledgeable)					
Logical (Consistent, rational, realistic)					
Loving (Affectionate, tender)					
Obedient (Dutiful, respectful)					
Organized (Clean, Neat, tidy)					
Polite (Courteous, well-mannered, respectful)					
Self-confident (Self-assured, poised, self-aware)					
Self-controlled (Restrained, self-disciplined)					
Sen-controlled (Nestrained, Sen-disciplined)					

At UCL, employees work with passion without obsession.

- They do jobs with enthusiasm.
- They are proud of what they achieve together.
- They balance our customers', our colleagues', our own, and our investors' needs.
- At UCL, employees walk our talk.
- They treat each other and our partners with trust, fairness, and respect.
- · They honor our commitments and stand up for our beliefs.
- They speak with one voice internally and externally.
- At UCL, employees feel responsible for their actions.
- They take care in all they do and are aware of possible outcomes and consequences.

- They take decisions and make results known.
- They share information openly in the interest of UCL.

At UCL, employees cross borders.

- They respect others' opinions and discuss them openly.
- They support teamwork and the mutual exchange of knowledge and people regardless of cultures, genders, segments, and levels.

HUMAN RESOURCE STRATEGY

- Attract qualified personnel by creating a motivated workplace;
- Retain competent employees by creating a superior workplace;
- Provide new employees with appropriate training from the outset;
- · Encourage employees to maintain professional skills and give

them the opportunity to develop and grow;

- Ensure maximum employees success empower the individual, provide an opportunity to show initiative and command independent initiative;
- Maintain a spirit of ambition, efficient decision-making, flexibility and quick responses to changes;
- Create a strong management team;
- Sustain an environment that supports a balance between work

and life;

- Ensure equal opportunities, with regard to employment, work facilities, assignments, training, job development and salaries;
- Align the interests of employees with the interests of the organization.

UCL continues to maintain a very satisfactory position in terms of people productivity. this is confirmed by the following indicators:

	2016	2015	2014	2013

HUMAN RESOURCE ACCOUNTING

Quantitative information about the value of human resource

There are several areas in which non-monetary measurements may be evolved in accounting and human resource accounting is probably one of these. To make valuation of human resource objective and comparable there must be a universally acceptable method of valuation.

Human dimension is the key to organization's success. Several initiatives for development of human resources to meet new challenges in the competitive business environment have gained momentum. UCL acknowledges the value of its human assets who are committed to achieve excellence in all spheres. The Human resource profile given below in table shows that UCL has a mix of energetic youth and experienced seniors who harmonize the efforts to achieve the company's goals.

Age range (in years)	21-30	31-40	41-50	>50	Total
No. of Employees	37	73	10	6	126
Management Cadre	1	28	5	4	38
Non Management Cadre	29	34	3	0	66
Support Staff	7	11	2	2	22
Average age					32.51

Human resource, as it is a key to success, is considered as asset in many organizations and thus related expenditure is treated as investment. The cost of human resource comprises of both capital (asset) and revenue (expenses). This cost is classified into four main categories namely:

- Acquisition cost-incurred to acquire the right employee for the job.
- Development (training) cost incurred to enrich employees' skills help them to increase productivity.
- Welfare cost incurred to improve the quality of life i.e. to create a conducive working environment.
- Other cost for instance employee's safety, ex-gratia, and incentives.

The acquisition cost includes the recruitment cost, selection cost and placement cost. Training cost comprises of: • formal training cost • on job training cost

 $\boldsymbol{\cdot}$ special training cost $\boldsymbol{\cdot}$ development programs

Welfare cost comprises of medical expenditure, general and special allowance and other welfare expenditure.

Accounting Standard for Human Resource

International Accounting Standards (IAS) 38 defined intangible asset as "an intangible asset is an identifiable non-monetary asset without physical substance held for use in production or supply of goods or services, for rental or others or administrative purposes".

IAS 38 requires that for an asset to be recognized as intangible asset it should be identifiable in a way that it is possible to distinguish it from goodwill. In addition, the enterprise should

have sufficient control of the asset in order to meet the definition of intangible asset. Based on this definition, human resource is identifiable and possible to separate it from goodwill thus can be recognized as intangible asset. According to IAS 38, an asset is considered separable if a firm could sell, rent, distribute or exchange the specific future benefit attributed to the asset without disposing of future economic benefits that flow from other asset in the same revenue activity. Though it is not possible to sell, rent, exchange or distribute human asset, when an employee is relied his duty it does not require disposing of future economic benefit that flow from other asset thus has some qualities of intangible assets. Furthermore IAS 38 states that for an intangible asset to be recorded at cost the following criteria must be met:

It is probable that future economic benefit attributed to the asset will flow to the firm.

Investment in human resource can be measured reliably based on cost incurred for recruitment, selection training and development. Though the employees can leave the organization at his own will unlike other asset it is probable that future economic benefit will be derived from the employees during the duration of his employment.

All this definition in IAS 38 indicates that it is possible to treat investment in human resource as asset by capitalizing cost related to human asset and recording it in the balance sheet.

Significance of HR Accounting

All the companies that furnish information about human resource value included such report as a separate report from the main financial statement i.e. the income statement and the balance sheet. This means that human resource accounting is not still considered as part of financial statement but additional materials for use by users of annual report. Thus human resource accounting is in need of further development in order for human resource data to receive equal weight like other items in the balance sheet and income statement. In order for human resource accounting to have significance and to be part of financial statement the value of human resource as computed by various company should be incorporated in the balance sheet.

Human Resource accounting practice in Bangladesh

Bangladesh like many other countries has not given much consideration to issues related to human resource accounting. In Bangladesh this concept is struggling for acceptance and has not been introduced so far as a requirement. Neither the Companies Act nor the Regulators do require the listed companies to prepare HR Accounting to be attached in their annual report.

VALUE ADDED STATEMENT

A part of social responsibility accounting

Value added is a measure of the economic strength of a company and indicates how much additional value (wealth) has been created by the company during the reporting period through utilization of its capacity, capital, manpower and other resources and how it has been distributed among the contributors of the value i.e. the stakeholders (employees, lenders, shareholders, government etc.). Therefore, a value added statement (VAS) is regarded as a part of social responsibility accounting. It shows the wealth or value created and attributed to all stakeholders rather than just the shareholders. While the income statements reports on the income of shareholders, the value added statement reports on the income earned by a large group of stakeholders, all the providers of capital plus employees and the government.

Figures. in Million BDT

			2016				2015	
VALUE ADDED	UCL	%	Group	%	UCL	%	Group	%

MARKET VALUE ADDED

External performance indicator of value creation

While Economic Value Added (EVA) measures internal performance, Market Value Added (MVA) is a measure of external performance that indicates how the market has evaluated the Company's performance in terms of market value of share compared to book value of shares. MVA is the difference between the market value of equity of a company and the book value of equity invested in the company. Market Value Added is one of the market indicators of value creation. MVA, and particularly any change in MVA, constitutes a more relevant measure of value than just developments in share price. A positive MVA indicates that the company could add value to shareholders' wealth. The following statement indicates the MVA as at 31 December 2016 compared to the MVA of prior year:

MARKET VALUE ADDED

Figures in million DBT

	20	2015		
VALUE ADDED	UCL	Group	UCL	Group
Market value of shares outstanding	3,317.14	3,317.14	2,428.36	2,428.36
Book value of the share outstanding	2,388.42	2,532.83	2,359.63	2,493.93
MARKET VALUE ADDED	928.73	784.31	68.73	(65.57)

ECONOMIC VALUE ADDED

Measures the wealth generation potential

Econimic Value Added (EVA) is an overarching measure used to measure the wealth generation potential of the company. EVA is an internal management performance measure that compares net operating profit to total cost of capital. Economic value added is also referred to as economic profit. The AVA is defined as:

EVA = Net operating profit minus tax minus cost of capital

Economic value added is important because it is used as an indicator of how profitable company projects are and it therefore serves as a reflection of management performance.

The idea behind EVA is that businesses are only truly profitable when they create wealth for their shareholders, and the measure

Figures in million BDT

ECONOMIC VALUE ADDED

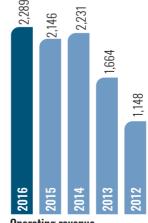

of this goes beyond calculating net income. Economic value added asserts that businesses should create returns at a rate above their cost of capital.

It succinctly summerises how much and from where a company created wealth. It includes the balance sheet in the calculation and encourages managers to think about assets as well as expenses in their decisions.

It forces that economy to shift away from managing its profits to managing its wealth by permitting the company to monitor and measure wealth generation. The following table indicates the EVA for the years 2016 and 2015:

	2016		2015	
VALUE ADDED	UCL	Group	UCL	Group
Economic Value Added (EVA)	174.17	195.51	85.84	68.60

Chartered Accountants

Auditors' Report to the Shareholders of

Union Capital Limited

We have audited the accompanying consolidated financial statements of Union Capital Limited and its subsidiaries (the "Group") as well as the separate financial statements of Union Capital Limited (the company) which comprise the consolidated and separate balance sheets as at 31 December 2016, profit and loss accounts, statements of changes in equity, cash flow statements, statement of liquidity, for the year then ended, and a summary of significant accounting policies and other explanatory notes and annexures thereto.

Management's responsibility for the financial statements and internal controls

Management is responsible for the preparation and fair presentation of these consolidated financial statements of the Group and also the separate financial statements of the company in accordance with Bangladesh Financial Reporting Standards (BFRSs), Bangladesh Bank's circulars and guidelines as explained in the relevant notes and for such internal control as management determines is necessary to enable in the preparation of financial statements that are free from material misstatement, whether due to fraud or error, the Financial Institutions Act 1993, the Financial Institutions Regulations 1994, the Companies Act 1994, Bangladesh Securities and Exchange Rules 1987, and the Bangladesh Bank regulations require the management to ensure effective internal audit, internal control and risk management functions of the company. The management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

Auditors' responsibility

Our responsibility is to express an opinion on the consolidated financial statements of the Group and the separate financial statements of the company based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain a reasonable assurance about whether the consolidated financial statements of the Group and the separate financial statements of the company are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements of the Group and the separate financial statements of the company. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements of the Group and the financial statements of the company, whether due to fraud and error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements of the Group and the financial statements of the company that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management as well as evaluating the overall presentation of the consolidated financial statements of the Group and the Group and the Group and the separate financial statements as well as evaluating the overall presentation of the consolidated financial statements of the Group and the separate financial statements as well as evaluating the overall presentation of the consolidated financial statements of the Group and the separate financial statements of the company.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, read in conjuction with notes (14.1.c) to financial statements, the financial statements prepared in accordance with BFRSs and Bangladesh Bank's circular no. 11 dated 23 December 2009, give a true and fair view of the financial position of the company as at 31 December 2016 and of its financial performance and its cash flows for the year then ended and comply with requirements of Companies Act 1994, the Financial Institutions Act 1993, the Bangladesh Securities and Exchange Rules 1987, the rules and regulations issued by the Bangladesh Bank and other applicable laws and regulations.

Report on other legal and regulatory requirements

In accordance with the Companies Act 1994, the Financial Institutions Act 1993, the Financial Institutions Regulations 1994,

- Bangladesh Securities and Exchange Rules 1987 and the rules and regulations issued by Bangladesh Bank, we also report the following: (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- (b) internal control and risk management arrangements of the company appeared to be materially adequate;
- (c) in our opinion, proper books of account as required by law have been kept by the Group and the company so far as it appeared from our examination of those books and proper returns adequate for the purposes of our audit have been received from branches not visited by us;

S. F. AHMED & CO

- (d) the consolidated balance sheet and profit and loss statement of the Group and those of the company together with annexed notes dealt with by the report are in agreement with the books of account and returns;
- (e) the expenditure incurred was for the purpose of the Group and company's business;
- (f) the consolidated financial position of the Group and those of the company as at 31 December 2016 and their profits for the year then ended have been properly reflected in the consolidated financial statements of the Group and those of the company, and thus financial statements have been prepared in accordance with BFRSs.
- (g) adequate provisions have been made for lease, loan and advances which are, in our opinion, doubtful of recovery;
- (h) the consolidated financial statements of the Group and those of the company's have been drawn up in conformity with the Financial Institutions Act 1993 and in accordance with the accounting rules and regulations issued by the Bangladesh Bank to the extent applicable to the company;
- (i) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements; and
- (j) the information and explanations required by us have been received and found to be satisfactory;
- (k) the company has complied with relevant law pertaining to capital and reserves and found satisfactory;
- (I) the consolidated financial statements of the Group and those of the company conform to the prescribed standards set in the accounting regulations issued by Bangladesh Bank after consultation with the professional accounting bodies of Bangladesh:
- (m) the company has followed the instruction issued by the Bangladesh Bank in the matters of lease/advance classification, provision and suspension of interest; and
- (n) We have reviewed over 80% of the risk weighted assets of the company during the course of our audit and have spent over 1200 person hours.

Union Capital Limited STATEMENT OF LIQUIDITY ANALYSIS (MATURITY OF ASSETS AND LIABILITIES) as at 31 December 2016

179 < Annual Report 2016

Dhaka, Bangladesh Dated, 21 March 2016

sd/-S. F. AHMED & Co Chartered Accountants

BAS 1.10 (e) NOTES TO THE FINANCIAL STATEMENTS BAS 1.51 (c)

as at and for the year ended 31 December 2016

1. GENERAL INFORMATION

1.1 Domicile, legal form and country of incorporation

BAS 1.138 (a)

Union Capital Limited (''the Company'') was set up for the purpose of purchasing investment banking business of Bangladesh Branch Office of Peregrine Capital Limited, Hong Kong, along with all of its specified assets and share capital of SES Company Limited, its related concern. This transaction was effected on 04 February 1998. From that date, the Company started to operate as "Union Capital Limited - proposed".

Union Capital Limited was registered as a public limited company under the Companies Act, 1994 with the Registrar of Joint Stock Companies of Bangladesh on 09 August 1998. On 12 August 1998, the Company obtained permission from Bangladesh Bank to operate as a non-banking financial institution under the Financial Institutions Act, 1993. The Company went for Initial Public Offering in May 2007 and listed its shares with both Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited in July 2007.

The registered office of the Company is located at Noor Tower (5th floor), 73 Sonargaon Road, Dhaka 1205. The operations of the Company is being carried out through its 7 (seven) offices located in Dhaka, Gazipur, Narsingdi, Chittagong and Sylhet.

BAS 1.138 (b) **1.2** Principal activities

The activities of the Company encompass a wide range of services, broadly classified as fund based and fee based activities . The Company also offers different deposit schemes as well.

Fund based services

Fund based services include lease finance, term finance, real estate finance, SME finance, hire purchase, bridge finance, bill discounting and factoring etc.

Fee based activities

Fee based activities include corporate financial services.

Deposit schemes

The Company offers various deposit schemes to mobilise the deposits from the valued customers. Deposit schemes include term deposit, monthly income deposit, double money deposit, triple money deposit, monthly saving scheme, millionaire plus, profit first deposit.

1.3 Information regarding subsidiary companies

As on 31 December 2016 Union Capital has two subsidiaries to include for preparation of consolidated financial statements as per Bangladesh Financial Reporting Standard (BFRS) 10: Consolidated Financial Statements. A brief description of the subsidiaries is given below:

1.3.1 UniCap Securities Limited

UniCap Securities Limited (formerly SES Company Limited) is a private limited company registered under the Companies Act, 1994. The Company was incorporated in Bangladesh on 09 October 1995. The Company has changed its name to UniCap Securities Limited on 21 October 2013 and the registered office of the Company is situated at Richmond Concord (6th Floor), 68 Gulshan Avenue, Gulshan 1, Dhaka 1212. It is a member of Dhaka and Chittagong Stock Exchange and a depository participant of Central Depository of Bangladesh Limited (CDBL). Principal activities of the Company is to carry out all kinds of investment business in shares and stock, brokerage and dealing of securities. It also extends margin loan to its customers against their margin for investment in the listed securities. The required margin level is monitored daily and pursuant to established guidelines, customers are required to deposit additional margin to reduce the position, where necessary. As Union Capital owns 99.99% of the voting shares of UniCap Securities Limited consists of 12 (twelve) Directors and all the Directors are nominated by Union Capital Limited to represent in the Board of the Company.

1.3.2 UniCap Investments Limited

UniCap Investments Limited was incorporated in Bangladesh with the Registrar of Joint Stock Companies and Firms (RJSC) vide registration no. C-93014/11 dated 24 May 2011 as a public limited company under the Companies Act, 1994. The address of the Company's registered office is A-A Bhaban (9th Floor), 23 Motijheel C/A, Dhaka-1000. Principal activities of the Company is to deliver a whole range of investment banking services including merchant banking activities such as issue management, underwriting, portfolio management and corporate advisory. Union Capital holds 99.99% shares in the Company. Out of 9 (nine) Directors, 2 (two) Directors have been nominated from Union Capital Limited to represent in the Board of the Company.

BAS 1.112 (a) 2 BASIS OF PREPARATION

The financial statements are prepared on the historical cost basis and therefore, do not take into consideration the effect of inflation. The financial statements have been prepared and the disclosures of information have been made in accordance with the DFIM circular no. 11 dated 23 December 2009 and requirement of the Financial Institutions Act 1993, the Companies Act 1994, the Bangladesh Securities and Exchange Rules 1987, the Listing Rules of Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited, Guidelines from Bangladesh Bank, Bangladesh Accounting Standards (BAS) and Bangladesh Financial Reporting Standards (BFRS) and other applicable laws and regulations.

In the year 2009, Bangladesh Bank issued DFIM circular no.11 dated 23 December 2009 suggesting uniform presentation and disclosure requirements within the industry. As a result, the company followed that circular with the presentation of the financial statements.

There are some areas where application of BAS and BFRS differs from those as suggested by Bangladesh Bank through different circulars. As Bangladesh Bank is the primary regulator, the Company is required to follow the guidelines of Bangladesh Bank. At the same time the Company is also required to follow the guidelines issued by Bangladesh Securities and Exchange Commission (BSEC). For mitigating presentation and disclosure conflict the financial statements have been prepared following Bangladesh Bank's circulars and present separate disclosure where deviations exist.

BAS 1.125 2.1 Reporting period

The financial statements of the Company consistently cover one calendar year from 1 January to 31 December.

BAS 1.125 2.2 Directors' responsibility statement

The Board of Directors takes the responsibility for the preparation and presentation of these consolidated and separate financial statements.

BAS 1.125 2.3 Accounting estimates

Preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amount of assets and liabilities, income and expenses. The estimates and underlying assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual result could differ from estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions of the accounting estimates are recognised in the period in which the estimates are revised.

Significant areas requiring the use of management estimates in these financial statements which are related to the useful life of depreciable assets and provisions for loans/leases. However, assumptions and judgments made by management in the application of accounting policies that have significant effect on the financial statements are not expected to result in material adjustment to the carrying amounts of assets and liabilities in the next year.

BAS 1.125 **2.4 Risk and uncertainty for use of estimates**

The preparation of financial statements in conformity with Bangladesh Accounting Standards requires Management to make estimates and assumptions that affect the reported amounts of revenues and expenses, assets and liabilities, and disclosure requirements for contingent assets and liabilities during and as at the date of the financial statements. These financial statements contained information about the assumptions it made about the future and other major sources of estimation uncertainty at the end of the reporting period that have a significant risk of resulting in a material adjustment to the carrying amount of assets, liabilities, income and expenses within the next financial year.

In accordance with the guidelines as prescribed by BAS 37: Provisions, Contingent Liabilities and Contingent Assets, provisions are recognised in the following situations:

BAS 37.14 Provisions

Provisions are liabilities that are uncertain in timing or amount. Provisions are recognised when: the Company has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are normally made for restructuring costs and legal claims.

Contingent liability

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or the Company has a present obligation as a result of past events but it is not recognised because it is not likely that an outflow of resources will be required to settle the

obligation; or the amount cannot be reliably estimated. Contingent liabilities normally comprise legal claims under arbitration or court process in respect of which a liability is not likely to occur.

Contingent asset

A contingent asset is possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are never recognised, rather they are disclosed in the financial statements when they arise.

BAS 1.16

2.5 Statement of compliance

The financial statements of the Company include the Balance Sheet, Profit and Loss Account, Cash Flow Statement, Statement of Changes in Equity, Liquidity Statement and Notes to the Financial Statements. These financial statements are required to be prepared and presented within a framework of rules and guidelines - some mandatory and some recommendatory. The Companies Act, 1994 requires the production of the following as a part of the annual report:

a) Board of Directors' report b) Auditors' report

c) Balance sheet and

d) Profit and loss statement

In addition to the above, the Bangladesh Securities and Exchange Rules, 1987 (as amended in 1997) requires the preparation of a Cash Flow Statement and Statement of Changes in Equity as a part of the Annual Report. The Companies Act, 1994 provides basic requirements for accounting and reporting applicable to all companies incorporated in Bangladesh. The Bangladesh Securities and Exchange Commission (BSEC) regulates financial reporting practices of listed companies. Listed companies are required to comply with BSEC's accounting and disclosure requirements. The Bangladesh Securities and Exchange Rules, 1987 (as amended in 1997) requires listed companies to follow Bangladesh Accounting Standards (BAS) and Bangladesh Financial Reporting Standards (BFRS) as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB).

These financial statements have been prepared and presented in accordance with the approved accounting and reporting standards as applicable in Bangladesh. Approved accounting standards comprise International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS) as adopted by the Institute of Chartered Accountants of Bangladesh. As of 31 December 2016 status and applicability of Bangladesh Accounting Standards (BAS) and Bangladesh Financial Reporting Standards (BFRS) in the case of Union Capital Limited are as under:

BAS 1.45

2.6 Consistency

In accordance with the BFRS framework for the presentation of financial statements together with BAS 1 and BAS 8, Union Capital Limited applies the accounting disclosure principles consistently from one period to the next. Where selecting and applying new accounting policies, changes in accounting policies applied, correction of errors, the amounts involved are accounted for and disclosed retrospectively in accordance with the requirement of BAS 8. We, however, have applied the same accounting and valuation principles in 2016 as in financial statements for 2015.

BFRS 8.20 2.7 Operating Segments

A segment is a distinguishable component of the Company that engaged in providing different types of products and services including revenues and expenses that relate to transactions with the Company's other components whose performances are regularly reviewed by the management. In this context the Company has identified three operating segments of the Group which comprise core financing business, UniCap Investments Limited full fledged merchant bank and UniCap Securities Limited brokerage. Operating results of the reportable segments are disclosed in note no. 36 in compliance with Bangladesh Financial Reporting Standard (BFRS) 8: Operating Segments.

BAS 27.12

2.8 Basis of consolidation of operations of subsidiaries

The financial statements of the Company and its subsidiaries have been consolidated in accordance with Bangladesh Financial Reporting Standard (BFRS) 10: Consolidated Financial Statements. The consolidation of the financial statements has been made after eliminating all material intra group balances, income and expenses arising from intra-group transactions.

The total profits of the Company and its subsidiaries are shown in the consolidated profit and loss statement with the proportion of profit after taxation pertaining to minority shareholders being deducted as 'Non-controlling Interest'. All assets and liabilities of the Company and of its subsidiaries are shown in the consolidated balance sheet. The interest of minority shareholders of the subsidiaries are shown separately in the consolidated balance sheet under the heading 'Non-controlling Interest'.

2.9 Going concern

The Company has adequate resources to continue in operation for foreseeable future. For this reason the Directors continue to adopt going concern basis in preparing the financial statements. The current credit facilities and resources of the Company provide sufficient funds to meet the present requirements of its existing businesses and operations.

BAS 1.10(e) 3 SIGNIFICANT ACCOUNTING POLICIES

BAS 17.31 **3.1 Lease operations**

As per Bangladesh Accounting Standard (BAS) 17: Leases, lease operations are divided into finance leases and operating leases. Unlike operating lease, a finance lease is a lease that transfers substantially all the risks and rewards incident to ownership of an asset to the lessee. Title may or may not eventually be transferred.

BAS 17.8 Union Capital Limited as a lessor

BAS 17.49

BAS 17.50

BAS 17.33

Under finance leases, Union Capital Limited recognises the leased assets in the balance sheet as investment in lease assets at an amount equal to the net investment in the lease. The lease payments are broken down into the finance charge and the redemption payment. The redemption payment reduces the amount of the outstanding liability (net investment): the finance charge is treated as interest income. Interest and similar income is recognised on the basis of a constant, periodic rate of return relating to the net investment outstanding.

In contrast, assets held under operating leases are recognised and valued using the same principles as property, plant and equipment. Union Capital Limited does not hold any property under operating lease.

BAS 17.8 Union Capital Limited as a lessee

Under finance lease, the asset is recognised as property, plant and equipment, and the obligation as a liability. Each asset is stated at the lower of the following two values: either the fair value of the lease asset at the inception of the lease or, the present value of the minimum lease payments which ever is lower. In calculating the present value of the minimum lease payments, the interest rate implicit in the lease is applied.

Lease payments relating to finance leases are broken down into two components: the finance charge and the redemption payment. The redemption payment reduces the residual liability and the finance charges are shown as interest expenses.

BAS 1.119 **3.2 Term finance and other finance**

Such investments are stated at un-amortised amount. The recovery of principal amount is amortised and the carrying amount is adjusted with the principal recovery and stated at un-amortised principal amount.

Investments are classified as non-accrual when there is no longer reasonable assurance of the timely collection of the full amount of principal and interest. Whenever a payment is three months past due, investments are classified as non accrual even if they are fully secured and collection efforts are reasonably expected to result in repayment within six months.

When loans/leases are identified as non-accrual, the amount of accrued interest is credited to interest suspense account. Interest received on non-accrual investments are credited to profit and loss statement on cash basis. Non-accrual investments are returned to performing status when required amounts including interest need to classify as regular has been collected.

BAS 24.12 **3.3 Investments in subsidiary**

A subsidiary is an entity in which the Company has control as per as shareholding (more than 50 percent) or voting right is concerned. As on the reporting date Union Capital has two subsidiary companies namely, UniCap Investments Limited and UniCap Securities Limited. Consolidated Financial Statements have been prepared for subsidiary investment as per Bangladesh Financial Reporting Standards 10: Consolidated Financial Statements. Interest of the minority is shown as minority interest as separate line item of the shareholders equity which includes share capital of minority portion as well as profit earned that goes to the non-controlling interest.

3.4 Investment in securities

Investment in securities is classified broadly in two categories and accounted for as under:

Investment in listed securities:

Investments in listed securities is carried at cost. Adequate provision has been made considering each individual investment (where cost is less than market price) as guided by Bangladesh Bank. Unrealised gain or losses are not recognised in the profit and loss statement.

Investment in unlisted securities:

Investment in unlisted securities is reported at cost under cost method. Adjustment is given for any shortage of book value over cost for determining the carrying amount of investment in unlisted securities.

3.5 Receivables

Accounts receivables

The main item included rentals/installments due from the clients but not received. No such receivables are accounted for if the loans are classified as bad and loss. Receivables carry interest for the periods for

which the delay continues in payments of the amounts due from the clients continues. Such interest is not recognised as income until it is received in cash. Receivables from clients are stated at their nominal value.

Other receivables

Other receivables includes mainly receivable from brokerage houses against sale of securities, accrued IDCP (interest during construction period) and interest receivable. These receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts.

BAS 7.6

BAS 16.73

3.6 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, balance with Bangladesh Bank and its agent bank, and balance with other banks and financial institutions.

BAS 1.65 3.7

3.7 Liquidity statement

The liquidity statement of assets and liabilities as on the reporting date has been prepared on residual maturity term as per the following bases:

- a) Balance with other banks and financial institutions, money at call and on short notice, etc. are on the basis of their maturity term.
- b) Investments are on the basis of their respective maturity.
- c) Leases, loans and advances are on the basis of their repayment schedule.
- d) Fixed assets are on the basis of their useful lives.
- e) Other assets are on the basis of their realisation/amortisation.
- f) Borrowings from other banks, financial institutions and agents are as per their maturity/repayment terms.
- g) Deposits and other accounts are on the basis of their maturity term and past trend of withdrawal by the depositors.
- h) Provisions and other liabilities are on the basis of their payment / adjustments schedule.

3.8 Fixed assets including premises, furniture and fixtures

Freehold assets

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that the future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Property, plant and equipment are stated at cost less accumulated depreciation in compliance with the Bangladesh Accounting Standards (BAS) 16: Property, Plant and Equipment. The cost of acquisition of an asset comprises its purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use inclusive of inward freight, duties and non-refundable taxes, if any.

BAS 23.13 **Pre-operating expenses and borrowing costs** In respect of major projects involving construction, related pre-operational expenses form part of the

In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing cost considering the requirement of BAS 23: Borrowing Costs.

BAS 16.12 Subsequent expenditure

The Company recognises in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when that cost is incurred if it is probable, that the future economic benefits embodied with the item will flow to the Company and the cost of the item can be measured reliably. Expenditure incurred after the assets have been put into operation, such as repairs and maintenance is normally charged off as revenue expenditure in the period in which it is incurred. In situation where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefit expected to be obtained from the use of the fixed assets, the expenditure is capitalised as an additional cost of the assets. All other costs are recognised to the profit and loss statement as expenses. All up-gradation/enhancement are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

BAS 16.67 Disposal of fixed assets including land, building, furniture and fixtures

On disposal of fixed assets, the cost and accumulated depreciation are eliminated and gain or loss on such disposal is reflected in the profit and loss statement, which is determined with reference to the net book value of the assets' and net sales proceeds.

BAS 16.73(b) Depreciation on fixed assets including land, building, furniture and fixtures

Depreciation of an asset begins when the asset is available for use. Depreciation is provided for the period in use of the assets. Full month's depreciation has been charged on additions irrespective of date when the

related assets are put into use and no depreciation is charged for the month of disposal. Depreciation is provided at the following rates on straight-line basis over the periods appropriate to the estimated useful lives of the different types of assets:

		Furniture and fixtures	20% per annum
		Office decoration	33% per annum
		Electrical equipment	20% per annum
		Owned vehicles	20% per annum
		Software	20% per annum
		Mobile phone	20% per annum
		Staff appliance	20% per annum
	3.9	Intangible asset	
BAS 38.8		Components The main item included in intang	ible asset is software.
BAS 38.24		attributable to the asset will flo	be recognised if it is probable that future economic benefits that are w to the Company and the cost of the asset can be measured reliably in gible Assets. Accordingly, these assets are stated in the Balance Sheet at ion.
BAS 38.72			angible asset is capitalised only when it increases the future economic c assets to which it relates. All other expenditure is expensed as incurred.
BAS 38.97		Amortization Intangible asset is valued at amo	ortised cost and written down within 5 to 10 years.
BAS 39.43	3.10	on an accrued basis to profit and	recorded at the proceeds received. Interest on bank loans is accounted for I loss statement under the head of financial expense at the implicit rate of rre not added to carrying amounts of the loans.
BAS 23.9	3.11	Borrowing costs All borrowing costs are recognis	ed in the profit or loss account in the period in which they are incurred.
BAS 39.43	3.12		payables e goods and services received, whether paid or not for those goods and st bearing and are stated at their nominal value.
BAS 37.14	3.13		s is maintained at a level that management considers adequate to absorb n the portfolio as well as losses that have been incurred but are not yet
			the provision for doubtful losses, which is charged to profit and loss amount of write-offs, net of reversals.
		estimated probable losses that	sed on management's identification and evaluation of problem accounts, t exist on the remaining portfolio and on other factors including the ortfolio and changes in economic condition.
		Provisions, contingent liabilities for measuring the appropriate I quantitative and qualitative fact	sed on two principles: 1. Bangladesh Accounting Standard (BAS) 37: and contingent assets, and 2. Bangladesh Bank guidelines. Methodology evel of the provision relies on several key elements, which include both ors as set forth in the Bangladesh Bank guidelines. FID circular 08 dated ubsequently by Bangladesh Bank in this regard is the basis for calculating
	3.14	Income tax Income tax expense represents t	he sum of the tax currently payable and deferred tax.
BAS 12.46			used on taxable profit for the year. Taxable profit differs from profit as

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the profit and loss statement because it excludes items of income or expense that are taxable or deductible in other years or are never taxable or deductible. Company's liability for current tax is calculated using tax rates that have been enacted at the balance sheet date.

BAS 12.15 b. Deferred tax

As per Bangladesh Accounting Standard (BAS) 12: Income Taxes, deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which such differences can be utilised.

Deferred tax is calculated at the tax rates, which are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited to profit and loss statement.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and the Company intends to settle its current tax assets and liabilities on a net basis.

BAS 1.78 (d)

3.15 Employees benefit plans

The Company offers a number of benefit plans which amongst others include contributory provident fund and gratuity scheme.

a. Contributory provident fund

The Company operates a contributory provident fund for its permanent employees (which is a defined contributory fund as specified in BAS 19: Employee benefits, Para 10). The fund is approved by the National Board of Revenue (NBR), administered separately by a Board of Trustees and is funded by equal contribution from the Company and the employees. This fund is invested separately from the Company's assets.

b. Gratuity scheme

The Company operates an unfunded gratuity scheme (which is a defined benefit scheme as specified in BAS 19: Employee benefits). Employees are entitled to gratuity benefit after completion of minimum five years of service with the Company. The gratuity is calculated on the last basic pay and is payable at the rate of one month's basic pay for every completed year of service up to ten years of service, one and half months basic pay for every completed year of service up to fifteen years of service and two months basic pay for more than fifteen years of service. Full provision for gratuity has been made in the accounts for the existing employees based on their years of service with the Company. Gratuity amount is subject to a maximum ceiling of 50 (fifty) basic only.

c. Employee home loan scheme

To secure long-term commitment of deserving employees the Company introduced home loan scheme. An employee who is in service for a continuous period of at least five years (in 3 years service with the Company) is entitled to avail home loan to purchase residential apartment, purchase land and construction of house thereon etc. Interest rate of the loan is 6 percent per annum.

d. Employee car scheme

The Company provides car loan facility to the employees as per loan scheme. The Company provides full time car facility to the employees from the position of Executive Vice President.

e. Employee personal loan scheme

The Company provides personal loan facility to the employee as per loan scheme.

3.16 Branch accounting

The Company has 7 (seven) branches with no overseas branch as on 31 December 2016. Accounts of the branches are maintained at the head office from which these accounts are drawn up.

3.17 Write-off

Write-off describes a reduction in recognised value. It refers to recognition of the reduced or zero value of an asset. Generally, it refers to an investment for which a return on the investment is now impossible or unlikely. The item's potential return is thus canceled and removed ("written off") from the Company's balance sheet.

Recovery against debts written off/provided for is credited to revenue. Income is recognised where amounts are either recovered and /or adjusted against securities/properties of advances there against or are considered recoverable.

BAS 18.29

3.18 Interest suspense account

Accrued interest on lease finance, term finance, real estate finance, hire purchase agreement classified as Special Mentioned Account (SMA), Sub-Standard (SS), Doubtful (DF) and Bad & Loss (BL) are not recognised as income rather transferred to interest suspense account in compliance with Bangladesh Bank guidelines. Recovery of overdue credited to interest suspense account is recognised as income on cash basis.

BAS 18.35 (a)	3.19	Revenue recognition Revenue is recognised in accordance with Bangladesh Accounting Standard (BAS) 18: Revenue unless otherwise mentioned or otherwise guided by the separate BAS/BFRS.
BAS 18.30 (a)		a. Lease income The excess of gross lease rentals over the cost of the leased assets constitutes the total unearned income at the commencement of the execution of lease. This income is allocated over the period of lease that reflects a constant periodic return on the net investment. The pattern of the periodic return is, however, differs in case of structured lease finance depending on the structure of the particular lease contract. Income is recognised when it is earned, i.e. income on due installments on unclassified leases irrespective of whether received or not. Income is not taken into profit and loss statement when a lease is classified as SMA and above and kept in interest suspense account. Interest on classified lease is recognised on cash basis.
BAS 18.30 (a)		b. Income from term finance Interest income on term finance is recognised on accrual basis. Installment comprises both interest and principal. Interest part of the installments that become receivable is recognised as income in the financial statements. Interest on term finance ceases to be taken into income when such term finance are classified as SMA and above and kept in interest suspense account. Interest on classified term finances is recognised as income on cash basis.
BAS 18.30 (a)		c. Income from real estate finance Interest income from real estate finance is recognised on accrual basis. Interest portion of the installments that become receivable is recognised as income in the financial statements. Interest on such finance ceases to be taken into income when such finance is classified as SMA and above and kept in interest suspense account. Interest on classified finance is recognised as income on cash basis.
BAS 18.30 (a)		d. Income from secured term finance Income from secured term finance is recognised on accrual basis.
BAS 18.30 (c)		e. Dividend income Dividend on ordinary shares Dividend income from ordinary shares is recognised when the shareholders' legal rights to receive payments have been established i.e. during the period in which dividend is declared in the Annual General Meeting. Dividend declared but not received is recognised as deemed dividend.
		Dividend on preference shares Dividend from preference shares is recognised on cash basis.
BAS 18.20		f. Fee based income Fee based income is recognised on accrual basis
		g. Gain on sale of securities Capital gain on disposal of securities listed in the stock exchanges is recorded on cash basis i.e. only when the securities are sold in the market. Unrealised capital gains are not accounted for in the profit and loss statement.
BAS 1.107	3.20	Event after the reporting period
		Proposed dividend The proposed dividend is not recognised as a liability in the balance sheet in accordance with Bangladesh Accounting Standard (BAS) 10: Events After the Balance Sheet Date. Dividend payable to the Company's shareholders are recognised as a liability and deducted from shareholders equity in the period in which the shareholders right to receive payment is established.
		Bangladesh Accounting Standard (BAS) 1: Presentation of Financial Statements also requires the dividend proposed after the balance sheet date but before the financial statements are authorised for issue, be disclosed in the notes to the financial statements. Accordingly, the Company has disclosed the same in the notes to the financial statements.
		All material events occurring after the balance sheet date has been considered and where necessary, adjusted for or disclosed in note 54.
BAS 36.9	3.21	Impairment of assets The carrying amounts of the Company's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated.

Any impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses, if any, are recognised in the profit and loss statement.

BAS 24.17	3.22	Related party transactions
-----------	------	----------------------------

As per Bangladesh Accounting Standard (BAS) 24: Related Party Disclosures, parties are considered to be related if one of the party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. All transactions involving related parties arising in normal course of business are conducted at arm's length basis at normal commercial rates on

3.23

its current year's profit to reserve fund until such reserve equals to its paid up share capital. In conformity with the above requirement, the Company transferred 20 percent of its net profit to statutory reserve before declaration of dividend.

BAS 37.27 3.24 Guarantee, commitments and contingencies

Corporate guarantee represents irrevocable assurance that the Company will make payments in the event that a client cannot meet its obligation to third parties. The term of this guarantee is for one year and renewable at the expiry of the term.

In the normal course of operations, the Company provides indemnifications, which are often standard contractual terms to counter parties in transactions such as purchase agreements, service agreements, contract with employees and leasing transactions. This indemnification clause may require us to compensate the counter parties for cost incurred as a result of charges in laws and regulations or litigation claims that may be suffered by the counter party as a consequence of the transaction. The terms of these indemnifications clause vary based upon the contract.

BAS 1.98 (f) 3.25 Litigation

BAS 33.10

BAS 33.31

BAS 27.28

The Company is not a party to any lawsuits except those arising in the normal course of business, which were filed against the default clients for non-performance in loans/leases repayment and against various levels of tax authority regarding some disputed tax issues. The Company, however, provides adequate provisions as per guidelines of Bangladesh Bank and BAS 37.

3.26 Earnings per share

The Company calculates Earnings Per Share (EPS) in accordance with BAS 33: Earnings Per Share which has been shown on the face of Profit and Loss account, and the computation of EPS is stated in the notes to the financial statements.

a. Basic earnings per share

This represents earnings for the year attributable to ordinary shareholders, which is calculated after deducting dividend on preference shares from net profit after tax for the year.

b. Diluted earnings per share

Diluted earnings per share reflects the potential dilution that could occur if additional ordinary shares are assumed to be issued under securities or contracts that entitle their holders to obtain ordinary shares in future, to the extent such entitlement is not subject to unresolved contingencies.

Effect of dilution to weighted average number of ordinary shares is given for potential ordinary shares. At 31 December 2016, there was no scope for dilution and hence no diluted EPS is required to be calculated.

c. Weighted average number of ordinary shares outstanding during the year

This represents the number of ordinary shares outstanding at the beginning of the year plus the number of ordinary shares issued during the year multiplied by a time-weighting factor. The time-weighting factor is the numbers of days the specific shares were outstanding as a proportion of the total number of days in the year.

3.27 **Uniform accounting policies** The financial statements of Union Capital Limited, UniCap Securities Limited and UniCap Investments Limited have been prepared in accordance with the uniform principles of accounting.

BAS 1.19 3.28 Disclosure of deviations from few requirements of BAS/BFRS due to mandatory compliance of Bangladesh Bank's requirements Bangladesh Bank is the prime regulatory body for all Non-banking Financial Institutions in Bangladesh. Some requirements of Bangladesh Bank contradict with those of BAS/BFRS. As such the Company has departed from those contradictory requirements of BAS/BFRS in order to comply with the rules and regulations of Bangladesh Bank, which are disclosed in notes 62 and 63 to these financial statements.

3.29 **Financial risk management** BAS 1.114 (d) (ii) The risk of the Company is defined as the possibility of losses, financial or otherwise. The risk management of the Company covers core risk areas of financing namely, credit risk, liquidity risk, market risk that includes interest rate risk and equity risk, operational risk and reputation risk arising from money

the same terms and conditions as third party transactions using valuation models. **Statutory reserve** Financial Institutions Regulations 1994 requires Non-bank Financial Institutions to transfer 20 percent of laundering incidences. The Company's objective of the risk management is that it takes well calculative business risks while safeguarding its capital, financial resources and profitability from various risks. In this context, the Company took steps to implement Bangladesh Bank's guidelines and some of the best practices as under:

3.29.1 Credit risk

It arises mainly from lending, trade finance, leasing and treasury businesses. This can be described as potential loss arising from the failure of a counter party to perform as per contractual agreement with the Company. The failure may result from unwillingness of the counter party or decline in his/her financial condition. Therefore, the Company's credit risk management activities have been designed to address all these issues.

The Company has segregated duties of the officers/executives involved in credit related activities. A separate Corporate Division has been formed at Head Office which is entrusted with the duties of maintaining effective relationship with the customer, marketing of credit products, exploring new business opportunities, etc. Moreover, credit approval, administration, monitoring and recovery functions have been segregated. For this purpose, three separate units have been formed within the credit division. These are (a) Credit Risk Management Unit, (b) Credit Administration Unit and (c) Credit Monitoring and Recovery Unit. Credit Risk Management Unit is entrusted with the duties of maintaining asset quality, assessing risk in lending to a particular customer, sanctioning credit, formulating policy/strategy for lending operation, etc.

A thorough assessment is done before sanction of any credit facility at Credit Risk Management Unit. The risk assessment includes borrower risk analysis, financial analysis, industry analysis, historical performance of the customer, security of the proposed credit facility etc. The assessment process starts at Corporate Division by the Relationship Manager/Officer and ends at Credit Risk Management Unit when it is approved/declined by the competent authority. Credit approval authority has been delegated to the Credit Committee. Proposal beyond the approval authority of the Credit Committee are approved/declined by the Executive Committee and/or the Board, as applicable.

In determining Single borrower/Large loan limit, the instructions of Bangladesh Bank are strictly followed. Loans are classified as per Bangladesh Bank's guidelines.

3.29.2 Liquidity risk

The object of liquidity risk management is to ensure that all foreseeable funding commitments and deposit withdrawals can be met when due. To this end, the Company is maintaining a diversified and stable funding base comprising of core retail and corporate deposits and institutional balance. Management of liquidity and funding is carried out by Treasury Department under an approved policy guidelines. Treasury front office is supported by a very structured back office. The liquidity management is monitored by Asset Liability Committee (ALCO) on regular basis. A written contingency plan is in place to manage extreme situation.

3.29.3 Market risk

The exposure of market risk of the Company is restricted to interest rate risk and equity risk.

3.29.4 Interest rate risk

Interest rate risk may arise either from trading portfolio and non-trading portfolio. The short-term movement in interest rate is negligible or nil. Interest rate risk of non-trading business arises from mismatches between the future yield of an asset and third funding cost. ALCO monitors the interest rate movement on regular basis.

3.29.5 Equity risk

Arise from movement in market value of equities. The risks are monitored by Merchant Banking Wing under a well designed policy framework. The market value of equities was higher than the cost prices.

3.29.6 Operational risk

Appropriate internal control measures are in place at Union Capital to address operational risks. The Company has also established an Internal Control & Compliance Department (ICCD) to address operational risk and to frame and implement policies to encounter such risks. This department assesses operational risk across the Company as a whole and ensures that an appropriate framework exists to identify, assess and mange operational risk. The function of ICCD is to constant vigilance against leakage of Shareholders value by identifying, assessing, measuring, managing and transferring operational risk resulting from inadequate or failed internal control processes, people and system or from external events.

3.29.7 Information technology risk

The Company has appropriate policy, procedures in place to mitigate the risk of failing to develop, implement or operate UCL's technology platforms and solutions to meet stakeholders requirements. Also the Company has built resilience into its network platform through the installation of a back-up link, disaster recovery plan, executing service level agreement with the vendor.

BAS 1.77

BAS 1.77

3.29.8 Environmental risk

Environmental risk is the risk of loss to financial, operational or reputational value resulting from the impact of environmental issues. It arises from our business activities and our operations e.g. the environmental issues associated with our clients' purchase and sale of contaminated property or development of large-scale projects may give rise to credit and reputation risk. The Company has a robust risk assessment procedure at appraisal stage in case of any credit facility to any borrower involving any activities that is detrimental to the environment. The Company has also adopted Environmental Risk Management (ERM) policy and implemented the same in all of its business activities.

3.30 Basel II and its implementation

Basel II accords are the international standards for creating regulations about how much capital is needed to put aside to guard against the various types of financial and operational risks that the Financial Institutions face.

To cope with the international best practices and to make the capital more risks sensitive as well as more shock resilient, guidelines on 'Capital Adequacy and Market Discipline (CAMD) have been introduced by Bangladesh Bank from 01 January 2012 regarding Minimum Capital Requirement (MCR), Capital Adequacy Ratio (CAR), and Disclosure requirement as stated in the guidelines to be followed by all financial institutions for the purpose of statutory compliance. In line with the requirement of the guidelines, the Company has already formed BASEL Implementation Unit (BIU) to ensure timely implementation of BASEL II accord. Calculation of CAR and MCR are detailed out in note no. 15.

Advance against lease finance This represents amount paid for procurement of lease assets, which are yet to be executed. On execution of lease, advances will be transferred to lease finance.

7.3

		Figures in BDT
As at 31 December	2016	2015
Balance at 1 January		45,838,797
Add: Disbursed during the year	380,868,760	304,320,000
Less: Executed during the year	(366,368,760)	(350,158,797)
Balance at 31 December	14,500,000	-
Term finance		
Principal outstanding (note 7.3.1)	7,701,473,312	7,048,118,809
Accounts receivable	704,002,372	426,385,496
Total	8,405,475,684	7,474,504,305

Term finance includes finance already executed and advance to be executed on later date as per terms of agreement. Such advances carry interest at an agreed rate until the advances are executed.

7. 3.1 Movement of term finance (Principal outstanding) is made up as under:

Balance at 31 December	7,701,473,312	7,048,118,809
Less: Recovery during the year	(5,564,665,497)	(2,184,508,507)
Add : Disbursed during the year	6,218,020,000	3,052,669,533
Balance at 1 January	7,048,118,809	6,179,957,783

7.4 Loan to subsidiaries

As per instruction of Bangladesh Bank, an amount of Tk. 1,164,749,964 representing accrued interest upto 31 December 2015 on loans given to subsidiaries of the Company has been reclassified and included in loans, leases and advances. Earlier it was included in other assets.

7.5 Loan against deposits

This represents outstanding loans given to depositors against term deposits. As per Company's policy, Union Capital Limited finances to depositors up to 95 percent of TDR value. Interest is charged on such loan @ 2 percent above the interest offered on TDR.

Movement of loan against term deposit is as under:

Balance at 1 January	4,107,000	105,786,000
Add : Disbursed during the year	63,580,000	6,030,000
Less: Recovery during the year	(48,941,310)	(107,709,000)
Balance at 31 December	18,745,690	4,107,000

BAS 1.77

7.6 Staff loan

Staff loan includes loan provided to the eligible employees as per Company's approved policy

7.13 Particulars of required provision for loans, advances and leases

Required provision has been made for loans, leases and advances as per Bangladesh Bank guidelines. As per guidelines, provisions at the following rate have been made in the accounts depending on the classification status.

Particulars	Classification status	Provision (%)
Loans, advances and leases up to 5 years term		
Up to 2 months	Standard	1
3 to 5 months	SMA	5
6 to 11 months	SS	20
12 to 17 months	DF	50
18 months and above	BL	100

Loans, advances and leases exceeding 5 years term

Up to 5 months	Standard	1
6 to 11 months	SMA	5
12 to 17 months	SS	20
18 to 23 months	DF	50
24 months and above	BL	100

However, as per DFIM Circular number -03 dated 29 April 2013, provision at the rate of 0.25 percent has been made against 'Small and Medium Enterprises (SME)' loan/lease falling under the classification status of standard.

Required provision according to classification status is mentioned below:

Car Ioan -	-	-	-	
	6,383.71	6,662.47	3,389.88	3,363.02

In million DDT

50 LEGAL PROCEEDINGS

The Company is not currently a defendant or a plaintiff in any material lawsuits or arbitration. From time to time, however, the Company is involved as a plaintiff in some actions taken against the default clients in the ordinary course of business for non-payment of rentals/installments. We believe that the ultimate dispositions of those matters will be favorable and will have no material adverse effect on business, financial conditions or results of operations.

51 BOARD MEETINGS AND NUMBER OF DIRECOTRS

During the year 2016, 18 (eighteen) Board meetings were held. As on 31 December 2016, there were 9 (nine) members in the Board, excluding three Independent Directors and the Managing Director. As per FID circular no. 09 dated 11 September 2002, a non-banking financial institution shall have maximum 11 (eleven) Directors in the Board. The Managing Director is an ex-officio Director having no voting right.

52 NUMBER OF EMPLOYEES

As of 31 December 2016 a total number of 199 employees including subsidiaries (2015: 171) were employed in Union Capital Limited. Each of the employees received salary more than Tk. 36,000 per annum during the year 2016.

53 REPORTING CURRENCY AND LEVEL OF PRECESION

The figures in the financial statements represent Bangladesh currency (Taka/BDT), which has been rounded off to the nearest integer.

54 IMPACT OF INFLATION AND CHANGING PRICES

Financial Institutions are affected differently by inflation than those of industrial ventures. While industrial and manufacturing companies generally have significant investments in inventories and fixed assets, financial institutions ordinarily do not have such investment. As a result, financial institutions are generally in a better position than industrial ventures to respond to inflationary trends by monitoring the spread between interest cost and interest income yields through adjustments of maturities and interest rates of assets and liabilities.

Financial statements presented herein have been prepared in accordance with International Accounting Standards and International Financial Reporting Standards as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB), which required the measurement of the financial position and operating results in terms of historical costs. However, in some cases, particular BAS/BFRS specifically suggests to measure some assets/liabilities at fair value. Such as, BAS 39 suggests to measure investment in tradable securities at its fair value by crediting shareholders' equity.

55 EVENTS AFTER THE REPORTING PERIOD

55.1 Dividend for the year 2016

The Board of the Directors in its 237 th meeting held on 07 May 2017 recommended 10% stock dividend for the year ended 31 December 2016 subject to the approval of the shareholders in the ensuing 19th Annual General Meeting (AGM).

55.2 Others

No other material event occurred after the reporting period, which could materially affect the amounts or disclosures in these financial statements.

56 FOREIGN CURRENCY EXPOSURE PROFILE

There were no foreign currency monetary assets or liabilities that would give rise to gains or losses in the profit and loss account.

57 COMPARATIVE FIGURES

Comparative information has been disclosed in respect of the year 2015 for all numerical data in the financial statements and also the narrative and descriptive information when it is relevant for better understanding of the current year's financial statements. Figures of the year 2015 have been restated, reclassified and rearranged whenever considered necessary to ensure comparability with the current period.

58 FINANCIAL HIGHLIGHTS

Key financial highlights of the Company are annexed as Annexure-B.

59 GEOGRAPHICAL AREA OF OPERATIONS

Union Capital Limited is currently operating in Chittagong, Gazipur, Narshingdi and Sylhet along with its other branches at Sonargaon Road, Gulshan and Motijheel in Dhaka.

60 INTERIM FINANICAL STATEMENTS

Union Capital Limited publishes its interim financial statements quarterly as required by the Bangladesh Securities and Exchange Commission.

61 CHANGE IN AND DISAGREEMENT WITH AUDITORS

There were no changes and disagreement with the Auditors on accounting and financial disclosures.

62 DEPARTURE FROM BANGLADESH ACCOUNTING STANDARD (BAS) 1

According to DFIM Circular no. 11 dated 23 December 2009 there is no scope to use the name or include Statement of Financial Position and Other Comprehensive Income while preparing the financial statements. As such the Company does not use the caption and also not prepare the same.

63 DEPARTURE FROM BAS 39

The requirement of DFIM circular no. 11 dated 23 December 2009 contradict with the requirement of BAS 39 - Financial Instruments: Recognition and Measurement. As per BAS 39, investment in shares falls either under "at fair value through profit and loss account" or under "available for sale" where any change in the fair value at the year end is to be taken to profit and loss account or revaluation reserve respectively. Union Capital Limited followed the guidelines of Bangladesh Bank's circular under which investment in both quoted and unquoted shares were recognized at cost and required provision has been made for the losses arising from diminution in value of investment.

64 APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements were authorized for issue by the Board of Directors of the Company on 07 May 2017.

S. F. AHMED & CO Chartered Accountants

Auditors' Report to the Shareholders For the year ended 31 December 2016

We have audited the accompanying financial statements of UniCap Securities Limited (the company), which comprise the statement of financial position (balance sheet) as at 31 December 2016, and the statement of profit or loss and other comprehensive income (profit and loss statement), statement of changes in equity, statement of cash flows for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards, the Companies Act 1994, Bangladesh Securities and Exchange Commission Rules 1987 and other applicable laws and regulations. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing. Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain a reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements, prepared in accordance with Bangladesh Financial Reporting Standards, give a true and fair view of the financial position of the company as at 31 December 2016 and of the financial performance and its cash flows for the year then ended and comply with the requirements of Companies Act 1994, Bangladesh Securities and Exchange Commission Rules 1987 and other applicable laws and regulations.

We also report that:

- (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- (b) in our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books; and
- (c) the statement of financial position (balance sheet) and statement of profit or loss and other comprehensive income (profit and loss statement) dealt with by the report are in agreement with the books of account and returns.
- (d) the expenditure incurred were for the purpose of the Company's business.

For and on behalf of board of directors of UniCap Securities Limited

sd/-**Chairman** sd/-**Director** sd/-Chief Executive Officer

Dhaka, Bangladesh Dated, 28 February 2017

2.6 Going concern basis

The Company has adequate resources to continue in the operation for the forseeable future. For this reason the directors continue to adopt going concern basis in preparing the financial statement. The current credit facilities and adequate resources of the Company provide sufficient funds to meet the present requirements of its existing business and operations.

2.7 Reporting period

Financial statements of the Company consistently cover one calendar year from 1 January to 31 December.

3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

3.1 Revenue recognition

Revenue is recognised only when it is probable that the economic benefits associated with the transaction will flow to the enterprise the revenue during the year and in accordance with the Bangladesh Accounting Standard (BAS) 18 "Revenue Recognition".

Brokerage commission is recognised as income when trades are executed.

Interest on margin loan is recognised on accrual basis. Such income is calculated on daily margin loan balance of the respective parties. Income is recognized on monthly basis.

Dividend income is recognised when right to receive payment is established.

Caital gain or loss on sale of securities is accounted for only when shares are sold in market and gain is realised or loss is incurred.

3.2 Earnings per share

The Company calculates its earnings per share (EPS) in accordance with BAS 33: Earnings Per Share, which has been shown on the face of profit and loss statement, and the computation of EPS is stated in note 32.

3.3 Property, plant and equipment

3.3.1 Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset.

3.3.2 Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the profit and loss account as incurred.

3.3.3 Depreciation

Depreciation is charged to property, plant and equipment on a straight line basis at rates varying from 20% to 33.33% in order to write them off over their useful economic life.

3.4 Intangible assets

3.4.1 Recognition and measurement

Computer software acquired by the Company, which have finite useful lives, are measured at cost less accumulated amortisation.

3.4.2 Subsequent costs

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in profit or loss when incurred.

3.4.3 Amortisation of intangible assets

Intangible assets are amortised at the rate of 33% on straight line method.

3.5 Investment in stock exchanges for membership

Investments for membership are initially recognised at cost and are subsequently remeasured at fair value based on quoted bid prices. Surplus arising from changes in the fair value of investment for membership are transferred to revaluation reserve account.

3.6 Investment in listed securities

Investment in quoted shares and unquoted shares are initially recognised at cost plus transaction costs that are directly attributable to acquisition of shares. After initial recognition investment in quoted shares has been revalued at fair value at reporting date in accordance with BFRS 9 : Financial instruments.

Required provision has been made for impairment when the market value of investments fall below the cost in the manner as stated in note 6.

3.7 Cash and cash equivalents

Cash and cash equivalents consist of cash in hand, bank balances and deposits held with banks and financial institution and short term liquid investments that are readily convertible to known amount of cash and that are subject to insignificant risk of change in value.

3.8 Laga, howla and CDBL charges

The charges of stock exchanges booked on daily basis as per trading after receiving the trading note and Central Depository Bangladesh Ltd. (CDBL) booked on monthly basis, after receiving the bill from CDBL.

3.9 Borrowing costs

Borrowing cost is charged to profit and loss account as per Bangladesh Accounting Standard 23: Borrowing Cost.

3.10 Bad debt

3.10.1 Provision for bad debts

The Company creates provision for doubtful debts on yearly basis considering collection during the year and value of shares held as security.

3.10.2 Recovery of bad debts

Any recovery is adjusted with the provision for bad debts in the period of recovery.

3.11 Related party disclosure

As per BAS - 24: Related Party Disclosure, parties are considered to be related if one has the ability to control or exercise significant influence over other in making financial and operating decisions. Related party disclosures are given in note 41.

3.12 Taxation

Provision for current tax is made in accordance with the provision of Income Tax Ordinance, 1984 and subsequent amendments made thereto from time to time.

3.13 Contributory provident fund

The Company operates a contributory provident fund scheme for its permanent employees. Provident fund is administered by a separate Board of Trustees and is funded by equal contribution both from the Company and the employees. The contributions are invested separately from the Company's assets.

3.14 Gratuity scheme

The Company operates a gratuity scheme to retain and motivate its employees for long term. Gratuity scheme is applicable for all its permanent employees who have completed their continuous service for at least five years. Provision for gratuity is made annually based on terms of gratuity scheme.

Chartered Accountants

Auditors' Report to the Shareholders of UniCap Investments Limited

We have audited the accompanying financial statements of UniCap Investments Limited (the company), which comprise the statement of financial position (balance sheet) as at 31 December 2016, statement of profit or loss and other comprehensive income (profit and loss statement), statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting principles, the Companies Act 1994, Bangladesh Securities and Exchange Commission Rules 1987 and other applicable laws and regulations. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing. Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, read in conjuction with notes 7.1 and 27 to financial statements, the financial statements, prepared in accordance with generally accepted accounting principles, give a true and fair view of the state of the company's affairs as at 31 December 2016 and of the results of its operations and its cash flows for the year then ended and comply with the requirements of Companies Act 1994, Bangladesh Securities and Exchange Commission Rules 1987 and other applicable laws and regulations.

We also report that:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books; and
- c) the statement of financial position (balance sheet) and statement of profit or loss and other comprehensive income (profit and loss statement) dealt with by the report are in agreement with the books of account and returns.

Dhaka, Bangladesh Dated, 05 February 2017

UniCap Investments Limited NOTES TO FINANCIAL STATEMENTS For the year ended 31 December 2016

1. The company and its activities

1.1 Reporting entity

UniCap Investments Limited (the Company), a subsidiary of Union Capital Limited, is a public company limited by shares which is incorporated in Bangladesh on 24 May 2011 vide certificate of incorporation no. C-93014/11 under the Companies Act 1994. The registered office of the Company is situated at A-A Bhaban, 23 Motijheel Commercial Area, Dhaka 1000.

1.2 Nature of business

UniCap Investments Limited delivers a whole range of investment banking services including merchant banking activities such as issue management, underwriting, portfolio management and corporate advisory.

2. Significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements of UniCap Investments Limited include the Statement of Financial Position (Balance Sheet), Statement of Profit or Loss and Other Comprehensive Income (Profit and Loss Statement), Statement of Cash Flows, Statement of Changes in Equity and notes to the financial statements. These financial statements have been prepared under the historical cost convention on a going concern basis in accordance with Bangladesh Financial Reporting Standards (BFRS), which also cover Bangladesh Accounting Standards (BAS), the Companies Act 1994 and Bangladesh Securities and Exchange Commission (Merchant Banker and Portfolio Manager) Regulations 1996.

2.2 Property, plant and equipment

These are stated at cost less accumulated depreciation. Depreciation is charged on the items of property, plant and equipment using straight-line method in accordance with BAS 16. Full month's depreciation is charged on additions irrespective of the date of their acquisition and no depreciation is charged in the month of disposal. The rates of depreciation on various classes of property, plant and equipment are as under:

Category of asset	Rate (%)
Furniture and fixtures	20
IT equipment	20
Office equipment	20
Office decoration	33

2.3 Provision for taxation

Provision for current income tax is made at the rate of 37.5% on the accounting profit of the Company without considering taxable allowances and disallowances.

2.4 Cash and cash equivalents

Cash and cash equivalents include cash in hand and bank balances which are held and are available for use by the Company.

2.5 Currency

The amounts in the financial statements have been rounded off to the nearest BDT.

2.6 Cash flow statements

The net cash flow from operating activities is determined for the year under direct method as per BAS-7.

2.7 Events after reporting period

Events after the reporting period that provide additional information about the Company's position at the end of the reporting period are reflected in the financial statements. Events after the reporting period that are not adjusting event are disclosed in the note when material.

No material event had occurred after the reporting period, which could substantially affect the values reported in these financial statements.

2.8 Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the profit and loss account as incurred.

2.9 Investment in listed securities

Investment in quoted shares and unquoted shares are initially recognised at cost plus transaction costs that are directly attributable to acquisition of shares. After initial recognition investment in quoted shares has been revalued at cost at reporting date.

2.10 Related party disclosure

As per BAS - 24: Related Party Disclosure, parties are considered to be related if one has the ability to control or exercise significant influence over other in making financial and operating decisions. Related party disclosures are given in note no 36.

LETTER OF INVITATION FROM THE CHAIRMAN

I extend a warm invitation to you to attend in the 19th Annual General Meeting of Union Capital Limited to be held on 15 June 2017 at 11:00 a.m. at Spectra Convention Centre, House - 19, Road - 7, Gulshan-1, Dhaka. Followings are included in this document:

- The Notice of the Annual General Meeting setting out the businesses to be transacted;
- Annexure-I to the Notice of the Annual General Meeting setting out explanatory notes regarding proxies and resolutions as well as important notes about the Annual General Meeting;
- A form of proxy.

The agenda as set out in the notice will be put to the shareholders for approval which will ensure an exact reflection of the views of the shareholders.

I would like to remind the shareholders of their right to raise questions at the Annual General Meeting. As it is not always possible to answer every question raised at the Annual General Meeting, and to ensure that all matters of particular interest to shareholders are covered, shareholders may use the attached question form to raise questions in advance. From these question forms the most relevant and important topics will be assessed and I will endeavour to address these at the Annual General Meeting.

This advance notice of relevant questions will, of course, not prevent any shareholder from raising questions at the appropriate time during the meeting.

The question form can be forwarded to the Company Secretary Union Capital Limited, Noor Tower, 73 Sonargoan Road, Dhaka-1205, to be received no later than 03:00 p.m. on Tuesday, 13 June 2017, or handed in at the time of registering attendance at the Annual General Meeting, should the first option not have been chosen.

Yours faithfully,

sd/-**Chowdhury Tanzim Karim** Chairman Dhaka 01 Jun 2017

Head office Union Capital Limited Noor Tower, 73 Sonargoan Road, Dhakak-1205 Tel: +88 02 9662888 Fax: +88 02 8616878 www.unicap-bd.com

NOTICE OF AGM

Notice is hereby given that the Nineteenth Annual General Meeting of the Company will be held on Thursday, the 15 June 2017 at 11:00 a.m. at the Spectra Convention Centre, House-19, Road-7, Gulshan-1, Dhaka to deal with the following businesses in the manner required by the Companies Act, 1994:

ORDINARY BUSINESS

- AGM 17-19-01: Receive and adopt the Audited Financial Statements of the Company as of and for the year ended 31 December 2016 together with the reports of the Auditors and Directors thereon;
- AGM 17-19-02: Declaration of dividend for the year 2016;
- AGM 17-19-03: Retirement & re-appointment of Directors;
- AGM 17-19-04: Appointment of the Auditors of the Company for the year 2017 and fixation of their remuneration;

NOTES

- 1. 31 May 2017 is the 'Record Date' to determine the Shareholders' entitlement to the dividend and their eligibility to attend and vote at the meeting.
- 2. The Board of Directors recommended 10% Stock Dividend subject to the approval of the shareholders.
- 3. A member eligible to attend and vote at the Annual General Meeting may appoint a proxy to attend, speak and vote or abstain from voting in his/her/its/their stead. The Proxy Form duly completed and stamped must be deposited at the Registered Office of the Company no later than 72 hours before the time set for holding the meeting.
- 4. Members are requested to notify change of their address, bank account details, contact number and 12 digits E-TIN number (if any), through their respective Depository Participants well in advance.
- 5. Annual Report, Attendance Slip and Proxy Form along with the notice will be sent to all the Members by Courier Service/Post. The Shareholders may also collect the Proxy Form from the Registered Office of the Company.

SPECIAL NOTE

As per BSEC's notification dated 24 october 2013, no food box/gift/gift coupon etc. will be given at the Annual General Meeting.

EXPLANATORY NOTES TO THE NOTICE OF AGM

ITEM ONE

PRESENTATION OF ANNUAL FINANCIAL STATEMENTS AND REPORTS

In terms of the Companies Act, 1994, the Directors are required to present to the Shareholders at the Annual General Meeting the annual financial statements, incorporating the Directors' Report and Auditors' Report, for the year ended 31 December 2016. The Directors' Report, the Financial Statements and the Auditors' Report for the year ended 31 December 2016 are contained in this Annual Report.

ITEM TWO

DECLARATION OF DIVIDEND

The Board of Directors in its meeting held on 07 May 2017 recommended 10 percent Stock Dividend for the year 2016 subject to the approval of the shareholders in the Annual General Meeting. Bonus shares, if approved, will be transferred to the respective BO Account of the shareholders within 15 July 2017. The dividend will be paid to the shareholders whose name appeared in the Depository Register of shareholders at the close of business on 31 May 2016 being the record date.

ITEM THREE

RE-APPOINTMENT OF DIRECTORS

In terms of the Company's Articles of Association, one-third of the Directors are required to retire at each Annual General Meeting and may make themselves available for re-election. Accordingly, Chowdhury Tanzim Karim, Waqar A. Choudhury, Mrs. Meherunnesa Haque, and Mr. Nadeem A. Chaudhury, Directors will retire by rotation and being eligible offered themselves for re-appointment.

Moreover, as per Regulation 86 of the Companies Act, 1994 any Director appointed by the Board during the period since the last Annual General Meeting is required to retire and is eligible for election at the next Annual General Meeting. Accordingly, Ms. Sabita Rezwana Rahman, Director and Mr. Md. Fayekuzzaman, Independent Director who ware appointed by the Board during the year shall retire in the 19th Annual General Meeting and eligible for re-appointment. Biographical details of the Directors of the Company retiring at the AGM are set out on pages 49 to 55 of this annual report.

ITEM FOUR

APPOINTMENT OF EXTERNAL AUDITORS

The Shareholders in their 18th Annual General Meeting held on 28 April 2016, appointed M/S S. F. Ahmed & Co., Chartered Accountants, as the Statutory Auditors of the Company for the year 2016. As per terms of Companies Act, 1994, the Auditors will retire in the 19th Annual General Meeting. According to section 210(3) at any Annual General Meeting, a retiring auditor, by whatsoever authority appointed, shall be re-appointed, unless-

a) He is disgualified for re-appointment; or

b) He has given the Company notice in writing of his unwillingness to be re-appointed; or

c) A resolution has been passed at that meeting appointing somebody else instead of him or providing expressly that he shall not be re-appointed.

Provided that resolution for appointment of new Auditors in place of existing Auditors except for the purpose of regulatory compliance cannot be passed except on the ground of death, incapacity or dishonesty or disgualification of the retiring Auditors. M/S. S. F. Ahmed & Co., Chartered Accountants, House - 51, Road - 9, Block - F, Banani, Dhaka-1213 have expressed their willingness to become the statutory auditor of the company for the vear 2017. In this regard the Audit Committee scrutinized and reviewed their proposals and recommended to the Board to reappoint M/S. S. F. Ahmed & Co., Chartered Accounts as the external auditor of the Company for the year 2017 with an audit fee of BDT 2,00,000 plus VAT. The Broad in its meeting held on 07 May 2017 recommended the shareholders for approval to the appointment of M/S. S. F. Ahmed & Co., Chartered Accountants as auditor for the year 2017 at a remuneration of BDT 2,00,000 Plus VAT subject to approval of Bangladesh Bank.

NOTES TO FORM OF PROXY

Summary of the rights of a shareholder to be represented by proxy as contained in Section 85 of the Companies Act, 1994 and notes to the form of proxy.

- 1 Each holder entitled to attend and vote at the Annual General Meeting is entitled to appoint a proxy to attend, participate in, speak and vote or abstain from voting in place of that holder at the Annual General Meeting.
- 2 A proxy appointment must be in writing, dated and signed by the holder appointing the proxy.
- 3 A holder's instructions to the proxy have to be indicated by the insertion of the relevant number of votes exercisable by that holder in the appropriate box provided. Failure to comply with this will be deemed to vote in favour of the ordinary resolutions at the Annual General Meeting.
- 4 A holder or his/her/its/their proxy is not obliged to vote in respect of all the ordinary shares held by such holder or represented by such proxy, but the total number of votes for or against the ordinary resolutions and in respect of which any abstention is recorded may not exceed the total number of votes to which the holder or his/her/its/their proxy is entitled.
- 5 Documentary evidence establishing the authority of a person signing this form of proxy in a representative capacity has to be attached to this form of proxy, unless previously recorded by the Company Secretary. Examples of satisfactory identification include a valid National ID card, a valid driving licence or a valid passport.
- 6 Any alterations or corrections to this form of proxy must be initialled by the authorized signatory/ signatories.
- 7 The completion and lodging of this form of proxy will not preclude the original shareholder from attending the Annual General Meeting and speaking and voting in person thereat to the exclusion of any proxy appointed in terms hereof, should such holder wish to do so, in which case this proxy will be suspended accordingly.
- 8 Form of Proxy have to be lodged with or posted to the Company Secretary, Union Capital Limited, Noor Tower, 73 Sonargoan Road, Dhaka-1205 before a proxy may exercise any voting rights of a holder at the Annual General Meeting. The Form of Proxy is requested to be received no later than 3:00 pm on 13 June 2017.
- 9 Holders attending the Annual General Meeting will be offered the opportunity of putting questions to the Directors and Management.

ANNUAL GENERAL MEETING

UCL's Annual General Meeting will be held on Thursday, 15 June 2017, at 11:00 am; Venue: Spectra Convention Centre, House - 19, Road - 7, Gulshan-1, Dhaka.

DISTRIBUTION POLICY

All reports are available in English and can be downloaded from Company website www.unicap-bd.com.

Despite UCL's initiatives on sustainability, we have not condensed our printed annual report. This report has been distributed to current shareholders. Shareholders, the public and prospective investors may request a printed copy of this version via email at investorsrelation@unicap-bd.com.

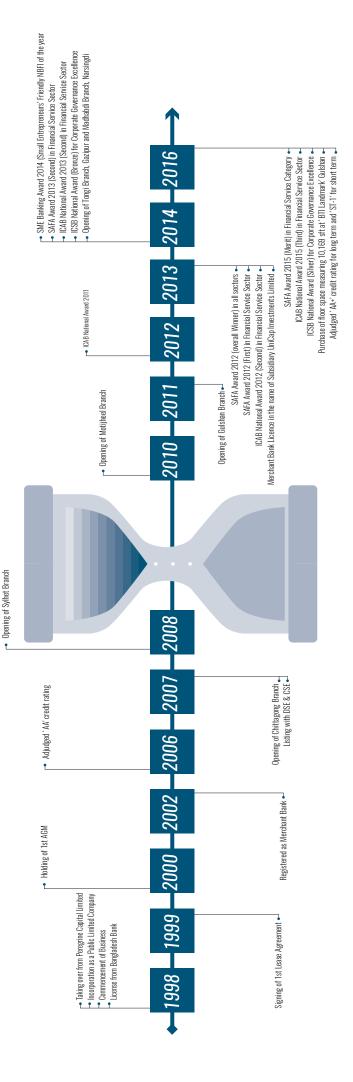

CONTENT OF THE REPORT

This Annual Report is targeted primarily at our current shareholders and potential investors. It has been prepared to assist all our stakeholders in making an informed assessment of the UCL's ongoing ability to create and sustain value. All necessary information may be available online at www.unicapbd.com.

INVESTOR RELATIONS

Name: Tauhidul Ashraf FCS Department of Corporate Affairs Tel: +88 02 9662888 Email: investorsrelation@unicap-bd.com

UCL Group prides itself on supplying stakeholders with updated information on a regular basis. This information can be found at www.unicap-bd.com under Investor Relations.

COMPANY MILESTONES

INVESTOR RELATIONS

How do we inform our investors

INVESTOR RELATION AND CORPORATE COMMUNICATIONS

Transparent reporting on our operations and performance is the key to the credibility of our public reporting and investor relation's activities. We are therefore committed to keeping the market informed of relevant information, allowing both existing and potential shareholders to evaluate our business, our performance and our prospects. We believe this commitment to communicating with the public not only reinforce investors' understanding of UCL and its development, but also enhance shareholder value. Our Shareholder Communications Policy is available on our website and is regularly reviewed to ensure its effectiveness.

STAKEHOLDER ENGAGEMENT

At a broad level, the Company proactively engages with institutional and retail investors as well as media and other interested groups. Our stakeholders have easy access to our Online Annual Report and we revamped our website to better reach to our investors, customers and other stakeholders.

COMMUNICATION CHANNELS

We believe that the transparency encouraged by active stakeholder engagement builds recognition of our brand and ultimately enhances shareholders value. We facilitate engagement through the following channels:

Financial Reporting

- Annual and Interim Reports;
- Online Annual Report;
- Press releases on business activities.

Shareholder Meetings and Hotlines

- Group and one-on-one meetings;
- Shareholder hotline and e-mail:
- Tel: +8802 9662888, E-mail: mailbox@unicap-bd.com

INVESTOR PERCEPTION STUDIES

We consulted investors and analysts for feedback on our group strategy, executive management team, Annual Report and our corporate communications, investor relations and corporate governance issues by way of telephone and one to one discussion.

Introducing our first ever integrated online report

Our HTML-based online annual report offers our stakeholders an alternative format for accessing our annual report with downloadable data in an environmentally friendly manner that a growing number of people find more convenient. This initiative reflects another evolution in the transparency and accessibility of our reporting, which are key to the credibility of our investor relations activities. Advantages of our online report:

- Downloadable financial data tables and other information in spreadsheet format.
- Hyperlinks to key supporting figures, breakdown analyses and further explanations.
- Environmentally-friendly medium.

SOCIAL MEDIA COMMUNICATIONS

Company news, video clips, photos and events are published through social media sites like Facebook. Please like our official facebook page at http://facebook.com/union. capital. limited.

COMPANY WEBSITE

Our corporate website and external communications now complement our intergraded reporting format. Information includes:

- · Profiles of Group's main businesses;
- Board and senior management biographical data;
- Corporate Governance;
- Risk Management and CSR;
- · Board Committees' Terms of Reference;
- Financial information

Many shareholders are now benefitting from more accessible information and helping the environment too. If you haven't already tried it, visit our online Annual Report.

REDRESSAL OF INVESTORS' COMPLAINT INVESTORS' REDRESSAL POLICY The voice of the shareholders

INVESTORS' REDRESSAL POLICY

We at UCL believe that Investor service is an important imperative for sustained business growth and we want to ensure that our investors receive exemplary service across different areas of operations of the Group. Prompt and efficient service is essential to retaining existing relationships and investor satisfaction is critical to UCL. Investor complaints constitute an important voice of investor, and this policy details complaint handling through a structured grievance redressal framework. Complaint redressal is supported by a review mechanism, to minimize the recurrence of similar issues in future. UCL follows the following principles:

- Investors must be treated fairly at all times;
- Complaints raised by investors must be dealt with courtesy and in a timely manner;
- Investors are informed of avenues to raise their complaints within the organization;
- Complaints are treated efficiently and fairly;
- UCL employees work in good faith and without prejudice, towards the interests of the investors.

HOW DO WE REDRESS INVESTOR COMPLAINTS

- The Company has a designated investor grievances email id investorsrelation@unicap-bd.com on which an investor can make a complaint.
- · An Investor can also lodge complaint in writing.
- The Company maintains investor grievance register in which full detail of every written complaint shall enter.
- Designated person shall login to look after the investor grievances on daily basis.
- The full detail of the written complaint must be passed to the concerned department and inform the compliance officer of the Company as soon as it is received.
- A letter or email must be written to all the investor who have submitted written complaints by the designated person or Compliance Officer acknowledging receipt of the complaint and informing them it will be dealt with.
- Audit & Compliance Department will obtain all information available on the complaint which is considered necessary for a proper investigation, look into all the necessary information and resolve these soon as possible.
- UCL must resolve investor complaint within seven days of the receipt of the same except the complicated cases.
- A serious complaint must be referred to the CEO and even to Directors of the Company if so warrants.
- The Compliance Officer of the Company shall review the investor complaint register on weekly basis to find out whether complaint has been resolved within time or not.

Investor complaints constitute an important voice of investor, and this policy details complaint management through a structured grievance redressal framework. Complaint redressal is supported by a review mechanism to minimize recurrence of similar issues in future.

Interpret the hieroglyphics

Bangladesh Financial reporting standards

Bangladesh Financial Reporting Standards (BFRS) means those standards adopted by the ICAB. UCL's consolidated financial statements are prepared in accordance with BFRS/BAS.

Bank rate

The rate at which Bangladesh Bank discounts approved securities, treasury bills etc. Bank rate is used by Bangladesh Bank as a means of regulating the money on demand and checking the growth of inflation in the country.

Basel Capital Accord

The new Basel Capital Accord (Basel II) of the Bank for International Settlements is an improved capital adequacy framework accomplished by closely aligning banks' capital requirements with improved modern risk management practices and sophisticated risk assessment capabilities. It further ensures the risk sensitivity of the minimum capital requirements by including supervisory reviews and market discipline through enhanced disclosure.

Business risk

Business risk arises from the specific business activities of a company and the effects these could have on its earnings.

Book value per share

Book value of shareholders equity divided by the number of ordinary shares outstanding.

Capital adequacy ratio

The capital adequacy of UCL is measured in terms of the Bangladesh Bank requirements. the ratio is calculated by dividing the primary (tier 1) and secondary (tier 2) capital by the riskweighted assets.

Camels rating

It is a measure for examining a financial institution or bank - the six things to examine are:

- Capital Adequacy
- Asset Quality
- Management Quality
- Earnings
- Liquidity
- Sensitivity

Cash reserve requirement (Crr)

CRR is a statutory requirement of maintaining cash balance with Bangladesh Bank applicable for banks and financial institutions. An NBFI is required to maintain @ 2.5% of its average balance of term deposits with Bangladesh Bank current account. Deposits taken from banks and financial institutions are not considered in determining CRR.

Credit and Counterparty risk

Credit and counterparty risk is the potential loss due to the failure of a borrower, endorser, guarantor or counterparty to repay a loan or honor another predetermined financial obligation. Collateral

Assets pledged as security for a loan or other obligation. Collateral is generally cash or a highly rated security.

Contingent liabilities

A situation existing at reporting date, where past events have led to a possible obligation the outcome of which depends on

uncertain future events, but the outcome is not sufficiently probable or reliably measurable to warrant recognising the liability at this reporting date

Core (tier 1) Capital

Core capital consists of issued ordinary share capital and retained earnings and reserves, less regulatory deductions.

Default risk

The risk that a client may be unable to make payments of rentals/installments on time.

Defaulted advance

Any advance or group of advances that has triggered relevant definition of default criteria for that portfolio that is in line with Bangladesh Bank regulations relating to NBFIs.

Deferred taxation assets

Deferred taxation assets are the amounts of income taxation recoverable in future periods in respect of:

 deductible temporary differences arising due to differences between the taxation and accounting treatment of transactions; and
 the carrying forward of unused taxation losses.

Deferred taxation liabilities

Deferred taxation liabilities are the amounts of income taxation payable in future periods due to differences between the taxation and accounting treatment of transactions.

Definition of default

At a minimum, a default is deemed to have occurred where a loan is overdue for more than 180 days.

Diversification

Distribution of investments among various sectors and geographic region to minimize risk.

Earning assets

Those assets of a bank or financial institution which earn an income for the institution i.e. loans and leases, advances and money at call & short notice to banks etc.

Earnings per share basic earnings basis

Income attributable to equity holders for the period divided by the weighted average number of ordinary shares in issue during the period.

Fully diluted basis

The relevant earnings figure is adjusted for the assumed adjustments to income that would have been earned on the issue of shares issued from dilutive instruments. The resultant earnings are divided by the weighted average number of ordinary shares and other dilutive instruments (i.e. potential ordinary shares) outstanding at the period end, assuming they had been in issue for the period.

Efficiency ratio (Cost-to-income ratio)

Total expenses as a percentage of income from normal operations (net interest income plus non-interest revenue).

Equity ratio/Capital ratio

Indicator showing the relation of equity to total assets.

Fair value

The amount of consideration that would be exchanged in an arm's length transaction between knowledgeable and willing parties, under no compulsion to act.

Failing to properly manage regulatory risk

Failing to properly manage regulatory risk may result in regulatory sanctions being imposed, and could harm our reputation.

Fiscal year (fy)

Fy means the fiscal year commencing from 1 July ending on 30 June.

Free float shares

The ordinary shares of the company which are free for trading in the stock exchanges. Shares on which there is no restriction or lock-in condition for transfer or sale imposed by the regulatory authorities are considered as free float shares. Sponsors shares of a listed company are locked-in for 3 years from the date of publication of prospectus.

Going Concern

The ability of a concern to continue its operation for a foreseeable future.

Impairment of loans and advances

Impairment of loans and advances arises where there is objective evidence that the group will not be able to collect an amount due. the impairment is the difference between the carrying amount and the estimated recoverable amount.

Liquidity and funding risk

Liquidity and funding risk is the potential loss if Company is unable to meet financial commitments in a timely manner at reasonable prices as they fall due. Financial commitments include liabilities to depositors and suppliers, and lending, investment and pledging commitments. portfolio.

Market Capitalization

The Company's closing share price multiplied by the number of shares in issue.

Market risk

Market risk is the potential for a negative impact on the balance sheet and/or income statement resulting from adverse changes in the value of financial instruments as a result of changes in certain market variables. These variables include interest rates, foreign exchange rates, equity and commodity prices and their implied volatilities, as well as credit spreads, credit migration and default.

Net asset value per share

Total equity attributable to equity holders of the company divided by the number of shares in issue, shares held by group entities.

Net interest income

The difference between interest earned on assets (such as loans and securities) and interest incurred on liabilities (such as deposits and subordinated indebtedness).

Net interest margin

Net interest margin as a percentage of average assets.

Non-performing assets

Consists of total sum of non-accrual loans/leases, experiencing 6 months or more delinquent. A loan/lease is considered nonperforming when the total or a part thereof is past due for 6 months or more even if the finance is well secured and in the process of collection.

Non-accrual loans/leases

A loan/lease is automatically classified as a non-accrual when it is past due for 3 months or more and no matter the Management is confident about its collectibility of the entire amount at the time when a loan/lease is placed on non-accrual status. A loan/lease is generally returned to accrual status when the loan/lease is less than 3 months past due and the Company has reasonable assurance that the loan will be fully collectible and is in the process of collection.

Operational risk

Operational risk is the potential loss resulting from inadequate or failed internal processes or systems, human interactions or external events, but excludes business risk.

Past due

A financial asset is past due when a counterparty has failed to make a payment when contractually due.

Proxy

A proxy is a written document authorizing the person named therein to attend and vote at a meeting for and in place of the Original Shareholder.

Provision for doubtful debts

The amount of expense charged to profit and loss account to absorb losses inherent in the investment portfolio. the provision is increased by the allowances for loans/leases which is charged against current year's operating results.

Record date

The date fixed by the Board at least 14 days before the date of Annual General Meeting to determine the eligibility of shareholders to attend and vote at the meeting and the right to current dividend.

Related parties

Parties where one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions.

Repo rate

The rate at which Bangladesh Bank lends money to banks.

Return on average assets

An indicator of how profitable a company is relative to its total assets. ROA gives an idea as to how efficient management is at using its assets to generate earnings. Calculated by dividing profit before tax by its total average assets.

Return on average equity

Return on equity measures a Company's profitability by revealing how much profit a company generates with the outstanding shareholders money. Calculated by dividing net profit after tax by average shareholders equity.

Return on average investment

A performance measure used to evaluate the efficiency of investment or to compare the efficiency of a number of different investments. to calculate ROI, profit before tax is divided by the cost of the average investment.

Reverse repo rate

The rate at which banks park surplus liquidity with Bangladesh bank.

Regulatory risk

Regulatory risk is the risk of not complying with regulatory requirements, regulatory changes or regulators' expectations.

Return on equity (roe)

Net income, less preferred share dividends and premium on redemptions, expressed as a percentage of average common shareholders' equity.

Risk management

The process of identifying the level of risk an entity wants, measuring the level of risk the entity has, taking actions that bring the actual level of risk to the desired level of risk and monitoring the actual level of risk so that it continues to be aligned with the desired level of risk.

Risk-weighted assets

Risk-weighted assets (RWA) are determined by applying risk weights to balance sheet assets and off-balance sheet financial instruments according to the relative credit risk of the counterparty. the risk weighting for each balance sheet asset and off-balance sheet financial instrument is regulated by Bangladesh Bank regulations in the respective countries of the other banking licences.

Segmental reporting operational segment

A distinguishable component of the group, based on the market on which each business area focuses, that is subject to risks and returns that are different from those of other operating segments.

Geographical segment

A distinguishable component of the group that is engaged in providing services within a particular economic environment and is subject to risks and returns that are different from those of components operating in other economic environments.

statutory liquidity ratio (slr)

Bangladesh Bank requires a non-bank financial institution to maintain liquid reserve @ 5% with banks/financial institutions on its total liabilities excluding funds from banks/financial institutions. this includes 2.5% of CRR.

Small and medium enterprises

This asset class covers all exposures to small and medium enterprises (SME) that are classified as corporate and retail based on criteria prescribed by the Regulator.

Subsidiary Company

A Company is a subsidiary of another company, if the parent company holds more than 50% of the nominal shares and controls the composition of its Board of Directors.

Thin market

The stock market where there are very few bids to buy and few offers to sell any shares, so the price is distorted.

Tier ii Capital

It is the supplementary capital made up of general provision, 50 percent of revaluation reserve for fixed assets, 45 percent of revaluation reserve for securities, 10 percent of revaluation reserve for equity instrument and preference shares less regulatory deductions.

Unrealized Capital Gains

Capital gains that reflect the price appreciation of currently held

unsold shares; such gains are not accounted for until realized.

Weighted average number of shares

The number of shares in issue increased by shares issued during the period, weighted on a time basis for the period during which they participated in the income of the group, less shares held by group entities, weighted on a time basis for the period during which the entities held these shares.
